Ministry of Housing and Urban Affairs celebrates
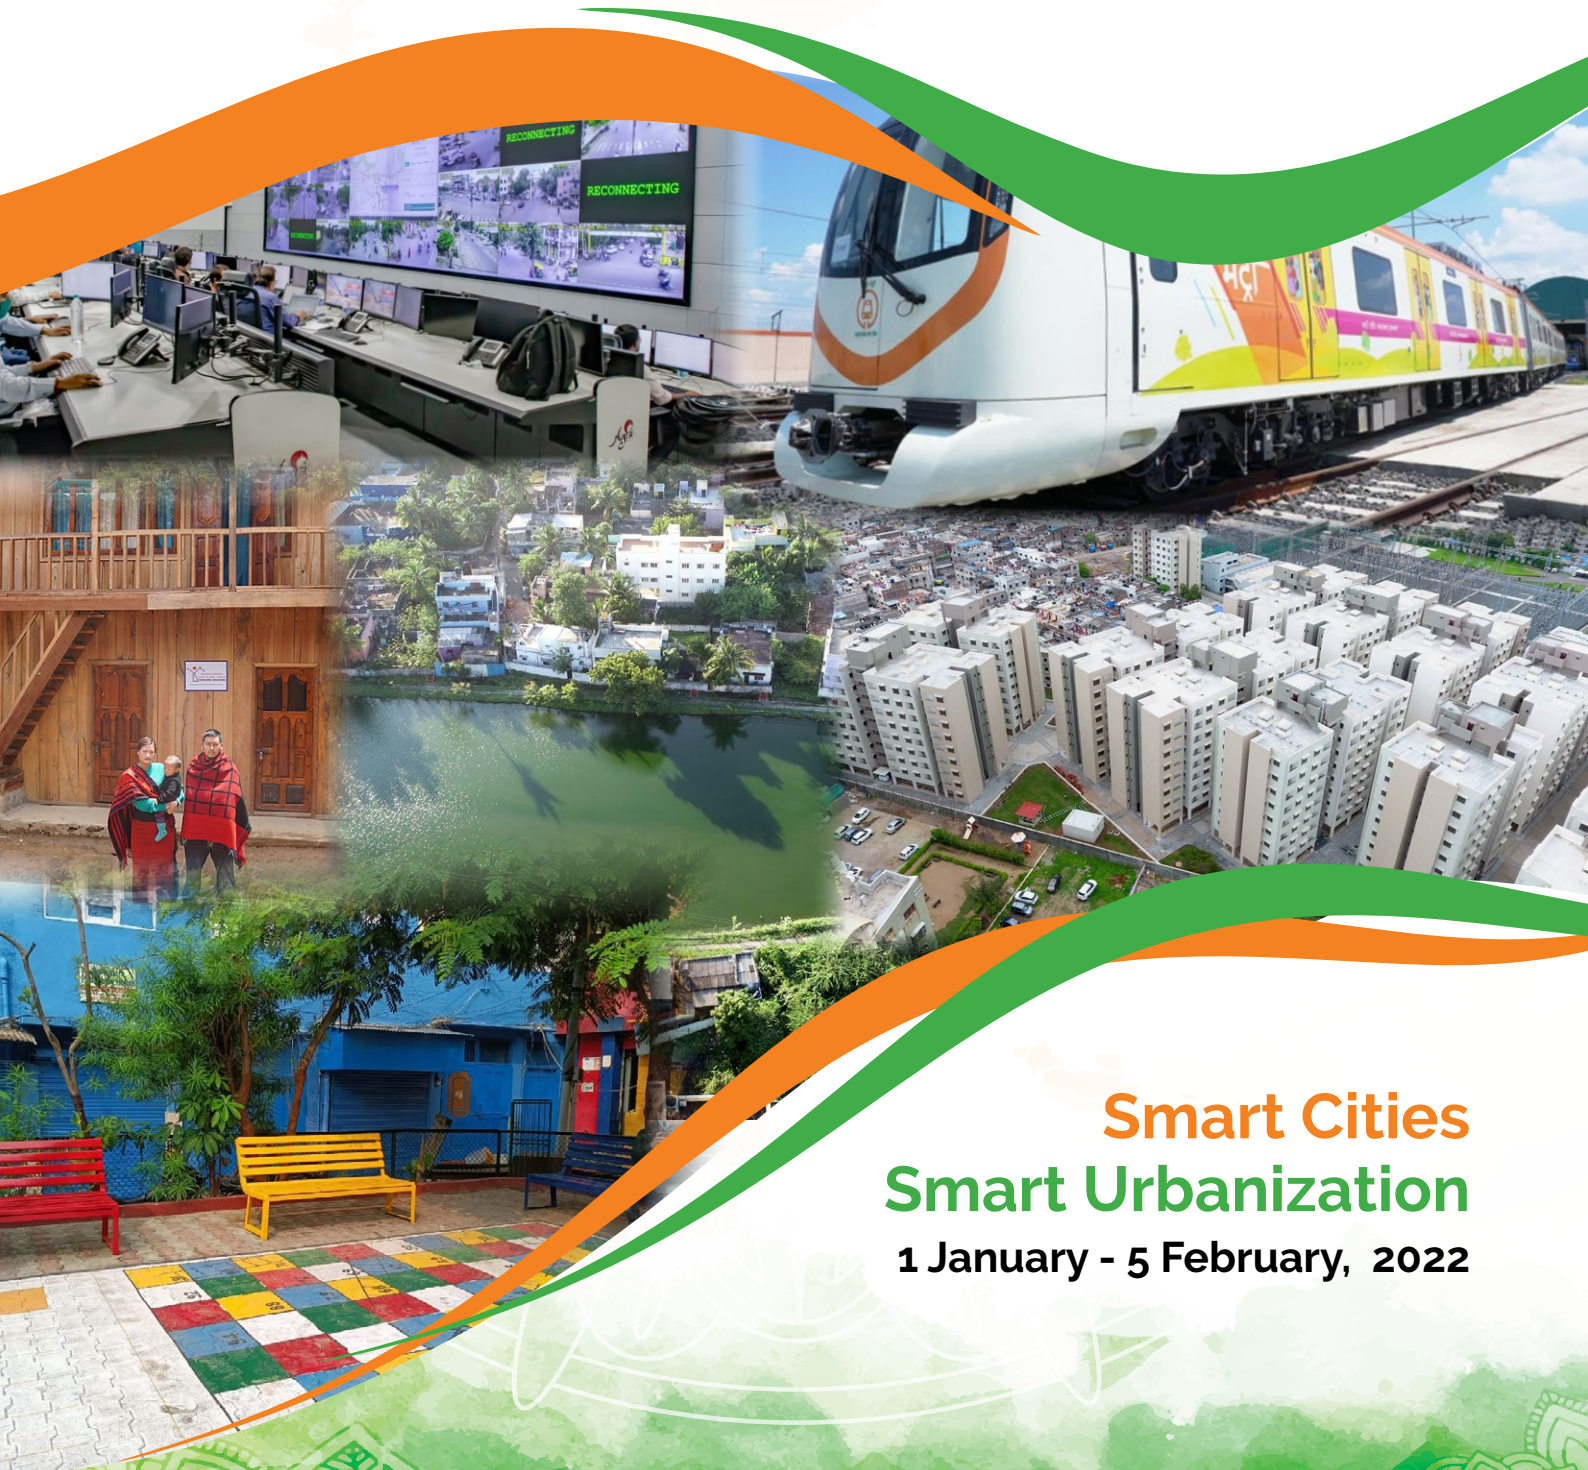

