A <b>B</b>	С	Н	I	1	К
Feature	Definition	• 0	Basis for assessment and/or quantitative indicator (Optional - only if data exists)	to be' with regard to the	Input/Initiative that would move the city from its current status to Advanced status (Scenario 4: Column G)
1 Citizen participation	A smart city constantly shapes and changes course of its strategies incorporating views of its citizen to bring maximum benefit for all. (Guideline 3.1.6)	Scenario 2 - The city currently engages with its citizens through stakeholder consultation for select projects. Besides, this the city guides its citizens for the projects that are designed and implemented by the citizens.	<ul> <li>Citizen consultations were held and their suggestions were incorporated while preparing the Master Plan 2021 and City Development Plan.</li> <li>The DEWATS at Kachhpura were commissioned through community based participation.</li> <li>The city has an SWM app through which citizens can share images of the areas from where waste has not been picked up by sanitary workers, thus, engaging the citizens in maintaining city's cleanliness.</li> <li>The city also has a toll-free number, a Facebook page and a twitter handle through which the citizens communicate with the city administration.</li> <li>The city also holds Jan Sunwai (every 2nd Monday of month), Tehsil Divas (1st and 3rd Tuesday of month), Thana Divas (every 2nd and 3rd Saturday) and Pradhikaran Divas which provides a platform for citizens to voice their opinion</li> <li>The city also publishes e-newsletters, project status, citizen charter, etc.to provide necessary information to its citizens.</li> </ul>	<b>Towards Scenario 4:</b> The city aspires to reach a stage where development priorities are shaped by the citizens through constant and regular engagement; most urban services are accessible online and where grievances can be raised, tracked and satisfactorily addressed through a single window mechanism within a stipulated period of time.	<ul> <li>Participatory budget - citizen engagement while preparing the ward-level budget.</li> <li>Seeking and implementing public opinion on city- level initiatives – capitalising on the momentum of citizen participation during the smart city mission, encourage citizens to express their views through polls and comments on ULBs' websites.</li> </ul>
2 Identity and culture	which distinguishes it from all other cities, based on some key aspect: its location or climate; its leading industry, its cultural heritage, its local culture or cuisine, or other factors. This identity allows an easy answer to the question "why in this city and not somewhere else?" A	The city organises festivals such as Hot Air Balloon festival and Taj Festival, on an annual basis. Unfortunately, only 2 of	<ul> <li>While the city boasts of 48 ASI monuments and 2 World Heritage sites, only the Taj Mahal and Agra Fort are preserved and utilised as anchors of the city.</li> <li>Failure to light the monuments causes these rich heritage structure to fade away in the dark after sunset.</li> <li>The public spaces and buildings as well local markets fail to portray the cultural heritage of the city.</li> </ul>	<b>Towards Scenario 4:</b> The city aims to preserve and utilise all its 48 ASI monuments as anchors of the city. The markets and public spaces of the city would speak volumes about its cultural heritage.	<ul> <li>Revival of 48 ASI sites by undertaking beautification and improving their access roads</li> <li>Revamping and publicizing existing markets and developing night bazaars and cultural activities.</li> <li>Promoting and increasing the frequency of fairs and festivals that showcase the culture of the city such as Ganga dassera, Taj Mahotsav, hot air balloon festival, etc.</li> </ul>
3 Economy and employment	3Economy and employmentA smart city has a robust and resilient economic base and growth strategy that creates large-scale employment and increases opportunities for the majority of its citizens. (Guideline 2.6 & 3.1.7 & 6.2)Scenario 1 - The economy of the city thrives on the tourism sector. With Agra witnessing the highest Tourist footfall in the country, the hospitality industry is the major industry in the city. Being the largest shoe manufacturer in the country, Agra, caters to 65% of total domestic requirement and 26% of India's global footwear export. The shoe		<ul> <li>been relocated outside city limits due to conservation of Taj Mahal.</li> <li>As per Census 2011, the workforce participation rate in the city is only 31%.</li> <li>The economy is heavily dependent on tourism which is subject to business cycles and global economic scenarios. Besides, the employment structure for tourism is seasonal in nature leading to no job security.</li> </ul>	growth. Agra's also aspires to diversify its economic base by promoting non-polluting industries	<ul> <li>Creating favourable policy environment for setting-up of non-polluting industries such as agro- processing, IT, KPOs and BFSI.</li> <li>Providing an impetus to the existing industries such as leather shoe industry, petha industry, handicraft industry, etc.</li> <li>Setting-up digital literacy centres for providing IT training and micro skill centres for imparting training related to local art such as in-lay, sculpting and zardosi work.</li> <li>A mega food park would is planned to be set-up in Agra by Ministry of Food Processing Industries.</li> </ul>

Feature	Definition	• •	Basis for assessment and/or quantitative indicator (Optional - only if data exists)	to be' with regard to the	Input/Initiative that would move the city from its current status to Advanced status (Scenario 4: Column G)
4 Education	A Smart City offers schooling and educational opportunities for all children in the city (Guideline 2.5.10)	walking distance for most residents.	<ul> <li>The city has 930 montesary/nursery schools, 416 junior basic school, 114 senior basic school and 67 higher secondary schools.</li> <li>For higher education, Agra has is 2 universities, 1 medical college, 4 engineering institutes, 2 management institutes, 2 polytechniques, 2 ITI and 6 degree colleges.</li> <li>The state higher-education policy encourages private institutions (National Health Mission 2012) due to which attaining higher-education remains a costlier affair for most of the youth.</li> </ul>		<ul> <li>The city will provide schools and anganwadis to the economically weaker sections of the city such that the schools are available within walking distance of 10 minutes for most of its residents.</li> <li>There is a plan to infuse government colleges in Agra with a fund-pool of Rs.2 crore of which the first instalment would be disbursed to the colleges shortly.</li> <li>This is aimed at improving the quality of education and increasing the student-intake capacity.</li> <li>The ADA in is masterplan has expressed to make Agra an Edu-city by giving an impetus to the medical and education institutes, including hotel management institutes.</li> </ul>
5 Health		facilities. As a result of this healthcare facilities become available only for some citizens and remains inaccessible to others. The city lacks sufficient primary and secondary healthcare centres.	<ul> <li>Agra has 30 PHCs, 101 government hospitals and medical offices and 127 private hospitals</li> <li>The city also has multi-speciality hospitals catering to various diseases including leprosy, cancer and TB.</li> <li>The total reported bed-strength is 8000 (Administrative Staff College of India 2014) i.e. available hospital beds per 1000 population = 5.</li> <li>The stakeholder consultation held with the SHG, revealed that health facilities remains inaccessible in the remote areas of the city.</li> </ul>	<b>Towards Scenario 4:</b> Agra aims to provide adequate health facilities at easily accessible distance and individual health monitoring systems for elderly and vulnerable citizens which are directly connected to hospitals to prevent emergency health risks.	<ul> <li>The city has already proposed to provide free- prenatal care</li> <li>Under National Health Mission (2012) the city proposes to leverage these health-care providers to improve access to curative care by forging partnerships apart from technical and administrative improvements of the existing facilities for a greater outreach.</li> </ul>
6 Mixed use	land uses in the same places; such as	be utilised. The city therefore show evidence	<ul> <li>As per the Masterplan 2001-2021, the land use in the city includes 61.8% residential, 4.9% commercial, 6.9% industrial, 10.7% community facility, 10.9% traffic and transport, and 4.5% parks and gardens.</li> <li>As per the city mobility plan, the average trip length is 4.9 km</li> </ul>	only 15 minutes trip distances to offices, markets, schools etc. One of	<ul> <li>Developing 175 hectares of tourism hub along Fatehabad Road</li> <li>Using transit orientated development principle along the metro corridor for a compact, high density mixed-use development.</li> <li>Integrated township and commercial development by leveraging the greenfield area of the city.</li> </ul>
7 Compact	A Smart City encourages development to be compact and dense, where buildings are located close to one another and are ideally within a 10-minute walk of public transportation, forming concentrated neighbourhoods. (Guidelines 2.3 and 5.2)	The city has no concept for compact city as of now.	The average density of the city is 13,152 persons per sq.km. In Tajganj area density is higher then the newly developed area. As per ADA building bye-laws, the FAR is 2 for plot size of up to 100 sq.m. and 0.75 for plot size of 101-200 sq.m. The urban bus system need to rationalised to connect residences to work places. The old city area of Tajganj and area near Agra fort are dense and compact due to organic development. Along Fatehabad road high rise development is coming up with medium to high density	<b>Towards Scenario 4:</b> The SCP will promote higher FAR and optimum use of land. Improved urban bus service for reducing time for work trips. The city is compact with higher land utilisation. The buildings are developed with optimum land utilisation and are having good access. The parking is incorporated at the basements of large buildings. Affordable houses with social facilities are available.	Higher FSI for commercial buildings. Overall increase in FAR for the city. Providing higher FSI at city level. Transit oriented development along metro corridor and will make the city compact. - State urban housing and habitat policy 14 promotes compact development

	Feature	Definition	• •	Basis for assessment and/or quantitative indicator (Optional only if data exists)	to be' with regard to the	Input/Initiative that would move the city from its current status to Advanced status (Scenario 4: Column G)
		A Smart City has sufficient and usable public open spaces, many of which are green, that promote exercise and outdoor recreation for all age groups. Public open spaces of a range of sizes are dispersed throughout the City so all citizens can have access. (Guidelines 3.1.4 & 6.2)	neighbourhoods, but are not available in all the areas of the city or are located far away	<ul> <li>The largest green space in the city however is the Tajganj reserve forest area which spans an area of 1912.20 ha.</li> <li>The available per-capital open space (including gardens and parks) in the city is 2.13sqm against the URDPFI norms of 10-12sqm.</li> <li>The maintenance of these spaces is an issue with a majority of them not having boundary walls. Most of these parks and open spaces also lack facilities such as pathways, benches or play areas, barring a few such as Paliwal Park, located at the centre of the city, Sur Vitka (at Awas Vikas Colony), amongst a few others.</li> </ul>	Towards Scenario 4: Creating a Green Habitat is one of the vision goals of 'SMART AGRA'. The city intends to have public open spaces which are well-dispersed and at close proximity of most of the residential area. The city also aspires to have open spaces of various types including parks and recreation that depict the cultural identity of the city and serve various sections of people including tourists.	<ul> <li>Festivals such as Taj Mahotsav, hot air ballooning, kite flying festival to be held at the open grounds in the TID zone.</li> <li>Promoting Taj Nature Walk by publicising the same.</li> <li>Creating a heterogeneous forest in the city near Taj. The Forest Dept. has already identified the land for the same.</li> <li>Reviving Forest Department's initiative of "meravruksh" enabling citizens to plant trees at a charge of Rs. 1,100 which will later be maintained by the Forest Dept.</li> <li>Creating green are such that green cover increases to at least 6 sq.m./person</li> </ul>
	inclusiveness	A Smart City has sufficient housing for all income groups and promotes integration among social groups. (Guidelines 3.1.2)	Scenario 1 - There exists acute shortage for housing in the city regardless of the economic condition of the citizens. Many areas in the city are deprived of basic services. Most BPL/EWS and LIG households in cities live in informal settlements/slums on encroached lands (unauthorized colonies).	<ul> <li>As per the census, 2011, the number of households in the city is 267,945 with an average family size of 6.</li> <li>The Master Plan 2021 envisages about 450,000 number of households in the city with family size of 5.</li> <li>Presently city has 199,497 residential units on which the deficit is about 16585 units.</li> <li>The Master Plan has also envisaged that the city will require 256,488 units by the year 2021.</li> </ul>	envisioned that lower and middle- income people can find housing in areas that are conveniently located. The strategic blueprint suggests to provide in-situ development of slums	<ul> <li>Rebuilding livelihoods and upgrading 22 slums along with improved infrastructure facilities including provision of solar rooftop to rehabilitated houses in the ABD area.</li> <li>Undertaking 265 in-situ slum rehabilitation (at Narej and Baudhula) under BSUP</li> <li>Constructing 324 EWS housing under State Scheme – Aasra</li> <li>Project Inclusiveness – 50 Kutcha and Semi- pucca houses to be retrofitted as Pucca houses; 254 affordable homes for migrants/renter families in slums.</li> </ul>
10	-	automobile to get around; distances are short, buildings are accessible from the sidewalk, and transit	Scenario 1 - The city has poor public transport facility and majority of the people are required to travel using personal modes of transport. The transport in the city is characterised by long trip lengths for daily commute to work and education. Accessing various areas by walking or cycling is difficult. Vehicles cause high air and noise pollution levels in the city. Vehicles dominate public spaces and affect their effective functioning.	<ul> <li>Mode of transport in the city – 37% pedestrian, 21% two-wheelers, 20% auto-rickshaws, 17% cycle, 4% Public Transport, 1% cars.</li> <li>As per CMP, share of public transport trips is mere 4%. Buses/lac population = 21 (benchmark = 40).</li> <li>65% of the major road network has average journey speed of less than 10km/h (benchmark of 30km/h).</li> <li>Road accident fatality rate = 41 persons per lakh population.</li> <li>The city is characterised by high level of noise pollution due to honking.</li> <li>Inadequate provision of parking spaces and hop-on-hop-off services for tourists leads to congestion due to tourist vehicles.</li> </ul>	envisions to have a robust infrastructure with transport being the predominant factor. By developing a well-connected and sound transport system the city intends to provide its citizens a liveable and safe city and provide a great touring experience to	<ul> <li>city.</li> <li>Providing hop-on hop-off services to facilitate tourist mobility within the city.</li> <li>Laying 30 km of metro corridor to provide connectivity across the city</li> <li>Establishing feeder connectivity through bus and last mile connectivity through cycle sharing</li> <li>Creating dedicated 216 km cycle tracks to promote NMT</li> </ul>

	Feature		to each feature	Basis for assessment and/or quantitative indicator (Optional - only if data exists)	to be' with regard to the	Input/Initiative that would move the city from its current status to Advanced status (Scenario 4: Column G)
11	Walkable	equally for pedestrians, cyclists and vehicles; and road safety and sidewalks are paramount to street design. Traffic signals are sufficient and traffic rules are enforced. Shops, restaurants, building entrances and trees line the sidewalk to encourage walking and there is	and often dangerous; there are few pavements, existing pavements need repair and lack trees to provide shade for pedestrians, and marked pedestrian crossings are rare. Traffic signals are often disobeyed. The inroads of the city which connects the majority of the population are narrow and lack footpaths, thus making it	<ul> <li>87% of the network does not have any markings and 77% of the roads have an undivided carriageway.</li> <li>Pedestrians comprise 41% of total road fatalities with the</li> </ul>	per the city mobility plan 37% of modal transport share comprises of pedestrians. Therefore, the strategic blueprint focuses on creating	<ul> <li>The vision goals of the city includes creating dedicated 216 km cycle tracks or cycle lanes and 290 km of footpath to promote NMT by 2035.</li> <li>Through the proposed ITMS including signal synchronisation and CCTV surveillance, pedestrian safety would be improved at crossroads.</li> <li>It is also proposed to have an integrated command and control centre which will be a coordinated incident management system with improved accident response time, thus providing instant care to road accidents and fatalities.</li> </ul>
12	IT connectivity	network allowing high-speed	Scenario 2 - The city has made plans to provide high speed internet connectivity through the existing framework	<ul> <li>At present free Wi-Fi is available inside Taj Mahal premises.</li> <li>As per Census 2011, 12% of the households in the city have computers/laptops with internet connection.</li> <li>UPSRTC provides Wi-Fi facility in its Volvo buses.</li> </ul>	<b>Towards Scenario 3:</b> The city intends to offer high speed internet connectivity available in most parts of the city.	<ul> <li>The city has plans to expand the existing Wi-Fi network beyond Taj. In a phased manner internet connectivity will be provided from major tourist destinations to all across the city.</li> <li>Setting-up a total of 100 Wi-Fi spots proposed in TID.</li> <li>Laying 145 km of Fibre optic cable network across TID</li> <li>Setting-up 25 tourist kiosk with ICT enabled facilities across the city.</li> </ul>
	ICT-enabled government services	interaction (including through online and telephone services) with its citizens, eliminating delays and frustrations in interactions with government. (Guidelines 2.4.7 &	is required to be done in person. Moreover, linkages with back-end infrastructure are yet	• All relevant data are available on the ANN website, including municipal act, bye-laws and regulations, municipal budgets, municipal balance sheets, municipal act, property tax assessment	access - both internally (within and	<ul> <li>Create a one-stop-destination for applying (connection) of all basic services.</li> <li>Robust optic fibre network with Wi-Fi spots across the city.</li> <li>Information dissemination system that provides basic information to citizens regarding weather, safety and security, traffic, epidemics and hazards through SMS.</li> <li>Developing Meragra card and app for tourist and citizen facilitation.</li> </ul>

Feature	Definition	Self-assessment for the full city with regard to each feature	Basis for assessment and/or quantitative indicator (Optional - only if data exists)	to be' with regard to the	Input/Initiative that would move the city from its current status to Advanced status (Scenario 4: Column G)
14 Energy supply	A Smart City has reliable, 24/7 electricity supply with no delays in requested hook-ups. (Guideline 2.4)	Scenario 2 - Electricity supply and loads are managed as per demand and priority for various functions with clear scheduling. Electricity is available in many areas for most hours of the day.	<ul> <li>SCADA system exists for monitoring of electricity supply</li> <li>With power-deficit and/or other reasons, Agra faces power- outages for 2-3 hours every day.</li> <li>These outages are scheduled by the DVVNL and they're disseminated to the general public through notice/news in leading news-dailies by the agency a couple of days earlier.</li> </ul>	<b>Towards Scenario 4:</b> The city aspires to have 24x7 electricity supply in all parts of the city with Smart Metering linked to online platforms for monitoring and transparency	<ul> <li>To reduce T&amp;D losses and power theft, Torrent Pvt. Ltd. has initiated underground ducting of electricity HT/LT cables.</li> <li>Installation of 2350 smart LED street lights in the TID zone, will accrue additional energy saving of 0.59 MU annually. 100% conversion of streetlights into LED lights with installation sensors.</li> <li>Installation of Smart Meters will help reduce theft and monitor electricity consumption in the city.</li> </ul>
15 Energy source		Scenario 3 - Some energy consumed in the city is produced through renewable sources. There are long term targets for higher renewable energy capacities and the city is making plans to achieve these.	<ul> <li>On the renewable energy front, Dayalbagh society (a charitable trust), has created solar power generation facility of 1MW capacity. It is in the process of getting on the power grid.</li> <li>Torrent officials informed that such initiatives can be taken and once they get a purchase agreement done with DVVNL, Torrent can get them onto the grid</li> </ul>	<b>Towards Scenario 4:</b> The city aspires to source at least 10% of the energy requirement from renewable sources. The city is undertaking long- term strategic projects to tap renewable sources of energy in its region/beyond to increase the percentage of renewable energy sources.	<ul> <li>A Solar city master plan prepared has identified distribution of rooftop solar water heater systems as the most viable strategy to achieve a target of 10% reduction in conventional energy consumption.</li> <li>As a non-conventional source of energy, the proposed Waste to Energy plant will provide 10 MW of electricity.</li> <li>UPNEDA is supporting ANN in implementation of energy efficiency and renewable projects such as Municipal park lighting and assistance in design of solar roof top projects on municipal and public buildings and street lighting in the selected TID zone of smart city project.</li> <li>An initial estimate identified three municipal schools, 2350 street lights to be converted in solar street lights, 10% of 154 hotels in Fatehabad road installing solar water heaters and solar pv systems and 0.5% of the total households in the area willing for solar roof top.</li> </ul>
16 Water supply	A Smart City has a reliable, 24/7 supply of water that meets national and global health standards. (Guidelines 2.4 & 6.2)	Scenario 1 - Agra has poor water supply system with limited water availability. The unaccounted water is 40%. However, targets are set to achieve higher quality and optimal standards of water.	<ul> <li>91 LPCD of water is supplied which is far lower than the benchmark of 135 LPCD.</li> <li>Only commercial connections are metered.</li> <li>NRW is 40%</li> </ul>	in most areas and reduce its	UP Jal Nigam, under Gangajal Project, will source 342 MLD Ganga water in addition to existing 369 MLD sourced from Yamuna which will aid in meeting water demand up to 2035. SCADA system will be installed and operated by SPV for reducing NRW. The system would be operated by SCADA equipped with quality monitoring sensors and automatic leak detection system. Thus improving monitoring and reducing NRW/UFW.

	Feature	Definition	• •	Basis for assessment and/or quantitative indicator (Optional - only if data exists)	to be' with regard to the	Input/Initiative that would move the city from its current status to Advanced status (Scenario 4: Column G)
	C		<b>Combination of Scenario 1 &amp; 2:</b> The city does not have water metering system for its domestic supply due to which it does not measure all its water supply. However, waste water is recycled and rain water harvesting exists in small numbers.	<ul> <li>Currently, only commercial water connections have been metered.</li> <li>Wastewater is collected at recycled at the 7 STPs.</li> <li>There are 50 government properties with rain water harvesting system.</li> <li>UP Jal Nigam has introduced SCADA system providing real time information regarding pressure and water flow and alerts on leakages.</li> </ul>	<b>Towards Scenario 4:</b> The city intends to have 100% water metering. Rain water harvesting system to be installed and utilised throughout the city. Waste water to be collected and recycled for secondary uses.	<ul> <li>Proposal of SCADA based monitoring system in Gangajal project for water supply will reduce the unaccounted water losses by taking care of leakages. This will also ensure adequate water supply for all sections of the society.</li> <li>Promotion of rainwater harvesting, presently being undertaken by CURE, will help to provide additional water sources to households.</li> <li>Initiating the functioning of additional 2 STPs of ADA to treat more wastewater and making it available for secondary uses.</li> </ul>
	0	A Smart City treats all of its sewage to prevent the polluting of water bodies and aquifers. (Guideline 2.4)	Scenario 2 - Most of the waste water in the city is collected and treated before disposal.	<ul> <li>The city has 7 functional STPs with total capacity of 180.25 MLD</li> <li>The water recycled from these STPs amounting to 127.75 MLD is used for agricultural purposes</li> </ul>	<b>Towards Scenario 3:</b> It is envisioned that the entire waste water in the city is collected and recycled. The recycled water may be used for purposes beyond agriculture.	<ul> <li>100% collection and recycling of waste water.</li> <li>Improving the quality of recycled water so that it can be used for industrial purposes.</li> </ul>
19		A Smart City has air quality that always meets international safety standards. (Guideline 2.4.8)	Taj Trapezium Zone (TTZ) under the nationwide National Air Quality Monitoring Programme (NAMP). The key parameters on which the checks are made and recorded include SO2, NO2, PM10 (RSPM).	<ul> <li>CPCB has been regularly monitoring ambient air quality at Agra at four locations – Taj Mahal, Etmad-ud-dualah, Rambagh and Nunhai – since 2002.</li> <li>On an average in the last three years SO2 level has been 4 μg/m3 against the benchmark of 20 μg/m3).</li> <li>In the three regions NO2 level is between 16 to 26 μg/m3 against the benchmark of 30 μg/m3. In Nunhai for last three years, NO2 level recorded on an average is 34 μg/m3</li> <li>While the permissible limit for PM10 is 60 μg/m3, the average for last three years, in Taj Mahal was 157 μg/m3, in Etmad-ud-daulah was185 μg/m3, in Rambagh was 174 μg/m3, and Nunhai was 217 μg/m3.</li> </ul>	<b>Towards Scenario 4:</b> Agra envisions to have a clean and pristine environment. Agra aspires to achieve air quality of the highest standards and carry out regular monitoring of the same by setting by monitoring stations across the city.	<ul> <li>Promoting the use of CNG-run vehicles to reduce air pollution</li> <li>Encouraging the use of battery-cars and e- rickshaws beyond the premises of Taj Mahal.</li> </ul>
	20       Energy efficiency       A Smart City government uses state- of-the-art energy efficiency practices in buildings, street lights, and transit systems. (Guideline 6.2)       Scenario 2 - The city promotes energy efficiency and some new buildings install energy efficiency systems that track and monitor energy use and savings.		<ul> <li>EESL to convert 38,679 streetlights into LED leading to 50% reduction in energy bill.</li> <li>Solar energy accounts for a meagre 0.03% of the energy consumption in the city (Agra Nagar Nigam 2011).</li> </ul>	<b>Towards Scenario 3:</b> The city aims to make most new public buildings install energy efficiency systems and some older buildings are also retrofitted to be more energy efficient. Local government to conduct counselling and outreach with developer, businesses and residents to adopt energy efficiency strategies.	• ANN proposes to get a rooftop solar energy generation potential study done for promoting	
	electric wiring		<b>Scenario 2</b> - 52% of the LT line services and 24% of HT line services in the city are underground	<ul> <li>1,374 km LT lines (52% services) are underground</li> <li>301 km HT lines (24% services) are underground</li> </ul>	<b>Towards Scenario 4:</b> The city seeks to achieve 100% of its electric wiring underground.	The private electricity supplier in the city - Torrent - is already undertaking the task of achieving 100% UG electric wiring. This will not only ensure safety but also improve the aesthetic appeal of the city.

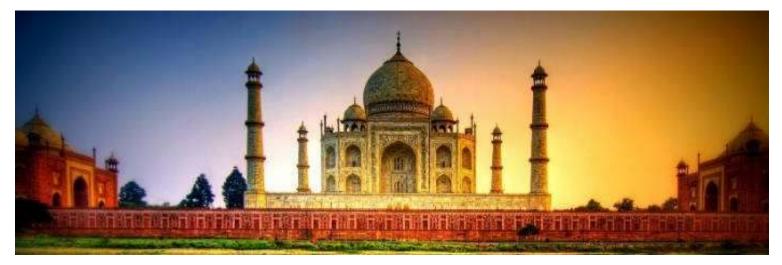

Feature	Definition	Self-assessment for the full city with regard to each feature	Basis for assessment and/or quantitative indicator (Optional - only if data exists)	to be' with regard to the	Input/Initiative that would move the city from its current status to Advanced status (Scenario 4: Column G)
22 Sanitation	A Smart City has no open defecation, and a full supply of toilets based on the population. (Guidelines 2.4.3 & 6.2)	Scenario 1 - Many parts if the city do not have access to sanitation infrastructure and facilities. However, under SBM, individual and community toilets are being constructed.	<ul> <li>88% of the city's households have access to individual toilettes; 50% of which are connected to the sewer system while the rest have on-site septic tanks/pits.</li> <li>About 3% of the total households use community toilets while 15% of total households in the city defecate in open since they do not have any access to toilette facilities. This has been attributed to non-notification of some of the slum-like settlements in the city. (Administrative Staff College of India 2014).</li> <li>DEWATS toilets have been developed in Kachpura area.</li> </ul>	<b>Towards Scenario 4</b> : The city intends to achieve 100% sanitation coverage and create an open- defecation-free Agra. For this under SBM, individual and community toilets are being constructed.	<ul> <li>The city is already working on achieving 100% sanitation facilities by calling applications for provision of toilets.</li> <li>Construction of 31,653 individual toilets, 888 community toilets and 1,239 public toilet have already been initiated under SBM</li> </ul>
23 Waste management	A Smart City has a waste management system that removes household and commercial garbage, and disposes of it in an environmentally and economically sound manner. (Guidelines 2.4.3 & 6.2)	Scenario 1 - D2D While the waste is collected from the community bins, D2D collection of waste is absent in the city.	<ul> <li>On average, around 800MT solid waste is generated in the city every day, which is higher than the norms spelt out in the ministry's 2000 manual on solid waste management rules</li> <li>Only 46.3% of the households are serviced with solid waste management services of the city.</li> <li>Only 9% of the waste collected is segregated. Even if the waste is segregated, most of it eventually is dumped at the waste dumping site at Shahdara without being treated.</li> <li>ANN has sanitary workers sweep the roads in the city, but in the 1km periphery of Taj Mahal, and in some parts of Tajganj ward, sweeping is privatized.</li> </ul>		<ul> <li>100% D2D collection of solid waste with segregation and creating 100% municipal waste management across the city</li> <li>ANN proposes to seek funds from the SBM for implementing door-to-door waste collection, transportation and processing of organic waste through a bio-methanation plant.</li> <li>A part of the funds available to ANN will be put towards improving SWM in the Pocket 1 of TID. The TID is proposed to be a zero waste zone where all organic waste generated is treated locally.</li> <li>Creating bring back centres in the city.</li> <li>ANN intends to establish a Waste to Energy plant which will process at least 500 MT of waste per day. The preferred bidder has already been selected for the same.</li> </ul>
24 Safety and security	A Smart City has high levels of public safety, especially focused on women, children and the elderly; men and women of all ages feel safe on the streets at all hours. (Guideline 6.2)	public safety. High levels of theft, especially automobile theft have been observed in the city.	<ul> <li>Road safety and automobile theft are the key issues regarding safety in the city.</li> <li>The crime cases registered in the last three years on an average was 6,268. Out of which, the average automobile theft registered for the last three years stood at 2066 cases</li> <li>Agra has the highest fatality rate in India of 41 persons per 100,000 persons</li> </ul>	reach Scenario 4, where the city shall have very high levels of public safety	<ul> <li>A quick response centre in TID zone for management of adversities and incidents</li> <li>15 Women Distress Centres ('SHE') – at least one in each slum.</li> <li>Through ITMS, the city intends to install CCTV surveillance cameras at major junctions and key areas across the city – 15 locations identified.</li> <li>The city also intends to provide CCTV cameras and GPS tracking in buses to make the city public transportation safe.</li> <li>5 Smart Police kiosks for tourists in prominent tourist areas.</li> </ul>

A Implementation Module 1	Jul/16 Jan/19 In Progress	전         1
1 Component 1 (Visibile improvement aling Taj access road	Oct-16 Oct-17 Ongoing	
Activity 1 DPR preparation Activity 2 Bid process management	complete complete Completed	
Activity 3 Selection of EPC contractor	complete complete Completed	
Activity 4 Project Execution	Oct-16 Oct-17 Ongoing	
Component 2- Revitalization of 54 LESSER KNOWN	Oct-16 Dec-17 Yet to Start	
Activity 1 Monument Conservation and Revitalization DPR preparati		
Activity 2 Bid Process Management	Jan-17 Feb-17 Yet to Start	
Activity 3 Selection of Conservation Architect Activity 4 Project Execution	Feb-17         Mar-17         Yet to Start           Mar-17         Dec-17         Yet to Start	
3 Component 3- Development of TAJ MUGHAL MUSEUM Activity 1 Detail Design of Museum	Jul-16 Jun-18 In Progress complete complete Completed	
Activity 2 Bid Process Management	complete complete Completed	
Activity 3 Selection of Developer Activity 4 Project Execution	complete complete Completed Jul-16 Jun-18 Yet to Start	
4 Component 4- Taj Orientation Center Activity 1 Detail Design of Orientation Center	Jul-16 Jan-19 In Progress complete complete Completed	
Activity 2 Bid Process Management	complete complete Completed	
Activity 3 Selection of Developer Activity 4 Construction of the Orientation Center	Jul-16         Oct-16         Yet to Start           Dec-16         Jan-19         Yet to Start	
S Component 5- Provision of Tourist Facilities Activity 1 Invite Bids for wifi, kiosk, public conveniences,	Oct-16         Oct-17         Yet to Start           Oct-16         Dec-16         Yet to Start	
Activity 1 Invite Bids for wifi, kiosk, public conveniences, Activity 2 Selection of suppliers	Dec-16 Jan-17 Yet to Start	
Activity 3 Survey to identify locations for facilities Activity 4 cabling of OFC	Jan-17         Feb-17         Yet to Start           Jan-17         Jul-17         Yet to Start	
Activity 4 cabling of OFC Activity 5 Development of Tourist facilities	Jan-17 Jul-17 Yet to Start Jan-17 Oct-17 Yet to Start	
6 Component 6- International Café Street		
6 Component 6- International Cafe Street Activity 1 Invite Bids for Design and Construction of Street Café	Oct-16         Dec-18         In Progress           complete         complete         Completed	
Activity 2 Appoint Architect and EPC contractor	Oct-16 Nov-16 Yet to Start	
Activity 3 Project Execution	Dec-16 Dec-18 Yet to Start	<u></u>
B Implementation Module 2 : Resilient Infrastructure	Oct-16 Dec-19 Yet to Start	
Activity 1         DPR preparation (24x7 WS, WW, SWD)           Activity 2         Invite Bids for 24x7 WS, Sewerage system, SWD	Oct-16         Dec-16         Yet to Start           Jan-17         Apr-17         Yet to Start	
Activity 3 Selection of Concessinnair/Contractor	Apr-17 May-17 Yet to Start	
Activity 5 Replace old pipes/ Lay new ones/ OHT Activity 6 Install SCADA system and smart meters	May-17         Oct-19         Yet to Start           Jun-18         Oct-19         Yet to Start	
Activity 7 Create DMA	May-17 Oct-17 Yet to Start	
Activity 8 Testing and commissioning	Oct-19 Dec-19 Yet to Start	
C Implementation Module 3 : Urban Mobility	Jun-16 Dec-19 In Progress	
Activity 1 Identify Location for PBS Activity 2 Select private operator	Jun-16 Jul-17 In Progress Oct-16 Dec-16 Yet to Start	
Activity 3 Phase 1 Installation	Jan-17 Jul-17 Yet to Start	
Activity 4 Phase 2 Installation Invite Bids for (Junction/ Road Improvement,	Jul-17 Dec-17 Yet to Start	
Activity 5 Streetscaping, Signboards, MLCP, NMT facilities)	Oct-16 Dec-16 Yet to Start	
Activity 6 Appoint Developer Activity 7 Juntion redisign/road improvement	Dec-16         Jan-17         Yet to Start           Jan-17         Dec-19         Yet to Start	
Activity 8 E-rickshaws	Jan-17 Mar-17 Yet to Start	
Activity 9 Completion of MLCP/ Street caping, NMT activities	Jan-17 Dec-18 Yet to Start	
D Implementation Module 4: Revitalization of Green Spaces		
Activity 1 Preparation of DPR Activity 2 Selection of Developer	Oct-16         Dec-16         Yet to Start           Jan-17         Feb-17         Yet to Start	
Activity 3 Project Execution	Feb-17 Dec-17 Yet to Start	
E Implementation Module 5:Social Equity Development	Jul-16 Dec-20 Yet to Start	
Component 1 Slum Housing	Jul-16 Dec-20 Yet to Start	
Activity 1 > 70% Consent from slum Dwellers Activity 2 Prepare DPR for slum redevelopment project	Jul-16         Oct-16         Yet to Start           Oct-16         Dec-16         Yet to Start	
Activity 3 Invite tender for selection of Developer	Jan-17 Mar-17 Yet to Start	
Activity 4 Transit houses Activity 5 Completion of Houses	Mar-17         Jul-17         Yet to Start           Jul-17         Oct-20         Yet to Start	
Activity 6 handover of Houses	Oct-20 Dec-20 Yet to Start	
F Implementation Module 6:Sustainable Livelihood	Jun-16 Jun-17 In Progress	
Survey to finalize locations for Multi-skill center. Street		
Activity 1 vending zones, Market street for stone inlay work Activity 2 Invite tender	Jun-16 Jul-16 In Progress Sep-16 Nov-16 Yet to Start	
Activity 3 Appoint developer	Nov-16 Dec-16 Yet to Start	
Activity 4 Project Execution	Dec-16 Jun-17 Yet to Start	
Activity 5 Zone, and market street	May-17 Jun-17 Yet to Start	
G Implementation Module 7	Jul-16 Dec-19 Yet to Start	
Component 1 - Intelligent Bus Operations	Oct-16 Jul-17 Yet to Start	
Activity 1 Prepare DPR Activity 2 Selection of Supplier	Oct-16         Dec-16         Yet to Start           Jan-17         Feb-17         Yet to Start	━━━━━━━━━━━━━━━━━━━━━━━━━━━━━━━━━━━━━━━
Activity 3 Commissioning and integration	Feb-17 Jul-17 Yet to Start	
Component 2- ITMS	Oct-16 Jun-18 Yet to Start	
Activity 1 Appoint agency for Junction redesign and improvement	Oct-16 Nov-16 Yet to Start	
Activity 2 Junction Redsign Activity 3 Prepare DPR for ITMS	Dec-16         Jul-17         Yet to Start           Oct-16         Dec-16         Yet to Start	
Activity 4 Selction of Supplier and system integrator	Dec-16 Feb-17 Yet to Start	
Activity 5 Soluton Deployment and Delivery	Feb-17 Jun-18 Yet to Start	
Component 3- Smart City Surveillance	Jul-16 Jul-18 Yet to Start	
Activity 1 Prepare DPR Activity 2 Invite applications for selection of supplier	Jul-16         Dec-16         Yet to Start           Dec-16         Jan-17         Yet to Start	
Activity 3 Selection of supplier	Jan-17 Jan-17 Yet to Start	
Activity 4 Installation of PTZ cameras Activity 5 Application development and co-hosting	Jan-17         Jul-18         Yet to Start           Jan-17         Jul-18         Yet to Start	
Activity 6 Soluton Deployment and Delivery	May-18 Jul-18 Yet to Start	
Component 4- Smart Parking Management	Jul-16 Dec-19 Yet to Start	
Activity 1 Identification of location for smart parking	Jul-16 Sep-16 Yet to Start	
Activity 2 DPR preparation	Oct-16         Dec-16         Yet to Start           Jan-17         Feb-17         Yet to Start	
Activity 3         Selection of Developer and supplier selection           Activity 4         System design and BOQ	Jan-17 Feb-17 Yet to Start Feb-17 May-17 Yet to Start	
Activity 5 MLCP 1	May-17 Dec-17 Yet to Start	
Activity 6 commissionig and Integration Activity 7 MLCP 2, to 5	Dec-17         Jan-18         Yet to Start           Jun-17         Apr-18         Yet to Start	
Activity 8 commissionig and Integration	Apr-18 Jun-18 Yet to Start	
Activity 9 MLCP 6 to 9 Activity 10 commissionig and Integration	Jan-19         Oct-19         Yet to Start           Oct-19         Dec-19         Yet to Start	
H Implementation Module 8 : Smart Waste Management Sy Activity 1 Commissioning of DTD collection	Jun-16 Jul-17 In Progress Jun-16 Aug-16 In Progress	
Activity 2 Prepare DPR	Aug-16 Dec-16 Yet to Start	
Activity 3 Invite tender for selection of supplier Activity 4 Installation of RFID	Jan-17         Feb-17         Yet to Start           Feb-17         May-17         Yet to Start	
Activity 5 Development and Deployment of 24x7 control center	Feb-17 Jun-17 Yet to Start	
Activity 6 Commissioning of SWMS	Jun-17 Jul-17 Yet to Start

VTS	Vehicle Tracking System
WTP	Water Treatment Plant

## **EXECUTIVE SUMMARY**

**Reassessment**: Revision of Agra's smart city proposal began with quick gap assessment based on the comments given by MOUD and a comparative study of the top 20 shortlisted proposals. To revise the proposal, a two-fold strategy was followed through analytical and consultative approach.

**Analytical approach:** The analytical process started with a city diagnostic exercise using available information and data, to assess the strengths and problem areas of the city. To leverage on the city's image as a crown of heritage tourist destination, a detailed study was carried out. The study included mapping of historical monuments, profiling city growth areas and study of statutory documents.

Based on this study, four areas, Area 1: Taj Mahal, Tajganj and area near inner ring road for international convention centre, Area 2: Agra Fort and areas along Itmad-ud-Daula and Chini Ka Roza, Area 3: Agra fort, Jama Masjid and old city Bazaar area, and Area 4: Trans-Yamuna area (Rambagh to areas near Mehtab Bagh) were selected for retrofitting and greenfield development.

In parallel, a SWOT analysis and discussions with key stakeholders were conducted. Outcome of the exercise led to shortlisting of city water supply, municipal solid waste and urban mobility as priority.

**Consultative approach**: To maximize citizen participation, the following strategy was used:

1. Awareness: through newspaper, 'Idea Camp', cyclothon & 'Run for Agra', human chain, leadership talk by mayor. Guides for participating on MyGov website were provided through bulk SMS, video tutorials, print media and on ANN's website.

2. Opinion: meetings with domain experts, FGDs and meetings with academia, technical institutes, and other key stakeholders were conducted.

3. Reinforcement/Feedback: Based on the city's opinion, various vision theme were identified and citizens were requested to vote on their priority theme. Online and off-line feedback forms were circulated for this. Voting camps were organised in various parts of the city.

Total responses exceeded 6, 71,000. Around 1.3 lakh votes were registered on MyGov website in addition to 14,000+ comments in the 'Discuss' section of the MyGov website. ANN's website gathered around 3, 60,000 votes on vision, site selection and pan city initiative. Around 1.3 lakh suggestions were submitted on ANN's website. During Round 2; 1, 12,271 suggestions on vision were received from Agraites expressing the theme that best depicted their vision for Agra.

A vision statement that combines people's aspirations and outcome of analytical assessment was formulated:

"City of Taj – where history is preserved, environment is pristine, infrastructure is worldclass, and opportunity is plenty – a safe place to live, a great place to tour."

**Strategic framework**: The vision is supported by a set of nine goals and 42 sub goals. These sub-goals were further crystallized into 89 implementable projects encapsulated into eight implementation modules. These are discussed briefly:

Area-based proposal:

#### **Implementation Module 1**: heritage and cultural tourism improvement (INR 611.65 crore)

To achieve G3-aesthetic and heritage conservation and G6-attractive tourist destination projects such as development of the Mughal Museum, Taj Orientation Center, Tajganj access improvement project, revitalization of lesser known heritage monuments, development of international street café and provision of tourist facilities in Tajganj area have been proposed.

#### Implementation Module 2: building resilient infrastructure (INR 264.45 crore)

To achieve G4- building resilient infrastructure, the proposal includes strengthening and augmenting basic infrastructure. Some of the key project components include; 24x7 water supply with SCADA system and 100% smart metering, 100% waste management, underground utility ducts, storm water drain improvement, sewerage system improvement, and rejuvenation of paktola lake.

#### Implementation Module 3: NMT and Urban Mobility Improvement (INR 482.49 crore)

To achieve G5-transit-friendly and safe, the proposal includes redesigning and rehabilitation of 150 km major and minor road network, 10 smart bus stops, pedestrian friendly redesign of Fatehabad road, 6 km bicycle highway, Taj Mahala-Agra Fort NMT corridor, digital sign boards, multi-level automated car parking with 300 PCU capacity along Fatehabad road.

**Implementation Module 4**: Revitalization of Green spaces and Place-making (INR 6.35 crore)

With the objective of making the selected area, a green habitat, revitalization of existing three gardens have been proposed. These gardens will have a 20 km connected walking promenades that connects Taj Mahal and Agra Fort. Place-making along Fatehabad road and along 3km heritage walk routes has been proposed.

#### Implementation Module 5: social equity (INR 116.3 crore)

To achieve social equity in the ABD in-situ rehabilitation of 354 slum households, slum redevelopment, and construction of affordable housing has been proposed.

Implementation Module 6: sustainable livelihood improvement (INR 12. Crore)

With the objective of improving livelihood of residents a sustainable livelihood project that promotes traditional skills; zardosi work and stone inlay, have been proposed. The project involves development of 5 micro-skill development centers to impart traditional skills; zardosi embroidery and stone inlay to residents. The project also involves development of 8 km of vending zones along fatehabad road and Tajganj area. In addition, a dedicated market street for displaying traditional skills has also been proposed.

#### Pan-city proposal:

#### Implementation Module 7: NMT and smart urban mobility (INR 235 crore)

To address city's weak public transportation and traffic issues, an integrated smart urban mobility and intelligent traffic management solution has been proposed. This module is subdivided into four components; 1. Intelligent bus operations, 2. Intelligent traffic management system, 3. Smart city surveillance system, and 4. Smart parking management system.

Implementation Module 8: smart municipal waste management (INR 28.0 crore)

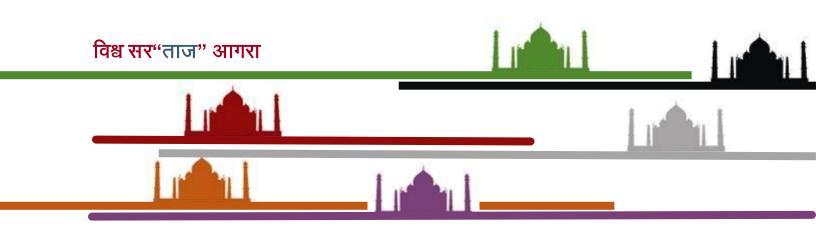

ANN has already developed a smart garbage collection fleet tracking system. A smart garbage management system that systematically leverages on existing system has been proposed.

The proposed solution has five ICT enabled sub-systems; a. RFID based secondary waste bin monitoring, b. RFID based HH waste bin monitoring system, c. RFID based monitoring of street sweeping and d. z 24x7 waste collection operations monitoring center.

**Operationalization**: Identified 89 projects are prioritized and linked in a seamless manner with detailed fund flow pattern covering all aspects. Agra's smart proposal envisages a total outlay of INR 2,133 crore to be invested over next five years. Equal importance to financing through convergence of various government schemes and PPP has been conferred. Agra smart city SPV will ensure seamless coordination between concerned agencies and ensure timely completion of identified projects.

Driven by unprecedented citizen participation and guided by analytical insights Agra's smart city proposal is inclusive, replicable and realistic.

