

# Information and Communication Technology

## Organization : Kotak Institutional Equities

### Smart city concept :

- Elastic Cities: how cities grow - hubs and spokes
- Organic Cities: urban development models
- Domestic Cities: urban housing – build scale, build stock
- Velocities: urban transport – good public infra beats private
- Capacities: urban infrastructure – build and bill
- Audacities: game changers – flexibility, scalability, strong city governments
- Multiplicities: growing cities

### Support to programme:

- Game changer: offers perspectives on ideas and developments that can potentially alter the course of market
- E-governance: digitizing India.
- M2: examines how mobile money is going to catalyse the race to trade with the Indian consumer
- Deluge of opportunity:
- The time is ripe: highlights opportunities