Azadi Ka Amrit Mahotsav

Smart Cities
Smart Urbanization
1 January - 5 February, 2022

Shri Narendra Modi
Prime Minister of India
25-06-2016, Pune

" **Cities have the strength to 'digest' poverty and provide economic opportunities for the poorest coming from other less-developed areas. We must further strengthen the cities to increase this 'digestive' ability, make it faster and wider...economic prosperity will automatically follow** "

Shri Narendra Modi
Prime Minister of India
25-06-2016, Pune

" **There was a time in our country when urbanization was considered a big problem. But I feel differently. We should not consider urbanization as a problem but consider it as an opportunity.** "

Shri Hardeep Singh Puri
Hon'ble Minister of
Housing and Urban Affairs

" In this historic 75th year of India's independence, it is fitting that the entire country has come together to celebrate Azadi Ka Amrit Mahotsav with great fervour. The Ministry of Housing and Urban Affairs is making a vital contribution to this endeavour by commemorating the impactful action and transformative achievements in urban development. The various events organised reflect India's collective vision to enhance ease of living in order to make vibrant and inclusive urban areas. "

Shri Manoj Joshi
Secretary, Ministry of
Housing and Urban Affairs

" MoHUA's Azadi ka Amrit Mahotsav celebrations reflect the infrastructural, behavioral and digital transformation taking place in India's cities that will doubtlessly support citizens in urban India achieve better quality of life, and long-term prosperity. "

About *Smart Cities, Smart Urbanization*

Azadi Ka Amrit Mahotsav celebrations were inaugurated by the Hon'ble Prime Minister Shri Narendra Modi on 12 March 2021 which marked a 75-week countdown to the 75th Anniversary of our independence on 15 August 2022 and will continue a year thereafter until 15 August 2023. To this end, the Ministry of Housing and Urban Affairs (MoHUA) including various divisions and departments, participated keenly in organizing events both iconic and impactful in the run-up to the three-day Azadi@75 Conference-cum-Expo from 5 - 7 October 2021. Ideas ensconcing the 'whole of government' approach, people's participation, our rich cultural heritage, innovations and future aspirations were implemented through vibrant, large-scale activities commemorating the 75th year of independence.

Following the success of these activities MoHUA is turning up the fervor a notch by organizing 30 pre-events that will culminate in a grand finale at the **'Smart Cities, Smart Urbanization'** event in Surat on **4 - 5 February 2022.** The pre-events will reflect either one or more of the five themes - Freedom Struggle, Actions@75, Achievements@75, Ideas@75 and Resolve@75. The events are designed to bring the nation together through activities that celebrate the spirit, strength and aspirations of citizens in urban India.

This brochure captures the essence of each of the pre-events and the main event, presenting highlights to motivate readers to join in and celebrate **'Smart Cities, Smart Urbanization'** with MoHUA!

Themes

Freedom Struggle
We resolve to confront the challenges of urbanization such as congestion, unequal access, waste, crime, overcrowding, pollution, diseases etc. and free our citizens from their perils.

Action@75
We resolve to undertake all actions needed for bringing positive transformation in the lives of India's urban citizens.

Achievements@75
We endeavor to demonstrate successes of the past 75 years of labour by our cities that continue to serve citizens and nurture businesses.

Ideas@75
We prepare to deliver high-quality urban services at scale and speed.

Resolve@75
We resolve to dedicate ourselves to fulfill aspirations of India's urban citizens and do our best to create the New Urban India of tommorrow.

GIS Hackathon: An Urban Geospatial Data Stories Challenge 2022

Data – The Gamechanger for Modern Urban Transformation

Brief
Urban Geospatial Data Stories Challenge will promote the use of geospatial technologies for urban planning. In a hands-on, first of its kind pan-India Challenge, several geospatial datasets will be made open to participants, including India's geospatial community. Participants will analyze this data to create insightful stories and use cases to be showcased as best practices for the larger urban community.

Number of Participants
500

Key Participating Organizations
Participating Ministries of GoI: Ministry of Housing and Urban Affairs, Ministry of Mines
Other Government Departments/Stakeholders: Smart City SPVs, Geological Survey of India
Partner Agencies: NIUA, ESRI India Technologies Private Limited, ML InfoMap

Freedom2Walk & Cycle Challenge for Citizens and City Leaders

Start your green journey here!