## Annexure 4.1. State level high powered sanctioning committee – Approval for Smart City Proposal – Round II

शहरी विकास मंत्रालय, भारत सरकार द्वारा 'स्मार्ट सिटी मिशन योजना' के अन्तर्गत मुख्य सचिव, उ0प्र0 शासन की अध्यक्षता में गठित ''राज्य स्तरीय उच्चाधिकार संघालन समिति'' (State Level High Power Steering Committee-SHPSC) की पांचवीं बैठक दिनांक 24.06.2016 का कार्यवृत्त।

# आवश्यक प्रस्ताव संख्या - 2

भारत सरकार द्वारा स्मार्ट सिटी मिशन के अन्तर्गत जारी दिशा निर्देशों के कम में आगरा का रिवाइल स्मार्ट सिटी प्रपोजल तैयार किया गया है इसमें प्रोजेक्ट के दो प्रारूप है प्रथम यह है कि एरिया बेस प्रपोजल, द्वितीय पैन सिटी प्रपोजल है। एरिया बेस प्रपोजल में ताजगंज, फत्तेहाबाद रोड, आगरा फोर्ट के आसपास के एरिया को सम्मिलित किया गया है। पैन सिटी प्रपोजल में नगरीय ठोस अपशिष्ट प्रबन्धन की दृष्टि से घरों में तथा मुख्य स्थानों पर रखे गये उस्टविन्स में रेडियो फिक्देंशी आइडेन्टटी टैंग लगाने हेतु प्रस्ताव तैयार किया गया है ताकि डोर-टू-डोर कुडा कलैक्शन तथा लफाई व्यवस्था में गुणात्मक परिवर्तन लाया जा सके और इन्टेलीजेन्ट ट्रैफिक एण्ड ट्रासपोर्टेशन सिस्टम को सम्मिलित किया गया है। इसकी समस्त जानकारी संलग्न एनेक्सर में दी गयी है।

रमार्ट सिटी हेतु चयनित ABD क्षेत्र में विश्व स्तरीय इन्फ्रास्ट्रक्वर दिर्कसित हो जाने के बाद जवत दोन्न के निवासियों की सम्पत्ति कर का पुन:रीक्षण भी किया जाना प्रस्तावित है ताकि अवस्थापना सुविधाओं के रखा रखाव हेतु SPV के पास धन की उपलब्धता हो सके।

स्मार्ट सिटी प्रयोजल के सभी घटकों को कियान्दित किये जाने हेतु SPV का गठन किया गया है जो स्मार्ट सिटी फण्ड से वांछनीय कार्य करायेगी किन्तु प्रारम्भिक लौर पर यदि धन की उपलब्धता में विलम्ब होता है तो नगर निगम यथावश्यक अपनी निधि से धन SPV को उपलब्ध करायेगा जो 'कैपीटल कम फाइनेन्शियल सिरक गिटीगेशन फण्ड' के रूप में प्रयुक्त होगा।

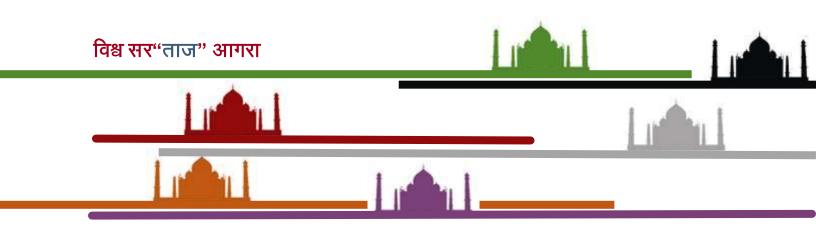

उक्त की सैद्धान्तिक सहगति सदन द्वारा दी जाती है।

नगर आयुक्त – द्वारा छपरोक्त प्रस्ताव नगर निगम सदन के संगढ़ घड कर प्रस्तुत किया गया।

सर्वश्री मुकेश यादव, नेता सपा पार्षद दल, कर्मवीर सिंह भारती, नेता, बरापा पार्षद दल, प्रदीप अग्रवाल, नेता, बी.जे.पी. पार्षद दल – द्वारा उपरोक्त प्रस्ताव सर्वलम्पति से पारित करते हुए सैद्धान्तिक सहमति प्रदान करने हेतु कहा गया।

निर्णय :- नगर निगम सदन द्वारा उपरोक्त प्रस्ताव सर्वसम्मति से पारित करते हुए सैद्धान्तिक सहमति प्रदान की गयी।

WHEREAS:

UP Tourism, Agra बेत्रीय पर्यप्टेव अधिकारी बागरा मण्डल, आगदा

- A Ministry of Urban Development, Government of India has launched Smart City Mission in 2015 with an objective is to promote cities that provide core infrastructure and give a decent quality of life to its citizens, a clean and sustainable environment and application of 'Smart' Solutions. The focus is on sustainable and inclusive development and the idea is to look at compact areas, create a replicable model which will act like a light house to other aspiring cities. The initiative intends to develop 100 cities and towns in the country as smart cities.
- B Agra is one of the candidate city for Smart City Mission from the state of Uttar Pradesh and is participating in the challenge round by submitting its Smart City Proposal. ANN is the nodal agency for Smart City project and it shall be forming a Special Purpose Vehicle (SPV) with State Government for planning, designing, financing, implementation, operation and maintenance of Smart City Projects. After incorporation of SPV, all rights and obligations of ANN with regards to Smart City Projects shall be transferred to SPV.
- C. UP Tourism is engaged in the development of tourism infrastructure and promotion of tourism in the state of Uttar Pradesh. As part of this endeavor, it hosts many events, fairs including Taj Mahotsava. UP Tourism has the experience and management bandwidth to host events and fairs for promotion of tourism & culture, city branding and destination marketing.
- D. ANN and UP Tourism have been discussing the Agra Smart City Proposal in general and components relating to tourism and culture in particular.

Now, pursuant to the ongoing discussions between the parties, this MOU purports to summarize the principal terms of intended collaboration. This MOU records the preliminary understanding between them.

#### 1. Purpose

The Purpose of this MOU is to define area of collaboration between ANN and UPT for planning, designing, financing, implementation of various Smart City initiatives planned under Smart City Mission of Government of India.

#### 2. Area of Collaboration

The area of collaboration between the Parties will be promotion of tourism, culture and destination marketing for city of Agra through organisation of events, fairs and various forms of campaigns armed at City Branding of Agra.

The area of collaboration between the Parties shall also include Development of Smart City projects wherein the Parties agree:

- Support and commitment for implementation of Tajganj project, pro-poor tourism project, construction of Taj Orientation centre and Mughal Museum in the selected TID zone using the funds allocated by the State Government.
- UPT will also continue its activities of various fairs and festivals being held in the TID zone.
- Support in the branding and formulation of heritage walks, night bazaars, light and sound shows at other monuments and lighting of monuments.

The Parties shall jointly undertake the design and formulation of initiatives' activities aimed at City Branding for Agra Smart City and communicate to other Party the support (physical, administrative, manpower or otherwise) it requires for the City Branding initiatives' activities. The Parties shall exchange necessary information required for this purpose and agree to congregate funds available to it for funding the City Branding initiatives/ activities. The Parties agree that this MOU does not constitute legally-binding commitment in respect of the possible

UP Tourism, Agra सेत्रीय पर्यटन अधिकारी बायरा मण्डल, जागद्म

partnership. Definitive agreement shall be subject to further negotiation between the Parties and the due diligence to be conducted by the Parties.

#### 3. Non-exclusivity

The relationship of the Parties under this MOU shall be non-exclusive and both Parties shall be free to pursue other agreements or collaborations of any kind. However, when entering into a definitive agreement related to strategic area, the Parties may agree to limit each Party's right to collaborate with others on that subject.

#### 4. Term and Termination

Both the Parties may terminate this MOU at any time by notice with immediate effect if it reasonably believes that its performance, financial viability or any aspect of it, results, or might breach any legal, regulatory, ethical or audit independence requirement in the jurisdiction, or any other reason. This MOU shall be valid for a period of 2 (two) years from the date of signing, unless it is terminated earlier.

- 1. By way of consummation of a definitive agreement, or
- ii. By either Party for any reason what so ever

This MOU is issued solely for the purpose of communicating the intent on part of the Parties to collaborate with each other. All the terms and conditions shall be finalized on the basis of a definitive agreement. If no definitive agreement is consummated, this MOU shall be treated as null and void.

#### 5. Sharing of Information

As may be appropriate from time to time, each Party may share information with the other on a regular basis regarding the arrangement under this MOU. Both the Parties will be solely and entirely responsible for any third party information or materials, that they will share with each other, with regards to its requisite rights, authorizations or agreements, in place, enabling accessibility and usage of such information.

## 6. Confidentiality

The Parties agree and acknowledge that sensitive information and confidential data will be exchanged between the Parties pursuant to this MOU. Such data will be marked confidential ("Confidential Information") Each Party agrees that it will maintain confidentiality of the Confidential Information disclosed to it by the other Party under this MOU and will ensure that this clause is strictly adhered to by its officers, employees, agents, consultants and representatives. In case of expiry or termination of this MOU, each Party will promptly return all confidential information, to the disclosing Party upon request after expiry/ termination of this MOU.

#### 7. Expenses

Unless otherwise specifically agreed to in writing by the Parties, each Party shall bear the respective cost of carrying out the obligations under this MOU.

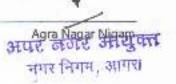

#### 8. Entire Agreement

This MOU contains the entire understanding between the Parties hereto and supersedes all prior arrangements, understandings and agreements, written or oral, on the subject hereof. Any part of this MOU which is not enforceable due to any reason whatsoever will be deemed to be inoperative and the rest of the MOU shall continue to be valid and binding on the Parties hereto.

The Purpose of this MOU is to define area of collaboration between ANN and PWD for planning, designing, financing, implementation, operation and maintenance of proposed Smart City Projects in Agra under Smart City Mission of Government of India.

#### 2. Area of Collaboration

The area of collaboration between the Parties shall include, both, Pan City Proposal and Area Based Development and nurre specifically defined herein below:

- Consent to construct utility ducts along major roads which are under PWD.
- For ANN services such as Water, Sewerage, Storm Water Drainage etc., PWD shall act according to the provisions of G. O No 5033/Nine-5-2011-273SA/2011dated 09.12.2013 of UP
- Support and Facilitation in Right of way for laying underground cables, permission for erection of poles and mounting of sensors, traffic lights and cameras, wherever applicable. Such type of action shall not hinder the traffice & a separate permission shall be a binding on first party.
- Support in improvement of roads and junctions with prior permission of second party.
- Development of cycle tracks and utility ducts on roads owned and /or maintained by UPPWD in the selected TID zone with prior permission of second party.

The Parties shall exchange necessary information required for feasibility assessment, formulation of Smart City project etc.

DRPWD shall provide due sopport (physical, regulatory, administrative, manpower or otherwise) and right of way/land required for Smart City projects subject to availability on mutually acceptable terms. ANN, being the nodal agency for Smart City Mission for Agra City,

AREAD ALLAL

31 Agra Naga Nigam नगर निगम, आगरा

shall implement the Smart City projects through SPV. The Parties agree to congregate funds available to it for funding the smart city projects.

The Parties agree that this MOU does not constitute legally-binding commitment in respect of the possible partnership. Definitive agreement shall be subject to further negotiation between the Parties and the doe diligence to be conducted by the Parties.

# 3. Non-exclusivity

The relationship of the Parties under this MOU shall be non-exclusive and both Parties shall be free to pursue other agreements or collaborations of any kind. However, when entering into a definitive agreement related to strategic area, the Parties may agree to limit each Party's right to collaborate with others on that subject.

# 4. Term and Termination

Both the Parties may terminate this MOU at any time by notice with immediate effect if it reasonably believes that its performance, (ingnetial viability or any aspect of it, results, or might breach any legal, regulatory, ethical or andlt independence requirement in the jurisdiction, or any other reason. This MOU shall be valid for a period of 2 (two) years from the date of signing, unless it is terminated earlier:

- By way of consummation of a definitive agreement; or
- By either Party for any reason what so ever.

This MOU is issued solely for the parpose of communicating the intent on part of the Parties to collaborate with each other. All the terms and conditions shall be finalized on the basis of a definitive agreement. If no definitive agreement is consummated, this MOU shall be treated as null and void.

# 5. Sharing of Information

As may be appropriate from time to time, each Party may share information with the other on a regular basis regarding the arrangement under this MOU. Both the Parties will be solely and entirely responsible for any third party information or materials, that they will share with each other, with regards to its requisite rights, authorizations or agreements. In place, enabling accessibility and usage of such information.

#### 6. Confidentiality

The Parties agree and acknowledge that sensitive information and confidential data will be exchanged between the Parties pursuant to this MOU. Such data will be marked confidential ("Confidential Information"). Each Party agrees that it will maintain confidentiality of the Confidential Information disclosed to it by the other Party under this MOU and will ensure that this clause is strictly adhered to by its officers, employees, agents, consultants and representatives. In case of expiry or termination of this MOU, each Party will promptly return all confidential information, to the disclosing Party upon request after expiry/ termination of this MOU.

# Entire Agreement

This MOU contains the entire understanding between the Parties hereto and supersedes all prior arrangements, understandings and agreements, written or oral, on the subject hereof. Any part of this MOU which is not enforceable due to any reason whatsoever will be deemed to be inoperative and the rest of the MOU shall continue to be valid and binding on the Parties hereto.

# 8. Representation

Each Party hereby represents to the other that it has all necessary power and authority to execute and deliver this MOU.

# 9. Cooperation

ANN and UPPWD acknowledge that they have entered into this MOU in good faith and will cooperate in good faith to achieve the objectives set herein.

### 10. Liability

This MOU shall attract no flability whatsoever to either of the Parties.

# 11. Governing Law

This MOU will be governed and construed in accordance with the laws in force in India. The Parties hereby expressly consent to the jurisdiction of Courts in Agra for any lawsuit filed, arising from or related to this MOU.

In witnesses whereof the Parties hereto have signed this MOU in the presence of witnesses on the day, month and year first above written.

# MEMORANDUM OF UNDERSTANDING

# BY AND BETWEEN

Agra Nagar Nigam, a municipal corporation constituted under the UP Municipal Corporations Adhiniyam, 1959, having its principal office Near Sursadan, M.G Road, Agra, Uttar Pradesh 282002 (hereinafter referred to as "ANN" which expression shall unless excluded by or repugnant to the context, be deemed to include its administrators, successors and assigns) of One Part

#### AND

Adarsh Seva Samiti, a non-government development organisation and having its office at H-724, Palam Extn., Sector-7, Dwarka, Delhi 110077, (hereinafter referred to as "ASS" which expression shall, unless it be repugnant to the context or meaning thereof, include its successors) of Second Part

(Hereinafter the parties of the First Part and Second Part are collectively referred to as "Parties" and individually as "Party", as the context demands.)

# WHEREAS:

A. Ministry of Urban Development, Government of India has launched Smart City Mission 2015 with an objective is to promote cities that provide core infrastructure and give a specific

Nage

quality of life to its citizens, a clean and sustainable environment and application of 'Smart' Solutions. The focus is on sustainable and inclusive development and the idea is to look at compact areas, create a replicable model which will act like a light house to other aspiring cities. The initiative intends to develop 100 cities and towns in the country as smart cities.

- B. Agra is one of the candidate city for Smart City Mission from the state of Uttar Pradesh and is participating in the challenge round by submitting its Smart City Proposal. ANN is the nodal agency for Smart City project and it shall be forming a Special Purpose Vehicle (SPV) with State Government for planning, designing, financing, implementation, operation and maintenance of Smart City Projects. After incorporation of SPV, all rights and obligations of ANN with regards to Smart City Projects shall be transferred to SPV.
- C. ASS has progressed from small beginnings to embrace an overreaching non-government development agency in the development scenario of Agra. In consonance with the aspirations of modern India, ANN aims at coordinated and planned development of a historical city to enable Agra to achieve pride of place as the worthy Heritage and Tourist capital of the largest State of the country, to extend urban infrastructure to absorb the pressures of a rapidly changing society, and to provide an environment which would enable the utmost satisfaction level of all sections of its inhabitants and tourists arriving from worldwide.
- D. ANN and ASS have been discussing the Agra Smart City Proposal including projects in the area selected for retrofitting under Area Based Development and Pan City Proposal.

Now, pursuant to the ongoing discussions between the Parties, this MOU purports to summarize the principal terms of intended collaboration. This MOU records the preliminary understanding between them.

#### 1. Purpose

The Purpose of this MOU is to define area of collaboration between ANN and ASS for planning, designing, financing, implementation, operation and maintenance of proposed Smart City Projects in Agra under Smart City Mission of Government of India.

# 2. Area of Collaboration

The area of collaboration between the Parties shall include, both, Pan City Proposal and Area Based Development and more specifically defined herein below:

- For developing, operating and maintenance of projects proposed under area based development of Smart City Proposal of Agra
  - Developing and operating SHE centres
  - Micro skill development centres
  - Developing and operating heritage trails
  - Development, operation and maintenance of Aanganwadi centres
  - Development, and operation of Recycle or Bring Back Centres

The Parties shall exchange necessary information required and jointly undertake the feasibility assessment, formulation of Smart City project etc. ASS shall provide due support (physical, administrative, manpower or otherwise) required for Smart City projects subject to availability on mutually acceptable terms. ANN, being the nodal agency for Smart City Mission for Agra City, shall implement the Smart City projects through SPV. The Parties agree to congregate funds available to it for funding the smart city projects.

The Parties also agree that this MOU does not constitute legally-binding commitment in respect of the possible partnership. Definitive agreement shall be subject to further negotiation between the Parties and the due diligence to be conducted by the Parties.

A death 6 नगर निगम, आगरा

# 3. Non-exclusivity

The relationship of the Parties under this MOU shall be non-exclusive and both Parties shall be free to pursue other agreements or collaborations of any kind. However, when entering into a definitive agreement related to strategic area, the Parties may agree to limit each Party's right to collaborate with others on that subject.

# 4. Term and Termination

Both the Parties may terminate this MOU at any time by notice with immediate effect if it reasonably believes that its performance, financial viability or any aspect of it, results, or might breach any legal, regulatory, ethical or audit independence requirement in the jurisdiction, or any other reason. This MOU shall be valid for a period of 2 (two) years from the date of signing, unless it is terminated earlier:

- i. By way of consummation of a definitive agreement; or
- ii. By either Party for any reason what so ever.

This MOU is issued solely for the purpose of communicating the intent on part of the Parties to collaborate with each other. All the terms and conditions shall be finalized on the basis of a definitive agreement. If no definitive agreement is consummated, this MOU shall be treated as null and void.

# 5. Sharing of Information

As may be appropriate from time to time, each Party may share information with the other on a regular basis regarding the arrangement under this MOU. Both the Parties will be solely and entirely responsible for any third party information or materials, that they will share with each other, with regards to its requisite rights, authorizations or agreements, in place, enabling accessibility and usage of such information.

# 6. Confidentiality

The Parties agree and acknowledge that sensitive information and confidential data will be exchanged between the Parties pursuant to this MOU. Such data will be marked confidential ("Confidential Information"). Each Party agrees that it will maintain confidentiality of the Confidential Information disclosed to it by the other Party under this MOU and will ensure that this clause is strictly adhered to by its officers, employees, agents, consultants and representatives. In case of expiry or termination of this MOU, each Party will promptly return all confidential information, to the disclosing Party upon request after expiry/ termination of this MOU.

# 7. Expenses

Unless otherwise specifically agreed to in writing by the Parties, each Party shall bear the respective cost of carrying out the obligations under this MOU.

# 8. Entire Agreement

This MOU contains the entire understanding between the Parties hereto and supersedes all prior arrangements, understandings and agreements, written or oral, on the subject hereof. Any part of this MOU which is not enforceable due to any reason whatsoever will be deemed to be inoperative and the rest of the MOU shall continue to be valid and binding on the Parties hereto.

# 9. Representation

Each Party hereby represents to the other that it has all necessary power and authority to execute and deliver this MOU.

#### 10. Cooperation

ANN and ASS acknowledge that they have entered into this MOU in good faith and will cooperate in good faith to achieve the objectives set herein.

#### 11. Liability

This MOU shall attract no liability whatsoever to either of the Parties.

#### 12. Governing Law

This MOU will be governed and construed in accordance with the laws in force in India. The Parties hereby expressly consent to the jurisdiction of Courts in Agra for any lawsuit filed, arising from or related to this MOU.

In witnesses whereof the Parties hereto have signed this MOU in the presence of witnesses on the day, month and year first above written.

Ell:

नगर विकास विभाग द्वारा वित्तीय वर्ष 2018–2017 का कार्यपूर्ति दिग्दर्शक प्रकाशित किया जा रहा है। विभाग द्वारा प्रकाशित अन्य पुस्तिकाओं के साथ इस पुस्तिका में सार रूप में नगर विकास विभाग के संगठन एवं प्रदेश के नगरीय क्षेत्रों में अवस्थापना सुविधाओं के विकास एवं सुदृढ़ीकरण हेतु विभाग द्वारा क्रियान्वित विभिन्न योजनाओं/कार्यक्रमों, नवधोषित केन्द्रीय योजनाओं/कार्यक्रमों आदि का सारगर्भित विवरण दिया गया है।

प्रदेश का शहरी परिदृश्य बदल रहा है। नित नये प्रयोग हो रहे हैं, जिससे आम जनता को किसी प्रकार की असुविधा का सामना न करना पड़े। शहरों को स्वच्छ रखना एक चुनौतीपूर्ण कार्य है। प्रदेश सरकार तथा नागर स्थानीय निकाय इसके लिए प्रतिबद्ध हैं। स्थानीय नागर निकायों के सहयोग एवं अपने सीमित संसाधनों के माध्यम से नगर विकास विभाग नगरीय क्षेत्रों में अवस्थापना सुविधाओं के विकास जैसे दायित्यों का निर्वहन कर रहा है।

मुझे जम्मीद ही नहीं बल्कि यकीन है कि यह पुस्तिका नगर विकास विभाग के बारे में जानकारी प्रदान करने में सहायक सिद्ध होगी।

#### प्राक्कथन

विगत वर्षों की भाँति नगर विकास विभाग द्वारा वर्ष 2016–17 का कार्यपूर्ति दिग्दर्शक प्रकाशित किया जा रहा है। इस पुस्तिका में नगर विकास विभाग के संगठन के साथ–साथ प्रदेश के नगरीय क्षेत्रों में अवस्थापना सुविधाओं के विकास एवं सुदृढ़ीकरण हेतु विभाग द्वारा क्रियान्वित विभिन्न योजनाओं / कार्यक्रमों का सारगर्भित विवरण दिया गया है। भारत सरकार द्वारा नवधोषित योजनाओं / कार्यक्रमों का संक्षिप्त विवरण भी सम्मिलित किया गया है।

नगर विकास विभाग के अन्य प्रकाशनों की भाँति यह प्रकाशन बदलते शहरी परिदृश्य के परिप्रेक्ष्य में नागर निकायों, नीति निर्धारकों, विश्लेषकों, योजनाकारों, शिक्षाविदों, शोधकर्ताओं आदि के लिये बहुपयोगी सिद्ध होगा, ऐसा विश्वास है।

इस प्रकाशन को और अधिक उपयोगी बनाने हेतु प्राप्त सुझावों का सहर्ष स्वागत रहेगा।

विकास विभाग. उ० प्र0 शासन।

# नगर विकास विभाग : एक अवलोकन

# नगर विकास विभाग का संगठन

सभ्यता के विकास के साथ शहरीकरण की प्रवृत्ति भी बढ़ी है। शहरी क्षेत्रों में अवस्थापना तथा मूलभूत नागरिक सुविधाओं पर अपेक्षाकृत अधिक दबाव होने के कारण कालान्तर से ही शहरों के सुनियोजित विकास की आवश्यकता का अनुभव किया जाता रहा है। इसी क्रम में प्रदेश के नगरीय क्षेत्रों को एक स्वतन्त्र इकाई, नगरीय स्थानीय निकाय, के रूप में अंगीकार किया गया है। नगरीय स्थानीय निकायों के क्षेत्र में निवास करने वाली जनसंख्या को मूलभूत नागरिक सुविधाएं यथा– स्वच्छ पेयजलापूर्ति, सड़कें / गलियाँ, जल निकासी, सफाई व्यवस्था, कूड़ा निस्तारण, सीवरेज व्यवस्था, मार्ग प्रकाश, पार्क, स्वच्छ पर्यावरण आदि उपलब्ध कराँया जाना इन स्थानीय निकायों का कर्तव्य एवं उत्तरदायित्व है। प्रदेश की नागर स्थानीय निकायों के कार्यों पर प्रशासकीय नियंत्रण के साथ नगरीय क्षेत्रों में अवस्थापना सुविधाओं के विकास एवं विस्तार हेतु विभिन्न योजनाओं / कार्यक्रमों के माध्यम से आवश्यक विल्तीय सहायता उपलब्ध कराये जाने हेतु नगर विकास विभाग का गठन किया गया है। नगर विकास विभाग द्वारा उक्त कार्यों के अतिरिक्त शहरों में सेनिटेशन, पर्यावरण संरक्षण तथा नदियों एवं झीलों में प्रदूषण नियंत्रण आदि का कार्य भी किया जा रहा है। स्वतंत्रता के पूर्व राज्य सरकार स्तर पर इस विभाग का नाम 'लोक स्वास्थ्य विभाग' था, जिसे बाद में 'स्थानीय स्वायत्त शासन विभाग' नाम दिया गया। कालान्तर में इसे 'आवास एवं नगर विकास विभाग' कहा गया। वर्तमान में इस विभाग को दो अलग–अलग विभागों यथा – 'आवास एवं शहरी नियोजन विभाग' तथा 'नगर विकास विभाग' में विभाजित कर दिया गया है।

शासन स्तर पर नगर विकास विभाग का कार्यालय बापू भवन में अवस्थित है। विभाग के कार्यों के सम्पादन हेतु इसको 09 अनुभागों में बांटा गया है। इसके अतिरिक्त गंगा सेल व लेखा अनुभाग भी है। नगर विकास विभाग निम्नांकित विभागाध्यक्षों / कार्यालयों के साथ आवंटित कार्यों का संचालन करता है :--

## नगरीय निकाय निदेशालय :

भारत सरकार द्वारा गठित रूरल अरबन रिलेशनशिप कमेटी की संस्तुतियों के आधार पर उ०प्र० शासन द्वारा सर्वप्रथम वर्ष 1971 में स्थानीय निकाय निदेशालय के गठन की परिकल्पना की गई जो व्यवहारिक रूप में वर्ष 1973 में गठित किया गया। स्थानीय निकाय निदेशालय में एक निदेशक होता है जो अपने अधीनस्थ अन्य कार्मिकों के सहयोग से विभिन्न प्रशासनिक व वित्तीय कार्यों का निर्वहन करता है। वर्तमान में इसे नगरीय निकाय निदेशालय के नाम से जाना जाता है।

1— प्रशासनिक कार्य

अधिष्ठान संबंधी कार्य–निदेशालय द्वारा उ० प्र० पालिका (केन्द्रीयित) सेवा के समूह ''ख'' एवं ''ग'' के अधिकारियों / कर्मचारियों के समस्त सेवा संबंधी कार्य | 1.1

- विभागीय अनुशासकीय जांच / शिकायती जांच।
- 1.3 उ०प्र० पालिका (केन्द्रीयित) सेवा के सेवानिवृत्त अधिकारियाँ / कर्मचारियाँ के पंशन / उपादान एवं राशिकरण के प्रकरणों का निस्तारण।
- 1.4 अकेन्द्रीयित सेवा के पद सृजन एवं अन्य प्रकरणों का परीक्षण शासन को अग्रसारण।
- 1.5 अकेन्द्रीयित सेवकों के संबंध में अतिवय में की गयी नियुक्ति के प्रकरणों में अधिकतम आयु सीमा से छूट प्रदान किया जाना।
- 1.6 ७०प्र० नगर पालिका अधिनियम, 1916 की धारा–92 के अन्तर्गत विशेष परिस्थितियों में निकायों का बजट पारित किया जाना।
- 1.7 तृतीय राज्य वित्त आयोग द्वारा संस्तुतियों पर शासन के निर्णय के अनुसार प्रदेश की नगरपालिकाओं को धनराशि का संक्रमण / वितरण।
- तूचना का अधिकार अधिनियम–2005 के अन्तर्गत मांगी गयी सूचनाओं को उपलब्ध कराना।
- 1.9 नागर स्थानीय निकायों में जन्म-मृत्यु पंजीयन का अनुश्रवण।
- 1.10 ई—गवर्नेन्स एवं कार्यालय में दक्षता प्राप्त करने हेतु समयबद्धता के आधार पर सूचनाओं को प्राप्त एवं उपलब्ध कराने के निमित्त प्रवेश के समस्त जनपदों के नोडल अधिशासी अधिकारियों के कार्यालय में कम्प्यूटर आदि की स्थापना कर उसको कनेक्टिविटी से जोड़ने संबंधी कार्य।
- 1.11 जे०एन०एन०यू०आर०एन० / यू०आई०डी०एस०एस०एम०टी० के सुधारों (रिफार्म) को लागू कराने हेतु रिफार्म सेल का गठन किया गया।
- 1.12 राज्य एवं मण्डल स्तरीय समीक्षा बैठकों के आकड़ों का संकलन और प्रस्तुतीकरण।

#### 2-वित्तीय कार्य

- 2.1 राज्य वित्त आयोग की संस्तुतियों के अन्तर्गत निदेशक के निवर्तन पर रखी गयी धनराशि को नागर निकायों को आवंटित किया जाना।
- 2.2 केन्द्रीय 13 वें वित्त आयोग की संस्तुति के अनुसार अनुमन्य धनराशि निकायों को आवंटित करना व उसकी उपयोगिता का प्रमाण पत्र प्राप्त कर शासन के माध्यम से भारत सरकार व महालेखाकार, उ0प्र0 इलाहाबाद को प्रेषित करना।
- 2.3 निकायों का बजट परीक्षण करना।
- 2.4 निदेशालय स्तर पर शासन द्वारा निर्धारित लक्ष्य के सापेक्ष कर एवं करेत्तर वसूली की समीक्षा करना।
- 2.5 नगरीय निकायों को आर्थिक संसाधनों में वृद्धि तथा अन्य अपेक्षित विषयों के लिए मार्गदर्शन देना।

(2)

उत्तर प्रदेश जल निगमः

प्रदेश में जल सम्पूर्ति एवं जलोत्सारण सुविधाएं उपलब्ध कराने के उद्देश्य से 1927 में जन स्वास्थ्यं अभियंत्रण विभाग का गठन किया गया था। वर्ष 1946 में इसका नाम स्वायत्त शासन अभियंत्रण विभाग कर दिया गया। उ0प्र0 जल संभरण तथा सीवर व्यवस्था अधिनियम, 1975 के अन्तर्गत जून, 1975 में उ0प्र0 जल निगम नाम से यह विभाग अस्तित्व में आया। उक्त अधिनियम के अन्तर्गत 5 कवाल नगरों (कानपुर, आगरा, वाराणसी, इलाहाबाद एवं लखनऊ), बुन्देलखण्ड, गढ़वाल तथा कुमायूँ क्षेत्रों के लिए एक–एक जल संस्थान भी स्थापित किये गये। वर्तमान में बुन्देलखण्ड क्षेत्र हेतु झाँसी एवं चित्रकूट जल संस्थान कार्यरत हैं। गढ़वाल कुमायूँ जल संस्थान उत्तराखण्ड राज्य में सम्मिलित हैं। सम्प्रति 5 बड़ें नगरों हेतु गठित जल संस्थान का विलय सम्बन्धित नगर निगम यथा – लखनऊ, कानपुर, वाराणसी, इलाहाबाद तथा आगरा में हो चुका है एवं इनके द्वारा अपने क्षेत्रों में समस्त पेयजल / जलोत्सारण कार्यों का रखरखाव किया जाता है।

इसके निदेशक मण्डल में अध्यक्ष के अतिरिक्त 11 अन्य सदस्य होते हैं। राज्य सरकार द्वारा नियुक्त जल निगम के प्रबन्ध निदेशक जल सम्पूर्ति एवं सीवर व्यवस्था के विषय में अर्हता प्राप्त एवं इस विषय में पर्याप्त अनुभव तथा प्रशासकीय अनुभव वाले अभियंता होते है। वित्त निदेशक, जिन्हें वित्तीय एवं लेखा संबंधी विषयों का अनुभव होता है, को भी राज्य सरकार द्वारा नियुक्त किया जाता है। उ०प्र० जल निगम जेएनएनयूआरएम कार्यक्रम के यूआईजी एवं यूआईडीएसएसएमटी कार्यान्श की परियोजनाओं के लिये कार्यदायी संस्था नामित है।

# निर्माण एवं परिकल्प सेवाएं (कन्स्ट्रक्शन एण्ड डिजाइन सर्विसेज) :

यह उ०प्र० जल निगम का एक व्यवसायिक इकाई है, जो 1989 में अस्तित्व में आया। इस इकाई को राजकीय निर्माण एजेन्सी की श्रेणी में नामित किया गया है। यह इकाई एक निदेशक, जो कि उ०प्र० जल निगम के मुख्य अभियंता स्तर के अधिकारी होते हैं, के अधीन कार्य का सम्पादन करती है। इकाई में 2 मुख्य महाप्रबन्धक, अधीक्षण अभियंता स्तर के अधिकारी, 16 महाप्रबन्धक, अधिशासी अभियंता स्तर के अधिकारी भी कार्यरत हैं।

सी० एण्ड डी०एस० के प्रमुख कार्य परामर्श सेवाएं परियोजना प्रबंधन, भूमि विकास, निर्माण आदि है। इसके द्वारा प्राचीन कालीन संरक्षित भवनों का जीर्णोद्वार कार्य भी कराया जाता है– जिसमें कुसुम सरोवर गोवर्धन एवं मथुरा का कार्य उल्लेखनीय है। जेएनएनयूआरएम कार्यक्रम के अन्तर्गत सॉलिड वेस्ट मैनेजमेन्ट परियोजनाओं का क्रियान्वयन सी० एण्ड डी०एस० द्वारा ही किया जा रहा है। राज्य सरकार की प्राथमिकताओं के अन्तर्गत राज्य सेक्टर के अन्तर्गत प्रदेश के 177 नागर स्थानीय निकायों में विभिन्न चरणों

(3)

में सॉलिड वेस्ट मैनेजमेन्ट की परियोजनाओं के क्रियान्वयन का दायित्व भी सीo एण्ड डीoएसo उo प्रo जल निगम का है।

• जल संस्थान/जलकल :

जलकल (सम्बन्धित नगर निगम के अधीन) – लखनऊ, कानपुर, इलाहाबाद, वाराणसी, आगरा, गाजियाबाद, गोरखपुर व सहारनपुर में नगर निगमों के अधीन जलकल विभाग

जल संस्थान – झाँसी, चित्रकूट

### क्षेत्रीय नगर एवं पर्यावरण अध्ययन केन्द्र :

भारत सरकार के शहरी विकास मंत्रालय द्वारा लखनऊ विश्वविद्यालय के अन्तर्गत 1968 में स्थापित इस केन्द्र को प्रदेश सरकार द्वारा 1976 से वित्तीय सहयोग विया जा रहा है। प्रदेश की नागर निकायों के जनप्रतिनिधियों एवं केन्द्रीयित सेवाओं के अधिकारियों की क्षमता विकास हेतु इस केन्द्र के माध्यम से विभिन्न प्रशिक्षण कार्यक्रमों आदि का आयोजन किया जाता है। उक्त के अतिरिक्त भारत सरकार के शहरी विकास तथा आवास एवं गरीबी उपशमन मंत्रालयों के तत्वाधान में संचालित समस्त योजनाओं के अधीन प्रदेश के अधिकारियों हेतु प्रशिक्षण कार्यक्रमों का आयोजन इस केन्द्र द्वारा किया जाता है। इसके अतिरिक्त यह केन्द्र राज्य सरकार एवं नागर निकायों को परामर्शी सेवाओं एवं शोध अध्ययन का प्रतिपादन करके नगर विकास के नीति निर्माण एवं कार्यक्रमों के प्रभावी क्रियान्वयन हेतु योगदान देता है।

# उत्तर प्रदेश : नागर स्थानीय निकायों व शहरी परिदृश्य का विवरण

उत्तर प्रदेश की कुल जनसंख्या की लगभग 22 प्रतिशत से अधिक आबादी शहरी क्षेत्रों में निवास करती है। जनसंख्या वृद्धि, क्षेत्रफल में विस्तार, ग्रामीण जनसंख्या का शहरों की ओर पलायन, नगरीय यातायात में दिन–प्रतिदिन हो रही वृद्धि आदि के कारण शहरों की अवस्थापना सुविधाओं पर अत्यधिक दबाव आ गया है। इसके कारण प्रत्येक क्षेत्र में उपलब्ध सेवाओं यथा– जलापूर्ति, स्वच्छता, अपशिष्ट कूड़ा प्रबंधन, जल निकासी, सड़क, परिवहन, पर्यावरण आदि के स्तर में निरन्तर सुधार की आवश्यकता महसूस की जा रही है। उत्तर प्रदेश में कुल 636 नगरीय स्थानीय निकायें हैं, जिसमें 14 नगर निगम, 198 नगर पालिका परिषद् एवं 424 नगर पंचायत हैं। प्रदेश की इन नगरीय स्थानीय निकायों द्वारा अपने सीमित संसाधनों एवं राज्य सरकार के सहयोग से नागरिकों को आवश्यक अवस्थापना सुविधाएं उपलब्ध कराने के भरकस प्रयास किये जा रहे हैं।

- प्रदेश के 14 नगर निगम हैं लखनऊ, कानपुर, वाराणसी, इलाहाबाद, मेरठ, आगरा, झांसी, मुरादाबाद, गोरखपुर, अलीगढ़, बरेली, गाजियाबाद, सहारनपुर एवं फिरोजाबाद।
- भारत में कुल 3,842 स्थानीय नागर निकाय हैं जिनमें से 636 उत्तर प्रदेश में हैं, जो कुल स्थानीय नागर निकाय का 16 प्रतिशत है।
- वर्ष 2011 की जनगणना के ऑकड़ों के अनुसार देश में कुल 4041 स्टेटूय्टरी टाउनस् है जिनमें से 648 उत्तर प्रदेश में हैं, जो कुल संख्या का 16 प्रतिशत है।
- वर्ष 2011 की जनगणना के ऑकड़ों के अनुसार देश में कुल 3,894 सेन्सेस टाउनस् है
   जिनसे 267 उत्तर प्रदेश में है।
- भारत की कुल शहरी जनसंख्या (37.71 करोड़) के सापेक्ष कुल 12 प्रतिशत शहरी जनसंख्या (4,45 करोड़) उत्तर प्रदेश में निवास करती है।
- उत्तर प्रदेश की कुल जनसंख्या का 22.28 प्रतिशत जनसंख्या शहरी क्षेत्रों में निवास करती है।
- प्रदेश के शहरी परिदृश्य को बेहतर बनाने की दिशा में निरन्तर प्रयास किये जा रहे हैं। मेट्रो रेल परियोजना का शुभारम्भ इस दिशा में एक नवीन प्रयास है।
- वित्तीय वर्ष 2016—17 में प्रदेश के शहरी परिदृश्य को सुदृढ़ करने हेतु कतिपय नए कार्यकम प्रारम्भ किये जा रहे हैं।

# नगर विकास विभाग में संचालित प्रमुख केन्द्र पुरोनिधानित योजनाएं/क्रार्यक्रम

## (1) जवाहरलाल नेहरू नेशनल अर्बन रिन्यूवल मिशन - जेएनएनयूआरएम

- 31 मार्च 2015 तक शहरी विकास मंत्रालय, भारत सरकार द्वारा नगरीय क्षेत्रों में विभिन्न अवस्थापना सुविधाओं के विकास हेतु 'जवाहरलाल नेहरू नेशनल अर्बन रिन्यूवल मिशन' (जे0एन0एन0यू0आर0एन0) कार्यक्रम क्रियान्वित किया गया। इस कार्यक्रम के चार कार्यान्श हैं –
  - (1) यू.आई.जी.
  - (2) यू.आई.डी.एस.एस.एम.टी
  - (3) आई.एच.एस.डी.पी.
  - (4) बी.एस.यू.पी.
- उक्त कार्यान्शों में से यूआईजी व यूआईडीएसएसएमटी कार्यान्श का क्रियान्वयन नगर विकास विभाग द्वारा, शेष दो का क्रियान्वयन नगरीय रोजगार एवं गरीबी उन्मूलन कार्यक्रम विभाग द्वारा किया गया।
- नगर विकास विभाग द्वारा क्रियान्वित किए जा रहे दो कार्यान्शों–यूआईजी व यूआईडीएसएसएमटी के स्टेट लेबल नोडल एजेंसी–एसएलएनए के रूप में निदेशक, नगरीय निकाय, उ० प्र०, लखनऊ को नामित किया गया। शेष दो के लिए निदेशक, सूडा को नामित किया गया।
- जेएनएनयूआएएम कार्यक्रम की मिशन अवधि मूल रूप से वर्ष 2005 से 2012 तक निर्धारित थी, जिसे मार्च, 2015 तक बढ़ा दिया गया था।

(1) (क) जेएनएनयूआरएम- यूआईजी कार्यान्शः

- जेएनएनयूआरएम कार्यक्रम के यूआईजी कार्यान्श में उत्तर प्रदेश के 07 शहर यथा-कानपुर, लखनऊ, आगरा, वाराणसी, मेरठ, इलाहाबाद तथा मथुरा सम्मिलित हैं।
- यूआईजी कार्यान्हा में वित्त पोषण का अनुपात 50:20:30 अर्थात् 50 प्रतिशत अंश केन्द्र सरकार, 20 प्रतिशत अंश राज्य सरकार तथा 30 प्रतिशत संबंधित स्थानीय निकाय द्वारा वहन किए जाने का प्रावधान है। मधुरा के सन्दर्भ में यह अनुपात 80:10:10 है।
- यूआईजी कार्यान्श में स्वीकृत परियोजनाओं के सापेक्ष 4 किश्तों में भारत सरकार से धनराशि स्वीकृत की गई। भारत सरकार से धनराशि एसीए अर्थात् एडीशनल सेन्ट्रल एसीसटेंस के रूप में प्राप्त हुई।

- निकाय अंश का वहन सम्बन्धित नागर निकाय द्वारा किए जाने की व्यवस्था है। निकाय अंश की व्यवस्था निकायों की मांग पर नया सवेश नगर विकास योजना (रिवाल्विंग फण्ड) से ब्याज रहित ऋण के रूप में स्वीकृत किए जाने की भी व्यवस्था है। सामान्यतः निकायों द्वारा नया सवेश नगर विकास योजना (रिवाल्विंग फण्ड) से निकाय अंश की धनराशि की मांग की जाती है, जिसे राज्य सरकार द्वारा स्वीकृत किया जा रहा है, जिससे परियोजनाओं के क्रियान्वयन पर प्रतिकूल प्रभाव न पड़े।
- कार्यक्रम के अन्तर्गत स्वीकृत धनराशि के 70 प्रतिशत धनराशि के उपयोग हो जाने के पश्चात् भारत सरकार को उपयोगिता प्रमाण–पत्र प्रेषित किया जाता है, जिसके परीक्षण के पश्चात् भारत सरकार द्वारा आगामी किश्त स्वीकृत किए जाने की व्यवस्था थी।
- जेएनएनयूआरएम कार्यक्रम के यूआईजी कार्यान्श के अन्तर्गत परियोजनाओं के स्वतंत्र पर्यवेक्षण हेतु इरमा – आईआर.एम.ए. (इन्डीपेन्डेन्ट रिव्यू एण्ड मॉनीटरिंग एजेन्सी) के गठन की व्यवस्था है।
- जेएनएनयूआरएम कार्यक्रम के यूआईजी कार्यान्श में प्रदेश की 07 नगरों की 33 परियोजनाएं स्वीकृत हैं, जिनमें 11 पेयजल, 12 जलोत्सारण, 03 जल निकासी तथा 07 ठोस अपशिष्ट प्रबंधन की हैं। परियोजनाओं के क्रियान्वयन हेतु भारत सरकार से स्वीकृत एसीए ₹ 2696.60 करोड़ के सापेक्ष ₹ 2326.75 करोड़ प्राप्त हो चुका है।
- यूआईजी कार्यान्श में 10 परियोजनाएं पूर्ण हो चुकी हैं। जेएनएनयूआरएम कार्यक्रम के यू आई.जी कार्यान्श के अन्तर्गत क्रियान्वित 33 परियोजनाओं का विवरण निम्नवत् है:--( र लाख में)

(1) (ख) जेएनएनयूआरएम- यूआईडीएसएसएमटी कार्यान्श :

- शहरी विकास मंत्रालय, भारत सरकार द्वारा जेएनएनयूआरएम कार्यक्रम के 'अर्बन इन्फ्रास्ट्रक्चर डेवलपमेन्ट स्कीम फॉर स्माल एण्ड मीडियम टाउन्स (यूआईडीएसएमएमटी) कार्यान्श के अन्तर्गत 10 लाख से कम जनसंख्या वाले नगरों में अवस्थापना सुविधाओं के विकास हेतु परियोजना क्रियान्वित की जा रही हैं।
- यूआईडीएसएमएमटी कार्यान्श में वित्त पोषण का अनुपात 80:10:10 (अर्थात 80 प्रतिशत केन्द्रांश, 10 प्रतिशत राज्यांश व 10 प्रतिशत निकाय अंश) है।
- यूआईडीएसएमएमटी कार्यान्श के अन्तर्गत प्रदेश के 40 जनपदों के 46 नगरों की कुल 64 परियोजनाएं स्वीकृत हैं, इनमें से 37 पेयजल, 05 जलोत्सारण, 01 जल निकासी, 19 ठोस अपशिष्ट प्रबंधन व 02 सड़क / फ्लाई ओवर निर्माण की है।
- यूआईडीएसएमएमटी कार्यान्हा में स्वीकृत परियोजनाओं के क्रियान्वयन हेतु भारत सरकार से स्वीकृत ₹926.44 करोड़ के सापेक्ष ₹866.63 करोड़ प्राप्त हो चुके हैं।

(8)

 यूआईडीएसएसएमटी कार्यान्श में 42 परियोजनाएं पूर्ण हो चुकी हैं। जेएनएनयूआरएम कार्यक्रम के यूआईडीएसएसएमटी कार्यान्श के अन्तर्गत क्रियान्वित 64 परियोजनाओं का विवरण निम्नवत है:--

## (ग) प्रोजेक्ट मैनेजमेन्ट यूनिट (पी0एम0यू0) :--

पी०एम०यू० द्वारा जेएनएनयूआरएम कार्यक्रम की परियोजनाओं के अनुश्रवण. समीक्षा तथा गुणता नियन्त्रण की कार्यवाही की जाती है। पी०एम०यू० का गठन वर्ष 2008–2009 में किया गया है। इसका कार्यकाल मार्च, 2016 तक बढ़ाया गया है।

# (घ) प्रोजेक्ट इम्पिलिमेन्टेशन यूनिट (पी0आई0यू0) :--

यूआईडीएसएसएमटी योजनाओं के लिए स्थानीय निकाय को समुचित सहयोग एवं परियोजनाओं के अनुश्रवण व क्रियान्वयन हेतु एस०एल०एन०ए० स्तर पर पी०आई०यू० का गठन किया गया है। इसका कार्यकाल मार्च, 2016 तक बढ़ाया गया है।

#### (ड़) इरमा :--

जेएनएनयूआरएम कार्यक्रम के अन्तर्गत स्वीकृत परियोजनाओं के स्वतंत्र पर्यवेक्षण एवं मूल्यांकन हेतु एक स्वतंत्र संस्था (इरमा) का भी गठन किया गया है। इसका कार्यकाल भी मार्च, 2015 तक बढ़ाया गया था।

