Smart City
MISSION TRANSFORM-NATION

Jabalpur Smart City Limited (JSCL)
Jabalpur (MP)

Disclaimer

The information contained in this Expression of Interest (EOI) or subsequently provided to Applicants, whether verbally or in documentary or any other form by or on behalf of the Jabalpur Smart City Limited (“the Authority”) or any of its employees or advisers, shall be considered confidential and not to be reproduced / transmitted / adopted / displayed for any purpose whatsoever.

This EOI is one of the steps in the process of selection of an entity for the project of implementation of Smart Health solutions on PPP-model in Jabalpur City.

This EOI is not an agreement or an offer by the Authority to the Applicants or any other person. The purpose of this EOI is to provide interested parties with information that may be useful to them in the formulation of their Proposals pursuant to a specific Request For Proposal (RFP).

This EOI includes statements, which reflect various assumptions and assessments arrived at by the Authority in relation to the Project. It is not possible for the Authority, its employees or advisers to consider the objectives, technical expertise and particular needs of each Applicant who reads or uses this EOI. The assumptions, assessments, statements and information contained in this EOI, may not be complete, accurate, adequate or correct. Each Applicant should, therefore, conduct its own investigations and analysis and should check the accuracy, adequacy, correctness, reliability and completeness of the assumptions, assessments and information contained in this EOI. The information provided in this EOI is not intended to be an exhaustive account of statutory requirements and should not be regarded as a complete or authoritative statement of law. The Authority accepts no responsibility for the accuracy or otherwise for any interpretation or opinion on the law expressed herein.

The Authority, its employees and advisers make no representation or warranty and shall have no liability to any person including any Applicant under any law, statute, rules or regulations or tort, principles of restitution or unjust enrichment or otherwise for any loss, damages, cost or expense which may arise from or be incurred or suffered on account of anything contained in this EOI or otherwise, including the accuracy, adequacy, correctness, reliability or completeness of the EOI and any assessment, assumption, statement or information contained therein or deemed to form part of this EOI or arising in anyway in this subject.

The Authority, might in its absolute discretion, update, amend or supplement any information, objective, assessment or assumption contained in this EOI. The issue of this EOI does not imply that the Authority is bound to select an Applicant for the project and the Authority reserves the right to terminate the process at any time without assigning any reasons whatsoever. The Applicant shall bear all its costs associated with or relating to the participation in this process regardless of the conduct or outcome of the process.

3 Background Information

3.1 Basic Information

The sole objective of this document is to solicit Expression of Interest (EOI) from eligible entities. A Separate Request for Proposal (RFP) would be issued post the EOI for Smart Health.

3.2 About Jabalpur

Jabalpur is a Tier 2 City in State of Madhya Pradesh. It is the third largest urban agglomeration in MP and 37th largest urban agglomeration in India. Jabalpur Smart City Proposal (SCP) has been selected to implement the Area-Based Development (ABD) and Pan-city proposals by Government of India (GoI) under Smart City Mission (SCM), wherein 98 cities in India competed for first 20 positions. Jabalpur acquired 7th position in this National Challenge. The Jabalpur SCP proposes several ICT based smart solutions in ABD and across pan-city providing various smart features/ infrastructure in line with the SCM guidelines.

As per provisional reports of Census India, population of Jabalpur in 2011 was 1,055,525; of which male and female were 545,510 and 510,015 respectively. The current total population of Jabalpur is approximately about 14 lakhs.

For the purpose of implementing the Smart Cities project, Jabalpur Smart City Limited (the “Authority” or “JSCL”), a Special Purpose Vehicle (SPV) has been established as a public limited company under the Indian Companies Act 2013. JSCL has received funds from Government of India and Government of Madhya Pradesh (GoMP) for the development of smart city in Jabalpur and intends to invite the technical and financial proposals from the interested eligible agencies, to provide the consultancy services, for supporting client in developing and implementing the ICT based projects for smart solutions for pan-city and ABD proposals.

Jabalpur Smart City Vision is, “Transforming Jabalpur into a vibrant regional economic and cultural hub through inclusive urban regeneration, to act as a magnet for investment and new opportunities for the youth.”

3.3 About Jabalpur Smart City Limited (JSCL)

In line with the guidelines issued by Ministry of Urban Development (MoUD)/ Government of India (GoI) Government of Madhya Pradesh has created a Special Purpose Vehicle (SPV) Jabalpur Smart City Ltd (JSCL) for implementing the Smart City mission at the city level.

JSCL will plan, appraise, approve, release funds, implement, manage, operate, monitor and evaluate the Smart City development projects. JSCL is headed by a full time CEO and have nominees of Central Government, State Government and ULB on its Board.

The key functions and responsibilities of JSCL are to;

- i. Approve and sanction the projects including their technical appraisal
- ii. Take measures to comply with the requirements of MoUD with respect to the implementation of the Smart Cities programme
- iii. Undertake review of activities of the Mission including budget, implementation of projects, etc and co-ordination with other missions / schemes and activities of various ministries

3.4 Project Objectives

The primary objective of the project is to make available a comprehensive healthcare in public health facilities based on ICT interventions. This will ensure that a minimum set of diagnostics appropriate to the level of care are available to the citizens. The project should also reduce high out of pocket expenditure incurred by patients for diagnostics and consultation. This can be achieved by converging various government schemes.

3.5 Project Description

JSCL wishes to explore various solutions, which can be implemented as part of Smart City projects aiming towards an affordable, reliable Smart Healthcare for the citizens of Jabalpur. This may include various initiatives including, but not limited to implementing a web portal and a mobile application that helps medical practitioners deliver medical services to patients, the citizens / patients to know and benefit from various government schemes. Ministry of Urban Development, Government of India has also published a Strategy for Smart Health document and agencies are expected to refer to the same and propose solutions to JSCL in line with overall guidance. Interested agencies are also expected to familiarise themselves with various health sector programs/schemes of Government of Madhya Pradesh and incorporate same in their proposal with an objective of maximizing benefits to the citizens. This can be achieved through various ways. An indicative few are listed below:

- Citizens / patients should be able to search for various government schemes and register themselves for those schemes.
- Citizens / patients should be able to search for various healthcare units in district and cities/ town that provide specific medical care.
- Medical practitioners should be able to register themselves to provide consultation to patients via app or on web portal. Consultation communication can be via sms
- Citizens / patients should be able to search for a particular physician and fix an appointment with the physician.
- Citizens / patients should be able to search for various diagnostic centers that provide various services in addition to Free Diagnostics Service Initiative (FDSI) under a hub-and-spoke model and also fix an appointment with them. Rate card, pre-test requirements and contact details should also be provided by diagnostic centres.
- Citizens / patients should be able to search for various pharmacies and their operational timings. If there are offers on any of the products that should be also details. 24x7 Pharmacy information should also be available. A provision can be for online shopping of medicines based on medical practitioner's prescription.
- Establish a mechanism for distribution of free medicines from Pradhan Mantri Jan Aushadhi Yojana (PMJAY) scheme of Department of Pharmaceuticals, Ministry of Chemicals and Fertilizers to citizens / patients.
- Government / or any other authorized organization should be able to communicate with the citizens about their various schemes and camps organized by them for citizens
- Government should be able to broadcast various messages to citizen as and when required.
- Effective grievance redressal mechanisms to enforce assurance and IEC/BCC to generate community awareness to ensure that there is no denial of care with respect to the basic package of services in the facilities.

Smart Health Solution will be integrate on existing app of JSCL (One App for all).

The project is envisioned to be implemented with no or minimum cost to JSCL.