Brief

Citizens and leaders need to join forces to shape healthier and safer cities. The inter-city Freedom2Walk and Cycle Challenge for Citizens intends to instill long-term behavioural change amongst citizens to walk and cycle. The Freedom2Walk & Cycle Challenge for City Leaders aims to create local champions amongst city leaders for walking and cycling. All 100 Smart Cities are eligible to participate in the challenges.

Number of Participants
20,000

Key Participating Organizations
Participating Ministries of GoI: Ministry of Housing and Urban Affairs
Other Government Departments/Stakeholders: Municipal Corporations, Smart City SPVs & Allied Government Departments
Partner Agencies: Institute for Transportation & Development Policy (ITDP), local NGOs, STRAVA, Decathlon

Smart Cities and Academia Towards Action and Research (SAAR)

Smart practices for a Smart Future

Brief
Smart Cities Mission and National Institute of Urban Affairs will jointly bring together bright, young minds from 15 premier architecture and planning institutes of the country through a collaborative platform – SAAR. The key purpose of SAAR is to maximize learning from students, institutions, and cities. This collaboration will culminate in a compilation of 75 innovative urban projects in the form of case studies selected from across 100 Smart Cities.

Number of Participants
600

Key Participating Organizations
Participating Ministries of GoI: Ministry of Housing and Urban Affairs
Other Government Departments/Stakeholders: Smart City SPVs
Partner Agencies: NIUA, Anna University (Chennai), CEPT (Ahmedabad), College of Engineering (Pune), College of Engineering (Thiruvananthapuram), IIT (Kharagpur), IIT (Roorkee), Indian Institute of Engineering Science & Technology (Shibpur), Jamia Millia Islamia (Delhi), Kamla Raheja Vidhyanidhi Institute of Architecture (Mumbai), Malaviya National Institute of Technology (Jaipur), Manipal School of Architecture and Planning (Manipal), RV College of Architecture (Bengaluru), Maulana Azad National Institute of Technology (Bhopal), SPA (Vijaywada), and SPA (Bhopal)

Climate Change Awareness Campaign

Climate and Cities – Change begins Here

Brief

Change begins with awareness. Climate change poses an existential threat to humankind and needs to be countered through conscious action by individuals and collective action by the society. The Climate Change Awareness Campaign aims to spread awareness in schools and colleges across 100 smart cities to align young minds to the challenges and solutions associated with climate change. The campaign activities include awareness creation at academic institutions, promotion of photography competition, and social media campaign on climate change.

Number of Participants

75,000

Key Participating Organizations

Participating Ministries of GoI: Ministry of Housing and Urban Affairs, Ministry of Environment, Forest and Climate Change

Other Government Departments/Stakeholders: Smart City SPVs

Vibrant Gujarat: PPP Roadshows

Encouraging private investments in smart city infrastructure

Brief

Smart Cities Mission is partnering with Vibrant Gujarat to conduct a Roadshow for Public Private Partnership (PPP) projects, being developed under the Mission. In the august presence of the Hon'ble Minister of Housing & Urban Affairs, Shri Hardeep S Puri, Smart Cities Mission will present 50+ PPP projects selected from across 100 Smart Cities in the Tender/DPR stage to an audience of potential investors. This will be aligned with the event, Dholera: "From Smart City to Smart Businesses" to be held at Gandhinagar on 8 January 2022. Another Roadshow is planned between 17 to 30 January 2022, as an online event in partnership with Invest India. 50+ PPP projects of Smart Cities Mission in Tender/DPR stage, will be presented to an audience of potential investors, invited online by Invest India.

Number of Participants

Azadi Ka Amrit Mahotsav

Healthy Cities Consultative Workshop
Program Design Co-creation Workshop

Brief

The Healthy Cities Initiative is being conceived with the goal of placing health and wellness, beyond healthcare, on the social and political agenda of citizens and leaders. While there is much need for bolstering the healthcare infrastructure, especially primary care, much of the preventative work may be done by ensuring that the built environment supports an active and healthy lifestyle; thereby reducing the demand and pressure on the healthcare systems. The multi-stakeholder workshop in January will be used as a way to get inputs on early program designs of the Initiative and build cross-ministry buy-in.