#### जेएनएनयूआरएम के अन्तर्गत प्रस्तावित सुधार :--

भारत सरकार के शहरी विकास मंत्रालय नगरीय क्षेत्रों में अधिक जनसंख्या विस्तार को दृष्टिगत रखते हुये अवस्थापना सुविधाओं के विकास एवं नगरीय निकायों को मूलमूत सुविधायें उपलब्ध कराये जाने की दृष्टि से भारत सरकार द्वारा जवाहर लाल नेहरू नेशनल अर्बन रिन्यूवल मिशन कार्यक्रम प्रारम्भ की गयी जिससे नागरिकों को बेहतर जनसुविधाएं प्रदान करने एवं नागर निकायों की आर्थिक स्थिति को सुदृढ़ करने के दृष्टिगत सुधारों की एक नीति बनायी गयी, जिसमें प्रदेश स्तरीय सुधार एवं नागर निकाय स्तरीय सुधारों की श्रेणी में विभक्त किया गया है, जिसका मुख्य उददेश्य अर्बन गवर्नन्स में अपेक्षित सुधार लाकर नागर निकायों की वित्तीय स्थिति एवं कार्यप्रणाली को सुदृढ़ करना है। इन्हें प्रदेश स्तर पर लागू कराने हेतु उत्तर प्रदेश के नगरीय स्थानीय निकाय आधिनियमों व नियमावलियों को भारत सरकार द्वारा प्रतिपादित दिशा—निर्दर्शों के अनुसार संशोधित कर क्रियान्वित कराये जा रहे है। इससे अर्बन गवर्नेन्स में अपेक्षित सुधार परिलक्षित हो रहा है, जिसका अनुमोदन भारत सरकार द्वारा नियुक्त "क्रिसिल इन्फ्रास्ट्रक्वर एडवाइजरी" एवं अन्य नामित संस्थाओं द्वारा प्रदेश का तिमाही भ्रमण करके किया जाता है। सुधारों को दे श्रेणियों में विभाजित किया गया है, जिनमें सात आवश्यक प्रदेश स्तरीय सुधार तथा दस ऐच्छिक सुधार की श्रेणी निर्धारित की गई।

#### (2) नेशनल मिशन मोड प्रोजेक्ट (ई–गवर्नेन्स)

शहरी विकास मंत्रालय, भारत सरकार द्वारा जेएनएनयूआरएम कार्यक्रम के अन्तर्गत वित्त पोषित परियोजना नेशनल ई—गवर्नेन्स प्लान के अत्यन्त महत्वपूर्ण मिशन मोड प्रोजेक्ट फॉर म्यूनिसिपलटीज का क्रियान्वयन नगरीय क्षेत्रों में आम जन सामान्य को समस्त नागरिक सेवाओं को गति एवं पारवर्शिता के साथ इलेक्ट्रानिक माध्यम से उपलब्ध कराने के लिए जेएनएनयूआरएम कार्यक्रम के अन्तर्गत किया जा रहा है। प्रदेश के नगरीय निकायों में ई—गवर्नेन्स सुविधा लागू किये जाने के उद्देश्य से शहरी विकास मंत्रालय भारत सरकार द्वारा वित्तीय वर्ष 2010–11 में एसएलएनए / कानपुर नगर निगम (रू. 23.61 करोड़) तथा वित्तीय वर्ष 2011–12 में मेरठ नगर निगम (रू. 1.45 करोड़), आगरा नगर निगम (रू. 1.95 करोड़), इलाहाबाद नगर निगम (रू. 3.38 करोड़), वाराणसी नगर निगम (रू. 3.51 करोड़) एवं मधुरा नगर पालिका परिषद (रू. 1.83 करोड़) के लिए ई—गवर्नेन्स परियोजनाओं को स्वीकृति प्रवान की जा चुकी है।

प्रदेश में नेशनल मिशन मोड प्रोजेक्ट फॉर म्यूनिसिपलटीज, शासन द्वारा नामित एनआईसी, यू0पी0 द्वारा कानपुर नगर निगम को अग्रणी निकाय के रूप में लेते हुए प्रथम चरण में राज्य व कानपुर स्तर पर क्रियान्वित किया जा रहा है। इस परियोजना के अन्तर्गत विकसित किये गये सॉफ्टवेयर मॉडयूल्सों पर श्रेणीवार प्राथमिकताओं को ध्यान में रखते हुए कार्य शुरू कर दिया गया है। एनआईसी द्वारा विभागीय पोर्टल डिजाइनिंग एवं प्रबन्धन के साथ—साथ कुछ मॉडयूल्स जैसे जन्म एवं मृत्यु पंजीकरण, जन शिकायत प्रणाली तथा विभागीय ई-मेल सिस्टम मॉडयूलों का सॉफ्टवेयर निर्माण का कार्य किया गया है एवं लाइसेसिंग, प्रापर्टी टैक्स, ई-प्रोक्योरमेन्ट इत्यादि भी साथ—साथ में विकसित किये जा रहे हैं। ई--गवर्नेन्स के अन्तर्गत एकाउन्टिंग मॉडयूल पर सॉफ्टवेयर निर्माण का कार्य एक अन्य संस्था मेसर्स सीएमसी लिमिटेड द्वारा किया जा रहा है।

ई—गवर्नेन्स के माध्यम से निम्नलिखित सुविधाएं नागरिकों/नागर निकायों को उपलब्ध करायी जानी है –

- सिंगल विन्डो सिस्टम एक्सेस टू वैरियस म्यूनिसिपल सर्विसेस।
- बेटर डिलीवरी ऑफ सर्विस एण्ड इन्फॉरमेशन।
- इम्प्रूव्ड कन्यूनिकेशन एण्ड सिम्पिलीफिकेशन ऑफ प्रोसिजर्स।
- 4. स्ट्रीमलाइन द अप्रूवल प्रोसेस।
- इम्प्रूव्ड इन्टरैक्शन विद म्यूनिसिपल गवर्नमेन्ट एट डिफरेन्ट लेवल।
- ट्रैक द परफॉरमेन्स ऑफ यूएलबी।
- ट्रान्सपेरेन्सी एण्ड एकाउन्टबेल्टी इन यूएलबी फंक्शनिंग।
- विचक रेड्रेसल ऑफ ग्रीवान्सेस।
- विचक सर्विस डिलिवरी एट डिसेन्ट्रलाइण्ड बेसिस।
- इन्क्रीज द इफिसियेन्सी एण्ड प्रोडक्टिविटी ऑफ यूएलबी इम्फैसिस ऑन पीपीपी

प्रदेश के कुल 636 नागर निकायों में यह योजना 3 चरणों में पूर्ण की जानी है, जिसमें पहले चरण में सभी यूआईजी नागर निकायों, दूसरे चरण में प्रथम एवं द्वितीय श्रेणी की नागर निकायों तथा तीसरे चरण में बाकी बचे सभी नागर निकायों को सम्मिलित किया जाना प्रस्तावित है। ई—गवर्नेन्स सुविधाओं को सरल तथा जनोपयोगी बनाने हेतु पी0पी0पी0 मॉडल अपनाया जाना है, जिसके अन्तर्गत नागरिक सुविधा केन्द्र, साइबर कैफे इत्यादि से

(12)

अनुबन्ध भी किये जा सकते हैं। ई—गवर्नेन्स योजना के अन्तर्गत एक महत्यूपूर्ण कम्पोनेन्ट कैपेसिटी बिल्डिंग के अन्तर्गत नागर निकायों के अधिकारियों / कर्मियों को एनआईसी द्वारा प्रशिक्षण भी दिया जा रहा है।

### (3) नेशनल अर्बन सेनीटेशन पॉलिसी (एन0यू0एस0पी0)

सिटी सेनीटेशन के सुधार एवं उच्चीकरण हेतु शहरी विकास मंत्रालय भारत सरकार के नेशनल अर्बन सेनीटेशन पॉलिसी कार्यक्रम के अन्तर्गत सभी नागर निकायों द्वारा सिटी सेनीटेशन प्लान तैयार किया जाना है। सिटी सेनीटेशन प्लान बनाने हेतु शहरी विकास मंत्रालय द्वारा तकनीकी एवं वित्तीय मदद भी उपलब्ध करायी जा रही है। सिटी सेनीटेशन प्लान निम्नलिखित चरणों में पूर्ण की जा सकेगी :--

बेसलाइन डेटा कलेक्शन एवंम् सर्विस लेवल बेन्चमार्किंग।

- 2. हाउसहोल्ड सर्वे।
- 3. स्टेकहोल्डर्स के साथ विचार-विमर्श एवं वर्कशाप।
- सिटी सेनीटेशन टास्क फोर्स का गठन।
- 5. ड्राफ्ट सिटी सेनीटेशन प्लान।
- 6. फाइनल सिटी सेनीटेशन प्लान।

इस कार्यक्रम के प्रथम चरण में सभी नगेर निगमों, प्रथम श्रेणी की नगर पालिका परिषदों / यूआईडीएसएसएमटी एवं यूआईडीएसएसटी निकायों द्वारा सिटी सेनीटेशन प्लान तैयार करने की कार्यवाही की जा रही है। परियोजना के द्वितीय चरण में शेष बची नगर पालिका परिषदों एवं तृतीय चरण में समस्त नगर पंचायतों द्वारा सिटी सेनीटेशन प्लान तैयार किया जाना प्रस्तावित है।

शहरी विकास मंत्रालय, भारत सरकार द्वारा नेशनल अर्बन सेनीटेशन पॉलिसी कार्यक्रम के अन्तर्गत प्रदेश में सात नगर निगमों(अलीगढ़ / आगरा / बरेली / गाजियाबाद / गोरखपुर / झांसी एवं कानपुर) हेतु सिटी सेनीटेशन प्लान तैयार करने हेतु वित्तीय सहायता भी उपलब्ध करायी गई है। इसके अतिरिक्त लखनऊ नगर निगम द्वारा जायका (जापान इन्टरनेशनल कोआपरेशन एजेन्सी) एवं वाराणसी नगर निगम द्वारा जीआईजेड के सहयोग से सिटी सेनीटेशन प्लान तैयार की जा रही है। नगर निगम, मुरादाबाद / मेरठ / इलाहाबाद एवं प्रथम श्रेणी की सभी नगर पालिका परिषदों द्वारा भी सिटी सेनिटेशन प्लान तैयार करने की कार्यवाही शीघता से की जा रही है।

(4) सेटेलाइट टाउन योजना-यूआईडीएसएसटी :--

- भारत सरकार की सेटेलाइट टाउन / काउन्टर मैगनेट आफ मिलियन प्लस सिटीज कार्यक्रम के अन्तर्गत उत्तर प्रदेश के चयनित नगर पिलखुवा जनपद गाजियाबाद को चयनित किया गया है।
- भारत सरकार द्वारा इस योजना के तहत र 65.73 करोड़ की जलापूर्ति, सीवरेज

तथा सालिड वेस्ट मैनेजमेन्ट की 03 परियोजनाओं को स्वीकृत किया गया है। जिसके सापेक्ष अब तक र 41.25 करोड़ एसीए के रूप में प्राप्त हो चुका है। परियोजनाओं का विवरण निम्नवत है :--

क्रमाक	परियोजना का नाम	स्वीकृत लागत ( १ लाख में)
1	प्रेयजल पुनर्गठन परियोजना	2167.55
2	सीवरेज (जोन–1 परियोजना)	3687.51
3	सालिङ वेस्ट मैनेजमेन्ट परियोजमा	718.16

 पिलखुवा नगर को सेटेलाइट टाउन के रूप में विकसित किये जाने के परिप्रेक्ष्य में नगर की अवस्थापना सुविधाओं यथा— जलापूर्ति, सीवरेज तथा सालिड वेस्ट मैनेजमेन्ट के विकास के लिये प्राप्त होने वाले केन्द्रांश तथा राज्यांश के लिये बजट व्यवस्था करायी जाती है। योजनान्तंत वित्त पोषण का अनुपात 80:10:10 अर्थात 80 प्रतिशत अंश केन्द्र सरकार, 10 प्रतिशत अंश राज्य सरकार तथा 10 प्रतिशत अंश निकाय का निर्धारित है।

# (5) आगरा जलसम्पूर्ति (पलरा) योजना :

आगरा अन्तर्राष्ट्रीय स्तर पर प्रसिद्ध शहर है, परन्तु आगरा नगर की भौगोलिक परिस्थितियों के कारण उचित गुणवत्ता का कच्चा जल उपलब्ध नहीं है। इस समस्या के दीर्घकालिक निदान हेतु अपर गंगा कैनाल के पलरा—हेडवर्क्स (बुलन्दशहर) से गंगा जल को आगत्त नगर तक लाये जाने हेतु वाहय सहायतित आगरा पेयजलापूर्ति योजना क्रियान्वित की जा रही है। योजनान्तर्गत 150 क्यूसेफ कच्चा जल लाया जायेगा, जिसमें से 140 क्यूसेक आगत्त के लिये तथा 10 क्यूसेफ मधुरा के लिये होगा। योजना की मूल लागत रै 1076.98 करोड़ थी, जो पुनरीक्षित होकर रै 2887.92 करोड़ की हो गई है। वित्तीय वर्ष 2015—16 में इस हेतु रै600.00 करोड़ का बजट प्रावधान है।

# (6) नदी प्रदूषण नियंत्रण कार्यक्रमः

नदियाँ पैयजल आपूर्ति की न केवल प्रमुख स्रोत हैं वरन आस्था की भी प्रतीक है। नदियों को प्रदूषण मुक्त किया जाना नितान्त आवश्यक है। इस हेतु नदी प्रदूषण नियंत्रण कार्यक्रम भारत सरकार की सहायता से क्रियान्वित किया जा रहा है, जिसके अन्तर्गत प्रदेश की नदियों गंगा, यमुना तथा गोमती के तट पर स्थित 23 नगरों के अन्तर्गत नदी प्रदूषण नियंत्रण के कार्य कराये जा रहे हैं।

## (7) झील संरक्षण योजना :

प्रदेश की नदियों को प्रदूषण मुक्त किये जाने के साथ ही साथ प्रमुख झीलों को भी प्रदूषण—मुक्त किये जाने हेतु भारत सरकार की सहायता से झील संरक्षण योजना क्रियान्वित की जा रही है। इस योजना के अन्तर्गत प्रदेश की 2 झीलों/तालों

(14)

– रामगढ़ ताल (गोरखपुर नगर) व मानसी गंगा ताल (गोवर्धन नगर—जनपद मधुरा) को भारत सरकार द्वारा स्वीकृत किया जा चुका है। इनके अतिरिक्त 2 अन्य योजनायें—लक्ष्मी ताल (झांसी नगर) तथा मदनसागर ताल (महोबा नगर) प्रस्तावित की गयी हैं। मानसी गंगा की योजना का कार्य पूर्ण होने की स्थिति में है। इसके अतिरिक्त कौशाम्बी की अलवारा झील एवं जिला बरेली की लीलौर झील को भी इस कार्यक्रम के अन्तर्गत लिया जाना प्रस्तावित है।

(8) राष्ट्रीय गंगा नदी बेसिन प्राधिकरण के अन्तर्गत स्वीकृत परियोजनाएं :

भारत सरकार द्वारा पूर्व संचालित राष्ट्रीय नदी संरक्षण कार्यक्रम के अन्तर्गत विभिन्न कार्य योजनाओं के उददेश्यों में सुधार करते हुए इनके क्रियान्वयन की रणनीति में सुधार कर गंगा नदी को प्रदूषण से नुक्त करने हेतु नेशनल मिशन फार क्लीन गंगा (एन.एम.सी.जी.) का आरम्भ किया गया है। जिसके अन्तर्गत माननीय प्रधान मंत्री, भारत सरकार की अध्यक्षता में राष्ट्रीय गंगा नदी बेसिन प्राधिकरण (एन. जी.आर.बी.ए.) का गठन भारत सरकार की अधिसूचना दिनांक 20.02.2009 द्वारा करते हुए गंगा नदी को राष्ट्रीय नदी का दर्जा दिया गया है। इसी क्रम में भारत सरकार की अधिसूचना दिनांक 30.9.2014 द्वारा 'उत्तर प्रदेश राज्य गंगा नदी संरक्षण प्राधिकरण' का गठन भी मा0 मुख्य मंत्री जी की अध्यक्षता में किया जा चुका है। इसके अन्तर्गत मुख्य सचिव, उठप्र0 की अध्यक्षता में एक कार्यकारी (एक्सीक्यूटिव) समिति का भी गठन हो चुका है। राज्य कार्यकारी समिति प्राधिकरण के विभिन्न कार्यक्रमों और परियोजनाओं के क्रियान्वयन का निरीक्षण और उसका अनुश्रवण करती है। प्राधिकरण के अधीन उत्तर प्रदेश राज्य गंगा नदी संरक्षण अभिकरण (एस.पी.एम.जी.) का गठन सोसायटी रजिस्ट्रेशन अधिनियम के अन्तर्गत दिनांक 07.03.2011 द्वारा किया जा चका है।

नेशनल मिशन फार क्लीन गंगा द्वारा यह लक्ष्य रखा गया है कि आगामी वर्षों में परियोजनाओं को लागू कर वर्ष 2020 से गंगा नदी में सीवेज बिना शोधित किये हुये निस्तारित नहीं किया जायेगा। गंगा नदी के किनारे स्थित प्रदेश के 26 नगरों की परियोजना विरचन और निर्माण का कार्यक्रम वर्ष 2020 तक चरणबद्ध रूप से कराया जाना प्रस्तावित है।

प्रथम चरण में कानपुर, इलाहाबाद तथा वाराणसी नगरों की परियोजनाओं को प्राथमिकता पर लिया गया है।

## राष्ट्रीय गंगा नदी बेसिन प्राधिकरण कार्यक्रम

### गंगा नदी के संरक्षण/निर्मलीकरण हेतु प्रतिबद्ध संख्याएं

- (1) भारत सरकार स्तर पर शीर्ष संस्था : राष्ट्रीय गंगा नदी बेसिन प्राधिकरण अध्यक्ष, प्रधानमंत्री जी भारत सरकार, माo श्री नरेन्द्र मोदी जी
- (2) राज्य स्तरीय संस्था : ७० प्र० राज्य गंगा नदी संरक्षण प्राधिकरण, अध्यक्ष, मुख्य मंत्री जी, ७०प्र० मा० श्री अखिलेश यादव जी
- (3) उक्त प्राधिकरण/अभिकरण द्वारा यह लक्ष्य रखा गया है कि आगामी वर्षों में परियोजनाओं को लागू कर वर्ष 2020 के बाद गंगा नदी में सीवेज, बिना शोधित किये हुये प्रवाहित नहीं किया जायेगा।
- (4) प्रदेश स्तर पर संचालित कार्यकलापः

### राष्ट्रीय गंगा नदी बेसिन प्राधिकरण के क्रियाकलाप

राष्ट्रीय गंगा नदी बेसिन प्राधिकरण का गठन, पर्यावरण एवं मंत्रालय, भारत सरकार की अधिसूचना दिनांक 20.02.2009 यथा संशोधित अधिसूचना संख्या–2004 दिनांक 30.09.2014 द्वारा गंगा नदी के प्रदूषण का प्रभावी रूप से उपशमन करने और गंगा नदी के संरक्षण के उपाय करने के लिए मा. प्रधान मंत्री जी की अध्यक्षता में किया गया है। प्रथमत उत्तराखण्ड, उठप्र0, बिहार, झारखण्ड एवं पश्चिम बंगाल कुल पांच राज्यों में प्रदूषण उपशमन कार्यक्रम प्रारम्भ किया गया है। इस प्राधिकरण में मा. मुख्य मंत्री जी, उत्तर प्रदेश सहित अन्य राज्यों के मुख्य मंत्री भी पदेन सदस्य हैं। इसी प्रकार पर्यावरण एवं वन मंत्रालय, भारत सरकार की अधिसूचना दिनांक 30.09.2009 द्वारा संबंधित राज्य सरकारों से राज्य स्तर पर नदी संरक्षण क्रियाकलापों का समन्वय, कार्यान्वयन और अपने राज्यों में गंगा नदी के व्यापक प्रबन्धन के उपाय करने हेतु राज्य स्तर पर प्राधिकरण का गठन करने की व्यवस्था दी गयौ है। तद्नुसार मा. मुख्य मंत्री जी, उत्तर प्रदेश सरकार की अध्यक्षता में 'उत्तर प्रदेश राज्य गंगा नदी संरक्षण प्राधिकरण' का गठन किया गया है। उक्त अधिसूचना दिनांक 30.09.2009 द्वारा ही मुख्य सचिव महोदय, उत्तर प्रदेश शासन की अध्यक्षता में प्राधिकरण की राज्य कार्यकारी समिति का गठन किया गया है।

उक्त के साथ—साथ राष्ट्रीय गंगा नदी बेसिन.प्राधिकरण से संबंधित राज्यों में राज्य प्रोग्राम मैनेजमेंट ग्रुप सोसाईटीज एक्ट के अन्तर्गत रजिस्टर कराने के निर्देश हैं। इसके अनुपालन में राज्य गंगा नदी संरक्षण प्राधिकरण की वार्षिक योजनाएं तैयार करने, उसका अनुमोदन कराने, योजनाओं के क्रियान्वयन का अनुअवण मूल्यांकन तथा संपरीक्षा आदि करने हेतु राज्य प्रोग्राम मैनेजमेंट ग्रुप (एस.पी.एम.जी.) का गठन: उत्तर प्रदेश राज्य गंगा नदी संरक्षण अभिकरण (यू.पी.एस.जी.आर.सी.ए.) के नाम से उठप्र0 राज्य सोसाइटीज रजिस्ट्रेशन अधिनियम 1860 के अन्तर्गत दिनाक 07 मार्च 2011 को पंजीकरण कराया गया। यह अभिकरण नवन्बर 2011 से उठप्र0 जल निगम के प्रशिक्षण केन्द्र, 2 लाल बहादुर शास्त्री मार्ग में संचालित हो रहा है।

उक्त प्राधिकरण / अभिकरण द्वारा यह लक्ष्य रखा गया है। कि आगामी वर्षों में परियोजनाओं को लागू कर वर्ष 2020 के बाद गंगा नदी में सीवेज बिना शोधित किये हुये प्रवाहित नहीं किया जायेगा।

(2) उ०प्र० राज्य गंगा नदी संरक्षण अभिकरण की सरंचना एवं कार्यप्रणाली :---

अभिकरण की पंजीकृत नियमावली के अनुसार इसके निम्नलिखित तीन मुख्य अंग हैं।

3.	सामान्य परिषद -	- मुख्य सचिव, उ०प्र० शासन		अध्यक्ष
-		- मुख्य अभियन्ता (गंगा), उ.प्र. जल	निगम-	सदस्य सचिव
		- मुख्य सचिव, उ०प्र० शासन		अध्यक्ष
		- प्रमुख सचिव, नगर विकास	-	सदस्य सचिव
	कार्यकारिणी समिति-	- प्रमुख सचिव, नगर विकास		अध्यक्ष
	-	- मुख्य अभियन्ता (गंगा), उ.प्र. जल	निगम —	सदस्य सचिव

(18)

अभिकरण के समस्त कार्य उक्त तीन अधिशासी समितियों के निर्दशानुसार संचालित किये जाने की व्यवस्था पंजीकृत नियमावली में दी गयी है। समय–समय पर समितियों की बैठकें आयोजित करके गंगा नदी को प्रदूषण मुक्त करने सम्बन्धी नीतियों/योजनाओं पर निर्णय लिया जाता है।

अभिकरण के कार्य संचालन हेतु एन.जी.आर.बी.ए. फ्रेमवर्क के अनुसार प्रमुख सचिव/सचिव, नगर विकास विभाग, उ.प्र. शासन के मार्गदर्शन में निम्नलिखित स्टाफिंग स्ट्रक्चर स्वीकृत है। तद्नुसार नियुक्तियां करके अभिकरण के कार्य संचालित कराने की कार्यवाही प्रचलित है।

1. परियोजना निदेशक	नगर विकास विनाग उ.प्र. श	– पर्दन परियोजना सन निदेशक
2. अपर परियोजना	– विशेष सचिव, उ०प्र० शासन	<ul> <li>पदेन, नामित अपर परियोजना निदेशक</li> </ul>
<ol> <li>(क) तकनीकी सलाहका</li> </ol>	र – वर्टिकल यूनिट हेड प्रतिनियुक्ति/संविदा से	– तकनीकी यूनिट
(ख) निदेशक वित्त	<ul> <li>वर्टिकल यूनिट हेड प्रतिनियुक्ति/संविदा से</li> </ul>	– वित्तीय यूनिट
(ग) कम्यूनिकेशन मैनेज	तर – वर्टिकल यूनिट हैंड प्रतिनियुक्ति/संविदा से	– प्रचार–प्रसार यूनिट
(घ) प्लानिंग नॉलेज यु		– नियोजन यूनिट
		- U.A. A. V.A.

उपरोक्त प्रस्तर–3 के अनुसार कुल चार वर्टिकल यूनिट में विभिन्न विषयों के विशेषज्ञों की तैनाती करके अभिकरण के संचालन की व्यवस्था दी गयी है।

वर्तमान में एक यूनिट हेड निदेशक वित्त प्रतिनियुक्ति पर कार्यरत हैं। शेष तीन यूनिट हेड की संविदा पर तैनाती की गयी है।

यूगट हुए पा पायस गर का बारा निम्नांकित कार्य सम्पादित कराये जा रहे हैं । 3. वर्तमान में अभिकरण द्वारा निम्नांकित कार्य सम्पादित कराये जा रहे हैं ।

अस्तर्गन नदी बेसिन प्राधिकरण (एनजीआरबीए) कार्यक्रम के अन्तर्गत निम्न राष्ट्रीय गंगा नदी बेसिन प्राधिकरण (एनजीआरबीए) कार्यक्रम के अन्तर्गत निम्न तालिका के अनुसार इलाहाबाद नगर की 6, वाराणसी नगर की 2, गढ़मुक्तेश्वर नगर की 1, कन्नौज नगर की 1, मुरादाबाद नगर की 1 एवं बुलन्दशहर जनपद की 2 योजनाएं (अनूपशहर तथा नरोरा) कुल 14 परियोजनाएं स्वीकृत हैं। उक्त में से 12 योजनाएं (अनूपशहर तथा नरोरा) कुल 14 परियोजनाएं स्वीकृत हैं। उक्त में से 12 योजनाएं विर्माणाधीन तथा 2 योजनाओं की निविदा प्रक्रिया प्रगति में है। कानपुर नगर सीवरेज योजना डिस्ट्रिक्ट–। की स्टेयरिंग कमेटी से स्वीकृति प्राप्त है। परन्तु इसकी प्रशासनिक एवं योजना डिस्ट्रिक्ट–। की स्टेयरिंग कमेटी से स्वीकृति प्राप्त है। परन्तु इसकी प्रशासनिक एवं यित्तीय स्वीकृति अपेक्षित है। इस कार्यक्रम की योजनाओं का वित्त पोषण भारत सरकार एवं राज्य सरकार द्वारा 70:30 के अनुपात में किया जाना निर्धारित है। स्वीकृत योजनाओं के सापेक्ष माह जनवरी 2016 तक भारत सरकार से रू0 637.82 करोड़ तथा राज्य सरकार से रू0 224.84 करोड़ की धनराशि अवमुक्त हुई है।

उपरोक्त धनराशि कुल 14 परियोजनाओं के समक्ष प्राप्त हुयी है जिनकी स्वीकृति एन.एम.सी.जी. नई दिल्ली से प्राप्त हुयी है। वित्तीय वर्षवार स्वीकृत योजनाओं का संक्षिप्त विवरण निम्नानुसार है।

क्रम सं.	नगर का नाम	नदी का नाम	स्वीकृत परियोजना का नाम	स्वीकृत लागत			भौतिक प्रगति

5. राष्ट्रीय गंगानदी बेसिन प्राधिकरण (एन.जी.आर.बी.ए.) द्वारा यह लक्ष्य रखा गया है कि आगामी वर्षों में अन्य परियोजनाएँ लागू कर वर्ष 2020 से गंगा नदी में सीवेज बिना शोधित किये हुए निस्तारित नहीं किया जायेगा। गंगा नदी के तट पर बसे अन्य नगरों की योजनाओं पर भी डी.पी.आर. बनाने के कार्य कराये जा रहे हैं तथा गंगा नदी के किनारे स्थित सभी नगर पंचायतों एवं ग्राम सभाओं को भी योजनाएं बनाकर प्रेषित करने हेतु निर्दश दिये जा चुके हैं। (9) स्वच्छ भारत मिशन

- मारत सरकार के शहरी विकास मंत्रालय द्वारा 02 अक्टूबर, 2019 तक सम्पूर्ण स्वच्छता के लक्ष्य की प्राप्ति हेतु 'स्वच्छ भारत मिशन' कार्यक्रम का क्रियान्वयन किया जा रहा है। इस मिशन का उद्देश्य खुले में मल त्याग की प्रथा को समाप्त करना हाथ से सफाई करने की प्रथा समाप्त करना, नगरीय ठोस अपशिष्ट का आधुनिक और वैज्ञानिक प्रबन्धन करना, शहरी स्थानीय निकायों हेतु क्षमता सम्बर्द्धन आदि है। मिशन के घटकों में अवस्च्छकर शौचालयों को जलवाही शौचालयों में बदलने सहित पारिवारिक शौचालय, सामुदायिक शौचालय, सार्वजनिक शौचालय, ठोस अपशिष्ट प्रबन्धन, आईईईसी एवं जनजागरूकता तथा क्षमता निर्माण और प्रशासनिक व कार्यालय व्यय सम्मिलित हैं।
- इस मिशन के अन्तर्गत व्यक्तिगत शौचालयों, सामुदायिक शौचालयों, सार्वजनिक शौचालयों के निर्माण सहित सॉलिड वेस्ट मैनेजमेन्ट की परियोजनाओं का क्रियान्वयन किया जाना है।
- "स्वच्छ भारत मिशन" कार्यक्रम के अन्तर्गत मुख्य सचिव, उत्तर प्रदेश शासन की अध्यक्षता में "स्टेट लेवल स्टियरिंग कमेटी" / "स्टेट हाई पावर्ड कमेटी" (एस एच.पी. सी.) का गठन किया गया है।
- स्वच्छ भारत मिशन के अन्तर्गत निर्धारित कार्य प्रदेश में समयबद्ध रूप से किये जा रहे
   हैं तथा की जा रही कार्यवाहियों को भारत सरकार की आधिकारिक वेबसाइड / पोर्टल पर नियमित अपलोड किया जा रहा है।
- सैंफाई अभियान के अन्तर्गत प्रदेश के समस्त 636 नागर स्थानीय निकायों के कूड़े के कलेक्शन, स्टोरेज, ट्रांसपोर्टेशन आदि कार्यों को तत्परता से किया जा रहा है।
- प्रदेश के समस्त नागर निकायों में स्वच्छता अभियान चलाये जाने हेतु निर्देश प्रसारित किये गये हैं। इसके अन्तर्गत स्वच्छता सप्ताह, स्वच्छता पखवारा, स्वच्छता दिवस आदि मनाये जाने के निर्देश दिये गये हैं। सम्पूर्ण स्वच्छता के लक्ष्य को प्राप्त किये जाने हेतु जन जागरूकता अभियान प्रदेश के नागर निकायों में चलाये जा रहे हैं।
- दिसम्बर, 2015 तक व्यक्तिगत शौचालयों के निर्माण हेतु कुल 10,28,541 आवेदन पत्र प्राप्त हुये । कुल 5968 व्यक्तिगत शौचालयों का निर्माण कराया जा चुका है तथा 69.021 व्यक्तिगत शौचालयों का निर्माण कराया जा रहा है।

इसी प्रकार कुल 93 सामुदायिक शौचालयों तथा 123 सार्वजनिक शौचालयों का निर्माण कार्यक्रम के अन्तर्गत कराया जा चुका है। कुल 392 सामुदायिक शौचालयों तथा 69 सार्वजनिक शौचालयों का निर्माण कार्य प्रगति पर है।

#### (10) अटल भिशन फॉर रिजूवैनेशन एण्ड अर्बन ट्रांसफार्मेशन योजना–अमृत

भारत सरकार के शहरी विकास मंत्रालय द्वारा 02 जून, 2015 को ''अटल नवीकरण और शहरी परिवर्तन मिशन'' कार्यक्रम का शुभारम्भ किया गया है। मिशन के प्रमुख उद्देश्यों में प्रत्येक घर में सुनिश्चित जलापूर्ति तथा सीवरेज कनेक्शन की व्यवस्था, नगरों के अन्दर खुले क्षेत्रों का सुव्यवस्थित रख-रखाव के साथ-साथ हरित भाग को विकसित किया जाना, गैर मोटरीकृत और सार्वजनिक परिवहन सुविधाएं, पार्किंग स्थल, पैदल मार्ग की व्यवस्था आदि प्रमुख हैं।

मिशन के उद्देश्यों की पूर्ति हेतु कतिपय घटकों को चिन्हित किया गया है. जिनमें जलापूर्ति, सीवरेज, सेप्टैंज प्रबन्धन, वर्षा जल निकासी, शहरी परिवहन, हरित स्थल और पार्क, सुधार प्रबन्धन और सहायता, क्षमता निर्माण शामिल हैं। अमृत के अन्तर्गत वर्ष 2015–16 से 05 वर्ष के लिए अर्थात् वर्ष 2019–2020 की अवधि के लिए कुल परिव्यय रू0 50,000 करोड़ निर्धारित किया गया है। इसके पश्चात् अमृत को शहरी विकास मंत्रालय द्वारा किये गये मूल्यांकन के आलोक में और मिशन में मिले अनुभव को शामिल करते रखा जाएगा। मिशन निधियों में निम्नांकित चार भागों को सम्मिलित किया गया है –

- (1) परियोजना निधि वार्षिक बजटीय आवंटन का 80 प्रतिशत।
- (2) सुधारों के लिए प्रोत्साहन वार्षिक बजटीय आवंटन का 10 प्रतिशत ।
- (3) प्रशासनिक एवं कार्यालय व्यय (ए एण्ड ओई) के लिए राज्य की निधि—वार्षिक बजटीय आर्यटन का 08 प्रतिशत।
- (4) प्रशासकीय और कार्यालय व्यय (ए एण्ड ओई) के लिए शहरी विकास मंत्रालय की निधि—वार्षिक बजटीय आवंटन का 02 प्रतिशत।

वित्तीय वर्ष 2015–18 के लिए परियोजना निधि बजटीय आवंटन का 90 प्रतिशत निर्धारित किया गया है क्योंकि सुधारों के लिए प्रोत्साहन वित्तीय वर्ष 2016–17 से ही दिया जायेगा। अमृत के साथ अन्य केन्द्रीय और राज्य सरकार कार्यक्रमों / स्कीमों के साथ मिलकर निधियों का सामंजस्य स्थापित करना वित्त पोषण का एक और स्रोत भी है।

"अमृत" के दिशा–निर्देशों के अन्तर्गत विभिन्न घटकों की परियोजनाओं को निम्नानुसार वित्त पोषित किया जाना वर्णित है, जिसमें केन्द्र सरकार/राज्य सरकार/नागर स्थानीय निकाय/निजी क्षेत्र का अंश दर्शाया गया है –

(26)

क्र.सं.	घटक	वित्त-पोषण पद्धति
1	जलापूर्ति • नए जलापूर्ति प्रणाली का संवर्द्धन और पुनर्स्थापन। • जलापूर्ति के लिए जल निकायों का नवीकरण और भू-जल के पुनर्भरण। • दुर्गम क्षेत्रों, पहाड़ी और तटीय शहरों हेतु विशेष प्रबंधन।	<ul> <li>10 लाख से अधिक आबादी वाले शहरों के लिए भारत सरकार से अनुदान के रूप में परियोजना लागत की एक-तिहाई।</li> <li>10 लाख तक आबादी वाले शहरों/कस्बों के लिए अनुदान के रूप में परियोजना लागत का आधा।</li> <li>राज्य सरकारों/शहरी स्थानीय निकायों</li> </ul>
2	<ul> <li>सीवरेज</li> <li>नए सीवरेज प्रणालियों और शोधन संयंत्रों का संवर्द्धन और पुनर्स्थापन।</li> <li>लाभकारी उद्देश्यों के लिए जल का पुनः चक्रण और।</li> <li>अपजल का पुनःउपयोग।</li> </ul>	अथवा निजी निवेश के माध्यम से शेष राशि का वित्त पोषण । निविदा में उपयोक्ता प्रमारों के आधार पर पांच वर्ष के लिए प्रचालन और अनुरक्षण लागत शामिल होंगे । परियोजना लागत के आकलन के लिए प्रचालय और अनुरक्षण लागत छोड़ दी जाएगी, तथापि
3	सेप्टेज मलगाद प्रबंधन (सफाई, ढुलाई और शोधन), सेप्टिक टेंकों और सीवरों का विशेषतः यांत्रिक और जैविक सफाई	राज्य / शहरी स्थानीय निकाय, अपने को आत्मनिर्भर और लागत प्रभावी बनाने के लिए उचित लागत वसूली तंत्र के माध्यम से प्रचालन और अनुरक्षण का वित्त पोषण करेंगे।
4	वर्षा जल नाले : नालियों और वर्षा जल नालों का निर्माण और सुधार।	सेवा स्तरीय सुधार योजनाओं– एसएलआईपी (अमृत के दिशा–निर्देशों का प्रस्तर–6), में सभी परिवारों के जल और
5	शहरी परिवठनः • साईड बॉक्स, फुट ऑवर ब्रिज, गैर-मोटरीकृत परिवडन, बसें, बीआरटी एस, बहु-स्तरीय पार्किंग, जल मार्ग और नौका याडिकाओं।	सीवरेज कनेक्शन का प्रावधान पहले प्रदान किया जाएगा।
6	<ul> <li>हरित स्थान और शिशु—अनुकूल घटकों हेतु विशेष प्रावधान के साथ पार्कों के लिए शहरी स्थानीय निकायों को स्थानीय निवासी भागीदारी के साथ रखरखाव हेतु प्रणाली की स्थापना करना होगा।</li> </ul>	भारत सरकार द्वारा परियोजना लागत का आधा और इन परियोजनाओं का कुल व्यय राज्य बार्षिक कार्य योजना (एसएएपी—स्टेट एनुवल एक्शन प्लान) के 2.5 प्रतिशत से अधिक नहीं होगी।
7	<ul> <li>क्षमता निर्माण और सुधारों का समर्थन</li> </ul>	शीर्ष समिति द्वारा निर्धारित मौजूदा मानदंडों और इकाई लागतों के आधार पर
8	<ul> <li>प्रशासनिक एवं कार्याल्य व्यय (ए एंड ओई) (पीएमयू/पीआइयू/डीपीआर लागत आदि)</li> </ul>	मानदेखा आर इकाइ लागता के आवार पर भारत सरकार द्वारा शत–प्रतिशत (100 प्रतिशत)

87

मिशन के विशा—निर्वेशों के अनुसार निधियों को 20:40:40 की 03 किश्तों में किया जायेगा। इन निधियों को कार्यान्वयन एजेन्सी द्वारा पृथक बैंक खाते में रखा जायेगा, जैसाकि पूर्व में जेएनएनयूआरएन कार्यक्रम के अन्तर्गत किया गया था।

अमृत के दिशा—निर्वेशों के अन्तर्गत सुधारों का कार्यान्वयन किया जाना भी महत्वपूर्ण लक्ष्य है। सुधारों को पूर्ण करने पर इन्सेंटिव के रूप में 10 प्रतिशत धनराशि भारत सरकार द्वारा दी जायेगी। इस योजना के अन्तर्गत मिशन अवधि में 11 नगरीय सुधारों, जिनमें शहरी आयोजन और शहरी स्तरीय योजनाएं, निधियों और कार्यों का हस्तान्तरण, भवन उपनियमों की पुनरीक्षा, राज्य स्तर पर मध्यस्थ संस्था की व्यवस्था करना, म्युनिसिपल कर और शुल्क में सुधार, उपभोक्ता प्रभार लगाने और एकत्रित करने में सुधार, क्रेडिट रेटिंग, ऊर्जा और जल लेखा परीक्षा, स्वच्छ भारत मिशन जैसे सुधारों को क्रियान्वित किया जाना है, जिनमें से अधिकांश सुधारों को 06 से 12 माह में पूर्ण किया जाना है।

अटल मिशन फॉर रिजूवैनेशन एण्ड अर्बन ट्रांसफार्मेशन योजना के अन्तर्गत प्रदेश के चयनित 60 शहरों के लिए सर्वस लेवल इम्प्रूवमेन्ट प्लान तैयार कराकर भारत सरकार को सक्षम स्तर से अनुमोदनोपरान्त प्रेषित किया गया। योजना के अन्तर्गत 61 वें शहर के रूप में अयोध्या का चयन हुआ है।

### (11) स्मार्ट सिटी मिशन

देश में 100 स्मार्ट शहर बनाने की घोषणा दिनांक 25 जून, 2015 को की गयी तथा उसी दिन भारत सरकार द्वारा स्मार्ट सिटी मिशन के दिशा—निर्देश भी निर्गत किये गये। इस योजना के अन्तर्गत नगरों का चयन दिशा—निर्देश के अनुसार किया जाना है। नगरों का चयन प्रतिस्पर्धा के आधार पर प्रस्तावित है। जारी की गयी गाईडलाईन्स के अनुसार नगरों के चयन के निम्न बिन्दुओं पर नगरों की योग्यता का आकलन किया जाना है –

स्वच्छ भारत मिशन के अंतर्गत निर्मित स्वच्छता शौचालयों में वृद्धि

2. प्रचालनीय ऑनलाईन शिकायत निवारण प्रणाली

मासिक ई—पत्रिका

इलैक्ट्रिनिक रूप से सक्षम परियोजनावार म्युनिसिपल बजट व्यय सूचना

निर्वाचित नगर परिषद का संकल्प

सेवा आपूर्ति में विलम्ब हेतु पूरक दंड लगाना

- गत तीन वित्तीय वर्षों (2012–15) के दौरान आंतरिक रूप से सृजित राजस्व का एकत्रीकरण
- 8. वेतन का भुगतान

9. लेखाओं की लेखा परीक्षा

(28)

- कर राजस्व, शुल्क ओर प्रयोक्ता प्रभारों, किराया तथा अन्य आंतरिक राजस्व स्त्रोतों के अंशदान का प्रतिशत
- 11. जल आपूर्ति की स्थापना और अनुरक्षण लागत का प्रतिशत
- वित्तीय वर्ष 2014–15 के दौरान प्रमुख कायों के लिए उपयोग किए गए आंतरिक राजस्व स्रोतों के अंशवान का प्रतिशत
- 13. शहर स्तरीय जेएनएनआरयूएम सुधार

14. जेएनएनआरयूएम के अंतर्गत माच, 2012 तक स्वीकृत परियोजनाओं की पूर्णता स्मार्ट सिटी मिशन के अन्तर्गत निम्न बिन्दुओं पर फोकस किया जाना है:--

1. पर्याप्त जलापूर्ति

2. सुनिश्तिच विद्युत आपूर्ति

- ठोस अपशिष्ट प्रबंधन सहित सफाई
- शहरी गतिशीलता एवं सार्वजनिक परिवहन
- 5. गरीबों के लिए आवास
- आईटी कनैक्टिविटी और डिजीटेलाईजरेान
- सुशासन, ई—गवर्नेन्स और नागरिक भागीदारी
- सुस्थिर पर्यावरण
- महिलाओं, बच्चों और वृद्ध नागरिकों की सुरक्षा
- 10. स्वास्थ्य तथा शिक्षा

स्मार्ट सिटी की अवधारणा परियोजना के आधार पर न होकर क्षेत्र विशेष पर आधारित है। अतः इसी के क्रम में चयनित स्मार्ट सिटीज के अंतर्गत तीन प्रकार से क्षेत्रीय विकास किया जाना प्रस्तावित है –

#### 1. रिट्रोफिटिंगः का स्वार्थना के बाद तेता कि मार्ग्य के दिसाल मार्ग्य के स

इस प्रकार के क्षेत्रीय विकास में स्मार्ट सिटी के उद्देश्यों की प्राप्ति के लिए नागरिकों के परामर्श से नगर के 500 एकड़ से अधिक के क्षेत्र को चिन्हित किया जायेगा तथा इस चिन्हित क्षेत्र में अवसंरचनात्मक सेवाओं के वर्तमान स्तर और निवासियों के विजन के आधार पर शहर को स्मार्ट बनाने के लिए शहर की कार्यनीति तैयार करेंगे।

#### 2. पुनर्विकासः

इसके अन्तर्गत वर्तमान निर्मित क्षेत्र को प्रतिस्थापित किया जायेगा और मिश्रित भू-प्रयोग और घनत्व को बढ़ाते हुए एक नया ले-आउट इस क्षेत्र का तैयार किया जायेगा। इसके अन्तर्गत 50 एकड़ से अधिक का क्षेत्र होना चाहिए ताकि पुनर्विकास की योजना वहाँ के नागरिकों के साथ परामर्श करके तैयार की जायेगी।

(29)

3. हरित क्षेत्र :

इस प्रकार के क्षेत्रीय विकास में पूर्व से खाली पड़े हुए न्यूनतम 250 एकड़ के क्षेत्र पर यह योजना प्रस्तावित की जा सकती है। इसके अन्तर्गत नवीनीकृत योजना जैसे लैण्ड पूलिंग/भूमिपुनर्गठन के आधार पर भी की जा सकती है। अतः इस योजना के अन्तर्गत नगरों को उपरोक्त के आधार पर क्षेत्रीय विकास का एक प्रपोजल अपने स्मार्ट सिटी प्रपोजल में प्रस्तुत करना होगा तथा इस योजना के अन्तर्गत एक या एक से अधिक ऐसी गतिविधियाँ भी प्रस्तावित की जा सकती है जिसका प्रभाव पूरी नगर पर हो।

भारत सरकार द्वारा स्मार्ट सिटी मिशन के अन्तर्गत पूरे देश से चयनित होने वाले 100 शहरों के अन्तर्गत प्रदेश के सर्वाधिक 12 शहरों – लखनऊ, कानपुर, इलाहाबाद, मुरादाबाद, अलीगढ़, सहारनपुर, बरेली, झांसी, वाराणसी, गाजियाबाद, आगरा व रामपुर को प्रारम्भिक रूप से चयनित कराने में सफलता प्राप्त हुई तथा दो अन्य शहरॉ—मेरठ व रायबरेली को स्मार्ट सिटी के रूप में चयनित किये जाने का प्रस्ताव भारत सरकार को प्रेषित किया गया।

'स्मार्ट सिटी' के अन्तर्गत् भारत सरकार के दिशा–निर्देशों के अनुसार प्रस्तावों का पुनरीक्षण किया जा रहा है। वित्तीय वर्ष 2016–17 के लिए इस मद में ₹600.00 करोड़ का आय–व्ययक प्रस्तावित है।

(30)

