

One Mega Event - 5 Expos

**3rd Smart Cities
India 2017 Expo**

10 11 12 May 2017

Pragati Maidan, New Delhi

*Smarter Solutions for a
Better Tomorrow*

Developing citizen friendly and economically viable cities is an urban initiative by the Government of India. Cities are engines of economic growth, and it is anticipated that 40% of India's population will live in cities by 2030. With the rapid rise in the proportion of people living in urban areas, there is an increasing requirement for sustainable cities. Hence, Prime Minister Narendra Modi's mission of Smart Cities is intended to transform the lives and living conditions of the citizens of the country.

To support the Prime Minister's vision of Smart Cities, and following the success of the previous editions, we

are organizing the 3rd Smart Cities India 2017 expo at Pragati Maidan, New Delhi from 10-12 May 2017 to provide *Smarter Solutions for a Better Tomorrow*.

Recognizing smart cities as an important platform to drive progressive change, the 3rd Smart Cities India 2017 expo will be supported by 4 other co-located expos to create one mega event. These are:

- 1st Buildings India 2017 expo
- 2nd Solar India 2017 expo
- 2nd Transport India 2017 expo
- 4th Water India 2017 expo