Number of Participants

Placemaking Marathon 2.0
Re-imagining Public Places

Brief
A day in the life of a common city-dweller is divided between his home, place of work and in the public realm. The need for health, safety and utility is common across all. Cities and citizens can together create safe and vibrant public spaces. Based on the principle of 'Test-Learn-Scale', the Placemaking Marathon allows cities to re-imagine one or more public spaces in their city and transform it within 75 hours; building and celebrating them with citizens.

Number of Participants
7,500

Key Participating Organizations
Participating Ministries of GoI: Ministry of Housing and Urban Affairs,
Other Government Departments/Stakeholders: FSSAI, National Health Mission, FitIndia and Smart City SPVs

Azadi Ka Amrit Mahotsav

Panel Discussion on Slum Free Cities

Exploring possibilities to design implementation model for Slum Free Cities

Brief

Pradhan Mantri Awas Yojana-Urban (PMAY-U) has adopted various implementation models such as Beneficiary-Led Construction (BLC), Credit Linked Subsidy Scheme (CLSS), In situ Slum Redevelopments (ISSR) and Affordable Housing in Partnership (AHP) to meet the goal of 'Housing for All' by 2022. Based on learning of ISSR, policy-based slum redevelopment model (ISSR+) needs to be formulated. This panel discussion aims at identifying bottlenecks and exploring possibilities to design implementation models with respect to size of cities.

Open Data Week (Part 1)

Open Data for Innovation and Inclusive Governance

Brief

With open data, it is not simply that a single dataset can be used more widely; it is that these data can also be leveraged, shared and combined with other data to uncover previously untapped opportunities for problem solving and identification. A Smart Cities Open Data Portal was launched by MoHUA in 2019 and already hosts 3,800+ datasets. Through this event, all 100 smart cities will be able to open their datasets across urban domains, sharing maximum datasets and data stories on the Portal.

Open Data Week (Part 2)

Promoting use of Data for Governance and Policy Making

Brief

The aim of this event is to raise awareness and emphasize the use of data for unearthing solutions to urban challenges. During the event, cities may highlight the importance and use of data in different contexts of the city functioning and service delivery. The city-level event activities may include hackathons, interactive sessions, immersive workshops, webinars, expert talks etc. The Event will provide an opportunity for cities to show the benefits that data can bring and encourage the adoption of data across government, business and civil society.

Inauguration of Pune Metro Reach 1 and 2
Cities on the Move

Brief

The future of mobility is technology enabled, mass-transit systems. Pune Metro is currently implementing total 33.28 Kms. of Metro line in the city of Pune. Pune Metro is planning to inaugurate two of its Priority Section, one from PCMC to Phugewadi of 7 Kms with five stations in Reach 1 and second from Vanaz to Garware of 5 Kms. with five stations in Reach 2 on January 2022. The two lines with a combined length of 33.28 km are being implemented by the Maharashtra Metro Rail Corporation Limited (MahaMetro), a 50:50 joint venture of the State and Central Governments.

Urban Startup Addas for 10 Cities

Fostering the spirit of innovation and entrepreneurship

Brief

India has experienced a dramatic upsurge in tech-enabled startup across sectors in the last decade. Urban startups leveraging technology to improve urban service delivery are catching up fast with the largely customer solutions-driven ecosystem. Urban Startup Adda will feature multiple real-world demos of startup solutions from the City Innovation Exchange (CIX) platform in 10 cities along with immersive workshops on SmartProcure Guidelines.

Winter Mobilization of Urban Homeless

A roof over every head

Brief

The urban homeless form a category within the city's vulnerable that, while facing other challenges, is constantly exposed to the extremes of the natural environment. Casualties resulting from hot and cold waves of anonymous citizens are no more than extreme weather warnings to the population at large. In a one of its kind, 'compassion-driven' campaign 25 cities will launch drives to rescue urban homeless and bring them to shelters with proper facilities like heating, bedding, sanitizers, drinking water, and toilets in compliance with Shelters for Urban Homeless (SUH) guidelines.