## राज्य सेक्टर/जिला सेक्टर की प्रमुख योजनाएं/कार्यक्रम

(1) आदर्श नगर योजना : प्रदेश के 01 लाख से कम जनसंख्या वाले ऐसे नगरीय निकायें, जो जेएनएनयूआरएम कार्यक्रम की यूआईडीएसएसएमटी कार्यान्श से वित्त पोषित नहीं हो पाई हैं, में अवस्थापना सुविधाओं के विकास हेतु वित्तीय वर्ष 2007–08 में आदर्श नगर योजना की शुरूआत की गयी। योजनान्तर्गत नगरीय निकायों में अवस्थापना सुविधाओं का समग्र विकास यथा–पेयजल, सीवरेज, ड्रेनेज, सॉलिड वेस्ट मैनेजमेन्ट, स्लाटर हाउस, सड़क, मार्ग प्रकाश, सार्वजनिक सुविधाओं इत्यादि का विकास किया जाता है।

वर्ष 2015–16 तक आदर्श नगर योजना के अन्तर्गत सभी नागर 538 निकायों का चयन किया जा चुका है। चयनित निकायों को उनकी कार्य योजना के सापेक्ष धनराशि किश्तों में स्वीकृत करते हुए अवस्थापना सुविधाओं का विकास किया जा रहा है। वित्तीय वर्ष 2015–16 में इस योजना में रूपए 150.00 करोड़ का आय–व्ययक प्रावधान है।

(2) नया सवेरा नगर विकास योजना (रिवाल्विंग फण्ड) : जनहित से जुड़ी तत्कालिक आवश्यकता की परियोजनाओं तथा अवस्थापना सुविधाओं के विकांस एवं सुदृढ़ीकरण करने के दृष्टिगत राज्य सरकार द्वारा निकायों की ब्याज रहित ऋण स्वीकृत करने हेतु वर्तमान में नया सवेरा नगर विकास योजना प्रचलित है। योजना का मूल उद्देश्य यह है कि निकायें अपनी मूलमूत अवस्थापना सुविधाओं का सुदृढ़ीकरण एवं विस्तार करके अपनी आय में वृद्धि करें एवं स्वायलम्बी बनें। उक्त के अतिरिक्त जेएनएनयूआरएम कार्यक्रम के अन्तर्गत स्वीकृत परियोजनाओं हेतु संबंधित निकायों का अंश भी निश्चित किया गया है परन्तु कतिपय निकायों की आर्थिक स्थिति सुदृढ़ न होने के कारण वे अपने अंश की धनराशि उपलब्ध करा पाने में अक्षम है। योजनान्तर्गत निकायें अपने अंश उपलब्ध करा सकें, यह सुनिश्चित करना राज्य सरकार का दायित्व है अतः संबंधित निकायों के प्रस्ताव पर उनके अंश की धनराशि नया सवेरा नगर विकास योजना से ब्याज रहित ऋण के रूप में स्वीकृत की जाती है, जिससे कि जेएनएनयूआरएम कार्यक्रम के अन्तर्गत स्वीकृत परियोजनाओं का समयान्तर्गत कियान्वयन किया जा सके और उन्हें जनोपयोगी स्तर पर लाया जा सके।

निकायों को स्वीकृत उक्त ऋण की वापसी निकायों को राज्य वित्त आयोग की संस्तुतियों के अन्तर्गत दी जाने वाली धनराशि से दस समान वार्षिक किश्तों में काटकर की जाती है।

वित्तीय वर्ष 2015—16 में इस योजना में रूपए 550 करोड़ का आय—व्ययक प्रावधान है।

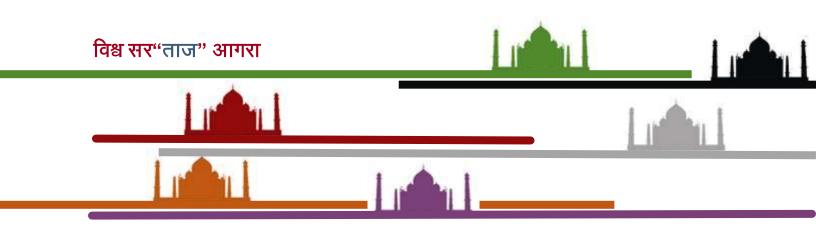

(31)

- (3) नगरीय पेथजल कार्यक्रम (स्थानीय निकायों की पेयजल व्यवस्था) : प्रदेश में पेयजलापूर्ति की व्यवस्था सुदृढ़ करने के उद्देश्य से इस योजना का क्रियान्वयन किया जाता है। राज्य सेक्टर की कतिपय पेयजल कार्यक्रमों के अतिरिक्त समय-समय पर विभिन्न नगरों की आवश्यकता के दृष्टिगत महत्वपूर्ण पेयजल परियोजनाओं का क्रियान्वयन किया जाता है। वित्तीय वर्ष 2015–16 में इस मद्र में रूपये 100.00 करोड़ का बजट प्रावधान है।
- (4) नगरीय सीवरेज कार्यक्रमः प्रदेश में सीवरेज व्यवस्था को सुदृढ़ करने के उद्देश्य से इस योजना का क्रियान्वयन किया जाता है। राज्य सेक्टर की कतिपय सीवरेज परियोजनाओं के अतिरिक्त समय-समय पर विभिन्न नगरों की जलोत्सारण आवश्यकता के दृष्टगत महत्वपूर्ण जलोत्सारण परियोजनाओं का क्रियान्वयन किया जाता है। वित्तीय वर्ष 2015–16 में इस मद में रूपये 50.00 करोड़ का बजट प्रावधान है।
- (5) नगरीय जल निकासी योजना : प्रदेश की नगरीय निकायों के क्षेत्रान्तर्गत जल भराव की समस्या के समाधान हेतु प्रदेश में नगरीय जल निकासी योजना वित्तीय वर्ष 2010–11 में प्रारम्भ की गयी है. जिसके अन्तर्गत नगरीय निकायों के क्षेत्रों में जल निकासी हेतु नालों के निर्माण हेतु धनराशि निकायों / कार्यदायी संस्थानों को स्वीकृत की जाती है। वित्तीय वर्ष 2015–16 में इस मद में रूपये 100.00 करोड़ का बजट प्रावधान है।
- (6) (क) जिला योजना–नगरीय पेयजल कार्यक्रम (सामान्य) : प्रदेश के समस्त जनपदों में जलापूर्ति की व्यवस्था हेतु जिला योजना–सामान्य के अन्तर्गत प्रत्येक वर्ष बजट व्यवस्था करायी जाती है। इस धनराशि से इण्डिया मार्का–2 हैण्डपम्पों का अधिष्ठापन, रीबोर आदि के कार्य कराये जाते हैं। विसीय वर्ष 2015–16 में इस मद में रूपये 30.00 करोड़ का बजट प्रावधान है।

(ख) जिला योजना—नगरीय पेयजल कार्यक्रम (एस.सी.एस.पी. – अनुसूचित जाति सब—प्लान) : प्रदेश के समस्त जनपदों में जहौं अनुसूचित जाति / जनजाति की जनसंख्या 50 प्रतिशत से अधिक है, में जलापूर्ति की व्यवस्था हेतु जिला योजना—एस.सी.एस.पी. के अन्तर्गत अनुदान संख्या—83 में प्रत्येक वर्ष बजट व्यवस्था करायी जाती है। इस धनराशि से अनुसूचित जाति / जनजाति बाहुल्य क्षेत्रों में इण्डिया मार्का—2 हैण्डपम्पों का अधिष्ठापन, रीबोर आदि के कार्य कराये जाते हैं। वित्तीय वर्ष 2015—16 में इस मद में रूपये 50.00 करोड़ का बजट प्रावधान है।

(32)

- (7) राज्य सेक्टर के अन्तर्गत सालिड वेस्ट मैनेजमेन्ट परियोजनाओं का क्रियान्वयन : नागर निकायों में स्वच्छ व प्रदूषणरहित पर्यावरण सुनिष्टिचत करना वर्तमान सरकार की प्राथमिकताओं में है। वर्तमान सरकार के घोषणा पत्र में "नगर निगमों/नगर पालिका परिषदों में कूड़ा-करकट निस्तारण (नगरीय ठोस अपशिष्ट प्रबन्धन की योजना का क्रियान्ययन) सम्मिलित है। सरकार की प्राथमिकताओं के अन्तर्गत चरणबद्ध रूप से सॉलिड वेस्ट मैनेजमेंट की परियोजनाओं का क्रियान्वयन किया जाना है। इस हेतु भूमि के चयन व व्यवस्था की कार्यवाही प्राथमिकता पर की जा रही है।
- (8) नगरीय सड़क सुधार योजना : प्रदेश की नगरीय निकायों के क्षेत्रान्तर्गत सड़कों के सुधार व नई सड़कों के निर्माण हेतु नगरीय सड़क सुधार योजना प्रारम्भ की गयी है। योजना के अन्तर्गत निकायों / कार्यदायी संस्था को सड़कों के निर्माण / पुनर्निर्माण हेतु धनराशि स्वीकृत की जाती है। वित्तीय वर्ष 2015–16 में इस मद में रूपये 100.00 करोड का बजट प्रावधान है।
- (9) प्रदेश के शहरी क्षेत्रों में अन्त्येष्टि स्थलों का विकास : प्रदेश के शहरी क्षेत्रों स्थित विभिन्न अन्त्येष्टि स्थलों के विकास हेतु वित्तीय वर्ष 2014–15 से प्रदेश सरकार द्वारा उस अभिनव योजना की शुरूआत की गई। वित्तीय वर्ष 2015–16 में योजना हेतु 100 करोड़ रूपये का बजटीय प्रावधान है।

विषय:- आगरा में ताजमहल के पूर्वी गेट के लिकट स्थित शिल्पग्राम को ध्वस्तीकरण के उपरान्त तथे सिरे से ताज ओरिएन्टेशन सेन्टर, शिल्पग्राम के तिर्माण के सम्बन्ध में।

अहोदय

पर्यटन अन्भाग

आगरा में ताजमहल के पूर्वी गेट के निकट स्थित शिल्पग्राम को ध्वस्तीकरण के उपरान्त तथे सिरे से ताज ओरिएन्टेशन सेन्टर. शिल्पग्राम के निर्माण के सम्बन्ध में निर्गत शासनादेश संख्या 118/2015/1894/41-2015-91 यो0/15. दिलांक 11 अगस्त. 2015 के क्रम में मुझे यह कहने का निर्देश हुआ है कि मुख्य सचिव, 30प0 शासन की अध्यक्षता में दिलांक 28.04.2015 को सम्पन्न हुई बैठक में शिल्पग्राम के नए सिरे से निर्माण हेतु 30प0 राजकीय निर्माण निगम दारा कान्सेप्ट डिजाइन एवं ड्राइंग का विस्तृत पस्तुतीकरण किया गया था। तदकम में राजकीय निर्माण निगम द्वारा रू० 25139.81 लाख का आगणन गठित कर उपलब्ध कराया गया। दिनांक 02 जुलाई, 2015 को ताज ओरिएन्टेशन सेन्टर शिल्पग्राम परियोजना के निर्माण हेतु व्यय वित्त समिति द्वारा रू० 22647.98 लाख के प्रस्ताव पर सैद्वान्तिक सहमति प्रदान करते हुए कार्यदायी संस्था को परियोजना के लिए विस्तृत प्रोजेक्ट रिपोर्ट (डी0पी0आर0) प्रस्तुत किये जाने के निर्देश दिये गये तथा विभाग को परियोजना में प्रयुक्त उच्च विशिष्टियों के सन्दर्भ में सक्षम स्तर सं अनुमोदन/निर्देश प्राप्त करने की अपेक्षा की गयी।

2- व्यय वित्त समिति के निर्देश के कम में परियोजना के क्रियान्वयन हेतु प्रारम्भिक नागत. विशिष्टियों, स्टेट लेवल व फील्ड लेवल कमेटियों के गठल, बजट प्रबन्धन व उद्योग विभाग की रिक्त भूमि ति:शुल्क प्राप्त किये जाने हेतु दिनांक 04.08.2015 को सक्षम स्तर से अनुमोदन प्राप्त करते हुए दिनांक 11.08.2015 को शासनादेश निर्गत किया गया। तद्कम में दिनांक 04.08.2015 को निम्नलिखित निर्णय लिये गये:-

3- दिलांक 02.07.2015 को व्यय यित समिति की अपेक्षानुसार कार्यदायी संस्था राजकीय लिमांण लिंगम द्वारा रू0 29928.29 लाख का डी0पी0आर0 प्रस्तुत किया गया। उक्त डी0पी0आर0 के परीक्षणोपराल्त व्यय वित्त समिति द्वारा परियोजना की लागत रू0 23185.26 लाख अनुमोदित करते हुए <u>परियोजना में प्रय</u>ुक्त उच्च विशिष्टियों पर सक्षम स्तर से अनुमोदन के लिर्देश दिये गये।

4- आगरा में ताजमहल के पूर्वी गेट के निकट स्थित शिल्पग्राम को ध्वस्तीकरण के उपरान्त लये सिरे से ताज ओरिएन्टेशन सेन्टर, शिल्पग्राम के निर्माण हेतु व्यय वित्त समिति द्वारा पायोजना की प्रस्तायित लागत रूप 29928.29 लाख के सापेक्ष संशोधित लागत रूप 23185.26 लाख पर अनुमोदित करते हुए सक्षम स्तर का अनुमोदन प्राप्त करने के उपरान्त ही निम्नलिखित शर्ती एवं प्रतिबन्धों के अधीत प्रशासकीय एवं यित्तीय स्वीकृति जारी करने के निर्देश दिये गये :-

- परियोजना के क्रियान्वयल में पुरातत्व विभाग और पर्यावरणीय क्रियरेन्स प्राप्त कर कार्य प्रारम्भ किया जायेगा।
- (2) पायोजना में म्यूजियम एक्सपीरियन्स/आर्टीफैक्ट एवं आर्ट इन्सटालेशन, आडियो गाइड सिस्टम, इन्ट्रेक्टिय इन्सटालेशन, कियोस्क, वैरियस आर्टिस्ट इमेज एवं कावलेटिक स्कलपचर, पीछएछ सिस्टम, सीठसीठटीठवीठ, एठवीठ सिस्टम, पार्किंग मैनेजमेन्ट सिस्टम, इत्यादि हेतु प्रमुख सचिव/सचिव पर्वटन विभाग की अध्यक्षता में गठित समिति जिसमें इन कार्यमदों से सम्बन्धित विभाग यथा संस्कृति एवं इलैक्ट्रॉनिक्स विभाग द्वारा लामित सदस्य होंगे। यह समिति उक्त कार्यमदों की आवश्यकता व औषित्य एवं लागत का परीक्षण कर स्थयं संस्तुष्ट हो लेगी, जिसके द्वारा इन कार्यमदों हेतु प्रस्तावित लागत जा उक्त कार्यमद हेनु प्रायोजना में प्रस्तावित लागत से अधिक न होगी, की सीआ तक प्रायोजना की लागत संशोधित समझी जायेंगी।
- (3) परियोजनान्तर्गत अवल निर्माण में कतिपय विशिष्टियां जैसे Polyurethane sheets. Granite stone, Agaria marble stone flooring, Agra red stone flooring. Farbo Flocked floor cover, Vinyl flooring, False ceiling, Acoustical wall panelling. Framesless spider glazing, Toughed glass, Modular toilet cubicles. White marble jali, 12W/24W LED sufface/suspended mounted down light, LED ceiling-recessed luminaire, LED Circular Cylindrical surface-mounted down light, Dust shock & weather (jet) proof Luminaire, Concrete embedded low LED Luminaire. Flexible Linear Luminaire. आदि जो लोक निर्माण विभाग की निर्धारित विशिष्टियों से उत्तव है, के प्रयोग पर नियमानुसार सक्षम स्तर से अनुमोदन प्राप्त करके ही निर्माण कार्य कराया जाय।
- (1) अनुमोदित परियोजना लागत के सम्बन्ध में व्यय वित्त समिति द्वारा दिये गये सुझाव/निर्देशों का अनिवार्यत: अनुपालन सुनिश्चित किया जायेगा ।
- (5) उक्त परियोजना के निर्माण कार्य पूर्ण होने के पश्चात निर्माण की गुणवत्ता एवं अनुरक्षण की व्यवस्था सुनिश्चित किये जाने हेतु कार्यदायी संस्था का उत्तरदायित्व निर्धारण तथा आंकलित लागत के अतिरिक्त अन्य सम्भावित मद (यदि कोई हो) के लिये भी व्यवस्था का आंकलन विभाग द्वारा सुनिश्चित किया जाय, ताकि बाद में वृद्धि का अवसर न रहे।
- (6) पूर्व निर्मित पुराने भवनों/स्टूक्चर के ध्वस्तीकरण हेतु वित्तीय हस्तपुस्तिका खण्ड-। व खण्ड-5 लोक निर्माण विभाग के अनुरक्षण मैनुअल पार्ट-2 (भवन), 3000 कार्य नियमावली 1975 तथा अन्य सुसंगत प्राविधानों का अनुपालन सुनिश्चित किया जायेगा।

5- व्यय चित्त समिति द्वारा दिये गये निर्देशों के क्रम में प्रस्तावित लाज औरिएल्टेशन सेल्टर, शिल्पगाम के निर्माण हेतु तथा व्यय चिंत समिति द्वारा परियोजना की अनुमोदित लागत रूठ 23185.26 लाख पर तथा परियोजनाल्तर्गत प्रयुक्त होने वाली उच्च विशिष्टियों पर सक्षम स्तर से अनुमोदन प्रदान किया गया है। 6- अयस्थापना विकास विभाग द्वारा आगरा में ताज ओरिएन्टेशन सेन्टर, शिल्पवाम के स्थापना के लिए अवस्थापना विकास कोष से रू० 5.00 करोड़ की घतराशि की स्वीकृति शासनादेश रांO 217783-अवO-16-116 (अवO)/12. दिनांक 29.03.2016 द्वारा प्रदान की गयी है। उक्त शासनादेश दिलांक 29.03.2016 में उल्लिखित शर्ती एवं उप्रवर्त्थों का अनुपालन सुनिश्चित किया जायेगा।

अतः अनुरोध हे कि आगरा में ताज ऑरिएन्टेशन सेन्टर, शिल्पग्राम के निर्माण के सम्बन्ध में आवश्यक कार्यवाही सुतिश्वित कराने का कप्ट करें।

लंखनऊ दिलांक 22 अप्रैल, 2016 विषय:- आगरा में ताजमतल के पूर्वी गेंट के नियाद स्थित शिल्पग्रीम को ध्वस्तीकरण के उपरान्त नये सिरे से ताज ओरिएन्टेशन सेन्दर, शिलाग्राम के निर्माण के सम्बन्ध में।

महोदय

आगरा में ताजमहल के पूर्वी गेंट के लिकट स्थित शिल्पयाम को ध्वस्तीकरण के उपरान्त लये सिरे से ताज ओरिएन्टेशन सेन्टर, शिल्पर्याम ये निर्माण के सम्बन्ध में निर्गत शासनायेश रांख्या 118/2015/1894/41-2015-91 सी0/15, दिलाक 11 अंगरल, 2015 के क्रम में मुझे यह कहने का निर्देश हुआ है कि मुख्य सचिव, 3000 शासन की अध्यक्षता में दिनांक 28.04,2015 को सम्पन्न हुई बैठक में शिल्पग्राम के नए सिरे से मिर्जाण हैतु 30प्र0 राजकीय जिसांग निगम द्वारा काल्सेप्ट डिजाइन एवं ट्राइंग के विस्तृत प्रस्तुतीकरण किया गया था। तदकम में राजकीय अनिम्णि निगम द्वारा रू० 25133.81 लाख का आगान गतित कर उपलब्ध कराया गया। दिलोक वि जुलाई. 2015 को लाज औरिएन्टेशन सेन्टर शिल्यवान परियोजना के लिमाण हेतु व्यय विरंत क्राफ्मेति दारा रू० 22647.98 लाख के प्रस्ताय पर सदावितक संस्कृति प्रेयदान करते हुए कार्यदायी संस्था को परियोजना के लिए विस्तृत प्रोजेक्ट रिपोर्ट (डी)पॉ0311(0) प्रस्तुत किये जाने के निर्देश दिये गरो तथा विभाग को परियोजना में प्रयुक्त उर्च्य विशिष्टियों के सन्दर्भ में सक्षम स्तर से अनुमोदन/निर्देश प्राप्त करने की अपेक्षा की गयी।

च्यय चितन समिति के निर्देश के क्रम में परियोजना के विस्थान्वयन हेतु प्रारम्भिक जागत. विशिष्टियाँ, स्टेट लेवल व फील्ड लेवल कमेदियाँ के भवन, बजट प्रेबल्धन व उद्योग विभाग की रिकत अूमि निःशुल्क प्राप्त किथे जाने हेतु दिनांक 04.08.2015 भी सदाम स्तर से अनुमोदन प्राप्त करते हुए दिनांक 11.08.2015 को शासनदिश निर्भत किया गया। तदक्रम में दिनोंक 04.08.2015 को निग्नलिखित निर्णय लिये गर्भ:-

दिनांक 02.07 2015 को व्यय वित्त समिति की अपेक्षानुसार कार्यदायी संस्था राजकीय 3-निर्माण निगम दारा रूं० 29928.29 लोख का डी०नी०झार० प्रस्तुत किया गया। उक्त डी०पी०आर० के परीक्षणोपराल्त व्यय थित समिति द्वारा परियोजना की लागत रु० 23185.26 लाख अनुमोदित करते हुए परियोजना में प्रयुक्त उच्च विशिष्टियों पर लक्षम स्तर से अनुमोदन के निर्देश दिये गये। आगरा में ताजमहल के पूर्वी शेट के निकट शिवन शिवम को ध्वस्तीकरण के उपरान्त लये सिरे से ताज औरिएल्टेशन सेन्टर, शिल्पयांन के निर्माण हेनु ट्यय विल्ल समिति द्वारा

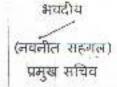

प्रायोजना की प्रस्तावित लागत रू० 29928:29 लाख के सापेक्ष संशोधित लागल रू० 231 लाख पर अनुमोदित करते हुए सक्षम स्तर का अनुनोदन प्राप्त करने के उपरान्त ही निम्नलि शर्तों एवं प्रतिवर्त्धों के अधीन प्रशासकीय एवं वित्तीय स्वीकृति जारी करने के निर्देश दिये गये : (1) परियोजना के क्रियान्ध्यन में पुरातत्व विभाग और पर्यावरणीय क्लियरेन्स प्राप्त कर कार्य

A Partie

- प्रारम्भ किया जायेगा।
- (2) प्रायोजना में स्यूजियम एक्सपीरियन्स/आर्टीकैंवट एवं आर्ट इन्सटालेशन, आडियो गाइड सिस्टम, इन्ट्रेविटव इन्सटालेशन, कियोस्क, वॅरिवस आर्टिस्ट इमेज एवं कायनेटिक स्कल्पचर, पीठए० सिस्टम, सीठसीठटीठवर्थे, एठवीठ सिस्टम, पार्थिंग मैंसेजमेन्ट सिस्टम, इत्यादि हेतु प्रमुख सचिव/सचिव प्रवंटन गिभाग की अध्यक्षता में गठित समिति जिसमें इत कार्यमदों से सम्बन्धित विभाग वर्था शंस्कृति एवं इलेक्ट्रोनिक्स विभाग दरा लामित शदस्य होंगे। यह समिति उक्त कार्यमदों की आवश्यकता व औचिन्स एवं लागत का परीक्षण कर स्वयं संस्तुष्ट हो सेगी, जिसके द्वारा इन कार्यमदों हेतु प्रस्तावित लागत को उक्त कार्यमद हेतु प्रायोजना है प्रस्तावित लागत से अधिक न होगी, की तीना तक प्रायोजना की लागत संशोधित समझी जावेगी।
- (3) परियोजनान्तर्गत अवन निर्माण में कतिपर विशिष्टियां जैसे Polyurethane sheets, Granite stone, Agaria marble stone fleoring, Agra red stone flooring, Farbo Flocked floor cover, Vinyi flooring, Prise ceiling, Acoustical wall panelling, Framesless spider glazing, Toughed glass, Modular tuilet cubicles, White marble fali, 12W/24W LED suface/suspended mounted down light, LED ceiling-recessed luminaire, LED Circular Cylindrical surface-mounted down light, Dust shock & weather (jet) proof Luminaire, Concrete embedded low LED Luminaire, Flexible Linear Luminaire. आदि जो लोक निर्माण विकांग की निर्धारित विशिष्टियां से उत्त्य है. के प्रयोग पर नियमानुसार सक्षम स्तर से मुनुसोदन ग्राप्टन करेके ही निर्माण कार्य कराया जाया
- (4) अनुमोदित परियोजना लागत के सम्बदध में व्यय कित्त सभिति द्वार दिये गये सुझाव/निर्देशों का अनिवार्यतः अनुपालन सुनिधित किया आयेगा ।
- (5) उन्त परियोजना के निर्माण कार्य पूर्ण होते के परचात निर्माण की गुणवत्ता ७वं अनुरक्षण की व्यवस्था सुनिश्चित किये जाने हेतु कार्यदायी संस्था का उत्तरदाचित्व निर्धारण तथा आंकलित लागत के अतिरिवत अन्य सरमावित सद (यदि कोई हो) के लिये भी व्यवस्था का आंकलन विभाग द्वारा सुनिश्चित किया जाथ, लाकि बाद में वृद्धि का अवसर न रहे।
- (6) पूर्व निर्मित गुराने भवनौं/स्ट्रक्चर के ध्यस्तीकरण हेतु वित्तीय हस्तपुस्तिका खण्ड-। व खण्ड-ऽ लोक निर्माण विभाग, के अनुरक्षण मैनुअल पार्ट-२ (शवल), 3000 कार्य नियमावली 1975 तथा अन्य सुरांगत प्रविधानों का अनुपालन सुतिश्वित किया जाथेगा।

5- व्यय वित्त समिति द्वारा दिये गये, निर्देशों के कम में प्रस्तावित ताज ओरिएन्टेशन सेन्टर, शिल्पग्राम के निर्माण हेतु तथा व्यय वित समिति द्वारा परियोजना की अनुमोदित लागत रूO 23185.26 लाख पर तथा परियोजनान्तर्गत प्रयुक्त होने वाली उच्च विशिष्टियों पर सक्षम स्तर से अनुमोदन प्रदान किया गया है। 6- अवस्थापना विकास विभाग दारा आगरा में ताज ओरिएन्टेशन सेन्टर, शिल्पग्राम के स्थापना के लिए अवस्थापना विकास कोष से रूठ 5.00 करोड की धनराशि की स्वीकृति शासनादेश संठ 217/83-अव0-16-116 (अव0)/12, दिनांक 29.03.2016 द्वारा प्रदान की गरी है। उक्त शासनादेश दिनांक 29.03.2016 में उल्लिखित शर्तो एवं उपवन्धों का अनुपालन सुनिधित किया जायेगा।

अतः अनुरोध है कि आगरा में लाज औरिएन्टेशन सेन्टर, शिल्पग्राम के निर्माण के सम्बन्ध में आवश्यक कार्यवाही सुनिश्चित कराने का कष्ट करें।

आजा से,

(शिय कुमरि पाठक) उप सचिय।

### टिप्पणीः--

जनपत आगरा में ताज महल के मुदी द्वार के निकट स्थित शिल्पसाम परिसर में वर्तनान में पार्किंग, आर्डदेवोरियन, शॉपिंग कॉग्गलेक्स, एवरस्टअाईo टिकट कालन्दर, शिल्पियों के स्टाल, बीचर बार/रेस्टोरेन्ट, स्टेज एवं डास्मेट्री भवन आदि बने हुए है। लगभग 11.50 स्कड वाले शिल्पसाम परिसर में उपरोक्त खुविधायें विंगत वर्षों में विभिन्न समय में सुकित हुई है, जिसके कारण उक्त सुजित खुविधाओं में आपसी समन्दय का अभाव है और इसी कारण पर्यटकों को एकीकृत एवं सुनियोजित ढंग से इन सुविधाओं का लाग नहीं निहा पा रहा है। शिल्पसाम वरिसर में पूर्व से सुजित उपरोक्त बेतरतीब सुविधाओं के स्थान पर नये सिरे से शिल्पसाम की सुनियोकित प्लानिंग एवं डिजाइनिंग "होलिस्टिक मैनर" में की जायेगी, जिसे ताजमहल के सालिख में स्थिति होने के कारण शिल्पझाम को एक स्टेट ऑफ दी आर्ट प्रोडवर' के रूप में विश्व के समक्ष प्रस्तुत किया जा सके। इसी को दृष्टियत प्रश्नित प्रायोजना प्रस्ताव का महन किया गया है।

परियोचना के चयनित आंकीटेक्ट मेसर्स आंकोडम कन्सल्ट्स प्राo लिंठ नोएउ होत शिल्पग्राम में आडिटोरियम, ओपेन एयर थियेटर, वाटर बाडी, म्युजियम, काफ्ट शॉपस, काफ्ट मेर्च, टिकट काउण्टर, परमानेन्ट एक्जीवीशन एवं टम्परोरी एक्जीवीशिन शॉपस तथा बिल्डिंग टेरेस पर गार्डनिंग की कार्य आदि का निर्माण कार्य प्रस्तावित किया गया है। यह प्रदेश की विशिष्टि श्रेमी की बिल्डिंग होगी।

विश्व-प्रसिद्ध ताल महल के सानिष्य में स्थित होने के कारण शिल्पग्राम की प्लानिंग एव बिजाइनिंग 'होलिस्टिक मैनर'' में 'स्टेट ऑफ दी आर्ट प्रोडक्ट' के रूप में ताजगहल के स्टेट्स के अनुरूप किया जाता, जिससे वहां के शिल्पियों को अन्तर्राष्ट्रीय स्टर का मंध प्रधान किया जा सके। जनपद आगरा में ताजमहल पूर्वी मेट रोड पर ताजगहल से लगभग 900 मींठ दूरी पर स्थित शिल्पन्नाम की 11.50 एकड मूनि पर निर्माण लार्य प्रसावित है।

ताल ओदिएन्टेशन सेन्द्रर, चिल्ग्याम आगरा परियोजना का प्रसाद वास्तुदिद मैसर्स आर्कोटम कन्सल्ट्स प्रठ लिंठ लोएडा के द्वारा प्रस्तुत किया गया था, किसको उठप्रठ सककीच निर्वाम निर्णम लि द्वारा वर्यटन दिखन के माध्यम से शासन को प्रेतित किया गया था। व्यथ दिखा समिति द्वारा किंगोंक 03.07.2015 को सहमति प्रदान किये जाने तथा माठ गंत्री परिषद के अनुनोधनोपसन्त शासनावेश 118/2015/1994/41-2015-91योठ/15 दिनांक 11.08.2015 के द्वारा का 226.49 करोड को स्वीकृति प्रदान की गयी है।

सहोदरा

C

आगत मै ताजगहल के पूर्वी द्वार से लंगेकम 900 गीए पूर्व में स्थित शिल्पग्राम परिसर से समस्त पर्यटकगण बैटरों-आपरेटेड बसों/गौल्फ कार्टस से ताजगहल के पूर्वी द्वार तक जाते हैं। लाखों की संख्या मैं देखी विदेशी पर्यटकों के अतिरिक्त देख-विदेश के अति विक्षिष्ठ अतिथि एवं राष्ट्राप्यक्षमण आदि भी इसी स्थल से ताज-दर्शन हेतु जाते हैं, किन्तु शिल्पक्रम से वर्तमान में उपलब्ध उक्त सुविधाएं सुनियोजित स्वरूप में जही हैं, बल्कि पूथक-पूथक समयों पर रेल्डम तरीके से सुनित होने के कारण शिल्पग्राम का एक समेकित एवं सुनियोजित अन्तर्राष्ट्रीय स्वरूप होना चाहिए, उसका सर्वथा अभाव है। जिल्क प्रसिद्ध ताज महल के सानिध्य में स्थित होने के कारण शिल्पग्राम की प्लानिंग एवं डिजाइनिंग एक 'होलिस्टिक नैनर' में स्टेट आफ दी आटे प्रोडपट' के रूप में ताजगहल के स्टेट्स के अनुरूप किया जाता, जिमसे यहां के शिल्पियों को अन्दार्राष्ट्रीय स्तर का मेच प्रदान किया जा सके।

2- उपल के परिप्रेष्टय में मुझे यह कहने का निदेश हुआ है कि शासन स्तर पर सम्यक विचारोपसन्त ताजमहल के पूर्वी द्वार से लगभग 900 मीटर पूर्व में ताज ईस्ट जेट रोट पर स्थित शिल्पश्राम परिसर में वर्तमान में स्थित पार्किंग, युलभ-प्रसाधन, धेवजल सुविधा, ताजमहल का प्रवेश टिकंट काउण्टर, पर्यटन निगम का रेस्टोरेस्ट, विथर-बार, शिल्पियों के लिये एट्स एवं ताज महोत्सव के लिये स्टेज, ग्रीन रुज, शापिंग काउप्लेक्स, ओपंज एथर थिएटर, शिल्पियों के लिये डारमेट्रो भवन आदि को आवश्यकतानुसार हटाये जाने/डिस्प्रोन्टल किये जाने के पश्चात निगन शर्ती एवं प्रतिवन्धों के अधील नथे सिरे से ताज ओरिएन्टेशन सेन्टर के निर्माण हेनु निर्णय लिया गया है:-

(1) पूर्व निर्मित पुराने अवनौ/स्ट्रकचर के ध्वस्तीकरण हेतु चित्तीय हस्तपुस्तिका 'खण्ड-। न खण्ड-5 लोक निर्माण विश्वाग के अनुरक्षण मैनुअल पार्ट-2 (भवन), 30प0 कार्य नियमावली 1975 लथा अन्य युरांगत प्राविधानों का अनुपालन सुनिधित किया लायेगा।

(2) उक्त परियोजना के क्रियान्चर्यन हेतु लागित कार्यदाची संस्था 3000 राजकीय विसीध लियम द्वारा रूO 25139.81 लाख के गठित आगणन के सापेक्ष देवय चित्ता समिति की बैठक दिलांक 02 जुलाई, 2015 को गरीक्षणोपसन्त रूठ 22647.98 लाख के व्यय पर सैद्वालितक सहसति प्रदान की जर्शन

- (3) परियोजना के तिर्माण हेतु बजट व्यवस्था राज्य सरकार के अवस्थाप्ता निधि से किया जायेगा।
- (4) उपरोक्त योजना मै प्रयुक्त 11.50 एकड़ भूमि उधोग विभाग की है, जिसे पर्यटत विभाग को निःशुल्क हस्तान्तरित किया आयेगा।
- (5) परियोजना के क्रियान्वयन हेतु माठ त्यायालय के आदेशों को ध्यान में रखते हुरो आयश्यक कार्य कराये जायेगें।
- (6) अनुमोदित परियोजना लागत के सम्बन्ध में व्यय जिल्त समिति हास दिये गये सुझाय/निर्देशों का अनिवार्थतः अनुपालन सुनिश्चित किया जायेगा।
- (7) भवन निर्माण के कतिपय विशिष्टियां औरो कार्पट फलोरिंग, सरगेन्डेड स्पाइडर ग्लेजिंग सिस्टम, फेब्रिक याल पैनलिंग, मार्चल स्टोन, जाली, युडेन सोलिंग, रेड सैण्ड स्टोन फलोरिंग आदि जोकि लोक निर्माण विक्षाण की निर्धारित विशिष्टियों से उच्च है, के अनुसार निर्माण कार्य कराया जायेगा।

3- परियोजना के अनुश्रवण एवं सांजीटरिंग किये जाने हेतु एतद्रारा निम्नानुसार ३८ट लेवल एवं फील्ड लेवल कसेटी का जठन किया जाता है:-

# Annexure 4.9.4

Improvement of Vicinity of Lesser known Monuments

# Improvement of lesser known monuments under Smart City Mission

### Selected Monuments:

1. Shahi Jama Masjid: Located at a five- minute walk from the Agra Fort, Shahi Jama Masjid was

he Agra Fort, Shahi Jama Masjid was built by the daughter of Mughal Emperor Shah Jahan - Princess Jahanara, in 1648. It took six years and 5000 workers to complete the mosque. The mosque has a capacity to accommodate 10,000 people at a time. It is one of the important landmarks of the city. Crowded bazaars (Subhash Market) surround the mosque that serves as a reference point for the newcomers or tourists. The street plans remain the same as in the days of the Mughals.

 Kali Masjid: The Kali Masjid also known as Kalan Masjid is located at Nai Ki Nandi, Mantola at Agra. It was built in 1370-71 by Khan-I-Jahan Junan Shah, who was the Prime Minister of Feroz Shah Tughlaq, who himself was a great art lover. The mosque is constructed in quintessential Tughlaq style, and is defined by the geometric constructions in its courtyard.

**3.** <u>Deewan Ji Ka Maqbara:</u> Deewan ji begum's tomb is a historical monument of Agra built by Mughal Emperor Shah Jahan in 1631. This monument is located near the Paktola lake in the Tajganj area.

Deewanji Begum was the mother-inlaw of Shahjahan i.e. Mumtaz Mahal's mother. The architectural design of the mosque and the tomb bear evidence of the Mughal architectural patterns peculiar during the reign of Emperor Shah Jahan. Unfortunately, the tomb is now in a ruined condition, despite the Archaeological Survey of India undertaking restoration (ASI) process in some areas of the Maqbara.

4. <u>Syed Jalal Bukhari Dargah:</u> This mosque contains the tomb of Saint Syed Jalal Bukhari Rehmatullah. Syed Jalal Bukhari Rehmatullah Allah was one of the four brothers, who were called from Bukhara in Russia to get rid of all the evil forces and negativity that were delaying the

construction of Taj Mahal. The moment some part of the structure was erected, it used to fall down due to unexplained reasons. It was then that Syed Jalal Bukhari was called to cordon off all those energies which were sabotaging the construction of Taj Mahal. It is said that the man had so much jalal (majestic command) that till this day even a bird doesn't dare to fly over the tomb of this shrine. Flock of birds usually fly in large numbers during evening, and when they reach this place, the flock spaces out above Syed Jalal Bukhari's tomb. Local people consider it as a spiritually powerful place and it is believed that one can only reach here, if he/she is lucky enough.

5. <u>Teli Pada Mosque:</u> Teli Pada mosque is an unprotected and unknown monument. It is located on the Shilpgram road in Tajganj area.

### Current status of these monuments:

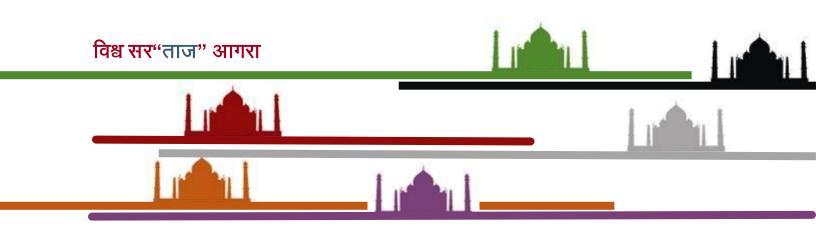

Although the abovementioned monuments are rich in terms of historical essence, their dilapidated condition and poor surrounding makes them unpleasant and unwelcoming to the tourists visiting the city. As depicted in the following images, these monuments are characterised by:

- Cobbled- Streets
- Open drains on both side of the streets
- Overhead cables
- Unpleasant odour on access road
- Dilapidated conditions of select buildings

### Suggested improvements under Smart City Mission:

- Providing underground drainage network and sewage connections  $\triangleright$
- Covering existing storm water drains
- > Creating toilets as applicable
- Underground cabling of electricity and phone lines
   Façade improvement of buildings
- $\triangleright$ Upgradation of select depilated

# A BRIEF DESCRIPTION ON AGRA WATER SUPPLY (GANGAJAL) PROJECT

The city of Agra is facing an acute problem of raw water in terms of quality. The water of River Yamuna, which is its raw water source, is highly polluted. The level of pollution is beyond the capacity of the conventional water treatment plants to treat it. Agra being the Heritage city of International repute with a large international tourist flow. Considering the importance of Agra, for suitable long-term solution of raw water problem for Agra water supply an estimate amounting to ₹ 1179.72 crores was prepared for conveyance of raw Ganga Water to Agra from Palra regulator at upper Ganga Canal (Distt. Bulandshahar). This project is being financed by Japan Bank for International Cooperation (JBIC) now Japan International Cooperation Agency (JICA). 85% of the cost of project is proposed to be financed by JICA while balance 15% of the cost is to be shared by Govt. of U.P. Expenditure Finance Committee (EFC) of Govt. of U. P. cleared this estimate for an amount of ₹1076.9872 crores in its meeting held on 09.07.2007. After appointment of Project Management Consultant (PMC) for the project, detailed survey and investigations were carried out by them and component wise detailed design and engineering was done. On the basis of detailed engineering and component wise estimation, detailed project report amounting to Rs. 2888.88 Crore was prepared. State Expenditure Finance Committee of U.P. cleared this project for an amount of Rs. 2887.92 Crore in its meeting held on 24.12.2010. Govt. of U. P. forwarded this project to Ministry of Urban Development, Govt. of India for approval & allotment of funds. MOUD, Govt. of India cleared the project technically in its meeting held on 07.06.2012. On dt. 04.07.2012 MoUD, Govt. of India has forwarded it to Department of Economic Affairs (DEA), Ministry of Finance, Govt. of India for getting additional loan from JICA. Loan agreement for additional amount has been signed on 31.03.2014 between JBIC and Govt. of India.

### **Project Component:**

Detailed Project Report includes Construction of Sedimentation Tank (370 MLD capacity) at Palra (Distr. Bulandshahar) Head works, Laying of Mild Steel Conduit Pipe line in 161 km, length, to transport 150 cusec raw water from Palra to Agra and Mathura, (34) Construction of Bridge on River Yamuna to cross Conduit pipe, Construction of 144mld capacity Advanced Water Treatment Plant, Rehabilitation of 225mld and 144mld 1 capacity existing Water Treatment Plant, Rehabilitation of Distribution Network in 5 pilot 19.8 Clear Water Reservoir and Replacement of Rising Main. Proposed work of the project have been divided into various packages.

### Present Status of Project

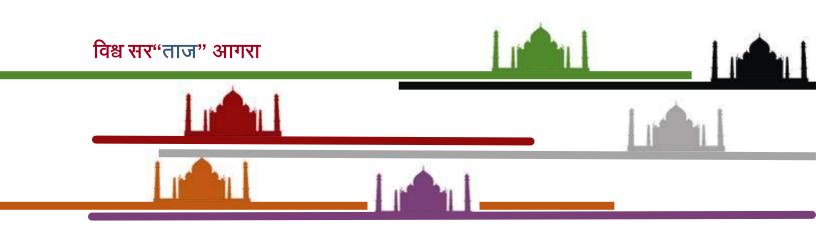

- Head Regulator : A head regulator on Upper Ganga Canal (UGC) has already been constructed to draw 150 cusecs of water.
- Sedimentation Tank: Construction of Sedimentation Tank (370 mld Capacity) at Palra (Disti. Bulandshahar) has been completed.
- Conduit Pipes & Feeder Main: Mild Steel pipe line (2100 mm dia twin pipe line in 97 km., 2800 mm dia 33 km., 1600 mm dia 19 km. and 800 mm dia 12 km.) in 161 km. length is to be laid to transport 150 cusecs of water from headworks near

2. Cx 80 MLD (342 MLD) I T MS 144 Jeen Schendu Palra Regulator (Distt. Bulandshahar) to Agra & Mathura city. Out of which 10 cusecs of water is proposed to be provided to Mathura & rest of 140 cusecs to Agra. Work under progress, 41 km. pipe line against 161 km. has been laid till date. 50

- Construction of Bridge: Constrution of Bridge Across of River Yamuna near Agra to cross conduit pipe has been completed.
- 144mid WTP at Sikandra: In addition to the existing conventional water treatment plant of 225MLD at Jeoni Mandi and 144 MLD at Sikandra an additional water treatment plant of 144 mld (based on advanced treatment technology) to treat Yamuna Water has been commissioned in Feb' 2014 and supply to the public is being made through this plant.
- Rehabilitation of Treatment Plant: The existing treatment plants of 225mld capacity at Jeoni Mandi and 144mld capacity at Sikandra shall be rehabilitated. After rehabilitation and availability of Ganga Water, existing treatment plants will be used to treat Ganga Water. Bids for Rehabilitation of Both Treatment Plants (single stage 3 envelope bidding) received. Evaluation of technical bids under process.
- Rehabilitation of Over Head Tank: Rehabilitation of 2 nos. existing over head tank for Rakabganj & Maithan Zone is completed.
- Construction of Zonal CWR: Construction of 2 nos. Zonal Clear Water Reservoir Naulkha & Shahganj Zone is under progress.
- Performance Based Construction & Maintenance: JICA concurrence on PQ evaluation received on 06.04.2016. Technical bids will be opened shortly. Evaluation of finan cieft bid. will be opened thorty
- Replacement of Rising Mains for Rakabganj & Chhatta Zone of Agra: Contract
  agreement signed. Rising Main is to be laid on the Bank of River Yamuna, Work will start
  after receiving NOC from NGT.

1st in the country - MBBR lechnology treated water

Rehabilitation of 199MLD Capacity at Sikondra - <u>Financial Evaluation</u> <u>Under process</u>. Rehabilitation of 225 MD Capacity at Jeoni Mandi - Financial bid will be opened

#### **CONTENTS**

#### **1. DISCLAIMER**

This request for proposal (RFP) contains brief information about the Project, Qualification Requirements and the Selection process for the successful applicant. The purpose of this RFP document is to provide applicants with information to assist the formulation of their bid application (the 'application').

The' information ('Information') contained in this RFP document or subsequently provided to interested parties (the "applicant(s), in writing by or on behalf of Agra Nagar Nigam (ANN) is provided to Applicant(s) on the terms and conditions set out in this RFP documents and any other terms and conditions subject to which such information is provided. This RFP document does not purport to contain all the information each Applicant may require. This RFP document may not be appropriate for all persons, and it is not possible for ANN, their employees or advisors to consider the investment objectives, financial situation and particular needs of each party who reads or uses this RFP document. Certain Applicants may have a better knowledge of the proposed Project than others. Each Applicant should conduct its own investigations and analysis and should check the Accuracy, reliability and completeness of the information in this RFP document and obtain independent advice from appropriate sources. ANN, their employees and advisors make no representation or warranty and shall incur no liability under any law, statute, rules or regulations as to the accuracy; reliability or completeness of the RFP document and information provided hereunder is only to the best of the knowledge of ANN.

