Nurturing Neighbourhoods Challenge

Objectives

- 1. Promote early childhood-oriented city planning and design**
- 2. Pilot demonstration**
- 3. Mainstreaming**
- 4. Measure impact and best practices**
- 5. Develop network of champions**

What Can Cities Do?

Create integrated, cost-effective,
innovative local solutions

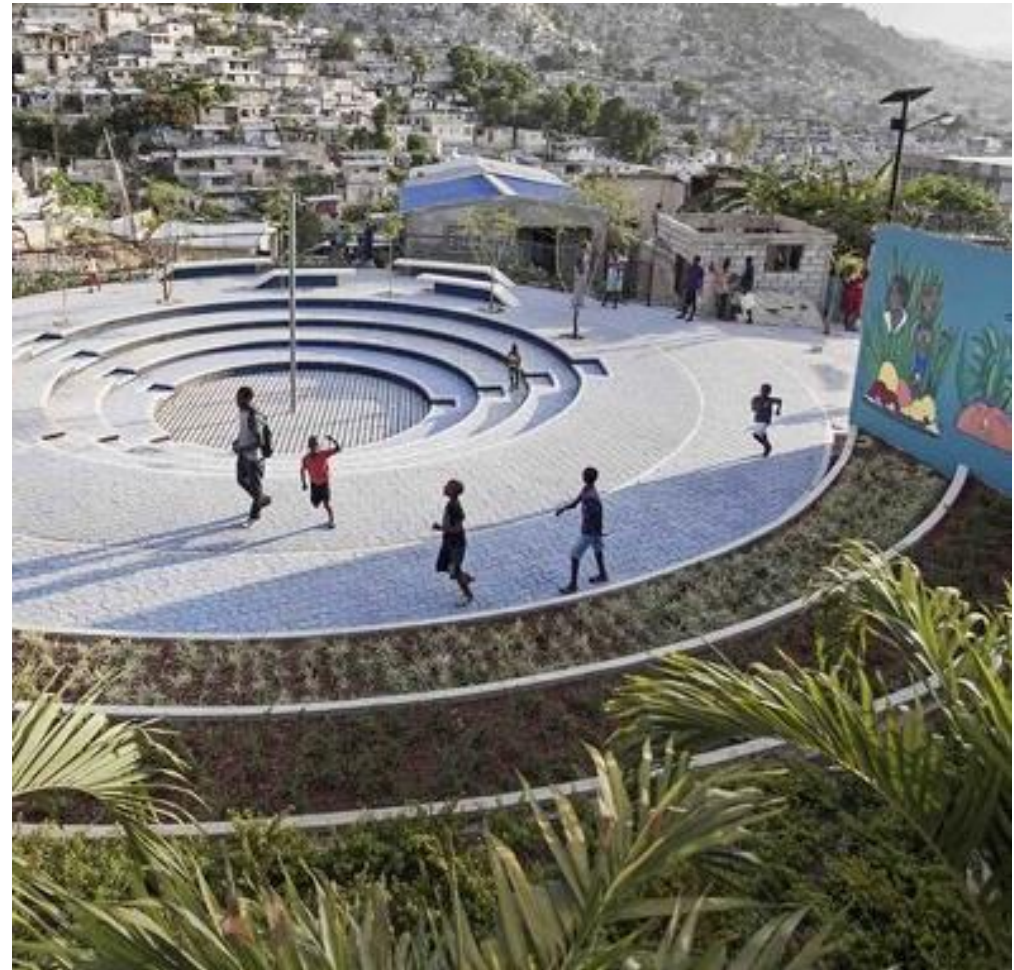

What cities can do

- Focus on public realm of young children and caregivers
- Neighbourhood-level interventions

Photo via Bernard van Leer Foundation

1

Reimagine parks, gardens, outdoor play spaces

2 Adapt public spaces with early-childhood amenities

3

Make streets safe and walkable

4

Improve access to early childhood services

Nurturing Neighbourhoods Multiply Benefits

in the post-Covid19 context

- Accessible, safe, walkable streets
 - Healthy public open spaces
- Equitable and inclusive solutions
 - Data-enabled monitoring
- Resilience in essential early childhood services

Photo via IANS

Cost-Effective, Innovative Solutions

- Reimagine public space
- Generate 'quick wins' to build momentum & scale-up
- Non capital- intensive
- Leverage existing resources
- Drives public engagement & consensus-building