Loan Melas
Boosting Credit to SHGs

Brief
Access to finance by women from urban poor households is an essential prerequisite for poverty reduction. Despite a degree of financial gain achieved by women in self-help groups or the phenomenal expansion of the organized banking system in India, many women in SHGs continue to remain excluded from credit support from the formal banking system. As part of Loan Melas, the campaign for resolution of pending bank linkage applications of SHGs will be launched in partnership with banks.

'Swachhatam Connect' Campaign

A mass movement for Swachhata (cleanliness)

Brief

Geospatial data is inextricably linked to solid waste management which involves defined points and routes for collection, transportation, segregation, and treatment. Empowering cities with the knowledge to prepare their own GIS maps will prove critical in addressing the issue of urban waste management. Under the Swachhatam Connect Campaign, cities will be introduced to GIS mapping to tackle SWM through geospatial data-driven planning.

Swachh Technology Challenge

Harnessing the entrepreneurial potential of the waste management sector

Brief

To further indigenous, cost-effective technologies SBM-U during this year's 'Azadi @75 Swachh Survekshan 2022' has introduced a component of 'Swachh Technology Challenge' to be conducted by cities. The challenge will seek solutions in four thematic categories. 100 best technologies/start-ups will be identified by cities/States/UTs during the fortnight. Selected start-ups from the Swachh Technology Challenge, will be eligible for participation in a national level 'Swachh Start-Up Challenge' planned to be conducted by the Ministry of Housing and Urban Affairs (MoHUA) in collaboration with Agence Française de Développement (AFD) in January 2022.

'Har Dhadkan Hai Swachh Bharat Ki'

Enabling citizen participation towards cleanliness

Brief

Cleanliness in India has and will be a people's movement. Critical activities in the cycle of waste management such as waste segregation can be carried out fully at the individual level. Leveraging citizen participation can lead to sweeping successes in building a clean India. SBM-U has taken an initiative to campaign on social media to mobilize citizens and brand ambassadors, for popularizing the 'Swachhata Anthem'.

Workshop on Water Secure NCR

Water for People

Brief

The National Capital Region Planning Board is organizing a workshop to get the stakeholders' perspective on a water-secure NCR. Focused Group Discussions will be held to achieve a water-secure NCR through planning a critical aspect of water management which is that the groundwater resources are getting depleted, potentially causing further dependence on water resources from outside the region.

Number of Participants
>100

Key Participating Organizations
Participating Ministries of GoI: Ministry of Housing and Urban Affairs, Department of Jal Shakti
Other Government Departments/Stakeholders: ULBs and State Government Departments
Partner Agencies: NCR Planning and Monitoring Cell in participating states of Haryana, Uttar Pradesh, Rajasthan and NCT Delhi

Coordinating Division/Department/Mission
NCRPB

17-30 Jan

One week -One Lakh connection programme
Connecting People to Water

Brief
Improving the quality of life through the provision of water connection is essential for the upliftment of slum areas. One Week – One Lakh Connection Program will include the launch of the AMRUTAM App, organizing of connection melas where contractors will be trained on the usage of the app, and finally, an event titled Jal Sampann Jhuggis under which slum without connections or nearby water supply infrastructure will be mapped.

Number of Participants
>4,500

Key Participating Organizations
Participating Ministries of GoI: Ministry of Housing and Urban Affairs
Other Government Departments/Stakeholders: Public Works Department, ULBs, State Government Departments

'Swachhata Start-up Challenge' Campaign

Leveraging Innovations from Start-up in Waste Management

Brief

As an extension to the 'Swachh Technology Challenge' to further incentivize the start-up ecosystem, the 'Swachhata Start-Up Challenge' will be launched in January 2022 in collaboration with Agence Française de Développement (AFD). Winning solutions from start-ups under 'Swachh Technology Challenge' will be eligible to participate in the 'Swachhata Start-Up Challenge'. Winning entries under the Challenge will be rewarded with seed funding of ₹25 lakhs per project along with one year of dedicated incubation support from French Tech, the French government's initiative to promote start-ups.