Intimation of discrepancies in the RFP, if any, should be given to the office of the ANN immediately by the Applicants. If ANN receives no written communication, it shall be deemed that the Applicants are satisfied that the RFP document is complete in all respects.

This RFP document is not an agreement and is not an offer or invitation by ANN to any other party. The terms on which the Project is to be developed and the right of the successful applicant shall be as set out in separate agreements contained herein. ANN reserves the right to accept or reject any or all applications without giving any reasons thereof. ANN will not entertain any claim for expenses in relation to the preparation of RFP submissions.

#### 2. PROJECT BACKGROUND OF THE PROPOSAL

ANN is the municipal body of Uttar Pradesh, which comprises of total area of 141 sq. Krns and has total population of 15.76 Lakhs (as per the population census.2011).

This municipal body i.e ANN in order to reduce waste and for waste disposal and cut pollution through the same, has decided to setup a waste to energy plants at Kuberpur under the ANN area.

In general every day 800 metric tones of solid municipal waste is generated under the ANN area. Around 45-50% of the waste constitutes organic waste. It should be noted that the calorific value of MSW in India is significantly lower than the other countries within the region due to the decreased presence of plastics, Styrofoam and rubber and the higher concentration of moisture, dirt and rocks all of which are inert and lower the overall heating value of the waste stream.

ANN proposes to setup compact plant which can handle at least 500 metric tones of daily mixed waste generated by unit. The following are the expectations from the bidder:

1. Area available for the plant	80000 Sq Mtr
2. Municipal Waste to be treated	500 tonnes/day
in the Plant	
3. By Products	Non toxic captured ash, Water vapor & Co2
4. Electricity	Localized power which be grid-fed to nearest grid
	after signing a PPA with the Discom.

5. The bidder is expected to set up a Waste to energy plant based on thermal decomposition of waste without burning of garbage within the plant.

6. There should be a pollution control unit, air emission quality control system to meet WHO/Eu/Us EPA standards for MSW combustors EU/CPCB/Norms.

7. It should be able to process unsegregated waste with 45 % + moisture content and the entire process has to be under a closed building producing no unwanted Odour.

8. The plant should offer maximum output of power per tonne of dry MSW and the unit should be set up on the basis of design, build, own and operate & transfer (DBOOT) for a period of 30 years.

#### 3. Grant of Concession:

Subject to and in accordance with the terms and conditions set out in this agreement, ANN hereby irrevocably grants to Concessionaire and the Concessionaire hereby accepts exclusive right and authority, during the term, to develop ,establish, finance, design, construct, operate and maintain the plant at the site and in addition to the other rights granted under this agreement:

- 1. To exclusively hold, possess, control the site, in accordance with the terms of the concession for the purpose of the due implementation of this project in accordance with the terms of this agreement.
- 2. To receive at the receipt point, during each day of the term, MSW from ANN mainly and primarily from the ANN supply area. The cost of transportation and delivery till the receipt point shall be borne by ANN.
- 3. To refuse to accept any MSW that is in excess of the agreed MSW quantity.
- 4. To inspect the MSW delivered by ANN and identify rejected waste and refuse to accept the rejected waste.
- 5. To store, use, appropriate, market and sell or dispose all the products, by- products obtained after the processing and treatment of the MSW (including but not limited to electricity, methane, RDF, compost and residual inert waste).
- 6. To receive for the purposes of processing at the plant, MSW from ANN or any person authorised by ANN
- 7. To receive all the fiscal incentives and benefits accruing in respect of or on account of the project.

#### 3.1 Rights Associated with the Grant Of Concession

Without prejudice to the generality of foregoing and other provisions of this Agreement, the Concession hereby granted to CONCESSIONAIRE shall include and shall entitle CONCESSIONAIRE, without requiring any further authorization or authority from ANN, to enjoy, the following rights, privileges and benefits in accordance with the provisions of this Agreement and Applicable Laws:

- (a) To design, engineer, finance, procure, construct, install, commission, operate, maintain and transfer the project Facilities either itself or through such person as may be selected by it;
- (b) Upon commissioning of a project Facility, to manage, operate and maintain the same either itself or through such person as may be selected by it;
- (c) To borrow or raise money or funding required for the due implementation of the project and mortgage, charge or create lien or encumbrance on the whole or part of

the project Facilities, provided however, no creation of mortgage, charge, lien or encumbrance on the land shall be permitted.

(d) To obtain the utilities required for enabling the construction of the project Facilities, on payment of applicable charges for the utilities.

#### 3.2 Sale and Marketing of products from processing MSW

ANN hereby confirms that CONCESSIONAIRE shall be free to sell or otherwise dispose of any products derived or produced from the plant as a consequence of undertaking the processing of the MSW and Sewage including electricity of RDF or fluff or gas or Sludge or Residual Treated Water or any other products or byproducts, other material recovered or produced from MSW and the Sewage at the plant, by providing timely information to ANN. CONCESSIONAIRE shall have the right to sell or otherwise dispose such products, at such price and to such persons and using such marketing and selling arrangements as it may deem appropriate.

#### 3.3 Compensation in case of failure to deliver Minimum MSW Quantity

ANN recognises that the delivery by ANN every day of the MSW Quantity 500 tonnes per day is critical for ensuring the due implementation of the project. ANN hereby agrees that in consideration of CONCESSIONAIRE implementing the project, it hereby assures and undertakes that it shall deliver, on every day after the COD, MSW equivalent to at least the 500 tones MSW Quantity at the Receipt Point, in accordance with the Delivery Schedule, and in the event it is not able to deliver the 500 MSW Quantity for a period of two consecutive days, it shall pay CONCESSIONAIRE for each day of such failure after the two day period, as a pre- agreed reasonable compensation, an amount ("Deficiency Amount.") that is the Equal to:

Deficiency Amount shall be the aggregate of the cost incurred by

CONCESSIONAIRE in:

- (i) Obtaining the Supplementary Fuel at the Site and
- (ii) Any cost incurred by CONCESSIONAIRE in ensuring the operation of the power plant on the Supplementary Fuel so obtained.

This amount shall be notified by CONCESSIONAIRE to ANN together with a certification of the same by the auditor of CONCESSIONAIRE.

#### 3.4 Compliance With Applicable Laws and Environment Laws

CONCESSIONAIRE shall construct, operate and maintain the plant (and each of the Project Facilities) in accordance with Applicable Laws, including but not limited to all the applicable laws relating to protection and safeguard of the environment and the laws for preventing and monitoring pollution of environment, and obtain and maintain the Applicable Approvals required for the same.

#### 3.5 Repair and Maintenance Work of the Plant

CONCESSIONAIRE shall have the right to suspend receiving and processing of MSW, if required, for undertaking maintenance or repair of any of the Project Facilities. CONCESSIONAIRE shall provide ANN of one (1) week advance notice of any repair and maintenance work of any of the Project Facilities that will result in the suspension of the operations of the Plant or a reduction in the capacity of the Plant to process the MSW being supplied by ANN.

The Parties hereby agree that, except for shut down due to Force Majeure, the maximum number of days that the Plant will be permitted to be shut down for repair and maintenance work in a calendar year, without attracting default provisions shall be limited to an aggregate of fifty five (55) days.

#### 3.6 Processing of MSW

In the event the Plant has not been able to accept MSW equivalent to the Minimum Guaranteed Quantity, with the exception of Clause 3.5 above and applicable force majeure

CONCESSIONAIRE shall pay ANN, as due compensation for such default, an amount that shall be the higher of

- (i) Any Tipping Fee that the ANN had to bear in order to dispose of the Unaccepted Quantity, or
- (ii) An amount of Rupees One Hundred (Rs 100/-) per ton of Unaccepted Quantity. This amount of Rs. 100 per ton shall be increased at the rate of 5% per annum from the Date of Commissioning of Plant.

For the purposes of this Clause:

"Unaccepted Quantity" means the difference of actual MSW Quantity supplied by ANN during the week (subject to maximum of Minimum Guaranteed Quantity) and the actual quantity accepted by the Plant in the relevant week. "Tipping Fee" means any fees or charges payable by ANN to any person including to dispose off its Municipal Waste/Rejected Waste/Residual Inert Matter at the Landfill Site of the concerned Person.

#### **3.7 ADDITIONAL OBLIGATIONS OF ANN**

Without prejudice and in addition to the other obligations of ANN specified in this Agreement, ANN shall have the following additional obligations to enable the due implementation of the project by the Concessionaire:

#### 3.8 Disposal of Waste during Plant Shutdown

It is hereby agreed that such quantity of MSW that cannot be accepted by CONCESSIONAIRE for processing in the Plant because of shut down of the Plant in

accordance with Clause 3.5 for repair and maintenance or upon the occurrence of Force Majeure Event, shall be disposed by ANN, at its own cost, directly at the Landfill Site or at such other location or in such other manner as may be deemed appropriate by ANN.

#### 3.9 ANN Assistance in Enabling Financing

ANN hereby agrees that it shall enter into such agreements on mutually acceptable terms and conditions as may be reasonably required by the Lenders in order to enable the financing of the Project. ANN acknowledges that under the Financing Documents the Lenders may, in certain events, take over the Plant for management or for sale or provide for transfer of the Plant to another person. ANN hereby agrees to enter into, subject to the approval of the Government of Uttar Pradesh, any direct agreement with the Lenders, as may be required by the Lenders to enable financing of the Project. ANN agrees, for the purposes of the Financing Documents, to intimate to the Lenders by such notice as required under the Financing Documents:

- (a) Of the happening or likely happening of an Event of Default on the part of ANN or CONCESSIONAIRE;
- (b) Of the termination of this Agreement by ANN or by CONCESSIONAIRE;
- (c) Of the occurrence, continuance and cessation of any force majeure cause;
- (d) Of any other breach or default on the part of CONCESSIONAIRE under this Agreement,

#### 3.10 COVENANT OF NON-INTERFERENCE

#### I. <u>Non Interference By ANN</u>

- (a) ANN covenants with CONCESSIONAIRE that ANN or any of its officers, employees or workmen shall not, at any time, during the Term of this Agreement interfere with or obstruct in the functioning, running and the overall management of the project and in any matter in relation to or connected therewith, subject to the provisions of this Agreement.
- (b) ANN shall have no right, title or interest to the technology that would be used by CONCESSIONAIRE in the development, operation and maintenance of the project Facilities. ANN agrees that any technology that may be employed by CONCESSIONAIRE in the development, operation and maintenance of the Project Facilities would be proprietary technology obtained under specific license and ANN hereby undertakes that it shall not violate or cause a breach of the license arrangements of CONCESSIONAIRE for appropriate technology.

#### II. Site Visits by ANN

ANN shall have the right to send its duly authorized representatives to visit the Site, during normal working hours after providing at least one hour notice, provided however, the representatives of ANN shall not interfere with or prevent CONCESSIONAIRE officials from discharging their functions and further the ANN representatives shall not cause the suspension of the operations of the Plant and will abide by the safety and other regulations (including but not limited to regulations limiting movement of personnel) put in place by CONCESSIONAIRE at the Site.

#### 3.11 Termination due to Event of Default

#### a) Termination for CONCESSIONAIRE Event of Default:

- Without prejudice to any other right or remedy which ANN may have in respect thereof under this Agreement and subject to the existing rights of the Lenders (including the rights under Clause 3.9), upon the occurrence of a CONCESSIONAIRE Event of Default, ANN shall be entitled to terminate this Agreement in the manner as set out under Clause 3.11 (ii) and Clause 3.11 (iii).
- (ii) If ANN decides to terminate this Agreement pursuant to preceding Sub-Clause, it shall in the first instance issue Preliminary Notice to CONCESSIONAIRE. Within thirty days of receipt of the Preliminary Notice, CONCESSIONAIRE shall submit to ANN in sufficient detail, the manner in which it proposes to cure the underlying Event of Default ("CONCESSIONAIRE's Proposal to Rectify"). In case of non-submission of CONCESSIONAIRE's PROPOSAL OF Rectification within the said period of 30 days. ANN shall be entitled to terminate this Agreement by issuing Termination Notice, if subsisting.
- (iii) If the CONCESSIONAIRE's proposal to Rectify is submitted within the period stipulated therefore, CONCESSIONAIRE shall have further period of 30 days to remedy/ cure the underlying Event of Default. If, however CONCESSIONAIRE fails to remedy/cure the underlying Event of Default within such further period allowed ANN shall be entitled to terminate this Agreement, subject always to the provisions of Clause 3.9, by issue of Termination Notice, if subsisting.

#### b) Termination for ANN Event of Default:

- i) Without prejudice to any other right or remedy which CONCESSIONAIRE may have in respect thereof under this Agreement and subject to the rights of the Lenders, upon the occurrence of ANN Event of Default, CONCESSIONAIRE shall be entitled to terminate this Agreement by issuing Termination Notice.
- ii) If CONCESSIONAIRE decides to terminate this Agreement pursuant to preceding Sub-Clause (i) it shall in the first instance issue Preliminary Notice to ANN. Within 30 days of receipt of Preliminary Notice ANN shall forward to CONCESSIONAIRE its proposal to remedy / cure the underlying Event of Default (the"ANN proposal to Rectify"). In case of non-submission of ANN Proposal to Rectify within the period stipulated therefore, CONCESSIONAIRE shall be entitled to terminate this Agreement by issuing Termination Notice.
- iii) If ANN Proposal to Rectify is forwarded to the CONCESSIONAIRE within the period stipulated thereof, ANN shall have further period of 30 days to remedy /cure the underlying Event of Default within such further period allowed, the CONCESSIONAIRE shall be entitled to terminate this Agreement by issuing Termination Notice.

#### c) Termination Notice:

If a party having become entitled to do so decides to terminate this Agreement pursuant to the preceding Sub-Clause (a) or (b), it shall issue Termination Notice setting out:

- (i) In sufficient detail the underlying Event of Default;
- (ii) The Termination Date which shall be a date occurring not earlier than 60 days from the date of Termination Notice;
- (iii) The estimated termination payment including the details of computation thereof; and
- (iv) Any other relevant information.

The parties hereby agree that any Termination Notice shall also be sent to all Lenders by registered post/courier and a public notice of default of the CONCESSIONAIRE/ANN in leading daily newspaper (of both English and the prevalent local language) of the city shall also be published.

#### d) Obligation of Parties upon receipt of Termination Notice:

Following issue of Termination Notice by either Party, the Parties shall, subject to the provision of the Financing Documents and the rights of the Lenders provided therein, promptly take all such steps as may be necessary or required to ensure that:

- (i) Until Termination the parties shall, to the fullest extent possible, discharge their respective obligations so as to maintain the continued operation of the Project Facilities.
- (ii) The Termination Payment, if any, Payable by ANN in accordance with the following sub-clause is paid to CONCESSIONAIRE on the Termination Date and
- (iii)The Project Facilities are handed back to ANN by Concessionaire on the Termination Date free from any Encumbrance along with any payment that may be due by CONCESSIONAIRE to ANN.

#### e) Withdrawal of Termination Notice:

Notwithstanding anything inconsistent contained in this Agreements, if the Party who has been served with the Termination Notice cures the underlying Event of Default to the satisfaction of the other Party at any time before the Termination occurs, the Termination Notice shall be withdrawn by the Party which had issued the same.

Provided that the Party in breach shall compensate the other Party for any direct costs /consequences occasioned by the Event of Default which caused the issue of Termination Notice.

#### **f**) **Termination Payments**

1. upon Termination of this Agreement on account of ANN Event of Default, CONCESSIONAIRE shall be entitled to the following termination payments:

- (a) If the Termination occurs prior to the COD, then ANN shall pay to the CONCESSIONAIRE Termination Payment equivalent to the aggregate Development Costs incurred by CONCESSIONAIRE and
- (b) If the Termination occurs after COD, then ANN shall pay CONCESSIONAIRE as Termination Payment, a sum equal to:

The total Debt Due, plus

150% (One Hundred Fifty percent) of the Equity subscribed in cash and actually spent on the Project if such Termination occurs at any time during three years commencing from the COD and for each successive years thereafter, such amount shall be adjusted every year to fully reflect the changes in WPI during such year and the adjusted amount so arrived at shall be reduced by 7.5% (seven and half percent) per annum.

2. Upon Termination of this Agreement on account of CONCESSIONAIRE Event of Default ANN shall not be liable to pay any termination payment to CONCESSIONAIRE, but shall be liable to ensure that the Lenders are duly notified of the Preliminary Termination Notice and the lenders are involved in the resolution of the their rights pursuant to the Financing Documents and Clause below. In the event of an issuance of a Preliminary Termination Notice on account of CONCESSIONAIRE Event of Default is not cured and the Lenders fail to exercise or enforce or commence proceedings for the exercise or enforcement of their rights (including security rights and Step-in Rights) pursuant to the relevant financing Documents, ANN shall have the right to Terminate this Agreement and take over the project Facilities without having the obligation to transfer the Project Facilities together with the Encumbrances created in favour of the Lenders under the Financing Agreements, in accordance with the provisions of Clause below provided however, this shall not prejudice any right to receive payment from ANN that may have accrued to CONCESSIONAIRE Event of Default and in case Lenders do not exercise their right to Substitute and decide to enforce security and encumbrances as per provision of Clause, the proceeds from the sale of Project Facilities shall be first used to cover Lenders dues. Any amount remaining after satisfying Lenders dues shall be payble to ANN, as compensation from CONCESSIONAIRE.

#### 3.12 Accrued Rights of Parties

Notwithstanding anything to the contrary contained in this Agreement, any termination of this Agreement shall be without prejudice to accrued rights of either Party including its right to claim and recover any damages and other rights and remedies which it may have in law or contract. The rights and obligations of either Party under this Agreement, including without limitation those relating to the Termination Payment, shall survive the Termination but only to the extent such survival is necessary tor giving effect to such rights and obligations.

#### 3.13 Scope of work of the concessionaire:-

- 1. Installation & Commissioning for the plant within 18 months of signing of concession agreement.
- 2. Installation of all emission & odour control measures as per guidelines of UPPCB & other pollution control norms within 18 months.

ANN will facilitate to sign a PPA with the DISCOM of the State at such rates as may be determined by the UPERC. Any shortfall shall be reimbursed by the ANN on such accepted rates as per concessionaires price offer for 30 years.

# 4. TECHNICAL QUALIFICATION AND GENERAL TERMS & CONDITIONS:

#### 4.1 GENERAL INSTRUCTIONS

- 4.1.1 The bidder must provide all the information requested for in the RFP Document. ANN reserves the right to reject any offer that does not contain all the information requested thereof.
- 4.1.2 ANN shall not entertain any post submission date communication from the applicant with respect to the bids. However after the submission of the RFP Document and other supporting documents/data by the applicant, ANN reserves the right to call for additional information/ clarifications from successful bidders. The bidders should furnish such requirements within such time as may be permitted by ANN.
- 4.1.3 A draft of the agreement proposed to be entered into by ANN with the successful bidder for the licensing agreement in the land parcel is attached along with this RFP Document which is duly required to be executed by the applicant in case the tender is awarded to him/her. (Annexure-10)
- 4.1.4 The bidder as a token of acceptance of all conditions, shall be required to sign with stamp on every page of the RFP Document including the Tender Document, License Agreement, addendum/query (if any), other enclosures provided herewith as an annexure and any other submissions by the bidder.

#### 4.2 TERMS AND CONDITIONS OF THE OFFER

- 4.2.1 This document constitutes no form of commitment on the part of ANN, whether in respect of the bidding process or otherwise. Furthermore, this RFP document confers neither the right nor the expectation on any applicant to participate in the bidding process.
- 4.2.2 ANN reserves the right to reject any or all of the applicants including the highest bidder, if it considers necessary to do so, and or to withdraw from the bidding process or any part of the bidding process or to vary any of the terms at any time without giving any reason. Nothing contained herein shall confer right upon a bidder or any obligation upon ANN.
- 4.2.3 Nothing in this RFP Document or in any communication issued by ANN or any of their advisers or officers or employees shall be taken as constituting an agreement, offer, acceptance, warranty, covenant, confirmation or representation to the recipient of this document or any other party.

#### 4.3 Bid Security:

4.3.1 The Bidder shall furnish as part of its Proposal, a Bid Security equivalent to Rs.

5,00,000/- (Rupees five lakhs only) in the form of a bank guarantee issued by  $$\rm a$$ 

scheduled /nationalized bank / State Bank of India or any of its subsidiaries (other than a regional rural banks and cooperative banks) drawn in favour of "Municipal Commissioner, Agra" in the format at Appendix 8 (the **"Bank Guarantee")** and having a validity period of not less than 180 (one hundred and eighty) days from the Proposal Due Date, as may be extended by the Bidder from time to time.

4.3.2 Bid Security can also be in the form of a Fixed Deposit Receipt pledged in favour of

"Municipal Commissioner, Agra" (the **"FDR")**, drawn on Nationalized bank / State Bank of India or any of its subsidiaries (other than a regional rural banks and cooperative banks) in India and having a validity period of not less than 180 (one hundred and eighty) days from the Proposal Due Date, as may be extended by the Bidder from time to time.

- 4.3.3 Any Proposal not accompanied by the Bid Security shall be rejected by ANN as non-responsive and shall be summarily rejected.
- 4.3.4 The Bid Security of unsuccessful Bidders will be returned by ANN without any interest, as promptly as possible on acceptance of the Proposal of the Selected Bidder or when the Bidding process is cancelled by ANN.
- 4.3.5 The Selected Bidder's Bid Security will be returned, without any interest, upon the Bidder signing the Concession Agreement and furnishing the Performance Security in accordance with the provisions thereof.
- 4.3.6 ANN shall be entitled to forfeit and appropriate the Bid Security in any of the events specified in Clause 4.3.7 herein below. The Bidder, by submitting its Proposal pursuant to this RFP, shall be deemed to have acknowledged and confirmed that ANN will not suffer any loss and damage on account of withdrawal of its Proposal or for any other default by the Bidder during the Proposal Validity Period. No relaxation of any kind on Bid Security shall be given to any Bidder.
- 4.3.7 The Bid Security shall be forfeited and appropriated by ANN without prejudice to any other right or remedy that may be available to ANN hereunder or otherwise, under the following conditions:
  - (a) If a Bidder engages in a corrupt practice, fraudulent practice, coercive practice, undesirable practice or restrictive practices.

- (b) If a Bidder withdraws its Proposal during the period of Proposal validity as specified in this RFP and as extended by the Bidder from time to time;
- (c) In the case of Selected Bidder, if it fails within the specified time limit:
  - i) to sign the Concession Agreement and/or
  - ii) to furnish the Performance Security within the period prescribed therefore in the Concession Agreement;
- In case the Selected Bidder, having signed the Concession Agreement, commits any breach thereof prior to furnishing the Performance Security.

#### 4.4 Performance Security:

- (a) The Concessionaire shall, for the due and punctual performance of its obligations relating to the Project, deliver ANN, prior to / simultaneous with the execution of this Agreement, a bank guarantee substantially in the format provided in the **Annexure-9** from a nationalized bank / State Bank of India or any of its subsidiaries (other than regional rural banks and cooperative banks), ("Performance Security") for a sum of Rs. 150 Lakhs (Rupees One Hundred Fifty Lakhs only) valid initially for a period of 24 (twenty four) months from the date of submission of Performance Security. The Performance Security shall be kept valid by the Concessionaire throughout the Concession Period by renewal or otherwise
- (b) The Performance Security in favour of ANN shall be kept valid throughout the Concession Period by renewal or otherwise.
- (c) If the Agreement is terminated due to any event other than a Concessionaire Event of Default, the Performance Security if subsisting as of the Termination Date shall, subject to the ANN's right to receive or recover amounts, if any, due from the Concessionaire under this Agreement, be duly discharged and released to the Concessionaire.
- (d) In case, the Performance Security has been invoked in part or full in accordance with the terms of this Agreement, the Concessionaire undertakes to forthwith furnish a top up guarantee or replenish the Performance Security in the manner such that the aggregate value of the performance guarantee equals the original value of Performance Security.

#### 4.5 EVALUATION OF BIDS

The evaluation of the bids will be completed in two stages.

- Stage 1 Technical Qualification and short listing
- Stage 2 Financial evaluation of Bids.

The entire tendering process has been explained elaborately in Section 5 of this document.

**4.5.1** The successful bidder shall be issued Letter of Acceptance (LoA) by ANN. After unconditional acceptance of the LoA in writing, the Bidder shall enter into license Agreement with ANN and carry out the responsibilities as detailed out elsewhere in this RFP document. In case, the successful bidder, backs out or retracts his/her/their offer or submit post tender opening submission or submit conditions prior to accepting LoA, the bid security submitted by the bidder shall be forfieted.

#### 4.6 TECHNICAL QUALIFICAION CONDITIONS:

- 4.6.1 The bidder can be a reputed firm, National/Multinational, Proprietor, partnership firm, registered co-operative society, public or private limited company incorporated under the provisions of Indian Companies Act, 1956, whether resident in India or outside or a foreign company. A non Indian bidder can also participate either on its own or in a consortium with an Indian bidder as per the rules and regulations set by Government of India.
- 4.6.2 The bidder should be legally competent to enter into contract as per prevailing laws.
- 4.6.3 Only those bidders meeting both the following capability criteria will be "Technically Qualified" for the project.

#### (i) Technical Capability

- (a) The firm should have at least 1"one" waste to energy project, operational in India or abroad.
- (b) The bidder shall have to furnish an affidavit on Non Judicial Stamp paper of Rs 200/- duly attested by a Notary Public indicating that he/she has not been debarred /blacklisted by ANN or any other civic body of GoI or State Govt. or PSU or by any other Government or organization abroad.

#### (ii) Financial Capability

Bidder should submit a letter of confirmation certifying their financial capability to fulfill the conditions of the contract under BOO

#### 4.7 EXPLANATIONS FOR THE PURPOSE OF TECHNICAL QUALIFICATION

4.7.1 The outlets for which experience is claimed by the bidder must be completed and operational at the time of submission of this tender.

#### 5. TENDERING PROCEDURE AND SCHEDULE:

#### 5.1 CLARIFICATIONS

#### 5.1.1 Queries and their Response-

- Queries, if any, may be sent in writing to ANN and the same should reach ANN as per schedule mentioned in Clause 1.1. However, response to queries/addendums will be uploaded on ANN website. All the bidders are requested to be in touch with ANN website
- (ii) Clarifications may be circulated to all the intending bidders and shall form part of RFP Document. ANN may, if it prefers, issue a fresh RFP and relevant enclosures incorporating the amendments.

#### 5.1.2 Information Requirement:

- (i) If any information about the subject site is required by the prospective bidders prior to the date of bid submission, the same can be obtained from:
   Er. Suresh Chand, Chief Engineer,
   Agra Nagar Nigam, Agra.
   Mobile : 09319406010
- (ii) ANN reserves the right to not offer clarifications on any issue or if it perceives that the clarifications can only be made at a later stage, it can do so at a later date.
- (iii) No extension of any deadline will be granted on the basis or grounds that ANN have not responded to any question or not provided any clarification.

#### 5.2 AMENDMENT OF RFP:

- 5.2.1 At any time prior to the Proposal Due Date, ANN may, for any reason, whether at its own initiative or in response to clarifications requested by a Bidder, modify the RFP through the issuance of Addenda. These will be uploaded on ANN website. All the bidders are requested to be in touch with ANN website
- 5.2.2 All prospective bidders may note that all future communication w.r.t this tender including addendum/corrigendum etc, if any, will be placed on our website www.nagarnigamagra.com.
- 5.2.3 In order to give the Bidders reasonable time, in which to take an Addendum into account, or for any other reason, ANN may, at its discretion, extend the Proposal Due Date. Bidders are advised to keep in touch with ANN website for latest updates regarding the tender.

#### 5.3 PREPARATION AND SUBMISSION OF PROPOSAL:

- 5.3.1 Completed proposals shall be accepted up to 1500 hrs. only, on date of RFP submission (Clause 1.1) at the O/O Chief Engineer, Agra Nagar Nigam, Room no.: 227.
- 5.3.2 ANN, at its sole discretion, retains the right, but is not obligated to extend the RFP Submission Date, by issuing an Addendum to those parties who have purchased the tender document from the office of ANN and by also placing the same in the official web site of ANN.
- 5.3.3 Bidders shall furnish the information strictly as per the formats given in Annexures of this document, without any ambiguity. ANN shall not be held responsible if the failure of any bidder to provide the information in the prescribed formats results in lack of clarity in interpretation and consequent disqualification.
- 5.3.4 In case of a Consortium, wherever required, the Proposal must contain such information individually for each member of the Consortium.
- **5.3.5** In case of a Consortium, the members shall submit a Memorandum of Agreement (MoA) conveying their intent to jointly bid for the project, and in case the license contract is awarded to them, will subsequently carry out all its responsibilities as the 'Concessionaire'. The MoA shall also include the nomination of the Lead Member in the Consortium and clearly outline the proposed shareholding and responsibilities of each member at each stage. Format for this MoA is enclosed as Annexure
- 5.3.6 All proposals/bids/offers shall be numbered, signed & stamped on Each Page by the duly 'Authorized Signatory' of the Bidder. In case of a Consortium, the proposal shall be signed by the duly Authorized Signatory of the Lead Member. Bidders shall submit a supporting Power of Attorney, authorizing the Signatory of the Proposal to commit the Bidder and agreeing to ratify all acts, deeds and things lawfully done by the said Authorized Signatory. In case of a Consortium, such Power of Attorney shall be signed by all members of the Consortium and shall be legally binding on all of them.
- 5.3.7 The Proposal shall be initialed on each page by the Authorized Signatory. All the alterations, omissions, additions, or any other amendments made to the Proposal shall also be initialed by him.

- 5.3.8 All witnesses and sureties shall be the persons of status and probity and their full names and addresses shall be stated below their signature. All signatures in the Proposal documents shall be dated.
- 5.3.9 Bidders are required to submit only one set of the Proposal, including the Original RFP issued to them.
- 5.3.10 Any firm, which submits or participates in more than one Proposal for the said project shall be disqualified and shall also cause the disqualification of all the Consortia in which it is a Member.

#### 5.4LANGUAGE AND CURRENCY:

- 5.4.1 The Proposal and all related correspondence and documents shall be written in English language.
- 5.4.2 If any supporting document attached to the bid is in any other language, the same will be supported by an English translation and in case of any ambiguity the translation shall prevail.
- 5.4.3 The currency for the purpose of the proposal shall be the Indian National Rupee.

#### 5.5 BIDDER'S RESPONSIBILITY:

- 5.5.1 It would be deemed that prior to the submission of Proposal; the Bidder has made a complete and careful examination of
  - (i) The requirements and other information set forth in this RFP document.
  - (ii) The various aspects of the Project including, but not limited to the following:
    - (a) The Project Site, its technical requirements, existing facilities and structures, etc in the vicinity of the Project Site;
      - (b) All other matters that might affect the Bidder's performance under the terms of this RFP, including all risks, costs, liabilities and contingencies associated with the project.

#### 5.5.2 Site Visit

(i) The bidders prior to submitting their tender for the project, are expected to visit and examine the project site and the site surroundings at his/her own expenses, and ascertain on their own responsibility information, technical data, traffic data, market study, etc. including actual condition of existing services which may or may not have to be shifted/removed/replaced etc.

- (ii) It shall be assumed that all these factors were accounted for by the bidder while quoting his/her bid. The bidder shall be deemed to have full knowledge of the site whether he/she inspects it or not.
  - 5.5.3 ANN shall not be liable for any mistake or error or neglect by the Bidder in respect of the above. Proposals that are not substantively responsive to the requirements of this RFP document will be rejected.

#### 5.6 SEALING AND MARKING OF PROPOSALS:

- 5.6.1 The Proposals shall be sealed, marked and submitted as explained below.
  - (i) The Qualification documents shall be sealed in a separate envelope (Envelope No.1), duly marked as "TECHNICAL QUALIFICATION" and shall contain the following:
  - (a) Letter of Application and Interest (As per Annexure 1)
  - (b) General Information of the Bidder (As per Annexure 2)
  - (c) Summary of Technical Capability (As per Annexure 3)
  - (d) Memorandum of Agreement (MoA) in case of a Consortium (As per Annexure 6)
  - (I) Power of Attorney for Signing of Application (As per Annexure 7)
  - (g) Affidavit (As per Annexure 5)
  - (h) Original RFP Document duly signed (on each page) by an authorized representative as a token of acceptance.
  - (i) Bid security of Rs. 5.00 Lakhs as specified in this document elsewhere.
  - (j) Rs. 21000/- DD in lieu of cost of tender document, if document is downloaded from the website.
  - (ii) The Bidder shall seal the Proposal (As per Annexure 4) in a separate envelope (Envelope No.2), duly marked as "PROPOSAL".
  - (iii) All the above 2 envelopes shall be enclosed in an outer cover envelope marked as "RFP for waste to energy plant in ANN Area'.
- (iii) The Outer envelope shall be addressed to:

Nagar Ayukt, Agra Nagar Nigam, Agra.

- 5.6.2 If the envelope is not sealed and marked as instructed above, ANN assumes no responsibility for the misplacement or premature opening of the Proposal submitted. In this case, the prematurely opened proposals will be rejected and duly returned.
- 5.6.3 Any Proposal received by ANN after 15:00 hrs (1ST) on the Due Date will be liable for rejection.

#### 5.7 MODIFICATION AND WITHDRAWAL OF PROPOSALS:

5.7.1 No Proposal shall be modified or withdrawn by the Bidder after the Proposal Due Date.

#### 5.8 OPENING OF BIDS:

- 5.8.1 The Technical bids received shall be opened by a Committee duly constituted by ANN in the presence of the bidders or their nominees, who choose to attend, at 15:30 hrs on due date, unless intimated otherwise. The date for opening of PROPOSAL (i.e Annexure 4) shall be intimated in advance to the technically qualified bidders.
- 5.8.2 ANN reserves the right to reject any Proposal, if:
  - (i) It is not signed, sealed and marked as stipulated in Clause 3.6
  - (ii) The information and documents have not been submitted as requested and in the formats specified in the RFP.
  - (iii) There are inconsistencies between the Proposal and the supporting documents.
  - (iv) There are conditions proposed with the Technical Proposals.
  - (v) It provides the information with material deviations, which may affect the scope or performance of the Project.

5.8.3 A material deviation or reservation is one:

(i) Which affects in any substantial way, the scope, quality, or performance of the Project,

Or

(i i) Which limits in any substantial way, inconsistent with the RFP document, ANN's rights or the Bidder's obligations,

Or

(iv) Which would unfairly affect the competitive position of other Bidders' presenting substantially responsive bids.

5.8.4 No request for modification or withdrawal shall be entertained by ANN respect of such Proposals as detailed in clause 3.8.2 above.

#### 5.9 EVALUATION OF PROPOSALS:

The evaluation will be done as explained below.

5.9.1 The bid of envelope 2 of the technically qualified bidders shall be opened in the intimated time and date by ANN is presence of the bidders or their nominees. Methodology of evaluation of bids shall be based on the following concepts:

As per the electricity regulatory commission UP's recommendations terrif of Rs. 6.91/KWH has been recommended for alternate energy to be purchased by UPPCL. The bidder shall quote their rates over or under this value and their total production of electricity in KWH. Obviously the minimum cost thus arrived which has to be borne by Nagar Nigam/State Govt. will be the criteria of the acceptance of the bid.

S.	Description	Details
No.		
1	Bidders proposal for generation of electricity in KWH from	
	500 tonne MSW.	
2	Rate sought by bidder over or under Rs. 6.91/KWH (+ or -)	
3	Amount (+ or -)	

This methodology is applicable for evaluation of bid purpose only.

- 5.9.2 Even if only a single bid is received (and technically qualified) or a single bid amongst several is technically qualified, ANN retains the right to open its Proposal (i.e. Annexure 4) and award the project.
- 5.9.3 ANN would have the right to review the Proposals and seek clarifications where necessary after giving due notice. The response from the Bidder(s) shall only be in writing but no change in the substance of the Proposal would be permitted. It is clarified that bidders are free to make suggestions but are not allowed to submit any conditional bid as specified earlier.
- 5.9.4 ANN reserves the right to reject any tender if it is of the opinion that the bidder lacks the expertise, experience and is not in possession of requisite infrastructure required for the purpose of the project. The discretion of Municipal Commissioner, ANN in this respect shall be final and binding on all bidders.

#### 5.10 CONFIDENTIALITY:

5.10.1 Information relating to the examination, clarification, evaluation and recommendation for the short-listed Bidders shall not be disclosed to any person not officially concerned with the process. ANN will treat all information submitted as part of all proposals in confidence and will insist that all who have access to such material treat it in confidence. ANN will not divulge any such

information unless it is ordered to do so by any Government authority that has the power under law to require its disclosure or due to statutory compliances.

#### 5.11 ACCEPTANCE OF THE OFFER:

- 5.11.1 ANN shall issue Letter of Acceptance (LoA) to the selected bidder for the project.
- 5.11.2 The selected bidder is required to send his unconditional acceptance of LoA within seven (7) days from the date of its issue of LOA.
- 5.11.3 ANN shall retain the right to withdraw the LoA in the event of the selected developer's failure to accept the LoA within the limit specified in the above clause.

#### 5.12 EXECUTION OF CONCESSION AGREEMENT:

- 5.12.1 The successful bidder is required to sign the Concession Agreement within 30 days of issue of the LoA by ANN. But prior to signing of the Agreement, the Bidder must satisfy the following conditions:
  - (i) The Bidder has submitted certified true copies of all resolutions adopted by its/their Board of Directors authorizing it/them for execution, delivery and performance of this Agreement to ANN before the signing of this Concession Agreement.
  - (ii) The cost of stamp duty for execution of Concession Agreement, registration charges and any other related Legal Documentation charges and incidental charges will be borne by the successful bidder.
  - (iii) In case of failure to sign the License Agreement within the stipulated time, ANN shall retain the right to cancel the Award.

आगरा सॉलिड वेस्ट मैनेजमेंट के निस्तारण के राम्बन्ध में। विषय :

महोदय.

पत्राकः :

जे.एन.एन.य.आर.एम. के अन्तर्गत सोंजिड देस्ट मैंनेजमेंट की योजना भारत सरकार से स्वीकृत हुई थी। स्वीकृत जोजना के अन्तर्गत डॉर टू-डोर कलेक्शन, ट्रांसपोर्टशन तथा प्रोसेसिंग प्लाट की रेथापना एवं संचालन के लाई हेतु में, शत्सु अर्थन इन्फ्रांटेक के साथ पृथक-पृथक अनुवन्ध क्रमशः दिनांक 27.12.2018 एवं दिगांक 18.12.2008 को निष्पादित किये गये थे। फर्म द्वारा डोर--दू--डोर कलेक्शन ट्रांसपोर्टेशन का कार्य दिनांक 27.12.2010 से प्रारम्भ कर लग्धांग 22 फह एवं वेस. प्रौसेंसिंग का कार्य माह सितम्बर, 2011 से प्रारम्भ कर लगभग 24 माह किया गया। परन्तु कर्म द्वारा डोर–टू–डोर कलेवशन का कार्य कर किये जाने एवं अनेकों प्रयास किये जाने के उपरासा भी पुनः प्रारम्भ न किये जाने के कारण डोर-टू-डोर करेक्शन एग्ड ट्रांसपोर्टेशन का अनुबन्ध दिनांक 20.10.2013 को 'नेरस्त कर रू. 3.64 करोड़ की प्ररफोरमेंस गारन्दी सी एम्ड डीएस, जल निगम द्वारा Encash करा ली गयी।

फर्म द्वारा वेस्ट प्रोसेसिंग का कार्य बन्द किये जाने के कारण फर्म के साथ इस हेत् किया गया अनुबन्ध भी दिनांक 01 09 2015 को निरस्त कर दिया गया। उक्त दोनों कार्यों के निरस्तीकरण क अनुमंदन भी नगर निगम सदन हारा दिनांक 21.02.2015 को प्रदान किया जा चुका है (कार्यवृत्त संलगन 初日

दिनांक 31.07.2016 को आहूत अनुभवम समिति को बैठक में अध्यक्ष अनुभवम ' समिति/आयुक्त, आगच मण्डल, आगरा द्वार भी सॉलिड वेस्ट का विधिवत निस्तारण किये जाने के सम्बन्ध में त्यसित कार्यवाही किये जाने के निर्देश दिये गये।

सॉलिड गेरट मैनेजमेंट के निस्तारण हेतु वेस्ट टू एनपी पर आधारित एवं 30 टर्ष के एग्रीमेट के लिए आर.एफ.पी. (Request for Proposal) दिनांक 18.03.2015 की आमंत्रित किये थये, जिसकी प्री–बिंड बैठक निर्धारित दिनांक 11.09.2015 को आहुत की गयी। बैठक में निम्न फर्मों के प्रतिनिधियां द्वारा प्रतिभाग किया गया :--

- E Delhi MSW Soloutions Ltd (A Ramky Group Venture), New Delhi,
- #TF Urban Infrastructure Ltd. New De hi.
- 3 SPAAK Bresson Pvt, Ltd, New Delhi.
- 4 Scobury Green Energy Pvt. Ltd, Mysore.
- 3 Green Power International Pvt. Ltd. Noida.

उक्त 05 फर्मा में से क्रमांक-5 पर अंकित फर्म को छोड़कर (4 गर्मों के द्वारा आएएफ) मी डॉक्यूनेंट पर सुझाव/ त्यन्त्रीकरण प्रेषित किये गये, जिन पर दिनांक 11.08.2015 को नगर निलम में बैठक कर फर्मा द्वारा दिये गये लिखित सुझावॉ/रपष्ठीकरणों पर यत्तां कर उचित आवश्यक संशोधन কিয়া ময়া।

संशोधित आर.एफ.पी. को नगर निगम की वेबसाइट पर अपलोड करते हुए दिगांक

N.A. Mara (01-11-2015)

16.10.2015 को आर.एफ.पी. आमंत्रित किये गये, जिन्हें दिनांक 16.10.2015 को ही साथ 4:00 बजे निविदा समिति एवं जयस्थित कमों के प्रतिनिधियों के समक्ष खोला यथा। निन्ताप्रसार कुल 04 पार्भों के आर.एफ पी. प्राप्त एए :--

- 1. Sochury Green Energy Pvt. Ltd, Mysore.
- 2. SPAAK Bresson Pvt. Ltd. New Delhi-
- 3. Reynold Infra Pvt. Ltd.
- 4. 川下F Urban Infrastructure Ltd. New Delhi,

आर.एफ.पी. आयवित करने के उपतन्त इच्छुक प्रतिमागी फर्मों से वियास-विभर्श करते हुये निगम द्वारा चरान हेतु मन्नदण्ड निर्धारित किये गये, जिसमें न्यूनराम दो ऐगावाट प्रति 100 ८न. सॅलिज प्रेस्ट के पिद्युत उत्पादन की बाध्यता रखते हुये तथा विद्युत नियायक आयोग की परामर्शी दरों में से न्यूनतम दर अंकित करने वाली कने के वयन का मानदण्ड निर्धारित क्रिया गया। यहाँ यह भी उत्सेख करना उधित होगा कि बिठ का मूल्यांकन विद्युत उत्पादन एवं फर्म द्वारा प्रति यूनिट बिठ में अंकित की गयी दरों के गुणनफल के न्यूनतम होने के अधार पर किया लाना प्रस्तावित था एवं फर्म का मुल्यांकन इसी मानदण्ड पर किया गया है।

लका प्रक्रिया में में, रपाक बेसन प्रा.लि. कर्म द्वारा डाली मयी वित्तीय निविदा सयौण्युक्त पायी गयी इस फर्न द्वारा लेण्डफिल साइट पर माल्ल 1.5 प्रतिशत अनिस्तारित देस्ट ही डाला जाना प्रस्तावित है, जिससे कम क्षमता के लेण्डजिल साइट को आवश्यकता होगी, फलस्वरूप दीर्वांबंधि में भूमि की वचत भी होगी। यहाँ यह भी उल्लेखनीय है कि अग्यरा नगर क्षेत्र के कूझ निस्तारण हेतु क्या पर्भ को नगर निगम/शासन स्तर से कोई वित्तीय मदद प्रस्तावित नहीं है, अपियु फर्म द्वारा परफोरगंस मासन्टी के रूप में रू. 1.50.00,000.00 (रू. एक करोड़ प्रचास लाख) जमा फरने के उपरान्त ही अनुवन्ध निष्पादित किया जाना है।

यहाँ पर यह भी अदमत कराना उचित होगा कि आर.एक.पी. आमंत्रित करते लमय नगर निगम द्वारा प्रतिमार्गी फर्मी के लिये यह शर्त रखी गयी थीं कि देश अधवा विदेशों में सम्बन्धित कर्म का Waste to Energy Concept पर आधारित एक क्रियाशील प्लांट अवश्य होना शाहिये। मैं. रणक वेसन प्रा. लि द्वारा अपने तकनीकी प्रस्ताद में चकोरलोवाकिया गणराज्य में Pragne शहर में राम 1998 से Waste to Energy Concept पर आधारित ग्लांट के संचालित होने का उल्लेख किया गया है और इसामी पुच्टि हेतु कर्म द्वारा अभिलेख भी संजन्म किये गये हैं। फर्म द्वारा यह भी प्रतिबद्धता व्यक्त की गयी है कि नगर निगम की टीम को अनुबन्ध किये जाने से चुर्थ उसके द्वारा संघालित ग्लांटों का स्थलीय निरीक्षण भी कराया जा सकता है।

उपरोक्त प्रस्ताव का नगर निगम रादन द्वारा विनांक 02.11.2015 को अनुमोदन भी किया जा चुका है तथा आयुक्त, आगरा मण्डल, आगरा को अध्यक्षता में आयोजित अनुम्रवण संगिति की वैतल विनाक 04.11.2015 में भी उक्त प्रस्ताव पर अधेतर कार्यवाही किये जाने हेतु सहमत्ति व्यक्त की गयी है।

उपरोक्त विवेचन के अनुरूप Waste to Energy अक्यारणा पर आधारित ठोस अपरित्त प्रधन्धन, संयत्त्र स्थापित किये जन्मे के लिये अनुबन्ध निष्पतित करने हेतु अनुमति प्रवाग करने का कथा करें।

# Annexure 4.9.12 Rain-water harvesting by CURE

### Community-Led Rain Water Harvesting in Tajganj, Agra

### Background

Agra was once the Mughal Capital of India and a significant centre of trade, commerce and heritage. Over the years, it has witnessed a collapse of its natural and social foundations, especially with regard to water. The original city was planned to be water resilient; with multiple man-made structures in conjunction with nature that served the multiple water needs of its people. Subsequently, and unconnected to its history and ecology, Agra has been gradually 'unplanned'. With heavy urban growth and erratic development, water demand has increased, with dried water aquifers and encroached reservoirs. To make Agra water resilient again, there is need to revitalize its traditional hydrological wisdom and infrastructure and the natural ecological systems in partnership with people and key stakeholders.

