Guidance for monthly
content calendar

To enhance the success of Stage 1's cycling initiatives, it is important to work towards the goals set out for Stage 2.

We have developed a tool to help curate your workplan for the coming months, to achieve the goals and milestones in this stage.

And this tool is a CONTENT CALENDAR!

A content calendar is just like your regular planner/calendar!

The only difference is that this calendar is curated to ensure that your city achieves the **Action, Foundation and Communication goals set out for Stage 2!**

It's a one-stop-shop for all the activities the city needs to take up in Stage 2!

6 Components of the content calendar

1. Overall Monthly Tasks - A list of **all the activities** that your city will work towards during the specified month. Pace it out as per your city's bandwidth.

2. Monthly Reminders - These will be special reminders for some of the key overall monthly tasks.

3. Social media updates - A weekly social media update for your citizens on the progress of Stage 2, in addition to other relevant updates.

The cities of Malgudi and Nilgiris have the **same base tasks to complete in the month but have customised it as per their local needs**

Step 3: Print your content calendar

- To ensure that you and your team are all aware of the target dates, **print out the content calendar and hang it up in your office.**
- **Save the calendar as a PDF**
- Print it on an **A3 sheet of paper.** If A3 is not available, print the calendar on **2 A4 sized papers and stick them along the center.**

Be sure to refer to the online calendar for live updates through the month

Step 4: Monitor and track the tasks

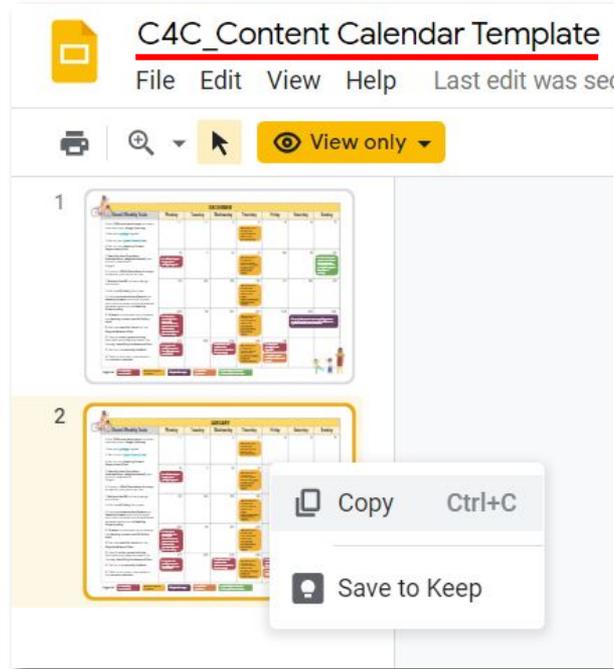

- **Monitor** the calendar and its monthly tasks on a daily basis and **strikethrough items if they have been completed.**
- Use the **guidance documents** to get more insights on each of the tasks.
- These will **be available on the website and will also be shared offline** with your city by the coordination team.

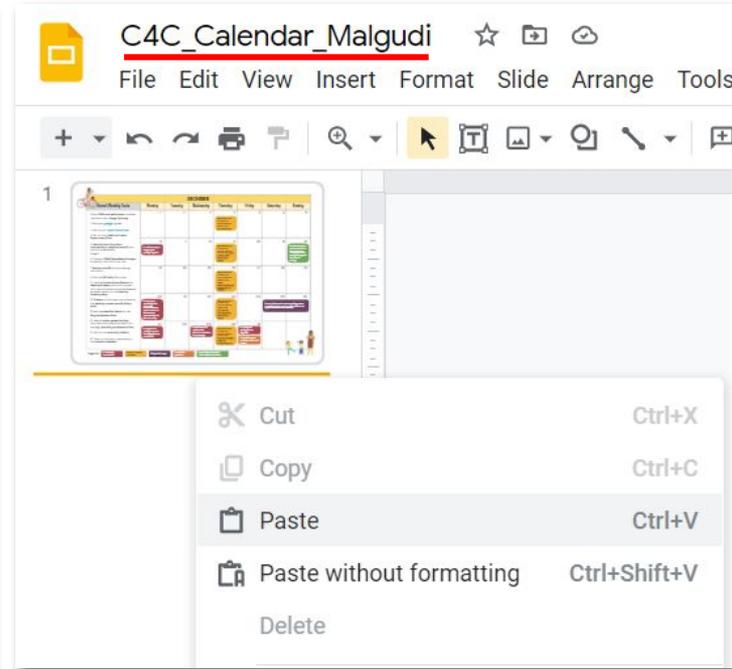

Step 5: Repeat the process for the new month

The following months will be **added to the same document** around the **last week of every month**.

1. Right click on the newly added month slide
2. Click Copy
3. Open your local content calendar named **C4C_Calendar_CityName**, **created in Step 1**
4. Right click below the previous slide and click on Paste

New month's calendar added in the template file

Adding the new month's calendar to your city's content calendar file

Be sure to access the content calendar frequently and curate a plan to achieve the goals set out for Stage 2!