Webinar on Smart Buildings

Creating people-centered buildings

Brief

A smart building is one that uses technology to enable efficient and economical use of resources, while creating a safe and comfortable environment for occupants. Internet of Things (IoT) and Artificial Intelligence (AI) are connecting people to their homes and offices with an objective to maximize efficiency in every sphere of urban living. The webinar will focus on how the human element can be kept at the focus of the immediate living environment, while also moving ahead with the times.

Azadi ka Amrit Mahotsav

4-5 Feb

Grand Finale: 'Smart Cities Smart Urbanization' (SCSU) Event in Surat

Smart Cities, Smart Urbanization

Brief
MoHUA's start of the year celebration of Azadi ka Amrit Mahotsav (AKAM) will culminate in a grand, national level event in Surat. This event will be graced by the august presence of Shri Ashwini Vaishnaw, Hon'ble Minister of Railways, Communications and Electronics & Information Technology, Shri Hardeep Singh Puri, Hon'ble Minister of Housing and Urban Affairs, and Shri Kaushal Kishore, Hon'ble Minister of State for Housing and Urban Affairs, and Minister of Petroleum and Natural Gas, of the Government of India. The activities under AKAM in Surat will follow five broad themes – Reimagining Public Realm in Cities, Digital Governance, Innovation @Smart Cities, ClimateSmart Cities and Smart Finance. A series of events to recognize achievements under various urban missions and challenges, launch of urban sector best practices compilations and initiatives, and enlightening discourses will mark the first day of the event. The second day will provide immersive and experiential understanding of innovations and advancements already underway in Indian cities.

Number of Participants
Physical event: >4,000; Online event: >20,000

Key Participating Organizations
Participating Ministries of GoI: Ministry of Commerce and Industry, Ministry of Housing and Urban Affairs, Ministry of Mines, Ministry of Electronics and Information Technology, Ministry of Environment, Forest and Climate Change

SCSU Event Theme 2 Digital Governance

Leveraging data and technology for urban governance

Brief
Digital governance aims to emphasize the importance of data and technology for improved urban governance and service delivery. Nationwide activities are being conducted to promote use of open data and geospatial technologies for solving pressing challenges. Interactive workshops and immersive sessions are being organized to showcase benefits accrued from digital governance in cities. These are being demonstrated basis real-time data, AI/ML etc. and use of platforms such as India Urban Data Exchange and Integrated Command and Control Centers.

SCSU Event Theme 3
Innovation @Smart Cities

Urban Startup Addas in 3 Cities

Brief
The need to design and deploy innovative solutions to pressing urban challenges in a swift and scalable manner is a founding tenet of the Smart Cities Mission. The City Innovation Exchange and the SmartProcure Guidelines are a veritable testament to the pursuit of institutionalising innovation in cities. The innovation pavilion will host experiential solutions from leading startups in the urban space, where attendees can get an understanding of the solution's actual deployment in their cities. An Innovation Clinic will help design challenge statements and help discover solutions from the CiX universe. A policy game will help orient decision makers on navigation and collaboration with stakeholders to drive innovation in their cities. Augmented/Virtual Reality booth to demonstrate in real time innovative applications that can solve the myriad concerns of operations and maintenance audits. Finally, the conference arena is being turned into a living lab with everyday urban solutions ranging from atmospheric water solutions to energy monitoring to understand user-centric capabilities of solutions in an actual environment.

SCSU Event Theme 4 ClimateSmart Cities

Embedding resilience at the heart of urban discourse

Brief

The session kicks-off with an immersive session on the topic- 'Embedding resilience at the heart of the urban discourse', to be followed by inspiring talks from Global climate champions around the world and eminent speakers across the nation. The panel would deliberate on emerging discourses on climate actions, which include aspects of changing paradigms in urban adaptation and mitigation measures, mainstreaming resilience in planning, innovations, and solutions. This session will facilitate a rich exchange of ideas and will be a step towards finding entry points to strengthen sustainable urban development and climate resilience across Indian cities.