Centre for Urban and Regional Excellence (CURE) is a not-for-profit, development organization that works with urban, informal and low-income communities, seeking to un-think, reimagine, innovate and de-engineer inclusive development. It strives to achieve three goals; reconnected urban societies that take rightful decisions to ensure sustainable urban development; strengthened local agencies with capacities for community engagement, participatory planning and development; and evidence building from the ground up, for people-centered planning and development of cities.

CURE has been working with the communities of Agra since 2004. Since 2014, it is working to make Agra water resilient by doing four things; changing people's behavior on water conservation, rainwater harvesting at household and community level, recharging groundwater and treatment and recycling of waste water.

### Community Led-Rain Water Harvesting in Agra

Tajganj, is a historic and popular touristic area. Inadequate an inefficient water supply and high urban growth has meant indiscriminate drawl of groundwater. This has damaged the underground aquifers and the quality of water in these. The many lakes and wells in the area are encroached/reclaimed for land. Tedi Bagia is water starved area of Agra that is completely dependent on private tanker supplies at high financial and health costs.

Rain Water Harvesting is part of the Water Resilient initiative in Agra undertaken by CURE in Tajganj and Tedi Bagia in 11 low-income settlements. Working with communities, CURE has developed and is implementing models for rainwater harvesting in community and household spaces by doing the following.

**Community Mobilization:** CURE has mobilized communities, who have identified the shared

identified the shared spaces for community

rainwater harvesting. These include public/private, open community spaces like "panchayati bagichi", temples, mosques, schools (Government

or Private), and community halls. It has also worked with individual households to retrofit their water systems to collect and use rainwater.

Figure 2: Household Retrofitted RWH System Being Installed by the Community

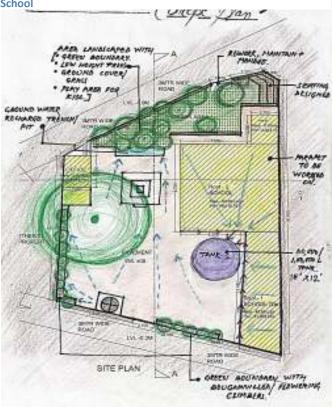

Figure 3 : Sample Sketch : Initial Concept Design of S.D Public School

Design Development: Designs for specific location were prepared through community consultations with help of a water specialist. Roof Catchments from buildings/houses or Surface/Ground Catchments are connected through drains and channels to underground collection tanks. Silt traps remove sediment to ensure pure distilled rainwater is collected and stored for later use by the community.

The effort is also to minimize wastage of water. Overflow water is channeled to plantations and undergrowth rather than the sewer. The idea is to percolate water into the soil. The soil itself is strengthened through roots, preventing soil erosion and

enabling recharge. In the long term it is imagined that this will reverse the damage to the natural ecology.

# Annexure 4.9.13 Slum-Free City Plan

**Slum Free City Plan of Action - Agra** 

Regional Centre for Urban and Environmental Studies (Sponsored by Ministry of Urban Development, Govt. of India) Osmania University, Hyderabad - 500007

#### **EXECUTIVE SUMMARY**

The Government of India unveiled a holistic mission "Rajiv Awas Yojana" (RAY) to envision a slum free India, benefitting about 81 million urban poor with affordable housing, decent & dignified living environment and well developed basic amenities. Achieving Slum Free India though appears to be a very difficult exercise, the Ministry of Housing and Urban Poverty Alleviation (MoHUPA), GoI, has categorized the tasks and sub tasks in such a manner, providing a clear roadmap for the state governments to follow certain methodology and process in conducting the categorical steps. Slum Free City Planning is a holistic mission to eradicate poverty, systematize the squatter and hazardous settlements, integrate the plan with other poverty alleviation schemes and make them as regular engines of both socio-economic and sustainable development.

The key aspects of Slum Free City Planning comprises mainly of Urban Planning, Law and Legislation, MIS, GIS, Provision of Land, Community Participation, Stakeholder Convergence, Project Management and Capacity Building. The process starts with conducting slum survey and updating MIS database, preparation of the city and slum level maps in GIS, integration of the spatial and non-spatial data, analysis of the existing situation of slums, preparation of slum specific proposals, involve the community from the inception of project, preparation of DPR, project monitoring and implementation to achieve Slum Free India.

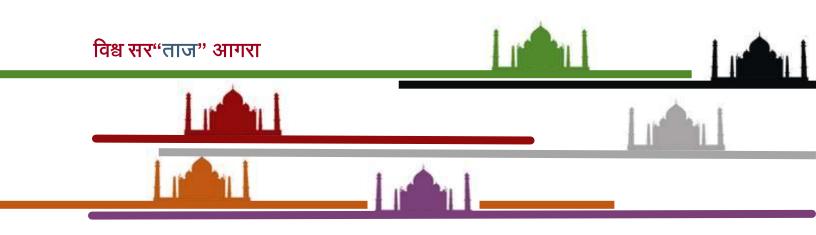

The Ministry of Housing and Urban Poverty Alleviation (MoHUPA) issued guidelines on RAY for preparation of State Slum-free City Plan of Action (SFCPoA), Community Mobilization, MIS and GIS etc. The states have to pass legislation for the assignment of property rights to the slum dwellers, and take steps to prevent new slums, with certain existing reservation of land.

The present report is the tentative Plan of Action for Slum Free City under the scheme of Rajiv Awaz Yozana (RAY) sponsored by the Ministry of Housing and Urban Poverty Alleviation (MoHUPA), Govt. of India. To implement the scheme, the city of Agra is selected as one of the Pilot Cities for the development of 417 slums as part of inclusive growth. The report is structured with prime objective of addressing the existing slums as curative step and also to ensure **slum free Agra** as a preventive measure. The slum – free City Plan of Action includes preparation of Geo-referenced city base map satellite imagery, identifying and demarcating slums and surrounding vacant lands, analyzing the slum profile features, finding infrastructure gap assessment, line estimates and detailed city/slum level analysis. The report provides a gross understanding of slum situation in the city, categorizes the slums, proposes the development mode required for each slum, and majorly phasing the slum development for the next coming five years. The first year prioritized slums have been finalized by conducting various stakeholder meetings under the leadership of "Project Officer", District Urban Development Authority (DUDA) of the city. The report aims to summarize, analyze the slum situation and propose a roadmap to reach slum free Agra.

This report is accompanied by annexure I & II where the first and second contains the data tables and analysis of each slum profile comprising of socio economic, household and livelihood information, gap assessment and proposed line estimates. The present report therefore needs to be referred with annexure I & II.

#### **Slum Free Agra**

Agra city is the district headquarters of Agra district and well-known tourist destination in India. The city has 417 slums with 123,846 households. About 56% of the city population lives in slums. Among the slum population, 87% belongs to OBC and SC division of social groups and only 1% is living below the poverty line (BPL). It is found that the slums are having a housing deficit of 9068. In concern to Infrastructure, 43% of the slum households do not have access to individual water supply connections and 121 out of 417 slums are not connected to city wide water supply system. Ironically, it is found that about 42% of the slum households practice open defecation. In this context, the plan of action provides line estimates for housing and infrastructure gaps and proposes civic amenities as per RAY guidelines and the report calls for an approval and action to prepare DPR's for year wise phased slums.

# Annexure 4.9.14 Conversion of 46,000 existing street lights to LED by Agra Nagar Nigam

जजर निगम सीमान्तर्गत पूर्व मे स्थापित लगभग 46000 जज सोडियम द्यूत लाइट, सी०एफ०एल० स्थान पर LED लाइटें लगाये जाने के सम्बन्ध में।

1. लगर निणम आगरा वर्तमाल में स्थापित सोडियम लाइटों को ऊर्जा संरक्षण एवं विद्युत विल में वचत किये जाने की दृष्टि से LED लाइटों में बदले जाने कि कार्यवाही पर विचार किया गया परज्पराणत लाइटों को LED लाइटों में बदलने पर लगभग वर्तमान लोड का (6995 चिछवाट) आधा हो जाने कि सम्भावना है जिस से विद्युत के बिल मे भी 50% की कमी आयेगी इस प्रकार नगर निगम द्वारा विद्युत कि बिल मे भी उठ% की कमी आयेगी इस जागाये जाने की कार्यचाही पर विचार किया गया। (संलज्जक-1)

- 2. नगर निगम सीमान्सर्जत स्थापित लगभग 46000 नग सोडियम ट्यूब लाइटें सीशएफशएल0 आदि को स्थान पर LED लाइटें लगाये जाने हेतु कार्य-कारिणी समिति को इनकीसचे अधिवेशन की नैठक दिलॉक 13.05.2015 में प्रस्तान पारित किया। (संलग्नक-2)
- 3. मा० नगर लिगम सदन के 19 वे अधिवेशन की बैठक दिनांक:-6.06.2015 में उपरोक्त USD लाइटें लगाने का प्रस्तान पारित किया गया। (संतग्नक-3)
- 4. इट्ला की अभिव्यक्ति (E.O.I) के तहल पुरानी लाइटों को हरा कर USD लाइटें लगायी जाने हेतु समाचार पत्रों "टाइम्स नेशन" इत्यादि में दिनांक 13.08.15 को प्रकाशित कराया जया था तथा दिनांक 11.09.15 को अभिन्यकित गॉगी नयी थी। (संलज्जक-4)
- 5. B.O.I को अन्तर्गत माज एक ही फर्म भारत सरकार को संस्थान EESL द्वारा द्वारा ही अग्रिव्यक्ति उपलब्ध करायी गयी है। (संलम्नक:5)
- 6. उपरोवल कावजी से विदारोपरान्ल अनुवन्ध की कार्यवाही की जानी है। कम्पनी के साथ किये जाने वाले अनुबन्ध का प्रारूप अन्तिम चरण में है। अनुबन्ध के पश्चाल 1.60 लाइटें लगाने की कार्यवाही की जायेगी।

# नगर निगम सदन के उन्नीसवें अधिवेशन

का कार्यवृत्त (पृष्ठ 1 से 16 तक) दिनांक 06.06.2015

इन्द्र विकम सिंह, नगर आयुक्त नगर नियम, आमरा।

इन्द्रजीत आर्थ महापौर नगर निगम, आगरा।

### प्रस्ती संख्या पुरक - 2

कार्यकारिणी समिति के इथकीसवें अधिवेशन की बैठक दिनांक 13.5.2015 में पारित आयश्यक प्रस्ताव संख्यान्2 की प्रतिलिपि :

### आगर्थयक प्रस्ताच संख्या - 2

शहर में मार्भ प्रकाश व्ययस्था हेतु स्थापित लगभग 46000 प्रकाश बिन्दुओं पर जहाँ विभिन्न प्रकार की सोडियम आइट एवं दयूब लाइट लगीं हुयीं हैं, उन पर विद्युत की खपत आधिक होने के साथ—साथ इनके रख-नेखाय पर भी काफी अधिक धनशांषे व्यय करनी पड़ती है। वर्तमान में नई विद्युत तकनीकी के अन्तर्गत एलई डी. लाइट जिनमें विद्युत की खपत कम होती है तथा इनकी आयु अधिक होने के कारण रजरखाद पर भी केन व्यय होता है, प्रकाश व्यवस्था हेतु नगर निगम हित में लगाया जाना आवश्यक है।

ी सबत परिस्थितियों में शहर के विभिन्न स्थलों पर स्थापित सोडियम एवं दृयूव लाइट बिन्दुओं के स्थान पर भारत सरकार द्वारा अनुमोदित अथवा अन्य निजी दक्ष संस्थाओं से निविदा आमंत्रित कर शहर में एल.ई. डी. लेगाकर मार्ग प्रकाश व्यवस्था किये जाने का प्रस्ताव है।

अतः उपरोक्तानुसार प्रस्ताव कार्यकारिणी के रामक्षं अवलोर्कनार्थ एवं अनुमोदनार्थ द्रेवित है।

नगर आयुक्त – द्वारां उवल प्रस्ताय के सम्बन्ध में विस्तार पूर्वक बताते हुए अवगत कराया गया कि उत्तर प्रदेश,में सर्वप्रथम यह व्यवस्था अलीगढ़ नगर निगम में लागू हो चुकी है। उसी अच्चार पर यहां पर भी लागू की ज़ीनी है।

माः साधौर - द्वारा अवगत कराया गया कि अलीगढ़ नगर निगम के महापौर एवं नगर आयुक्त से इस सम्बन्ध में वार्ता हो चुकी है तथा तकनीकी आनकारी भी ले ली है।

भगरे<sup>1</sup>अंग्युवत्त — द्वार्श पूरक एजेन्डे के बिन्दु—2 प्रस्ताव संख्या पूरक-2 शहर की मार्ग प्रकाश व्यवस्था हेत्. एलईडिं1 लॉइट लगाकर मार्ग प्रकाश व्यवस्था किये जाने के सम्बन्ध में कार्यकारिंगी समिति द्वारा सर्वसमाते. से पारित उपरोगत प्रस्ताव सदन के विचारार्थ एवं अनुमोदनार्थ वढ़ा गया।

श्री रोजपाल यायव, पार्षद – द्वारा कहा पथा कि लगभे शभी पार्षद साथी एलई.डो. ले इन्ह प्रस्ताद को. समझ नहीं पाये हैं इस पर अभी हम चर्चा कर लेते हैं।

श्री चंचि बिहारी माथ्युर, पार्धद – द्वारा कहा गया कि पार्धदों को यह सन्दे8 है कि यह प्रस्ताद अधुरा है क्योंकि इसमें पुरानी लाइटों को कहाँ पर लगाया जावेगा, इंसका कोई उल्लेख नहीं है।

श्री कर्मचीर सिंह भारती, पार्षन – द्वारा कहा गया कि यह बहुत ही महत्वपूर्ण प्रस्ताय है अंत हम विना किसी अध्ययन के यदि ऐसे प्रस्तावों पर बिना चर्चा के सहमति व्यक्त करते रहे तो टोरेन्ट कंठ जैसा ही हमें पछल्लेना पड़ेगा। इस पर चर्चा हेतु समयु दिया जाना धाहिए।

श्री सिरोमणि सिंह, पार्थव — द्वारा कहा गया कि हम सभी की यह आति है कि इसमें आधा कव कंवनी-कर हैही है और आधा काम नगर निगम करेगा, यह बहुत ही बड़ी आन्ति है, और पूरा पैसा नगर निगम उबत कापनी को ये रही है। अता प्रस्ताव पर गम्भीर रूप से विचार करना आवश्यक है। डॉ० साक्षी बैजल, पार्षद – द्वारा जानकारी चाही गयी कि क्या कोई व्यक्ति या संस्थान एंल.ई.डी. लाइट्स बिजकी के बिल में बचत के लिए लगाती है, या किसी और के फायदे के लिए ? नगर निंगम में लाइट के लगम्भ 47 हजार पोइन्ट्स हैं जो कि एल.ई.डी. में यदले जाने हैं। इन लाइटों की कुल क्रीमत करीब 19 करोड़े है। कंपनी 47 इजार पोइन्ट्स लगाने में 30 करोड़ खर्च करेंगी और 7 साल तक जितना जिल एलाई. डी, हैंगने के बाद आगरा नगर निगम को बचेगा, वह कणनी लेगी। यानि नगर निगम को एल.ई.डी. लाइट्स लगाने के बाद भी कोई फायदा नहीं है। एल.ई.डी. ज़ाइट्स लगने से बिजली का बिल करीब 12 करोड़ 70. साल कम आएया, पर यह रुपया एल.ई.डी. लगाने ताली फम्पनी को दे दिया जायेगा। हो सही मधाने में नगर निगर्भ को हर साल 12 करोड़ रु० का नुकसान होगा। तीन साल में कम्पनी का एल.ई.डी. लाइट्स लगने का ख़र्च निकल आएंगा और 4 सांव तक हर साल विना कुछ करे कम्पनी 12 करोड़ रूपि साल थानि 7 सालमि 48 करोड़ शा सरासे भी ज्यादा कमाएमी। पर मजेदार दात यह है कि 7 साल तक यह रूपश रागर निगर्ग को नहीं भिलेगा, यह उस कम्पनी को मिलेगा जो एल.ई.डी. लाइट्स लगाएगी। एक एल.इं.डो. लाइट्स रुठ 4000 से 6000 की आती है जिसके कम्पनी सात साल में करीब 17500 रुठ नगर निगम से वसूलेली. अब कि हिटेनेंस में खर्च लगभग कुछ नहीं है। एल.ई.डी. लाइट्स ल्याने से नगर निगम को कोई कॉयदा नहीं होगएं क्योंकि जितना बिल टोरेंट से बचेगा वो नगर निगम को नहीं मिलेगा बल्कि नो कथनी को निलेगा जो एल.ई.डी. लाइट्स लगाएगी। यानि ४७ करोड का गुनाफा कम्पनी को ७ साल में होत. या नगर निगमु को नुकनाम होगा। 47 हजार लाइट्रा जो अभी लगी हैं, 19 करोड़ की हैं यो देकार हो जायेंगी और निष्ट को 19 करोड़ का नुकसान होगा। अगर यह एल.ई.डी. लाइट्स 3 साल में नगर निगम खुद लग्। दे तो 50 करोड़ २० हे साल में नगर निगम को बयेंगें। सात साल में एलईडी लाइट्स खराब हो जाती है, तो यह खेल दुबाई। खेला जायेगा। आगरा नगर निगम को इस योजना से करीब 70 करोड़ २० का नुकसान हो?।। इन इस प्रस्ताव का विरोध करते हैं और खारिज करते हैं। 🕤

श्री राकेश जैन, पार्धद – द्वारा कहा गया कि हम शहर में आने वाले पर्यटकों को उन्की लाइट देना है लेकिन प्राईवेट कम्पनी पार्धदों की समस्याओं को सुनेगी या नहीं ? पहली बार तो कम्पनी एल.ई.डी. लाइट्स लग देगी लेकिन छोटी–छोटी, पतली–पतली पलियाँ में जो ब्रेकेटों पर लाइटें लगी हुई हे उन्हें क्वरनी बदलकर एल.ई.डी. लाइट्स लगायेथी या नहीं ? और उक्त कम्पनी हमारे बीच आकर बैठ पायेगे भी या नहीं ? यह सभी ब्रान्तियाँ हमारे मन में हैं, इनका निराकरण आवश्यके है।

मार्ग महामौर -- द्वारा नगर आयुक्त को निर्देशित किया गया कि सबन में गए पार्वदों द्वारा उठायी मयी जिह्नासाओं के सम्बन्ध में स्थिति स्वण्ट करते हुए सदन को अवगत करायें।

नगर आयुक्त – द्वारा तपशेक्त जिज्ञासाओं के सम्बन्ध में स्थिति स्वश्ध करते हुए उठा मता कि डॉट सार्शी बैजर्स, सर्कश जैन आदि सभी पार्श्वतें ने नुख्यतः दो–तीन वातें लठायी है उनके निराकरण हेतु यह जल्ट करना है कि (1)कोई प्राईवेट एलई.डी. कम्पनी एल.ई.डी. लाइट्स लगाने का कार्य करवे जा रही है वह करना है कि (1)कोई प्राईवेट एलई.डी. कम्पनी एल.ई.डी. लाइट्स लगाने का कार्य करवे जा रही है वह करना है कि (1)कोई प्राईवेट एलई.डी. कम्पनी एल.ई.डी. लाइट्स लगाने का कार्य करवे जा रही है वह करना है। भारत सरकार द्वारा मान्यता प्रापा एवं सहायता प्राप्त कम्पनी ते ही रह क्षेत्र्य करवा जाना भाष्ट्री बतल है। भारत सरकार द्वारा मान्यता प्रापा एवं सहायता प्राप्त कम्पनी ते ही रह क्षेत्र्य कम्पनी पार्श्व की है। सरकार द्वारा अनुवानित सरकारी कम्पनी ही यहाँ काम करने जा रही है। (2)कक्त कम्पनी पार्श्व की है। सरकार द्वारा अनुवानित सरकारी कम्पनी ही यहाँ काम करने जा रही है। त्वर्स कम्पनी पार्श्व की है। सरकार द्वारा अनुवानित सरकारी कम्पनी ही यहाँ काम करने जा रही है। तो वहाँ एल.ई.डी. लाइंट्स पनी सनस्याओं को सुनेगी और उनका निस्तारण करायेगी। (3)जहाँ खम्बे नहीं है तो वहाँ एल.ई.डी. लाइंट्स पनी सनस्याओं को सुनेगी और उनका निस्तारण करायेगी। (3)जहाँ खम्बे नहीं है तो वहाँ एल.ई.डी. लाइंट्स पनी सनस्याओं को सुनेगी की राजस्थ करना है कि शहर में मार्ग प्रकाश व्यवस्था कराने की जिमोदारों नगर निगम कही है, अब भी खम्बे नगर निगम द्वारा लगाये जा रहे हैं और तब भी खम्बे नगर निगम लगावेनी। (4) 5 की है, अब भी खम्बे नगर निगम द्वारा लगाये जा रहे हैं और तब भी खम्ब नगर निगम लगावेनी। (4) 5 की है, अब भी खम्बे नगर निगम द्वारा लगाये जा रहा है सकती हैं अन्यथा एवत कपनी को नगर निगम हास प्रतिशत से अधिक एल.ई.डी. लाइट्स खराब नही रह सकती हैं अन्यथा एका कम्पनी को नगर निगम हास पेश नहीं गिलेगा। (5)इनका नियन्त्रण नगर निगम मुख्यालय /कार्यालय में स्थापित कम्पनी के कन्द्रोल ठन मे होगा और जी.पी.एस. सिस्टम, ऑटोमीटेक ऑन/ऑफ कन्द्रोल समस्याओं का निश्वारण नी हो आनेना। कन्द्रील होगा हो आपकी मार्ग प्रकाश व्यवस्था सम्बटी समस्त समस्याओं का निश्वारण नी हो जानेना।

(9)

नगर निगम यदि एल.ई.डी. लाइट्स लगाती है तो जो धनराशि एल.ई.डी. लगाने के लिए एक मुझ्त धनराशि चाहिए यह भगर निगम के पांस उपलब्ध नहीं है। एक एलईडी की औसत उन्न 7 साल नहीं है बलिक अधिके है। जब छेढ़ साल पहले कम्पनी ने एलईडी प्रमोज्ड की थी तो 7 साल का समय दिया गया था अब कम्पटीशन में रेटों में कमी भी हो सकती है। जो रेट ठेढ़ साल पहले आ चुके हैं उसी पर एलईडी लाइट्स लगलेई जावे तो भी नगर निगम को फायदा होगा। अभी यदि एलईडी लाइट्स का प्रस्ताव सदन पाल नहीं करती है तो नगर निगम को काफी मुकसान है। गगर निगम को बिजली का दिल ज्यादा देना पड़ रहा है, सुपदीजन एक मैन्टीनेन्स पर व्यय ज्यादा करना पड़ रहा है।

मौंधे शरीफ, पार्थद – द्वारा कहा गया कि यह नगर निगम के लिए फायदे का प्रस्ताव है अल इस प्रस्ताव को इंग्वरय ही पारित कर देना चाहिए।

थी। कर्मचीर सिंह भारती, गोर्षद -- हारा कहा गया कि नगैर आयुक्त महोदय ने एलईकी लाइट के करण के नयी लाइटों की खरीद पर सेक लगादी है। एलईकी का प्रस्ताय पासित होने के वायजूद भी इसे कियान्वित -होने में 2 साल लग जायेंगें तब तक नई लाइटें भी लगाई जायें नहीं तो, पूरा शहर अंधकार में दूब जायेगा।

शी मुकेश सादव, पार्षद — द्वारा कहा गया कि इस प्रस्ताय को लेकर कई जान्तियों इसारे पार्वद साथियों 7 को हैं। प्रस्ताय पारित भी कर दिया जाये तो भी अभी काफी समय इसमें लग जायेगा। मेरे क्षेत्र में 50 खम्हे 7 खाली पड़े हैं तो चन पर तो लाइटें लगया दें। इस विषय पर इमारे सभी पार्षदों को अच्छी तरह से सालुष्ट 7 करें। जिन मांध पार्षदों ने इस प्रस्ताव पर चर्चा की है या वार्ता की है तो आपसे यह अनुरोध है कि कोई भी पार्श्व आपके पास नयी लाइट के लिए जाता है तो आप लाइट के लिए तत्काल मना कर देते हैं। अन्त नयी लाईटें लगयाना सुनिश्चित करें।

सी शिकेश जैन, पार्षेद — द्वारा कहा गया कि पवित्र रमज़ान का महिना एवं पुरुषोत्तम मास शुरू होने वाला <sup>5</sup> है अंतः सभी पार्षदों क्ने क्षेत्रों में मार्ग प्रकाश व्यवस्था सुनिश्चित कराने हेतु नवी लाइटे एवं पुटवन्द सामान खरीद्वने की कार्यवाही प्रारम्भ करवा दी जाये।

श्री कर्मवीरसिंह भारती.पार्षद- हास कहा गया कि नगर निगम स्तर से हो एल.ई.डी. लाइटें लगवा दी ' जायूँ।

श्री भगोज सजौरा, पार्श्वय – द्वारा कहा गया कि पार्थव कोटे से एलईडी लाइटे लाखा दी जाये। 10-15 बार्ड् में यह कार्य शुरू करवा दिया जाये।

भार्त्रों महापौर – द्वारा कहा गया कि लगर आयुक्त रहपी पार्षदों/सदन को सन्तुष्ट करें ताकि उक्त प्रस्ताव पारित हो सके।

नगई आयुक्त – द्वारा कहा गया कि नगर निगम द्वारा अपने स्तर से भी एलईडी लाइट लगाने का कार्य किया जा सकता है लेकिन बाजार में एलईडी लाइट्स की दरों में बहुत जन्दर है तथा यह मंडमी है नगर निगम यह व्यय भार नहीं उठा सकता है। एलईडी लाइट का प्रस्ताव सदन में विचारार्थ लम्बित है इसलिए यह निर्देशित किया गया था कि नयी सोडियम लाइटें नहीं खरीदी जा रही हैं लेकिन न्यूनजन आवंश्वकतानुसार कार्यवाही करने के लिए निर्देश दे दिये गये हैं। यदि एलईडी लगायों जानी है तो दसी प्रविधा में जाना होगा। एक साल पहले का रेट लेकर मैंने यह एक्सरसाइज नगर निगम हित में कराई है। अल: सभी पार्थदों एवं नगर निगम सवन को आश्वस्त किया गया कि एलईडी का प्रस्ताव पार्ट हेने के रापचंन्त किसी भी पार्थद को मार्ग प्रकाश व्यवस्था सम्बन्धी कोई शिक्हयत नहीं होने दी लायेगी। सर्वश्री राजपाल सिंह, गुकेश मादय, राकेश जैन, कर्मवीर सिंह भारती, अभेश चन्द एढ़तोकेट, हेमना प्रजापति, शिरोमणि सिंह, डोंo ऋचा शर्मा, राजीव कुमार सिंह, अर्चना गर्म, राजेश क्रिरिया, भदन लाले विभोरी, सविता अग्रवाल, प्रेमा चर्मा, मोछन सिंह लोधी, शोभा राम राठौर, अशोक बंसल, रफअव उल्ला खों, प्रतूल भार्मत, रवि बिहारी माधुर, इकबाल अहमद खों, श्रीमती मुन्नी चेमम जसरम उल्ला खों, प्रतूल भार्मत, रवि बिहारी माधुर, इकबाल अहमद खों, श्रीमती मुन्नी चेमम जसरम उल्ला खों, प्रतूल भार्मत, रवि बिहारी माधुर, इकबाल अहमद खों, श्रीमती मुन्नी चेमम जसरम उल्ला खों, प्रतूल भार्मत, गजेन्द्र सिंह, नवाब सिंह मौर्य, हाजी विलाल कुरेशी आदि मार्थदमण द्वारा उक्त प्रसाय एक स्वर से ध्वनिमत से पारित करने की घोषणा की मंगी।

(10)

निर्णय :- नगर निगम सदन हास सम्यक् मिंचारोपरान्त उक्त प्रस्ताव सर्वसम्मति एवं धानिमत से पारित किया गया।

श्री मोहन सिंह लोधी, पार्षद – द्वारा कहा गया कि अब एल.ई.डी. के नाम पर क्षेत्र में लाहट नहों ती जा रही हैं। जब यह प्रस्ताव पारित हो थया है कि क्षेत्रीय पार्षद को लेटर लगाना चाहिए, लेकिन बिना क्षेत्रीय पार्षद के लेटर के टेकेदार का भुमतान हो गया है। जनतों से 25हजार रुपये लेकर क्षेत्र में अधिक कार्य करा दिया गया और नगर निगन अभियन्ताओं से मिलकर नगर निगन से भी भुगतान ले लिया है। जब कि यह बड़ी ही आपत्तिजनक और तुर्माग्यपूर्ण बात है और टेकेंदार द्वारा-क्षेत्र में जनता से यह कह दिया था कि बोत्रीय पार्षद को न बताया जावे नहीं तो कार्य नहीं होगा।

#### अध्यक्षं महोदय की अनुमति से

कार्यकारिणी समिति के इक्कीसवें अधिवेशन की बैठक कार्यवृत्त (पृष्ठ 1 से 25 तक) दिनांक 13.05.2015

इन्द्र विकम सिंह, नगर आयुक्त, नगर नियम, आगरा

इन्द्रचोत खार्ग महार्पेंड नगर निष्टय, आगरा नेषर आयुक्त — द्वारा विमागीय आवश्यक प्रस्ताव संख्या-2 कार्यकारिणी समिति के समक्ष पढ़कर प्रस्तुत किया गया :--

अग्रेश्यक प्ररतात रांख्या - 2

पुरक प्रस्तान संख्या 1

शहर में मार्ग प्रकाश व्यवस्था हेतु स्थापित लगभग 46000 प्रकाश बिन्दुओं पर जहां विभिन्न प्रकार की सोखियम लाइट एवं ट्यूब लाइट लगीं हुयीं हैं. उन पर विद्युत की खपत अधिक होने के साथ-साथ इनके रख-रखाव पर भी काफी अधिक जनराशि व्यय जरनी पड़ती है। वर्तमान में नई विद्युत तकनीकी के अन्तर्गत एल.ई.डी. लाइट जिनमें विद्युत की खपत कम होती है तथा इनकी आयु अधिक होने के कारण रखरखाव पर भी कम व्यय होता है, प्रकाश व्यवस्था हेतु नगर निगम हित में लगाया जाना आवश्यक है।

उपत परिस्थितियों में शहर के विभिन्न स्थलों पर स्थापित सोडियप एवं द्यूव जाइट बिन्दुओं के स्थान पर भारत सरकार द्वारा अनुमोदित अथवा अन्य निजी दक्ष संस्थाओं से निविदा आमंत्रित कर शहर में एल.ई.डी. लगाकर मार्ग प्रकाश व्यवस्था किये जाने का प्रस्ताव है।

अतः उपरोक्तानुसार प्रस्ताव कार्यकारिणी के समझ अवलोकनार्थ एवं अनुमोदनार्थ ग्रेषित है।

नगर आयुक्त – द्वारा उक्त प्रस्ताव के सम्बन्ध में विस्तार पूर्वक बताते हुए अवगत कराया गया कि उत्तर प्रदेश में सर्वप्रथम यह व्यवस्था अलीगढ़ नगर निगम में लागू हो चुकी है। चर्सी आधार पर यहाँ पर मी लागू की जानी है।

गांध पंढाणौर - हारा अवगत कराया गया कि अलीगढ़ नगर निगम के महाधौर एवं नघर आयुक्त से इस सम्बन्ध में वार्ता हो चुकी है तथा तकनीकी जानकारी भी ले ली है।

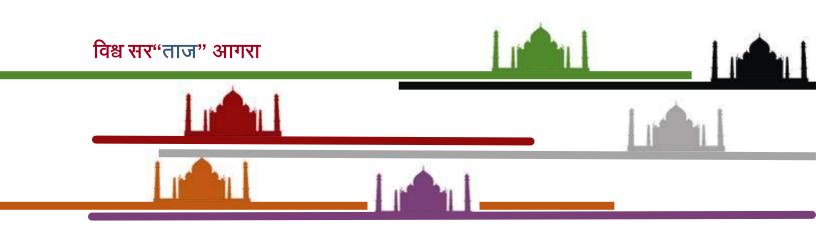

निर्णय :-- कार्यकारिणी समिति द्वारा उपरोक्त विभागीय प्ररताव सर्वसम्पति से पारित करते तुए नगर निगम सदन के विचारार्थ एवं अनुयोदनार्थ भेके काने हेतु ्रसरत्ति की ययी।

## Annexure 4.9.16 UPNEDA - Solar Energy related

Minutes of Meeting for assistance to Agra Nagar Nigam for design and Implementation of energy efficiency and renewable energy projects

#### Meeting Date: 12/5/2015

#### Meeting Place: Head Office, Agra Nagar Nigam

#### Participants of the meeting

- 1. Mr. Indra Vikram Singh, Municipal Commissioner, Agra Nagar Nigam
- 2. Mr. Sanjay Kumar Katiyar, Executive Engineer, Agra Nagar Nigam
- 3. Mr. Vivek Mishra, Executive Director, Meghraj Capital Advisors Private Limited
- 4. Mr. Rahul Agnihotri, Senior Manager, Meghraj Capital Advisors Private Limited

#### Background

UPNEDA and Shakti Energy Foundation have signed a Memorandum of Association (MoU) in October 2015. As per the MOU, Shakti Foundation shall assist UPNEDA and provide handholding support in implementing mini grid, energy access, DSM/energy efficiency and renewable energy projects in Uttar Pradesh. Shakti Energy Foundation has appointed M/s Meghraj Capital Advisors Private Limited for the period of one year to support UPNEDA.

Director, UPNEDA is interested to support Agra Nagar Nigam under this initiative for promoting energy efficiency and renewable energy projects. A meeting between Agra Nagar Nigam and Meghraj Capital Advisors Private Limited was scheduled to discuss on the probable initiatives and identify areas for further assistance.

#### Key Discussion Points of the meeting

The meeting was held between Consultants of UPNEDA and Municipal Commissioner, Agra Nagar Nigam at Agra on 12/5/2016. The following areas were identified for providing support to Agra Nagar Nigam from UPNEDA for implementation of energy efficiency and renewable energy projects.

- Municipal Park Lighting: Showcase energy efficiency improvement and if possible solar energy usage in the Park Lights and semi high masts in parks. The Consultants will evaluate the technical and financial viability of the project. Assistance from UPNEDA forproject formulation and implementation will be explored.
- Demonstration of Solar roof-top project on Nagar Nigam Bhavan: Demonstrate broad level project viability for design and implementation of solar roof-top project on Nagar Nigam Bhavan and explore assistance from UPNEDA for funding and implementation of the project.

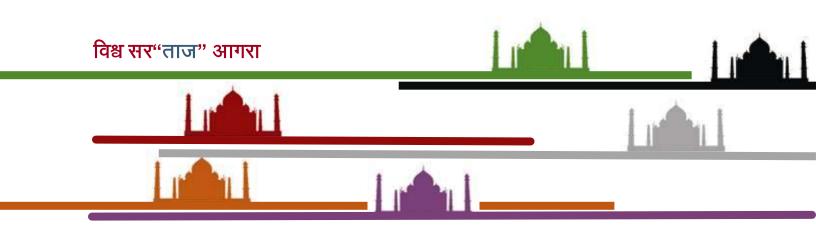

- Support for Smart City Project: Assistance in Design of solar roof top project on municipal and public buildings and street lighting in the selected areas in Agra city as a part of DSM initiative.
- 4. Study and evaluate EESL model to suggest feasible model for implementation of energy efficient street light project in Agra city: EESL has submitted proposal for implementation of energy efficient street light project in Agra. Agra Nagar Nigam has requested Consultant to study and evaluate the proposal and provide suitable suggestions/opinion for implementation of energy efficient street light project in Agra city.
- Agra Nagar Nigam will provide relevant data such as electricity bills, connected loads, inventory of lights etc. to the consultant to carry out the above identified technical and financial viability study.

Consultants are willing to support the above initiatives subject to the approval of UPNEDA. The above action plan will be discussed with UPNEDA and the findings will be submitted to Agra Nagar Nigam.

## Annexure 4.9.19 BSNL Wi-Fi Project

## Bharat Sanchar Nigam Limited New Generation Network in Agra

## A- New Generation Network (NGN) in Place of Land Line Telephones

BSNL is pleased to annouance that BSNL is going to launch of various Value Added Services on fixed telephony using NGN technology at Agra up to and of July-2016. The following will be the Value added Services:-

#### 1- All India IP Centrex

Under this service, you can build up a closed user group between your friends and family. The members of this group may have BSNL landline and/or BSNL Mobile. By paying a nominal monthly charges, all members of the group can talk unlimited without paying call charges.

#### 2- Multimedia Video conferencing.

Using this service, NGN fixed line users can setup an audio conferencing or video conferencing between them and up to 29 more users, which can be either BSNL customers or from an any telecom operator.

#### 3-Prepaid Fixed telephony.

Under this service, BSNL is introducing a prepaid fixed telephony as is available on mobile telephony. Users of prepaid fixed telephony do not have to pay any rental. He (user) will pay only for the outgoing calls he made from his fixed telephony.

#### 4-Fixed mobile telephony (FMT)

Under this service a fix telephony connection can be installed on a mobile device (mobile telephone, notebook etc), using an app. Using this service customer can move anywhere in the world and will be able to receive/make calls from his fixed telephone. The calls can be made/received under Wi-Fi environment only.

The tariff details of these value added services are being made available on BSNL website namely bsnl.co.in Services as above (I) to (III) are available only to NGN fixed line customers whereas service at no IV (fixed mobile telephony) will be available to any customer anywhere in the country on demand.

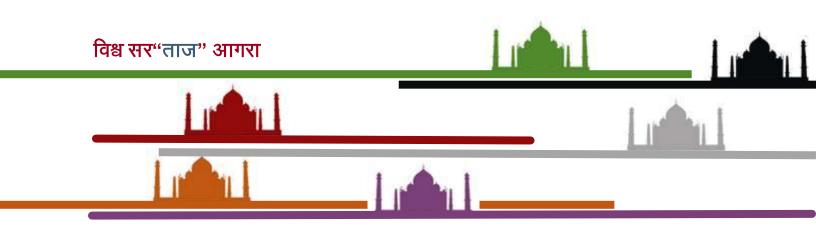

All these services are being made available under brand name WINGS.

#### B-New Technology BTS Tower to be installed in Agra city by the end of June-2016.

All the 149 numbers BTSs in Agra city will be swapped by latest new technology BTS by the end of June-2016. After installation of these new technology BTSs, complete city will be covered the high speed 2G and 3G network. There would be no call dorp problems in the city. High speed Data downloading will be available in the whole city to the BSNL mobile customers the fault probability will be very less. The old battery sets are being replaced before installation new technology BTS to provide smooth and uninterrupted services to BSNL mobile customers. The speech quality on mobile network will also impove. The equipment has arrived in the city and installation of core network is in progress.

C- free Wiff in Taj Mahal from June 2015, to all viewest.

Than Singh (Dy. General Manager) BSNL, Agra. Mobile-9458769020

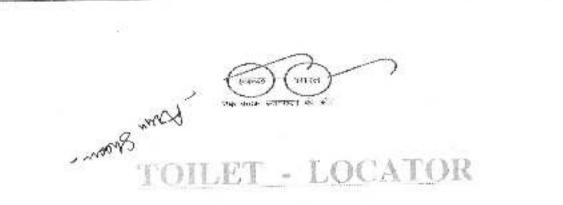

## Annexure 4.9.20

Toilet Locator App by Agra Nagar Nigam – Project Description

"Maye: get caught short again! Toilet Locator App is here to help you to limi the neurest toilet anywhere in Agra and tells you the ammenities available."

AGRA MENCICIPAL CORPORATION M.C. Road, Sar Sadan Crossing. Agra, Uttar Pradesh

## 1-Introduction

Agea is a city on the banks of the river Yamuna in the northern state of Uttar Pradesh, Northwestern India, It is 378 kilometres (235 mi) west of the state capital, Lucknow, 206 kilometres (128 mi) south of the national capital New Delhi and 125 kilometres (78 mi) north of Gwalior. With a population of 1,686,993 (2013 est.), it is one of the most populous cities in Uttar Pradesh and the 19th most populous in India. Agra can also refer to the administrative district that has its beadquarters in Agra city. It is a major tourist destination because of its many splendid Mughal-era buildings, most notably the Ta[Maba]. Agra Fort and FatehpürSikrī, all three of which are UNKSCO World Heritage Sites. Agra is included on the Golden Triangle tourist circuit, along with Delhi and Jaipur.

Agra Nagar Nigam (ANN) is a local government body committed to provide hasic infrastructure facilities including entertainment facilities to the people of the city. ANN is very well known for the managing the city by using private sector participation as well as introduction of innovative mechanism in management to serve people efficiently. City has prepared different plans for improving services and to nullity gap between services and demands.

## 2- Application Abstract

This initiative is a step ahead to facilitate the people's visiting to city of world famous monument i.e. "Tojmahal". We feel that commoners coming from the globe won't struggle to locate the toilets in the city. The app is the brainchild of Sh. Indea Vikram Singh *P.C.S.*, Municipal Commissioner, Agra who felt the need for this app during a field survey varification and immediately decided to have a tool as an ultimate companion while walking to guide you.

The Toilet Locator will track down and display a list of nearest public toilets in your vicinity, and allow for user rating on hygiene, infrastructure and safety. Other than showing the distance from your location it is having inbuilt navigation to route at the toilet location. It is also having several filters for providing information on whether the toilet is Indian or Western style, free or paid, its for male or for female and handicapped, does and whether it has equipped with bathing facility or not.

We are upgraving the app with its offline version and multilingual support to keep foreigners visit in the city. To maintain the bygione, compliant system is being incorporated by which pictorial evidence can be sent and will be displayed in Nagar Nigam Control Room for the betterment of the services.

## 3- Application Highlights

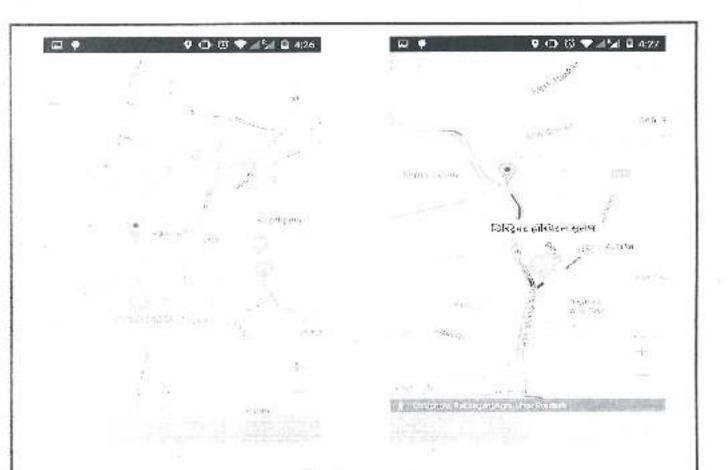

- Locate all the toilet facilities arround you in a quick glance.
- It uses the user's smart device gps location to find the nearest public conviniences
- App also shows if toilets are free, open and if they have disabled access other than IIE/SHE
- User can complaint by taking a photo and upload on cloud as pictorial evidance for action
- The app is free to use on andoid and iOS devices.
- Shows whether a public convenience has bath (shower) facility.
- Gives the distance from the current location of the user to nearest facility with navigation on map.
- Having multi-langual option for foreigners uses
- Offline version is recently launched for the users who are running with data packs
- Option for feedback and suggestions

### 5- Context

Totlet Locator is a well thoughtout application which will encompass the solutions to the problems faced by commoners in Modern Days in Agra. By calling "Modern", creates a paradox here, the million dollar question which comes to our mind is "Can we really put Agra in the category of Modern/Smart Cities with world class amenities and public conveniences" ?

People start making a comparison of Agra with other world class cities as tourists of the globe are visiting here and while interminably, dont give the chance to be a self proclaimed critic of the system, administration and society, a miss.

But on the other hand rather being a detractor of the system, we have put our best foot forward to change the things by launching this Application i.e. Toilet Locator.

The idea about this application was conceived by us when we used to see people, tourists and travellers, relieving themselves in open, especially people defecating in open is no less than an eye sore. These kind of sights are common place and have become almost a part of our lives, portray our country and culture in bad light when Tourists from all over the world come to visit the famous Places in city of Agea catch a glimpse of people taking liberty of attending to nature's call by resorting to nearest wall, corner, park, pole etc. As readily available option, prompted us to find a way by means of

Page 4 of 13.

that we could contribute to the welface of society and bring a substantial change in the practices we adopt to relieve ourselves and maintain bygine.

### 6- Situation Prior to the Initiative

We often heard stories of people that how they got caught in a sorry plight when at times, even after their best efforts they couldn't locate any Toilet facility in their close proximity and as a result had no other options available than resorting to finding a public place for relieving themselves. We also came across people complaining about lack of public conveniences in Agra and even so called facilities are available for public use, nubody has an idea *Where* they are and *Huw* to be reached there ?

In absence of any application which could provide information to general public people have to go through a lot, some of the citations have been mentioned below for your perusal :

- Tourists don't have any information regarding availability of the public conveniences.
- Even if they know, it can't be certain what kind of facilities it has to offer?
- · Whether a facility has the access for disabled
- Lack of information about paid and free services.
- Risk of infection and diseases as we all know human discharge in any form could be an ideal breeding ground for germs and when these germs and pathogens come into contact of humans spread diseases.
- Foul Stench Places where people take a liberty to help themselves reek of hard to bear smell and that could be pretty evident when passershy have to cover their noses with their handkerchief or with their hand.
- Presents a sorry picture about our country and culture when tourists visiting Agra come to face
  the stark reality about the dismal state of public toilets and sights of commoners relieving in open
  public spaces, what kind of memories one can expect them to take back home?
- People with chronic conditions which require them to use the toilet at short intervals go through most harrowing experiences in absence of such an application.
- Travellers with children it's not an easy task to travel with young children and things get unpleasant and sometimes out of hand when in absence of any public information system regarding public conveniences, force them to do things even against their will.

Page 5 of 13

#### 7-Objective

I imagine, localites wouldn't get much use out of it, but tourist and travellers could make the *Tollet Locator* app the best companion to good use. Lots of tourists fail to come up with a Potty Plan when they set out on their walking tours and whatnut.

