

If you contribute to 'CITY MAKING' through education (as students, teachers or researchers), the urban professions, local government, the arts, or civil society organizations, we invite you to take our CITY MAKERS SURVEY. We encourage youth, women and LGBT+ communities to participate. Feel free to share the Survey.

"How are the SDGs traveling in your world?"

Please click on your preferred language:

Your responses will contribute to understanding city makers' take-up - *how and where* - of the **Sustainable Development Goals** and the **New Urban Agenda**.

For more information about our Agenda 2030 project, please click [here](#). The upcoming **Local Projects Challenge** will invite proposals for local projects that are useful, innovative and respond to the SDGs. A call for ideas will be announced soon.

THANK YOU for your participation in the Survey.