It's a common problem when anyone is oot and aboot in unfamiliar territory. Someone has to "go," and no one knows where the nearest restroom is. It typically leads to one of two scenarios: either the twitchy individual leaves the pack to look for one on their own, which usually takes a lot longer than expected, or they all wander off and waste time that could have been better spent on other things. There are number of public toilets around, but finding one - especially when you're desperate - can prove impossible plus, it's increasingly difficult to find one that is in working order and free to use or as per gender use. This is exactly why *Toilet Locator*! was created:

The approves the GPS to automatically find and display all known tollets in the immediate area. Conveniently displayed in either map or or hybrid styles. Any trap-tanks in the database will also be accompanied by an address and phone number, just in case it's late at night or in a weird location & just to make things even more helpful, the app can provide directions to the desired bathroom.

#### 8- Implementation Process

The states and rapid explosion of mobile technology in the past few years offers huge opportunities, while it seems likely that a number of mobile platforms will continue to thrive, mobile customets are demanding a very high quality of user experience from their applications. Here we are using a strategy for supplementing a mobile channel that will assist in balancing user experience and platform coverage while also providing a path forwards for your apps.

The last five years of mobile explosion has been a story of a steady increase in the fidelity of user experience. Apple has established a strong position in the mobile market almost exclusively based open providing a higher quality experience. In turn, app developers across platforms have almost to meet or exceed the higher expectations of mobile users. But the easiness and accessibility of Android has taken the maximum share of iOS in market place.

It is particularly folding that Microsoft's late entry in the mobile world with Windows Plane 7 is attempting to gain market position primarily by bettering Apple's 405 experience. They certainly

Page 6 of 13

appear to have bestered Apple, but is it too little, too late?

To keep our self in the race, we have designed the application on both most common used platforms in

- Android (Google)
- i05 (Apple)

Awareness program through social media, print media, FM & SMS compaign is running to download the say from most common place i.e. Google Play Store or App Store.

#### 9-Results

The objective, which we envisioned to achieve through this App are yet to be fulfilled as per expectations like no release in open but the tree which we planted in the form of *Toilet Locator* has already started to bear fruits. Citizens, Travellers, Commeners and Tourists have downloaded this app at large scale.

- More than 1000 android app downloads within a month after launch
- 12000+ hits for searching the toilet location
- 90 add teedbacks.
- 21 Complaints for botterment of maintenance

Administrators of other municipalities, not just of Uttar Pradesh, but of other states too showed their keepness to have similar kind of project implemented in their respective regions. We have been requested to replicate the same application in other parts of the state as well.

We believe in the saying "A well beginning is tantamount to job already half done", we hope that the initiative we have taken will go a long way from here.

#### 10-Situation after Implementation of Initiative

The app has turn out to be a boon to the People/Tourists who have condition or ailments due to which it's very difficult for them to hold the control on their bladder or when they have urgency to avail the public convenience. Now It has changed the outlook of Tourists when the sight of people relieving themselves in public was a story in past. Initiative is helping to impove the eradicate the foul stanch emanating from the discharge of people in public places. We have cut down the risk of infection

Page 7 of 13

and diseases - now people can go to nearby public conveniences to relieve themselves, diseases which might spawn from the discharge will not happen any longer.

This application has bring a smile to the face of Parents travelling with their young children specially females coming to agra for visiting Taj Mahal by avoiding the embrassing situations also – as we all know children might give us a really hard time in case of unavailability of such facilities. By using this application we are inculcate good habits in citizens and shopkeepers and gradually they get used to of it. It helps us improve the aesthetics of the environment and places of importance in nature like Historical Places etc.

### **11-Sustainabilty**

Often a smart user thinks what signalizes a good App and makes it unique. During the development a main factor was a stable and errorless basis. A good basis pro-vides an excellent usability ajar to the standard-control concept of the respective platform filled with valuable context. As a result the user doesn't need to spend additional time for learning. Furthermore the App consist of dynamic processes and self-explaining in its use via the clear structure of the surface-screen. One of the main aspects while in creating this App is the pursuit of a sustainability strategy. To achieve this, App is self upgradeable i.e. whenever the new version will be available, necessary changes and features would be updated automatically, moreover app is reliable and self-sustainable as it runs on 3 Tier Cloud Server at Backend for database.

### 12- Potential for Replication

deplication a shing, the embile app to support the throngs of every electoring to get access was never easy. For some reason, it seems the replication always crops up at the most importance time, like even you want to build more of the features the masses are begging for. But as the infrastructure starts to builde under the collective load of your buckey stick growth, you have no choice. You must publiclevelopers from their "real" jobs to try to save the bockey stick. Clearly, the best time to start thinking about scale is *before* you need it.

When our technology partner started thinking seriously about the replication, we pays their attention on database, it's the main bottleneck. But to make sure APP Servers are up to the task.

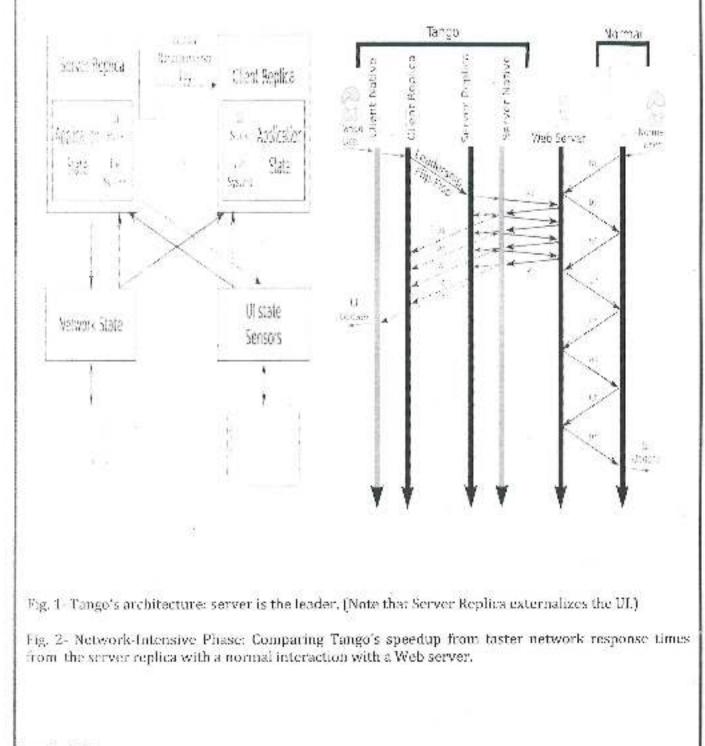

Recycling the curlication and download and hits in mind from multiple cities from replication point of view dotabase is designed in that manner only. Tables are designed in such a wey so that any infair onal city can be added just doing the tooks related data into it and app version can be launched.

Page 8 of 13

within few exhibites. Due to that replication made easy for us. Key aspect of database already been taken once of like

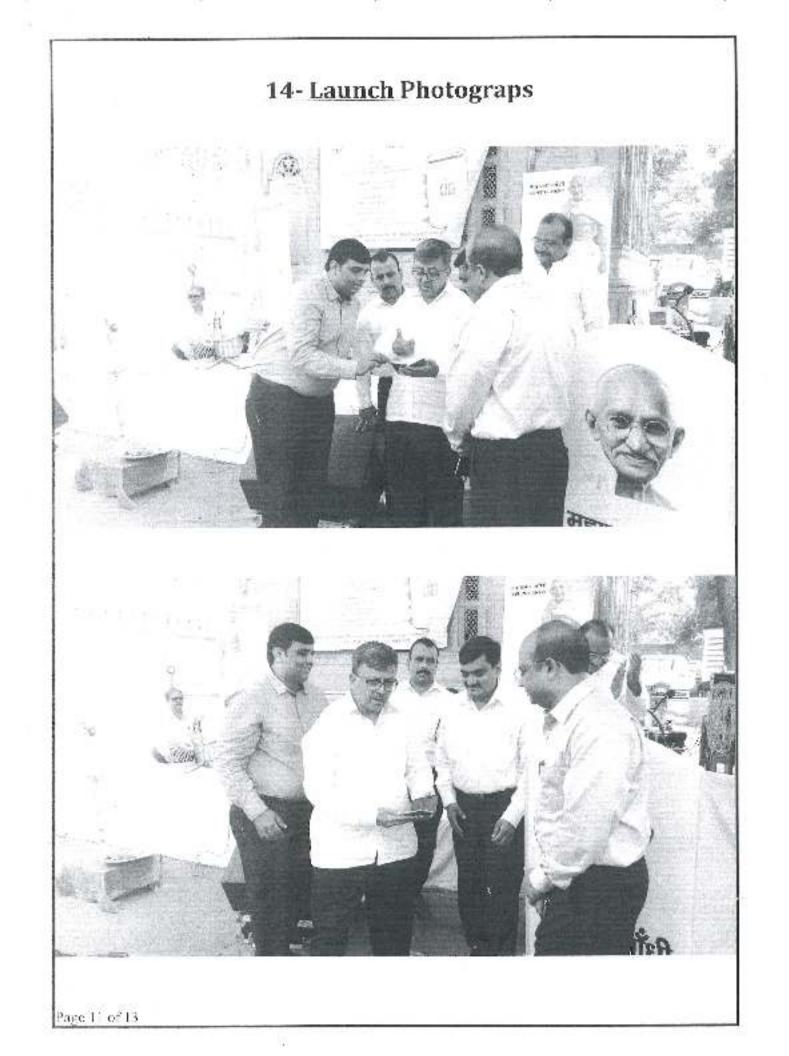

- Index Usage
- Monitoring of Database Locks
- Caching Servers

We use following the server-based approach for replication using below methods:

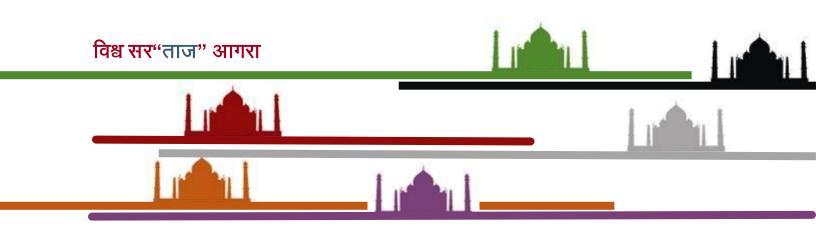

Page 9 of 13

Page 12 of 13

## प्रतिवेदन

ं योजना का नाम – नाट मुख्यमंत्री प्राथमिकता।

32

कार्य का नाम — आगरा में सदर चौराहे (जी.पी.ओ.) से माल रोड, सास्त्री चौराड़ा होते हुए इनर रिंग रोड तक गार्ग पर साइकिल ट्रैक, फुटपाथ एवं युटीलिटी डक्ट का निर्माण कार्य।

आगणन गठन का सन्दर्भ – मए मुख्यमंत्री जी ७०५० शरकर के दिनांक ०७.11.2014 को आगस प्रमण के चपरान्त दिये गये निर्देशों के अनुपालन में अवन्तीबाई चौराहे से आगरा-बाह-कधौराधाद मार्ग के किमी० 10 तक साइकिल ट्रेक, फुटपाथ रवं फाण्टर्स का आगणन महित किया गया था जिसकी सासनदेश सं0–21(1)/23–11–2015/1/2 (154)/14 दिनांक 30.03.2015 द्वारा लागत २० 3840.59 लाख की स्वीकृति प्राप्त दुवी थी।

मा० मुख्यमंत्री जो के दिनांक 19.99.2015 के आगरा अमण में जिलाविकारी, आगरा को निवेश दिये गये कि सदर योशहे से इनररिंग संड तक मार्ग से विद्युत पोल/लाइन एवं अन्य यूटीलिटीज लाइनों को भूगिगत करते हुए मार्ग को धूलरहित किया आये। जिलाधिकारी, आगरा द्वारा अवनत कराये

गये नाठ मुख्टमंत्री जी के निर्देशों के अनुपालन में मार्ग का नवीन आगणन गढित किया गया है। प्रस्तावना— आगरा में अवन्तीवाई चौराहा (प्रतागपुत्त चौराहा) से माल रोड शारवी चौराहा होते हुए आगरा-बाह--कवीसधाट गागे (राज्य मागे 62) के किमी0--10 तक (लग्धाई--9 किमी0) मार्ग के दोनो ओर साइकिल ट्रैक, फुटमाथ एवं स्वाण्टर्स का निर्नाण कार्य स्वीकृत है। (इनर सिंग रोड इस नामें के किमी0—11 में क्रास करती है)। जिसमें साइकिल ट्रैक की चौडाई 1.50 मी0 में ज़स्तावित है तथा फुटपाय के नीचे युद्दीलिदी डक्ट (0.70 x 1.00 मी0) एवं ड्रेन (0.70 x 1.00 मी0) प्रस्तावित हैं। माट मुख्वमंत्री जी व्वास दिये गये नये निर्देशों के क्रम में चिद्युत लाइनों एवं अन्य यूटीलिटी लाइनों को भूमियत करने हेतु सम्बन्धित विभागों से जिलाधिकारी की अध्यक्षता में आहूत बैठक में विचार विमर्श कर उत्तर की Dimensions निर्धारित की गयी हैं, जो कि पूर्व स्वीकृत आगणन में प्रस्तावित उक्त से अधिक है। इसके अतिरिवत्त सङ्ग्रिक की यौखई भी 1.50 मीठ से 2.0 मीठ प्रस्तावित करने के निर्देश प्राप्त हुये है। स्वीकृत अभगन के अन्तर्भत उक्त संशोधित डक्ट एवं साइकिल हैक का निर्माण सम्भव नहीं है। अतः इन राशीवनीं को समिनित करते हुए सदर चौराहे (जी0पी0ओ0) से माल रोड शास्त्री चौराहा होते हुए इनसरेंग सेंड (आगरा बाह-कवौराधाट मार्ग-सच्च मर्ग 62 के किमी0-11) तक उक्त कार्य व्य नदीन आगणन गठित किया गया है। उल्लेखनीय है कि इस आगणन की स्वीकृति के साथ ही शासनादेश विनांक 30.03.2015 द्वारा पूर्व स्वीकृत आगणन लागत ५० 3940.59 लाख को De-Sanction किया जाना आवश्यक होगा।

पृष्ठभूमि --- एक्त मार्ग के छ। लेन चौडीकरण हेतु आगणन वर्ग 2006 में स्वीकृत किये गये थे परन्तु बाधक पूर्वों के पातन न होने के कारण ६: लेन के चौडीकरण का कार्य पूर्ण नहीं किया जा सका। दुखों के बचाते हुए भूमि की उपलब्धता के अनुसार यथालण्पव चौडीकरण का कार्य तत्समय करा दिया गया था। एक्त कार्य हेतु भार्म के किनारे संरक्षित बन भूमि के गैरवानिकी प्रयोग एवं वाधक दूखों के पातन हेतु दन विभाग/पर्यावरण एवं वन मंत्रालय, भारत सरकार से अनुमति प्रान्त करना आवश्यक है। दी0दी0लेडट क्षेत्र होने के कारण वृक्षों के पातन की अनुमति माठ उच्चतम् न्यायालय से प्रान्त करना भी आवश्यक है, जिसके लिए आईएएए संट 460/2006 माठ उच्चतम् न्यायालय में दालिल है एवं वर्तमान में विचालधीन है। मार्ग के छ लेन चौडीकरण हेतु आवश्यक भूमि के गैरवानिकी प्रयोग की सैद्धालिक ( प्रथम स्तर की) स्वीकृति प्राप्त हो चुकी है एवं विधिवत्व स्वीकृति बन विनाग/जयंतरण एवं वन मंत्रालय, भारत सरकार से प्रान्त होना हो चुकी है एवं विधिवत्व स्वीकृति बन विनाग/जयंतरण एवं चन मंत्रालय, भारत सरकार से प्रान्त होना

Gard's an museum 1

लभित है। यह उल्लेखनीय है कि उल्त प्रस्तावित कार्य (साइकिल ट्रैक, उक्ट) के निर्माण से पूर्व अतिरिक्त संरवित वन भूमि के गैरवानिकी प्रयोग एवं अतिरिक्त वृक्षों के पातन की आवश्यकता होगी, जिसके लिये प्रथक से प्रस्ताव मेलने की कार्यवाही की जायेंने।

उक्त मार्ग के छः लेन यौडीकरण हेटु वर्ष 2006 में निम्न तालिका के अनुसार तीन रीचों में कार्य स्वीकृत किये गढे थे।

80

दिया गया था। इस कारण भिन्न-भिन्न स्थानों पर नाम की चौडाई भिन्न है। जिसमें होटल ट्राइडेन्ट विराइ से जेवपीव होटल होते हुए एवबीवकंव नाम के किमीव 10 तक मार्ग की बौडाई 14.09 मीव है। इस प्रकार इस मार्ग की बैनेज 3.350 (जीवपीवजीव) से 9.400 (होटल ट्राइडेप्ट तिसहे) तक अलग अलग मैनेज में मार्ग की चौडाई में 14.00 भीव से 22.00 मीव तक की भिन्नता है तथा चैनेज 8. 400 से 12.000 (एवबीटकंव किमीव 10) तक मार्ग 4 लेन (14 मीव) चौडा है। इनसरिंग सेड इस मार्ग के किमीव-11 में क्रास करती है। वर्तमान में किमीव-11 की चौडाई 7.00 मी, हैं।

जल्लेखनीय है कि इस मार्ग पर कुल 2302 वृक्ष अवस्थित हैं जिनके मातन की अनुगति माठ उच्चतम् न्यायालय से प्राप्त करने हेतु आई.ए. संठ-460/2006 की सुनवाई के क्रम में माठ उच्चर म् न्यायालय के आवेधानुसार वर्ष 2009 में एफ0एठसीठ (Forest Advisory Committee, M.O.E.F.) द्वारा 1107 वृक्षों के पातन की संस्तुति की गयी थी। इसी क्रम में माठ उच्चतम् न्यायालय के आवेशानुसार वर्ष 2013 में सीठईंठसीठ (Central Empowered Committee) द्वारा प्रस्तावित लेपित जतह (22 मीठ) पर आने वाले ही 919 वृक्षों के पातन की संस्तुति की गयी। संन्द्रल इम्पावर्ड कमेटी (सीठईंठसीठ) द्वारा विनांक 12.03.2014 को उपरांतत मार्ग का रूपलीय निरीक्षण किया गया एवं स्विति विनांक 01.05.2014 को मठ उच्चतम् न्यायालय में दाठिल की गई है। इस कारण मठ उच्चतम् न्यायालय से 919 दृक्षों के पातन की अनुमति प्राप्त होना सम्मादित है। साइकिल ट्रेक, पुटणय डेतु अविस्थित 1413 वृक्षों के पातन की अनुमति प्राप्त होना सम्मादित है। साइकिल ट्रेक, पुटणय डेतु अविस्थित 1413 वृक्षों के पातन की अनुमति प्राप्त होना सम्मादित है। साइकिल ट्रेक, पुटणय डेतु अविस्थित 1413 वृक्षों के पातन एवं अन्दिरिका लगभाग 15.510 हेक्टेयर संस्क्रित वन भूमि के नैस्वानिकी प्रयोग की उन्ह्रमति की शावस्वलता होगी। जिसके लिये प्रथक से अनुगति प्राप्त करनी होगी। दृक्षों के पातन के उपरान्त ही सम्पूर्ण मार्ग एर प्रत्तावित कार्य को सम्पादित करना जन्मव हो वायेगा। आगत्ता बे उपरान्त ही सम्पूर्ण मार्ग एर प्रत्तावित कार्य को सम्पादित करना जन्मव हो वायेगा। आगत्ता बेत्र न्यरास्त ही सम्पूर्ण मार्ग पर प्रत्तावित कार्य को सम्पानिकी प्रयोग की अनुमति की असने के उन्ह्रमति की झावस्वलता होगी। ने 337 वृक्ष स्थित हे, इस किनोट में उत्त प्रतावित कार्य कराने हेतु सी इन 307 वृक्षों के पातन एवं संरक्षित वन कृन्टि के गैरवानिकी प्रयोग की अनुमति को अन्यर्गन होत्रमति होगी।

यह भी अवगत कराना है कि आयुक्त, आगरा मण्डल की बेठक दिनांक 18.03.2015 में अवगत्त कराया गया कि आई०ए० सं० ४६० / २००४ की सुनवाई में माठ सक्कतम् न्यायालय के समक्ष पूर्व जारी हुयी अनुमहियों के कम में हुए वृक्षों के पालन के सापेक्ष बन विमाम द्वारा अपेक्षित वृक्षारोपण न किये की स्थिति प्रकट हुयी जिसपर 110 उच्चतन न्यायालय द्वारा कहा रख ऊपनाते हुए लन्दित वृक्षारोपण पूर्ण हो जाने के उपरान्त हो अधिन अनुमतियों पर विचार किया जाना सम्पत होगा। तन विभाग हारा उत्ता दृशारोपण के लक्ष्य को लगभग दो वर्ष में पूर्ण करना तथ किया गया है। इस क्रम में उक्त परिस्थितियाँ पर आयुक्त महोदय द्वारा यह निर्देश दिये गये कि बूंकि मां० चच्चतम न्यायालय रो युद<sup>र</sup> के पालन की अनुमति मिलने की सम्माबना लगभग दो दर्ब तक नहीं है। इस कारण मार्ग के उस भाग में जहां वन भूगि न हो वहां वृक्षों का पातन किये विना, वृक्षों के बीच से घुगाते हुए उपलब्ध भूमि पर साइकिल ट्रैक का सिमांग करावा जाये। इसके कम में वन विभाग द्वारा दी गयी सूचना के आधार पर अवन्तीवाई चौराहे से अग्ररोन वौराहे तक 3.100 किमीठ लम्बाई में कार्य प्रमति पर था. परन्तु माठ मुख्यनंत्री जी दिनांक 18.09.2015 को तिये गये निर्देशों के क्रम में इस कार्य को वर्तमान में रोक विद्या गया है। उल्लेखनीय है कि जब तक इस आगणन की स्वीकृति पर विवार नहीं होता है, तब तक अपरेक्ट कार्य नहीं कराया जायेगा। इस आगणन की स्वीकृत्ति के उपरान्त दिनके 19.09.2015 तक करा दिवे गये कार्य की लागत को घटाते हुए शासनावेश (स्वीकृति) को फोरक्लोज करना होगा।

्टवर प्रस्तविस मार्ग पर (आगर-बाह कचौलघाट मार्ग के केनी0-6) मुगल पुलिया स्थित है।

३२१ स्थल पर मार्ट को चौड़ाई 18मीद है। परन्तु पुलिया की चौड़ाई 18.50 में ... र हे एवं लेपित मर्ग केवल 11 मैंटर ही चौड़ा है। मुगल पुलिया अत्यन्त पुरानी ब्रिक आर्च पुलिया है। वर्तमान में पुलिया की आर्च शतिग्रस्त अवस्था में है जिससं पुलिया वर्तमान ट्रैंफिक के लगातार घटते चोझ हेनु सुरक्षित प्रतीत नहीं हो रही है। इस पुलिया का निरोधाण सेनु विशेषज्ञ द्वारा कराया गया है। सेनु विशेषज्ञ गैठ हाईवर कन्सल्टेन्ट की संलग्न स्पिर्ट के अनुसार वर्तमान पुलिया को निरोधाण में पाया गया है। के आर्च की इंटे धीरें क्षीरें लूज होते हुए आर्ड से अलग हो रही है। यूना सुर्खी की पॉइटिंग ने भी ईटों को छोडना शुरु कर दिया है। इस प्रकार आर्च की चिनाई में स्ट्रैन्ध नही रह गई है। भविष्य में यह आर्च फेल हो सकते है। पूर्व में अन्य एजेन्सी द्वारा इस पुलिया का वौद्धीकरण आरक्षी की पॉइटिंग ने भी ईटों को छोडना शुरु कर दिया है। इस प्रकार आर्च की चिनाई में स्ट्रैन्ध नही रह गई है। भविष्य में यह आर्च फेल हो सकते है। पूर्व में अन्य एजेन्सी द्वारा इस पुलिया का वौद्धीकरण आरक्षी की पॉइटिंग ने भी ईटों को छोडना शुरु कर दिया में में स्तैब की कंकीट की Spalling हो रही है। जिससे Main Reinforcement की सरिया दिखने लगी है। यह सरिया भी जंग लगने के कारण अत्यन्त क्षतिग्रस्त अवस्था में है। इस तरह आर्च की पुलमी पुलिया वर्तमान ट्रैंफिक भार दहन के लिये उत्ति नही है। चूकि यहा हो चोकि यह पुलिया सी क्षिक पुलनी

जकत स्थिति को दृष्टिगत करते हुए यह निर्णय लिया गया है कि पुरानी पुलिया की नरम्मत कर दी जाये। इस पुलिया पर लोड डाल्टे हुए कोई भी कार्य पर धनराशि खर्ट करना टचित नहीं होगा। कार्य रथल पर पुराने स्ट्रक्यर को जिना नुकसान पहुँचायें Abument बनावा जाना भी सम्मय नहीं है। अतः पुराने स्ट्रक्यर के दोनों और पाइल फाउन्डेशन कर, उसके रूपर रलैब डालकर पूरी राडक की चौडाई 18 मीठ में नयी पुलिया बनाया जाना प्रस्तादित है। इस पुलिया के निर्माण का प्रानिधान मी इस आगणन में किया गया है।

आवश्यकता एवं महत्व— यह नामं ताजगहल एवं आगरा किला के पहुँच मानों को सीधे खेरिया एयरपोर्ट, आगरा केंट रेलवे स्टेशन, सलिंट हाउस, इन्हरिंग रोड एवं यमुना एक्सप्रेस वे को जोडता है। इस मार्ग पर आगरा शहर के सभी प्रमुख होटल एवं पर्यटन से सम्बन्धित व्यवसाधिक संस्थान स्थित है। इसी माने पर सभी पांच सितारा, पांच सितारा टीलक्स (आईठटी)सीठ मुगल, जेठपीठ पैलेस, अनर विलास) होटल स्थित है। साथ ही, प्रधान डाकघर, आयुवत कार्यालय, पर्यटन कार्यालय, भारतीच पुरातल सर्वेधण कार्यालय भी स्थित है जिस कारण देश—विदेश से आने वाले संस्थानलय, प्रधाननंत्री, गणमान्य अतिथि एवं पर्यटक इसी माने से मुजरते है। माठ मुख्यमंत्री जी की प्राथनिकता के अनुसार इस मार्ग पर साइकिल ट्रेक, फुटमाथ एवं यूटीलिटी डक्ट का निर्माण कराया जाना है। आगणन मठन हेतु वॉछित

परिकल्पना (यदि आवश्यक हो) — जिलाधिकारी आवश की बैठक दिनांक 21.09.2015 एवं 24.09. 2015 में सभी सम्बन्धित विभागों से विचार विनर्श के उपरान्त दिये गये निर्देशों के अनुसार भूगिगत यूटीलिटी डक्ट की Dimensions एवं साइकिल ट्रैक की चौडाई 2.04ी0 करना निर्धारित की गयी है। जिलाभिकारी आगरा द्वारा अवगत कराया गया कि आनरा विकास प्राधिकरण द्वारा इस कार्य हेतु नै0 एस0जे0ए0 कन्स्लटेन्ट, नई विल्ली से रिपोर्ट तैयार करायों गयी जिसका अवलोकन माठ मुख्यमंत्री जी डास किया गया है। जिलाधिकारी, आगस द्वारा उक्त रिपोर्ट के अनुरुव आगणन गठित करने के निवेश दिये नये है। कार्य की महत्वता को देखते हुए एवं इसी प्रकृति का माठ मुख्यमंत्री धोवणा से

1

٥.

आच्छादित एवं निर्माणाधीन ताजनंज परियोजना के कार्य की भांति इस कार्य पर उक्त कन्स्लटेन्ट में) एस0जे0ए० कन्स्लटेन्ट, नई विल्ली की सेवायें लेना प्रस्तावित किया गया है। तदानुसार उक्त कन्स्लटेन्ट द्वारा दिये गये कोटेशन के आधार पर 1.50 प्रतिशत कन्स्लटेन्सी चार्जज का प्राविधान आगणन में किया गया है।

अतः स्टब्ल कन्स्लटेन्ध द्वारा प्रस्तावित्त प्रारम्भिक डिजाइन/ट्राइंग के शाधार पर आगणन में निम्न प्राविधान किये गये है।

आगणन में प्राविधान —तवानुसार ज्वत मार्ग पर निम्न लिखित प्रविधान किये गये हे :—

सिविल कार्य –

12

2

सदर औराहा (जी.पी.ओ.) से ए0बी0के0 मार्ग के किमी0-10 तक (लम्बाई-8.650)

1— मार्ग के छः लोग चौडीवरुएग के अवशेष भाग में मार्ग को धूलरहित करने हेतु मेवर ब्लॉक्स लगाने का कार्य।

1.1 मार्ग के दोनों और आवश्यकतानुसार चौडाई में 150एम.एन. जी0एस0बी0 का कार्य।

1.2 नाम के दोनों और आवश्यकतानुसार भौजाई में 20एन.एम, पेवर ब्लॉक्स लगाने का कार्य।

2- ए०४१०के० मार्ग का किमी०-11 (इनररिंग रोड) (लम्बाई-1,000) (छ: लेन बौडीकरण)

2.1 भर्न के दोनों और 7.75 भीठ चौडाई में 200एन एम. जीवएसावबीठ का कार्य।

2.2 मार्ग के दोनों और 7.75 मीठ चौड़ाई में 100एम.एम. उब्ल्यू0एम0एम0 का क यें।

2.3 मार्ग के दोनों और 7.75 मींं0 चौड़ाई में प्राइम कोट, टैक कोट का कार्य |

2.4 गार्ग के दोनों जोर 7.75 मींठ चौड़ाई में 75एन.एम. बी.एम. का कार्य।

2.5 मार्ग के दोनों और 7.75 नी0 औटाइ में 25एम.एन. एस.डी.बी.सी. का कार्य।

3. आर०सी०सी० यूटीलिटी डक्ट (1.2 मी.X 1.8गी.) का निर्माण कार्य।

3.1 सदर और हे (जीपीओ) से होटल अगर तक संन्ट्रल वर्ज के नीथे।

3.2 होटल अनर से होटल ट्राईडेन्ट तक मार्ग के दाहिने ओर।

3.3 होटल ट्राइंडेन्ट से इनर रिंग रोड तक सेन्ट्रल वर्ज के नीवे।

4— 2.0 मी0 चौडाई में साइकिल ट्रैक का निर्माण कार्य।

4.1 75एम.एम. जी.एस.बी. का कार्य।

4.2 75एम.एम. सीमेन्ट कॉन्क्रीट 1:4:8 का कार्य।

4.3 100एम.एम. सीर्पन्ट व्यॅन्डीट एम-25 का कार्य।

5- 1.8 मी0 फुटपाथ का निर्माण कार्य।

5.1 100एग.एग. जी.एस.बी. का छार्य।

5.2 60रम.रम. पेयर ब्लॉक्स लगाने का करते।

सामी के किनारे एवं सर्विश शेख के किनारे आए०सी०सी० यू० टाइंग् ड्रेन का निर्माण कार्ट।

मार्ग एवं साइकिल ट्रेक के मध्य स्टेनलेश स्टोल रेलिंग का कार्य।

ड्राइंग के अनुसार सर्विस रोड का निर्माण।

ब्राइंग के अनुसार पार्किंग का तिमाण।

10. झाइंग बाल सू बॉल अवशेष जगह पर १८०५५.एम. जी.एस.बी. एवं ७०२५.एम. पेवर क्लॉक लगाने का कार्य।

11. ड्राइंग के अनुसार ग्रास पिड टाइल्स लगाने का ळार्च।

<u>रोड सेफ्</u>टी/साइनेज<u>/ रोड फर्नी</u>चर का कार्य

12. साइफिल ट्रैक पर अर्मोप्लास्टिक पेंट का कार्य।

13. गार्ग पर एक लाइन, सेन्टर लाइन एवं जेबा क्रासिंग पर धर्मोप्लास्टिंग पेट का कार्य।

Weither, Policity A

14. आवश्यकतानुसार ओवरहेड एवं कैन्टीलीवर साईनेज लगाने का कार्य।

15. संन्ट्रल वर्ज ४४ डेलीनेटर लगाने का कार्य।

16. आवश्यकतानुसार हैजाडे बोलार्ड लगाने का कार्य।

17. ड्राइंग के अनुसार कंकीट बोलाड़े, कंक्रीट देवल, देख, ट्री सराउण्ड ग्रेटिंग की आपूर्ति एवं लगाने का कार्य स्ट्रीट लाईट का कार्य

19. इन्होंग के अनुसार मार्ग के सेन्ट्रल वर्ज पर एवं साइकिल ट्रैक एवं सर्विश सेंड पर स्ट्रीट लाइट लगने का लार्थ।

20. मुगल पुलिया का निर्माण कार्य :--

20.1 पुलिया की फाउण्डेशन में दोनों ओर 900एम.एम. व्यास की 20मीटर नहरी (प्राउण्ड लेटिल से) एम 40 कॉन्फ्रीट में पाईल का निर्माण।

20.2 एम 35 कोन्क्रीट से पाईल पर पाईल केंग एवं पैडस्टल का निर्माण। 20.3 पैडस्टल पर परिकर्ल्यना के अनुसार च्व्यच्व्य्य इमंतपदह लगाने का कार्य।

20.4 1100रम.एम. मोटाई में एम-30 कॉन्फ़ीट से हब टवपळमक संह का निर्माण।

20.5 पुलिया की एम्रोच में आवश्यकतानुसार रोण्ड किलिंग का कार्य।

20.6 पुलिया की एसोच में 20सेमी0 मोटाई में जी.एस.बी. का कार्यन

20.7 पुलिया की एजोन में 10रोमीं० मोटाई में जबन्वू,एम.एम. का कार्य।

20.8 पुलिया को एप्रोच में प्राईंग कोट, टैक कोट का लार्य।

20.9 पुलिया की एप्रोच में 75एम०६म० मोटाई में बी.एम. का कार्य।

20.10 पुलिया की एम्रोच में 25सेमी० मोटाई में एस.डी.डी.सी का कार्य।

युदीलिटी शिषिटंग का कार्य

٥.

20. टोरेंट पावर प्रा0लिंग, आगरा द्वारा विद्युत लाइन/ मेल की शिषितंम का कार्ड।

21: संरक्षित वन भूमि की एन०भी०वी० एवं क्षतिपूर्वक वृत्वारोपण का प्राविधान। (छः लेन हेतु-साइकिल ट्रैक. कुटमाथ, ड्रेन, सर्विस सेड. पार्किंग एवं वाल टू वाल पेविंग हेतु)

22. वृक्षों के कटान, दुलाई का प्राविधान |

23.आगरा विकास प्राधिकरण की स्ट्रीत लाइट की शिनिटंग का कार्य।

24. बीठएसठएन०एल० की देलीफोन लाइन की शिफ्टिंग का कार्य।

# Annexure 4.9.23 Cycle highway – Agra – Etawah

# THE TIMES OF INDIA 197km Agra-Etawah cycle 'highway' in the works

TNN | Apr 12, 2016, 10.58 PM IST

gra: It won't be 'Gatiman' but could become the most enjoyable mode for eco-warriors to get around the Agra-Etawah tourist circuit by next winter.

The UP government has decided to build a 197km-long 'bicycle highway' from Taj Mahal's east gate to the Etawah lion safari. The state's public works department has finalized the Rs 94 crore project and work is likely to start soon.

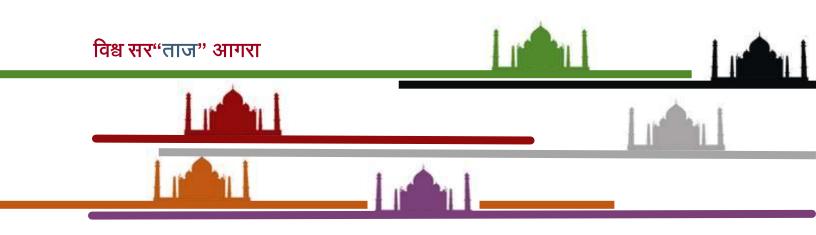

UP views this as a major initiative to boost eco-tourism in the state. Chief minister Akhilesh Yadav had announced his 'dream' project in December last year at the UP Bird Festival, to boost eco-tourism in the region.

Talking to TOI, PWD chief engineer (Agra zone) Masarrat Noor Khan said, "The detailed project report is ready and already approved by the finance department. Now it will go to chief minister Akhilesh Yadav for final approval. Once we get it, we will immediately start work. We plan to complete the project within six months from the date of its beginning. It's one of the CM's dream projects for Agra."

The 'highway' will be 2m wide and pass by many waterbodies, canals, gardens and historical sites. "It will be a major attraction for tourists who visit Taj Mahal. The track will take off near Taj Mahal's east gate and pass through historical sites like Raja Bhoj ki Haveli, Bateshwar Shiva temples, Sauripur Jain temples, Jarar Chambal Safari, Nand Gaon and terminate at Etawah Lion Safari," said Khan, adding that the track will mainly pass through rural areas, avoiding high-density traffic.

Of its 197.58km route length, about 151km will be in Agra district and the rest in Etawah district. "The best part about this project is that we don't require any land acquisition. It will be a concrete-cement road," Khan said.

He added that the route has been designed keeping in mind the connectivity needs of lesser known places and unexplored areas.

# A skywalk to connect Taj Mahal with Agra Fort

TNN | Oct 5, 2015, 09.57 AM IST

GRA: If all goes according to plan, there might soon be a skywalk in Agra that will connect the Taj Mahal to Agra Fort.

UP tourism department has already begun work on a design of the project that will come up at a cost of close to Rs 50 crore. A private company has been given the contract to prepare a detailed report. The state-of-the-art facility will be erected at Shah Jahan garden, next to the Taj, and connect the grand monument with Agra Fort on the other side.

UP tourism officials told TOI on Saturday that plans to build the skywalk, which will be a specially designed pedestrian pathway, will have World

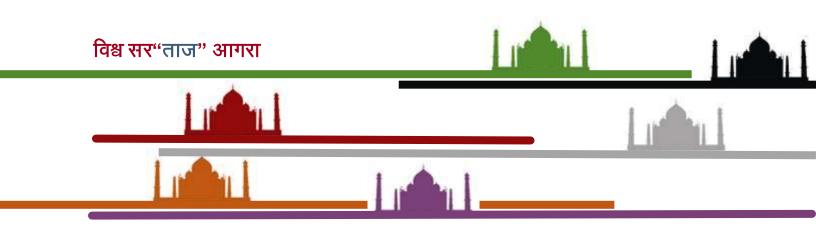

Bank as a partner. Sources informed that an Ahmedabad-based private company, International Centre for Sustainable Cities, has been given the contract to prepare a detailed project report.

A senior officer with the tourism board said the main purpose of this facility will be to save tourists from coming in contact with the fast moving traffic between Taj and Agra Fort, separated by about 2 km. "This facility will be for those tourists who want to walk down from Agra Fort to Taj Mahal or vice versa. At present, there is no exclusive road for this purpose and walking down is quite not possible," the officer said. He added, "The skywalk will be built near Victoria Park at Shah Garden. It will be a round structure 25 feet above the ground connected by escalators and stairs. After climbing to the top, tourists will walk to other side."

#### A skywalk to connect Taj Mahal with Agra Fort - Times of India

Under the plan, an environment-friendly shaded stone pathway will be constructed. The shade will be provided through plantation of trees whose branches will cover the frame. "The entire project will give a world class feel to tourists," said the official.

Regional tourist officer Dinesh Kumar said the skywalk project, along with redevelopment of Kachchpura near Mehtab Bagh, is meant to be taken up this financial year. Once the DPRs of the two projects are ready, they will be sent for approval and work will start with funds collected from the World Bank.

- आगरा में फतेहाबाद रोड पर्यटकों का मुख्य आकर्षण केन्द्र हैं।
  यहाँ पर्यटकों को एक साथ बैठकर अन्तर्राष्ट्रीय स्तर का रैस्टोरेन्ट एवं स्ट्रीट कैफे के लिए कोई उपयुक्त स्थल नहीं है।
  पर्यटकों को उपयुक्त माहौल उपलब्ध कराने के लिए फतेहाबाद रोड पर स्थित पी.ए.सी. ग्राउण्ड की लगभग 7120 वर्ग मी. भूमि पर आगरा स्ट्रीट कैफे बनाया जाना प्रस्तावित है।
- वर्तमान में यह भूमि उ०प्र० सरकार के राजस्व विभाग से आगरा विकास प्राधिकरण को 90 वर्ष की लीज पर निर्माण, विकास एवं संचालन हेतु हस्तान्तरित की गयी है।

- आगरा विकास प्राधिकरण द्वारा इस भूमि पर पैरिस की भाँति कैफे स्ट्रीट विकसित किये जाने हेतु निविदा आमन्त्रित की गयी है।
  आगरा स्ट्रीट में मल्टी क्यूसईन रेस्टोरेन्ट्स, फूड स्टॉल व कॉफी शॉफ्स आदि प्रस्तावित है।
- आगरा महायोजना, 2021 के अनुसार इस भूमि का भू–उपयोग ' कार्यालय' होने के कारण शासन द्वारा आगरा स्ट्रीट कैफे विकसित करने हेतु व्यवसायिक भू उपयोग परिवर्तन की अनुमति प्रदान की जा चुकी है।
- आगरा स्ट्रीट कैफे का आर्कीटैक्चरल डिजायन मै0 आरकॉम कन्सल्टस प्रा0 लि0 नोयडा द्वारा किया जा रहा है।

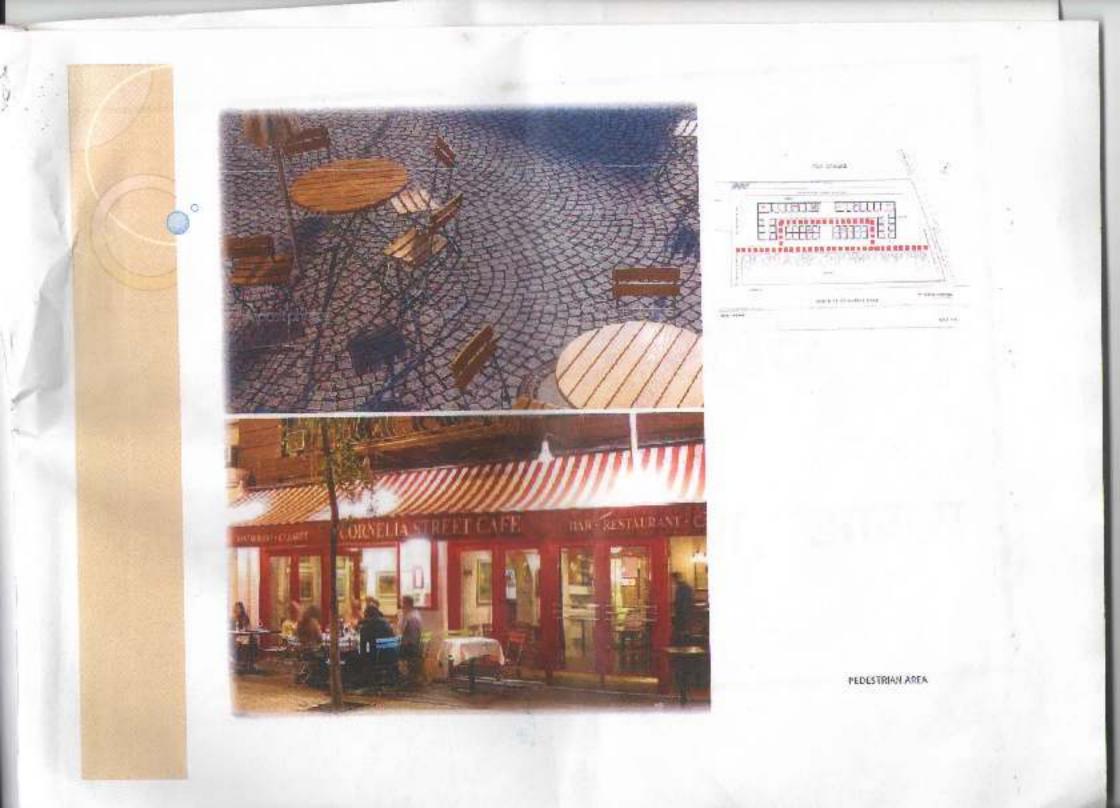

# इस परियोजना पर लगभग रू० 40 से 45 करोड़ व्यय होने की सम्भावना है।

ताज नेचर वॉक विकास परियोजना के भाग—1, के प्रस्तावति कार्यो के कियान्वन हेतु मा0 सर्वोच्च न्यायालय की अनुमति प्रदान करने हेतु रिट याचिका संख्या 13381/84 एम0सी0 मेहता बनाम यूनियन ऑफ इण्डिया ऑफ अदर्स में दाखिल की गयी है अनुमति प्राप्त न होने के कारण प्रस्तावित कार्यों हेतु आवश्यक धनराशि की मांग नहीं की गई, जिसके कारण प्रस्तावित कार्यों का कियान्वयन नहीं किया जा सका है।

### प्रस्तावित योजना से लाभ

उक्त परियोजना के पश्चात निम्न लाभ प्राप्त होंगे:--

- 1— देसी—विदेशी पर्यटकों की संख्या में वृद्धि होगी जिसके परिणाम स्वरूप राजस्व की प्राप्ति होगी।
- 2— देसी—विदेशी पर्यटकों हेतु एक अप्रतिम पर्यटन स्थल के रूप में आगरा की पहचान होगी।

प्रभागीय निदेशक, सामाजिक वानिकी प्रभाग, आगरा।

## <u>मेरा वृक्ष (My Tree)</u>

ताज नेचर वॉक के अन्तर्गत बसई मुस्तकिल क्षेत्र का अधिग्रहण जिलाधिकारी आगरा द्वारा मा० सर्वोच्च न्यायालय के आदेश दि० 11.04.1994 के कम में किया गया था। उक्त भूमि का क्षेत्रफल 4.377 है0 है। पूर्व में स्थानीय निवासियों द्वारा इस क्षेत्र में कूड़ा आदि डाला जाता था, एवं इस क्षेत्र में आवारा पशु विचरण किया करते थे, क्षेत्र में अत्यधिक जंगली कटीली झाडिया थी। वर्ष 2010 में तत्कालीन प्रभागीय निदेशक. सामाजिक वानिकी प्रभाग, आगरा द्वारा लोगों को वृक्षारोपण के कार्य से जोड़ने के उद्देश्य से मेरा वृक्ष नामक कार्यक्रम संचालित कराया गया, इस कार्यक्रम के अन्तर्गत कोई भी व्यक्ति अपने परिजनों की याद में पौधारोपण कर सकता था उसका अनुरक्षण वन विभाग उनके द्वारा दी गई निश्चित धनराशि से करता था। दो वर्षो की अवधि में 950 व्यक्तियों ने उत्साहपूर्वक इसमें अपने परिजनों की याद में वृक्षारोपण किया। वर्तमान में जिस क्षेत्र में रोपण किया गया है वह पूर्ण रूप से हरा–भरा व सुन्दर हो गया है। इस क्षेत्र का तीन तरफ से फैसिंग कार्य कराया गया। उपरोक्त प्रयासों से स्थानीय लोगों द्वारा कूड़ा डालना बंद हो

गया है एवं आवारा पशुओं का जाना रूक गया है। वृक्षों के रोपण के उपरान्त भी इसमें कुछ क्षेत्र खाली था, जिसमें वृक्षारोपण एवं सौन्दर्यीकरण की प्रबल सम्भावना थी। माह जनवरी 2014 में इसके एक टीले पर जो वृक्ष विहीन था उसमें शोभाकारी पौधो के रोपण की एक योजना के अनुसार रोपण किया गया है। रोपण के अर्न्तगत चतुर्भुज आकार की एक भूमि साफ कराते हुए उसमें छोटे–छोटे प्लाट बनाकर बोगनबिलिया की विभिन्न रंगों के पौधे रोपित किये गये, उसके किनारे चार ट्कड़ो में घासयुक्त मैदान विकसित किया गया है तथा फूलों की क्यारी के किनारे-किनारे पत्थर का पैदल मार्ग (Path-way) बनाया गया। वर्तमान में यह क्षेत्र फूलों से आच्छादित हो गया है। इस चौकोर क्षेत्र के किनारे-किनारे हरसिंगार. रात की रानी, बेला, चमेली, कोरेजिया तथा टैबोबिया के पौधों का रोपण कराया गया जो आने वाले समय में स्थापित होकर क्षेत्र की सुन्दरता को और बढ़ायेगें। इसके अतिरिक्त एक टीले पर ग्रीन हट का निर्माण करके उस पर फूलों वाली बेल लगायी गयी है जो कि कुछ माह में उसको आच्छादित कर लेगी। इसके किनारे भी क्षेत्र को साफ कराकर घास रोपित करा दी गयी है।

दिनांक 21.10.14 को आयुक्त महोदय आगरा मण्डल आगरा की अध्यक्षता में पथकर निधि की बैठक के अन्तर्गत इस क्षेत्र के लिये सौन्दर्यीकरण की एक परियोजना स्वीकृत की गयी जिसके अन्तर्गत निम्नलिखित कार्य कराये गये हैं:—

- 1. निरीक्षण पथ पर पत्थर (Cobble Stone) बिछाना
- 2. निरीक्षण पथ के किनारे सुगन्धित (रातरानी, बेला, कामनी) पौधों का रोपण
- 3. क्षेत्र मे स्थापित वॉचटॉवर की रंगाई
- 4. वॉचटॉवर के ऊपर दूरबीन की स्थापना
- 5. विकसित किये गये लॉन में गार्डन बेंचों की स्थापना

उपरोक्त स्वीकृत कार्यो के अतिरिक्त इसमें अन्य सौन्दर्यीकरण के कार्य कराये जाने की प्रबल सम्भावना है जो निम्न प्रकार है:—

- 1. क्षेत्र में साफ–सफाई कराते हुए जंगली बबूल व प्रोसोपिस की झाडियों को हटाना।
- 2. बबूल व प्रोसोपिस के स्थापित बड़े वृक्षों पर शोभाकारी बेलों का चढ़ाना।
- 3. बस्ती की तरफ फैसिंग का कार्य कराना।
- 4. बस्ती की तरफ की फैसिंग के ऊपर 60 रंग की बोगनबिलिया की बेल चढ़ाना।
- खाली पड़े गहरे स्थलों पर शोभाकार (कुरेजिया, टैबोबिया, हरसिंगार, अमलतास, टिकोमा, जरूल, गोल्डमोहर व कचनार) के पौधों का रोपण कराना।
- 6. छोटे-छोटे भू-खण्डों पर सुगन्धित पौधों का रोपण कराना।
- 7. क्षेत्र से गुजर रहे नाले को पक्का करना तथा जल निकासी कराना।

उपरोक्त कार्य कराने के उपरान्त यह क्षेत्र ताज महल में आने वाले पर्यटकों के लिये रमणीक स्थल बन सकता है जो एक आकर्षक स्थल होगा।

- 1. फुटपाथ-लम्बाई 320 मी0, चौड़ाई 2 मी0।
- 2. शोभाकार / सुगन्धित 5100 पौधों का रोपण।
- 3. वॉच टॉवर की रंगाई।

- 4. दो टीलों का निर्माण (चार प्रकार की बोगनबिलिया पौध का रोपण)।
- 5. आठ आयरन बेंच बोगनबिलिया लॉन में स्थापित।

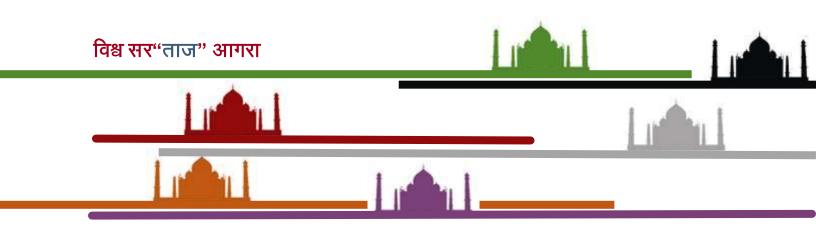

6. सफेद, गुलाबी, लाल, पिंक, केसर (6 प्रजाति) कलर की बोगलबिलिया का रोपण। टिव्यूबेबिया, कुरेशिया, फाइकस, बेजिमिना, मधुरकामिनी, बेला, रातरानी, हरसिंगार, कन्नेर, गुड़हल, चॉदनी व टिकोमा आदि प्रजातियों का रोपण।

Sl. No.	Finical Year	Expenditure (in lakh)
1	2012-13	9.00
2	2013-14	-
3	2014-15	38.00 (Till January 2015)

### 7- Detail of Expenditure :-

## मेरा वृक्ष से लाभ

- 1— ताजमहल से 500 मीटर की परिधि के अन्दर स्थित होने से ताजमहल को प्रदूषण से होने वाली क्षति को राकने में सहायक है।
- 2— देसी—विदेशी पर्यटकों को ताजमहल के अतिरिक्त भ्रमण हेतु एक और स्थल के रूप में उपलब्ध है।
- 3– स्थानीय निवासियों द्वारा अपने प्रियजनों एवं पूर्वजों के स्म्रण में रोपित किए गये वृक्षों को फलता–फूलता देखकर जन्य सामान्य में वृक्षारोपण करने हेतु प्रेरणापुंज के रूप में कार्य करता है।
- 4- स्थानीय पक्षियों हेतु उपयोगी वास स्थल है।

## Annexure 4.9.28 Urban Bus Services Fund

मुख्य सचिव, उठप्रथ शालन की अध्यक्षता में समर्पित नगरीय परिवहन निधि (डेडिकेटेड अर्बन ट्रांसपोर्ट फण्ड) प्रयन्ध समिति की बैठक दिनांक 19.01.2016 का कार्यवृत्ता।

उपारेखति :

सर्वश्री :

भाषा भाषा सिंह, सचिव, नगर विकास निमाग, उ०प्र) शासन।

2- मुलेश निताल, संचिव, वितः। विमाग, उठाव शायनः।

-3- अबरूर हुसैन, विशेष सविव, नियोजन विभाग, उठ५० शासन।

4- शिव जनग चौबरी, विशेष अधिव, आगस एवं शहरो नियाजन विमाग, उठप्रव शासन।

95- उमा शकर सिंह, विरोध कार्याधिकांग, नगर विकास विभाग, उठप्रठ शासन।

6- येथेगन्द्र द्वता त्रिपाठी, उप अचित, परिवष्ठन विभाग, उठप्रत शासन।

ा - एवकेव सिंह, निदेशक, नगरीय निकाय, उ०प्र०।

- सुनील प्रशाद, संयुक्त निवेशक, नगरीय एरिवहन निवेशालय, उ०प्र०।

हैउक में सर्वप्रथम सचिव, नगर विकास विभाग होरा समार्पित नगरीय परिवहन निधि (डेडिकेटेड अर्बन ट्रांसमोर्ट फण्ड) में उपलब्ध धनराशि व उसके उपयोग के सम्बन्ध में विरतार से अवगत करावा भया। डीठयूठटीठएफा निवमावली –2013 के अन्तर्भत निधि का उद्देश्य तथा फण्ड से अवमुक्त धनराशि एवं उपयोगिता प्रमाप पत्र की रिथति का अवलोकन समिति द्वारा दिया गया। तत्परचात् निम्नोकित एडोण्डा बिन्दुओं पर विस्तार से चर्चा हुई एवं संस्तुतियाँ की नई–

एजैण्डा विन्दु रांख्या :-समिति द्वारा सम्यक् रूप से तिघारित विभिन्न राज्य/केन्द्रीय योजनाओं के अभीन संरतुत/अनुमोदित अवसंरचना सहित नगरीय परिवहन परियोजनाओं के लिए क्षमता अन्तर का वित्त पोषण

स्तिति द्वारा प्रस्ताव का अवलोकन किया गया। समिति के संज्ञान में यह आया कि प्रंतन्ध निवेशक, लखनऊ तिटी ट्रान्सपोर्ट राविंसेत हिंठ द्वारा वस कव करने के मव में सपलब्ध ७०,,800.00 लॉख में ते कलपुर्जा आदि के क्य हेतु धनसशि व्यय कर ली नयी है। इस पर समिति द्वारा धार अप्रसन्तता व्यवत को गयी एवं यह निर्देश दिवा भय कि भविष्य में इस प्रकार की पुनरावृत्ति न हो। इस हेतु कडे निर्देश दिवा भय कि भविष्य में इस प्रकार की पुनरावृत्ति न हो। इस हेतु कडे निर्देश सभा (स0पी0वी0 को भेजा जाय व प्रवश्व निर्देशक, लयनऊ सिटी ट्रान्सपोर्ट सर्विसंस लिंग के विरुद्ध की मधी बित्तीय अनियगितल के पश्चिद्ध में कड़ी कार्यवाही की जाय। इस वर्त के साथ अमिति द्वारा अनुमोदन प्रदान करते हुए कुल रूठ 4500.00 लाख की धनराणि निर्वशक, नगरीय परिव्हन निर्दशालय, उत्तर प्रदेश के निवर्तन पर उपल थ कराये जाने का निर्णय तेने के साथ-साथ एत0पी0वी0 से उपयोगिता प्रमाण-पत्र प्राप्त कर मासिक प्रतिपूर्ति करने का निर्णय लिया गया। एस0पी0वी0 वार विवरण जिन्तांकित है:-

অগ্ৰহাণ	• रेराण्यीव्यीठ सम च न	बनसारे।

एरोण्डा बिन्दु संठ 2-नगरीय परिवहन से सम्बंधित अध्ययनों का आयोजन।

समिति झारा प्रस्ताव का अवलोकन किया गया। प्रस्तावित अख्ययनों के विषय तथा किन नगरों में अध्ययन कराये जायंगे, इस पर यैंचों हुईं। इस संवंध में समिति हास सेंद्वान्तिक रूप से नगरीय परिवहन के विभिन्न पहलुओं ५९ अध्ययन कराये जाने की सैद्वान्तिक अनुमति इस शर्त के साथ प्रदान की गई कि प्रत्येक अध्ययन हेतु पगर की विन्हित कर इस विषय पर अध्ययन किना जाना है, इस वर मत स्थिर विभ्या जायेगा तथा नगर विकास विभाग, सक्का शासन द्वारा पृथक–पृथक सुविचारित प्रस्तान मुख्य सचिद, उठप्रठ के रानक्ष प्रस्तुत कर अनुमोदित कराये जायेगे एवं अनुमोदन प्राप्त होने के रापरान्त कार्यवाडी सम्पन्न की आयेगे।

एजेण्डा बिन्दु सं0 3-विभिन्न क्रिया-कलामों और अध्ययन के लिए घरामर्शदाताओं को आबद्ध करने में अन्तर्भ्रस्त व्यय-एस०पी०नी० के प्रतिफलों की सघन समीक्षा की व्यवस्था।

समिति द्वारा प्रस्ताव का अवलोकन कर प्रस्ताव पर अनुमोदन प्रयान किया गया। समिति द्वारा यह भी संस्तुति को गई कि टंकक आदि के पद पर लिए जाने वाले सबिदा कमियो को नीलिट (NIELIE- National Institute of Electronics and Information Technology) एवं आउट सोसिंग से लिया जायेगा। समिति द्वारा इस मन में रूठ 43.00 लाख त्यथ करने का अनुमोदन देने के साथ-साथ नगरीय परिवडन निदेशालय, उठप्रठ के निवर्तन पर धनसारी उपलब्ध कराये जाने की संस्तुति की गई। एजेण्डा दिन्दु संठ 4ए-नगरीय संवालन हेतु परिवहन निगम के बस अख्डे एव कार्यशालाओं का उपयोग।

सनिति द्वारा इसके दृष्टिगत कि वर्तमान में एत0पी0वीठ द्वारा परिवहन तिगम की अवस्थापनाओं का एनयोग किया जा रहा है, इस मद में कोई धनसहि आवंटित न करने की संस्तुति की गई।

### एजेण्डा बिन्दु संठ 4बीं-बस बेड़े की वृद्धि करना-24 सीटर 'यस सेवा'

बस बेड़े की पृढि करने के प्रस्ताव पर संद्वात्तिक अनुमोदन प्रवान करने हुए समिति द्वारा निर्णय लिया गया कि आवश्यकतानुसार सोटिंग क्षमता की पूर्ण निर्मित बसे कय की जायेगी। बसों का क्रय केन्द्रीयकृत रूप से किया जायेगा तथा कथ समिति में नगर विकास विभाग के अधिकारी भी होंगे। समिति द्वास बस सेवा को नाम दिव जाने के सन्बन्ध में संस्तुति की नई कि नगर विकास विभाग द्वारा इस संबंध में उच्च स्तरीय ओपवासिक अनुमोदन प्रप्त कर कार्यवाही की जाएगी। समिति द्वारा इस मद में रूपर 5407.00 लाख व्यय करने का अनुमोदन प्रने के साथ-साथ गणसिय परिवहन निदेशालय स्वत्रव के निवर्तन पुरु धनराकि स्वजब्ध कराये जाने संस्तुति की गई। एजेण्डा बिन्दु सं0 4सी-प्रशिक्षण कार्यक्रम/संगोध्ती/सम्मेलन।

सविति द्वारा प्रशिक्षण कार्यक्रम/संपोध्टी/राग्मेलन के आयोजन पर अनुयोदन प्रयान अरते दुए इस नद ने रूपए 582.00 लाख व्यय करने की संस्तुति की गई। जंस्तुत धनराशि नगशेय परिवहन निदेशालय, उठप्रद के निवतन पर रखे जाने पर अनुमोदन प्रदान किया गया।

एजेण्डा बिन्दु संव ४डी-नगर निगम, लखनऊ के ट्रैफिक पार्क के खबीकरण का प्रस्ताय।

सांभेति द्वारा प्रस्तावित एखेण्डा अनुमोदित करते हुए रूट 300.00 लाख की धनसांश नगरीय चरिवहन निदेशालय, उठप्रठ के निवर्तन पर छपलख कराये जाने संस्तुति की गई।

एजेण्डा विन्दु स0 4ई-लखनक नगर के मगरीय बस स्टाप एवं बस स्टेशनों को ग्रीन लखनक के आधार पर उच्चीकृत करने का प्रस्तान।

समिति द्वारा प्रस्त वित एजेण्डा अनुमोदित करते हुए रूपए 1000.00 लाख नगरीय परिवहन निदेशालय, उ०प्र० के निवर्तन पर धनराशि उपलब्ध कराये जाने संस्तुति की गई।

एजेण्डा चिन्दु संठ ४एफ- नगरीय परिवहन निदेशालय के अन्य व्ययों हेतु व्यवस्था।

सभिति द्वारा प्रश्तावित एजेण्डा अनुमोदित करते हुए रूपए 113.00 त्लख नगरीय परिवहन निवेशालय, ए०प्रंट के निवर्तन पर धनराशि उण्लब्ध करावे जाने का निर्णय लिया गया।

एजेण्डा विन्दु २ां० ४जी–प्रवर्तन/ट्रैफिक नियन्त्रण दल।

समिति द्वारा प्रस्तायित एज़ेण्डा अनुमोदित करते हुए रूपए 392.00 लाख भगरीय परिवहन निदेशालय, उ०८० के निवर्तन पर-धनराशि उपलब्ध कराये जाने का निर्णय लिया गया। यह गी स्पन्ध किया गया कि कार्य को दिरावृति/जुप्लीकेसी न हो।

एजेण्डा दिन्दु सं0 ४एच–हेल्पलाइन स्थापित करना– नगर वस हेल्पलाइन सेवा।

समिति द्वारा प्रस्तावित एजेण्डा अनुगोधित करते हुए रूपए 21.00 लाख नगरीय परिवहन निदेशालय, ७०७० के निवर्तन पर धनराशि उपलब्ध कराये जाने की संस्तुति की गई। सनिति द्वारा हेल्पलाइन का नाम दिये जाने के सम्वन्ध में संस्तुत किथ्व गया कि नुगर विकास विभाग इस हेतु उच्च स्तरीय औपचारिक अनुनौदन प्राप्त कर कार्यवादी करेगा।

एजेण्डा बिन्दु सं0 4आई–आई0टी०एग०एस0 प्रणाली लागू करना।

समिति दारा प्रस्तावित एजण्डा अनुमोदित करते हुए रूपर 3000.00 लाख नगरीय परिवहन निर्देशालय, उ०प्र० के निवर्धन पर धनराशि उपलब्ध कराये जाने की संस्तुति की गई। समिति द्वारा यह भी निर्णय लिया गया कि इस कार्य देतु 30प्र० राज्य सड़क परिवहन कार्यदायों संस्था रहेगी।

उपयुंक्तानुसार हुए विचार दिगई तथा सरतुति के पश्चात् धेठक सधन्यवाद सम्पन्न हुई।

Integrated Traffic Management and Smart City Surveillance Project

In association with

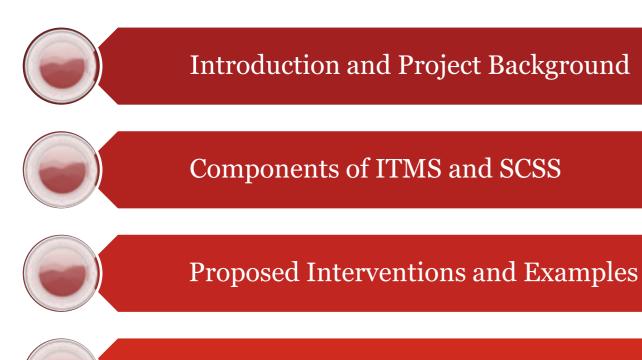

2<sup>nd</sup> May 2016

## Agenda

#### **Project Financials**

Procurement & Implementation Strategy

#### Presentation Team

Gautam Sinha

Vinoba Sunder Singh

Md. Azhar

Sunny Kapoor

# Introduction and Project Background

Integrated Traffic Management System (ITMS) and Smart City Surveillance System (SCSS)

# **Project Objectives - Perception about Law & Order is directly proportional to discipline on Roads**

Integrated Traffic Management System (ITMS)	Smart City Surveillance System (SCSS)
Bring a sense of Order on the Roads	Live surveillance through a network of CCTV cameras
Reduce vehicle congestion on roads based on optimized signaling, approx. 30%	Help maintaining law and order through proactive approach
Efficiently detect traffic violations like red light violation, over speeding and lane indiscipline etc.	Monitoring suspicious people, objects, etc. with respect to protecting life and property
Increased Travel Speed, ease, efficiency and safety, including safety for pedestrians, Decreased Stoppage Time, thereby Achieve significant reduction in pollution	Provide assistance during emergency services
Prosecution of Traffic Violators and traffic law enforcement	Provide a platform for effective collaborative monitoring, safety and security

## Integrated Traffic Management System (ITMS)

#### <u>Non – IT Components</u>

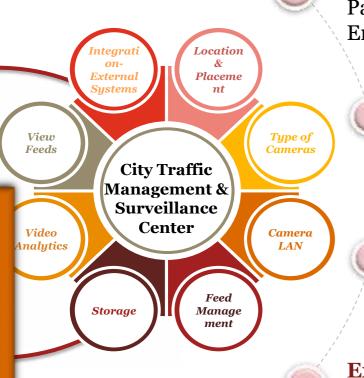

- 1. Junction Improvements
- 2. Signages
- 3. Road Markings

#### **IT Components**

- 1. Demand Responsive Traffic Signals
- 2. Pelican Signals
- 3. Traffic Surveillance Cameras
- 4. Red Light Violation Detection (RLVD)
- 5. Variable Message Sign Boards
- 6. Traffic Management Center
- 7. Area Traffic Management / Corridor Management
   Integrated Traffic Management & Smart City Surveillance Project PwC

## Smart City Surveillance System (SCSS)

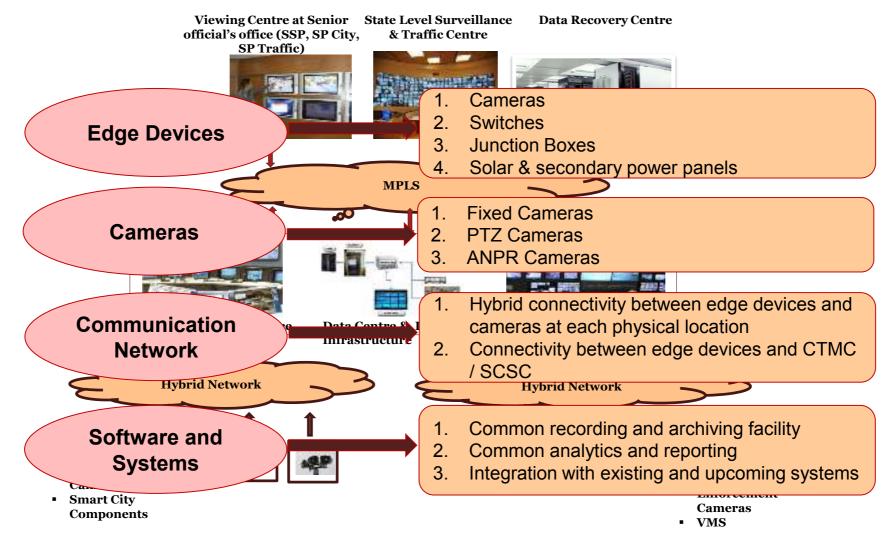

**Edge Level Devices & Smart City Components** – Fixed cameras, ANPR Cameras, Pan Tilt Zoom (PTZ) cameras, IR Illuminators, Public Address (PA) System, Emergency Call Box (ECB)

**Feed Viewing** – Hybrid Network, Dual streaming, Customised Dashboard, Video Walls with Intelligence switching based on analytics, Emergency Mobile Operation Center (EMOC). Storage: 30 Days, with Archiving solution

**Array of Video Analytics** – Crowd detection, Wrong way, Fire, Illegal parking, Speeding, etc. Video Stabilization, stitching, etc.

**External Integration** – Public and Private CCTV devices, Traffic mobile Apps, Other IT initiative applications like Dial 100, 108, 1090, CCTNS, Reliance Jio Cameras, etc.

#### Integrated Approach - Synergies between ITMS and SCSS

#### **Project Overview and Coverage**

Agra

Components of Integrated Traffic Management System (ITMS) and Smart City Surveillance System (SCSS)

Integrated Traffic Management System (ITMS) and Smart City Surveillance System (SCSS)

#### Junction Improvements – IRC Standards

As per Local Police needs

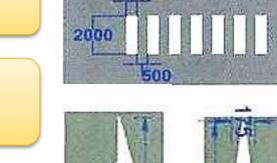

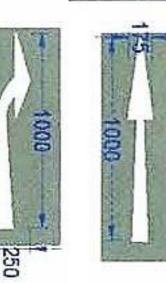

Ground Survey of ~ 900 Junctions / Locations

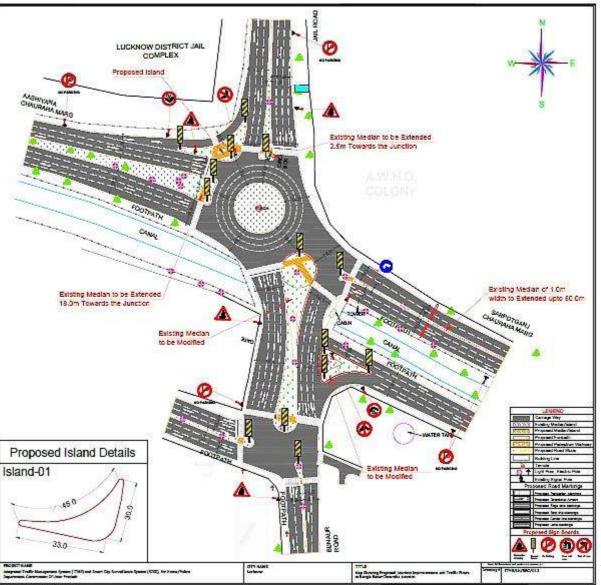

Junction Designs in AutoCAD with actual measurements

Assessment of Civil Works, Thermoplastic Paints, Road Furniture

Baseline Costs as per PWD UP: 2015 - 16

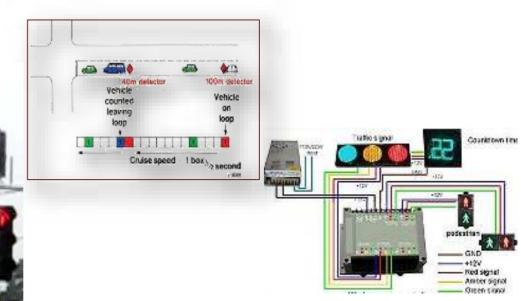

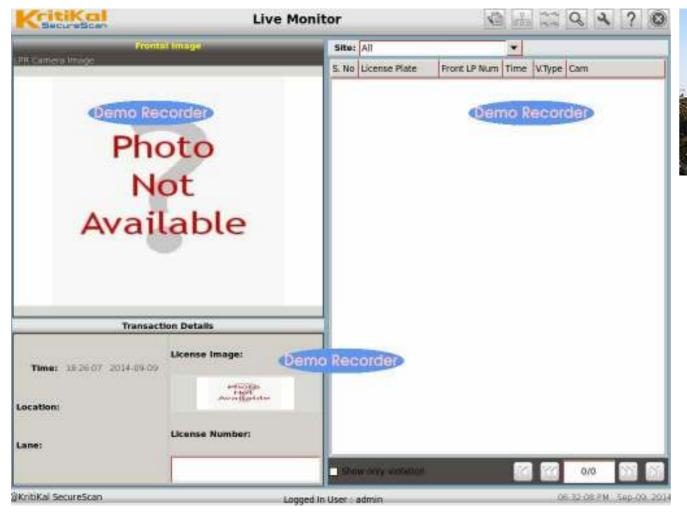

Integrated Traffic Management & Smart City Surveillance Project PwC

- 1. Video Analytics for Vehicle Detection
- 2. Software to optimize the green time

## IT Based Law Enforcement

- 1. Automatic detection of Red Light Violations through RLVD Cameras
- 2. Registration Number automatically read
- 3. Integration with e-Challaning System

## Real Time Traffic Management

#### **Traffic Surveillance Cameras**

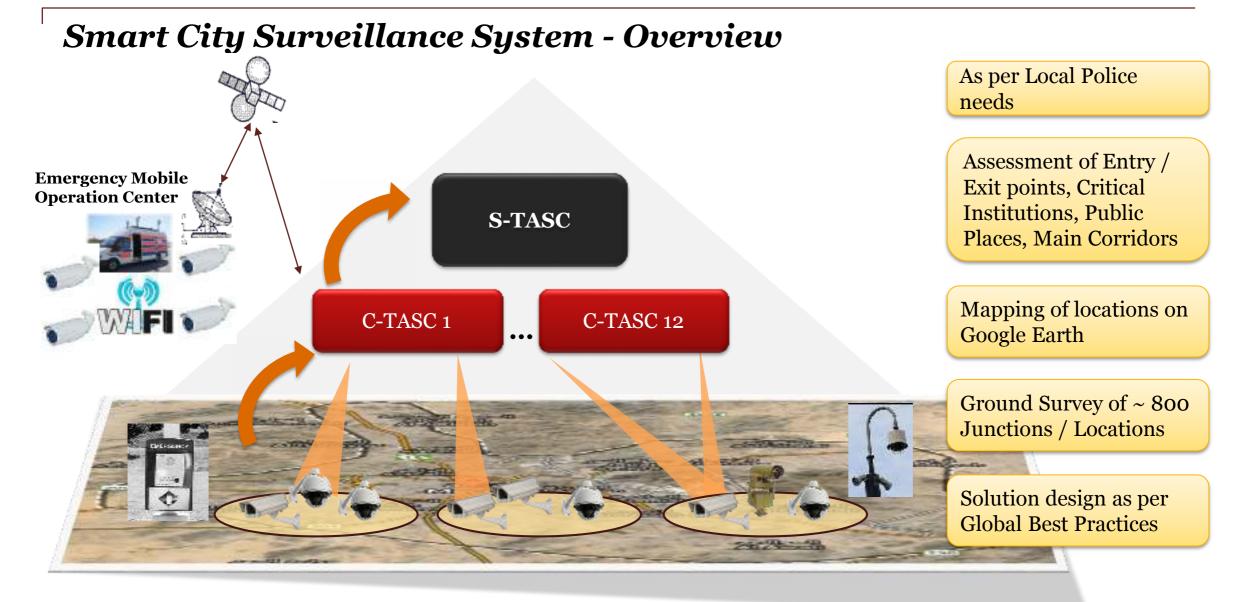

#### Variable Message Sign Boards (VMS)

## Area Traffic and Corridor Management

Integrated Traffic Management & Smart City Surveillance Project PwC

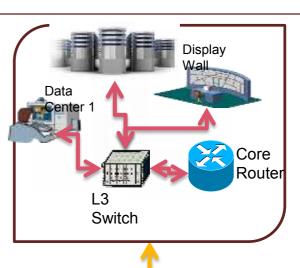

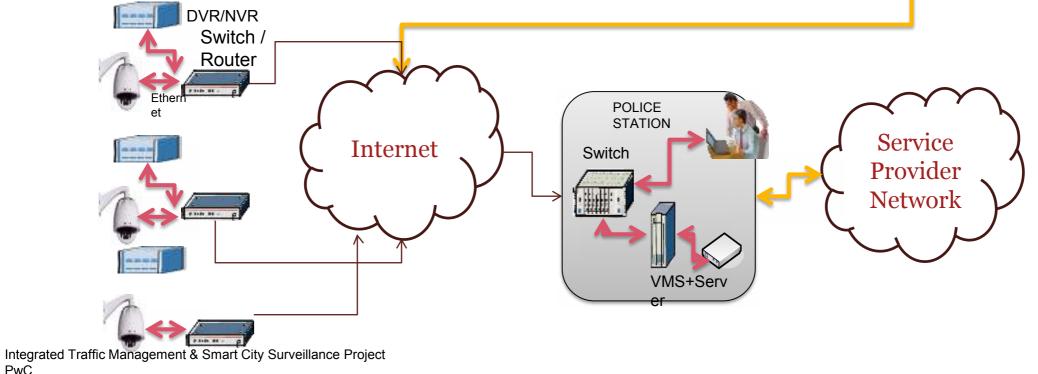

#### Integrated Traffic Management & Smart City Surveillance Project PwC

#### Collaborative Surveillance

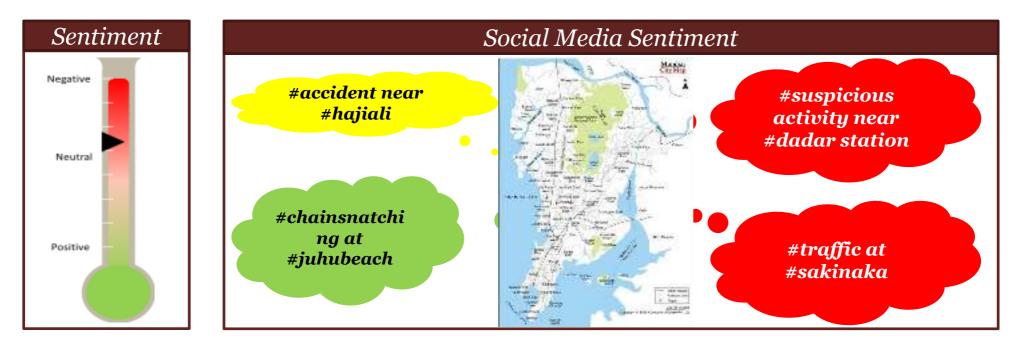

PwC

- Standardization of the CCTV system for Public and Private Infrastructure. ٠
- The DVR/NVR should be connected to internet and provide viewing access rights ٠ to the Police department. The necessary remote monitoring ports should be forwarded in the network.

## Social Media Integration: Intensive Engagement with Citizens

Integrated Traffic Management & Smart City Surveillance Project PwC

#### Traffic and Surveillance Center at each City (C-TASC)

#### **Components**

- 1. Video Walls
- 2. Operator Terminals
- 3. Traffic & Surveillance Management System

#### **Functions**

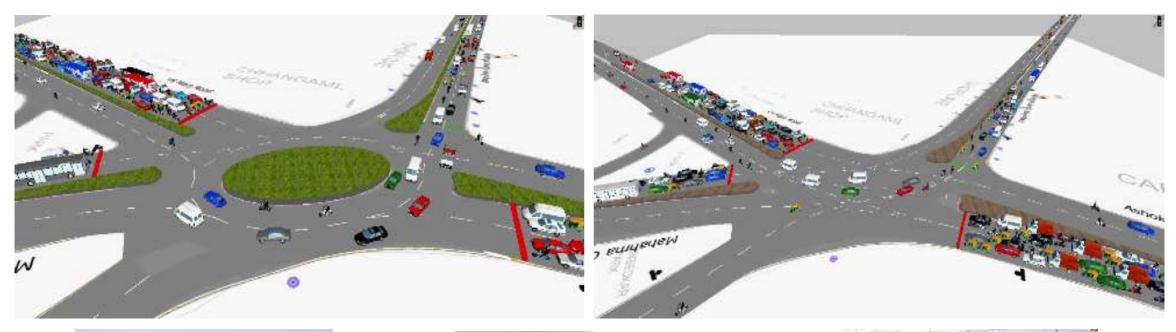

- 1. E-Challan
- 2. Pre & Post event Analysis
- 3. Remote Traffic and Surveillance Management
- 4. Incident Management

**Proposed ITMS and SCSS Interventions and Examples** 

Integrated Traffic Management System (ITMS) and Smart City Surveillance System (SCSS)

#### Transformation in Traffic and Mobility through ITMS

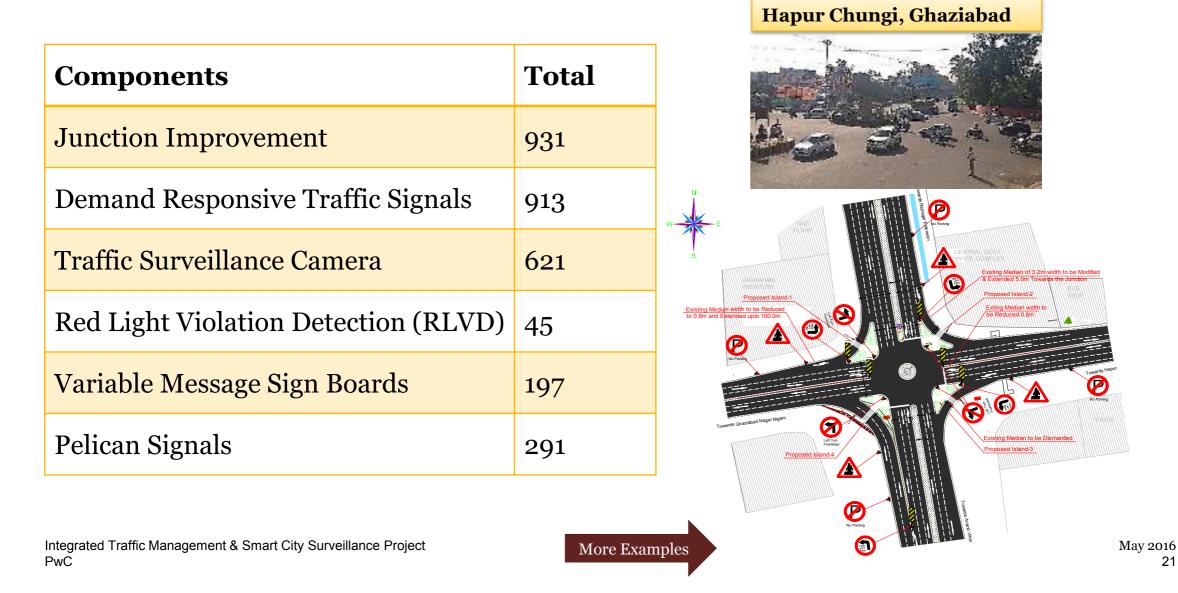

Integrated Traffic Management & Smart City Surveillance Project PwC

May 2016 20

## **Proposed Interventions for ITMS – for 12 Cities**

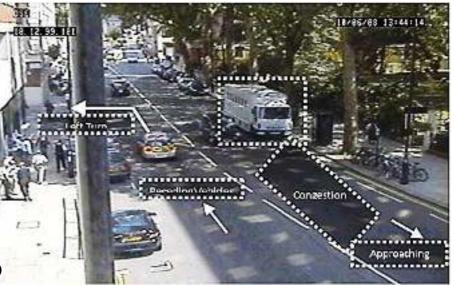

## **Proposed Interventions for SCSS – for 12 Cities**

Components	Total
Fixed Cameras	2,604
PTZ Cameras	732
ANPR Cameras	639
PA System	576
Emergency Call Boxes	84
Video Analytics	210

Integrated Traffic Management & Smart City Surveillance Project PwC

# **Procurement and Implementation Strategy**

Integrated Traffic Management System (ITMS) and Smart City Surveillance System (SCSS)

#### Institutional Mechanism for Implementation

- 1. Steering Committee at state level, with following members:
  - a. Chief Secretary Chairman
  - b. Principal Secretary (Home) Convener
  - c. Principal Secretary (Finance) Member
  - d. Principal Secretary (Urban Development) Member
  - e. Principal Secretary (PWD) Member
  - f. Principal Secretary (Transport) Member
  - g. Principal Secretary (Information Technology) Member
  - h. Principal Secretary (Planning) Member
  - i. DGP Member
  - j. ADG (Traffic) Member

- 2. District level committee, with following members:
  - a. Divisional Commissioner Chairman
  - b. IG Zone Member
  - c. DIG Range Member
  - d. DM Member
  - e. SSP Member Secretary
  - f. Vice President (Development Authority) Member
  - g. Municipal Commissioner Member
  - h. PWD, Forest, NHAI and other departmental officials Member
  - i. Nominee of Traffic Directorate

#### **Procurement Strategy**

- 1. RFPs to be designed by the Consultants
- 2. Bid Process to be conducted by State Police
- 3. Consultants to assist Bid Process Management
- 4. One Single RFP with 4 clusters of cities

S.No.	Cluster 1	Cluster 2	Cluster 3	Cluster 4
1.	Meerut	Agra	Varanasi	Lucknow
2.	Ghaziabad	Aligarh	Allahabad	Kanpur
3.	Gautam Buddh Nagar	Moradabad	Gorakhpur	
4.		Bareilly		
Total	~ 250 Cr	~ 200 Cr	~ 200 Cr	~ 200 Cr

#### Departmental Collaboration

#	Department/Government Agency	Support Required
1	Municipal Corporation/PWD/Developm ent Authority	Funding of Capital Expenditure Right of way (ROW) for laying of underground data cables (CAT6/Optical Fiber/Power Cables), permission for erection of poles and mounting of traffic lights and cameras
2	Electricity Board	Permission for electrical connection and installation of Electrical meters
3	National Highway Authority of India	Right of way (ROW) for laying of cables, permission for erection of poles, mounting of traffic lights and cameras
4	Metro Rail Corporation	Right of way (ROW) for laying cables, on stretches occupied by Metro Rail Corporation
5	Forest Department	Permission of cutting of tress / trimming branches
6	Police Department	Implementation of the project, Finalization of Traffic and Surveillance Center (TASC) in each city <b>(5000 Sq. Ft. approx. Area)</b> , Recurring Charges like electricity, consumables, etc.

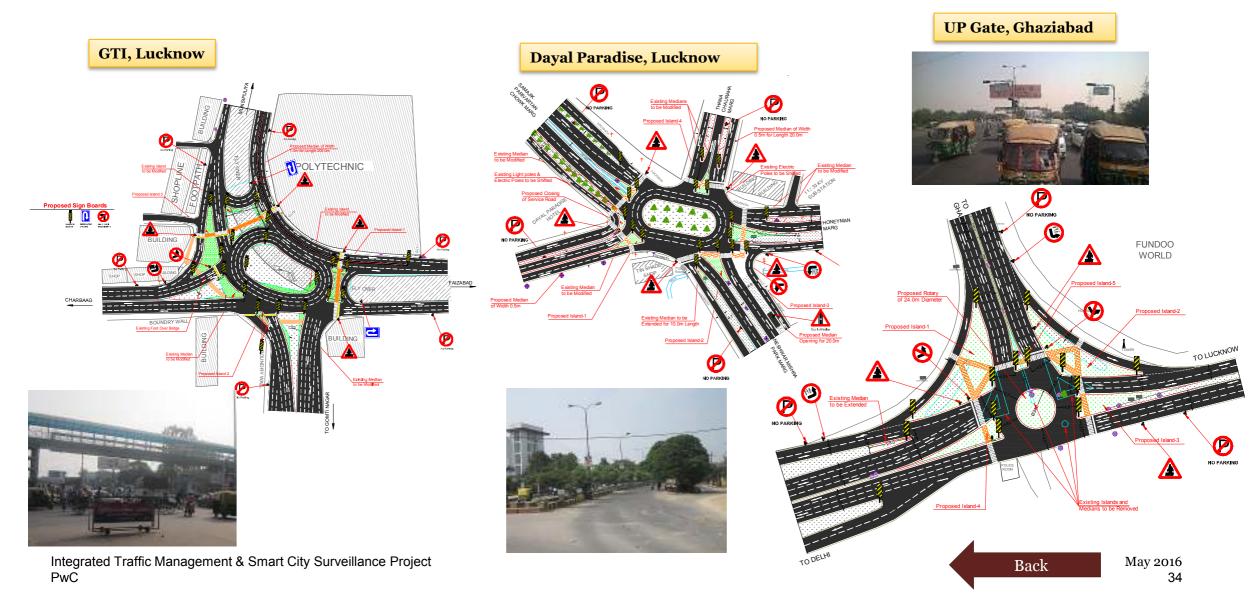

Working together for making Integrated Traffic Management System (ITMS) and Smart City Surveillance System (SCSS) a success in Uttar Pradesh...

Integrated Traffic Management & Smart City Surveillance Project PwC

## Panic Button & Public Address System – The Solution

## **Key Features**

- Voice Sensor and Voice Response (Duplex communication)
- Location services to identify people around including "predator" and potential informers
- Easily locatable from a distance through BLUE LIGHT
- 24/7 Surveillance through multiple CCTVs including 3rd Eye
- Activated by panic button & mobile phone

## **Critical Success Factors**

- CCTV Surveillance locations to have panic button & PA system
- Connected to following for immediate response:
  - Central Command Center(CCC)
  - Loud Hooter
  - Nearest GPS enabled PCR
  - Alerts to residents around the safe spot community policing
  - Private security agency control rooms and emergency vehicles
  - SMS to relatives

## MEMORANDUM OF UNDERSTANDING

## BETWEEN

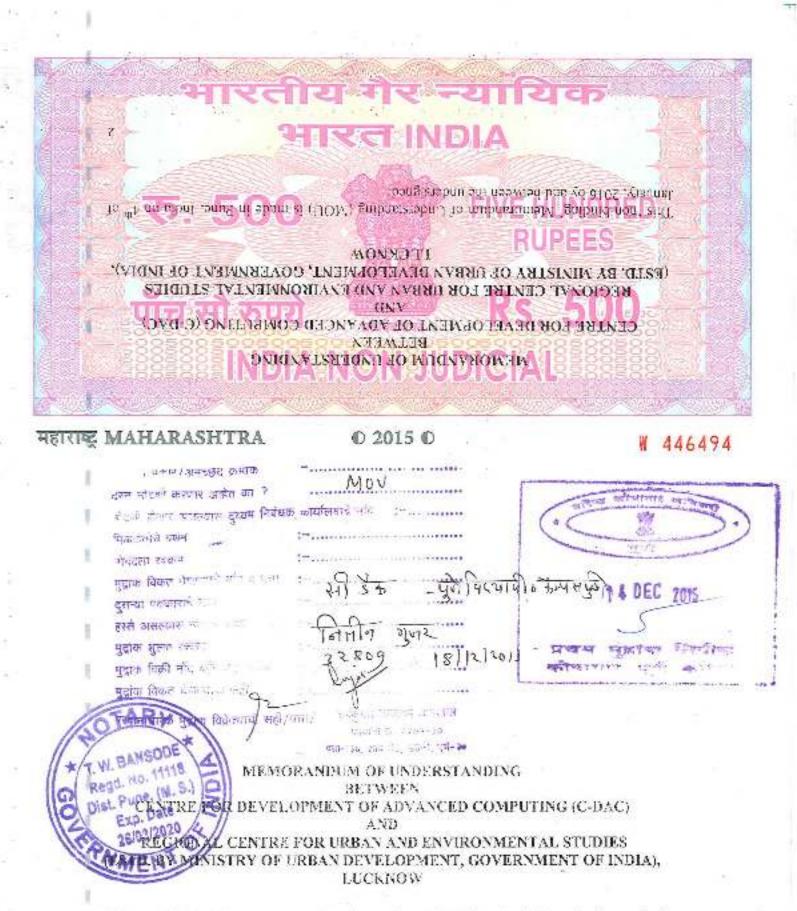

## CENTRE FOR DEVELOPMENT OF ADVANCED COMPUTING (C-DAC)

## AND

## REGIONAL CENTRE FOR URBAN AND ENVIRONMENTAL STUDIES (ESTD. BY MINISTRY OF URBAN DEVELOPMENT, GOVERNMENT OF INDIA)

4<sup>th</sup> January 2016

This 'non-binding' Memorandum of Understanding (MOU) is made in Pune, India on 4<sup>th</sup> of January, 2016 by and between the undersigned:

Acupla

Centre for Development of Advanced Computing, having it's headquarter at Pune University Dampus, Ganeshkhind, Pune – 411007, India (hereinafter referred as 'C-DAC', which expression will include its successors and permitted assigns, unless repugnant to the context or meaning), acting through its Director (Admin & Legal) and Head (Admin) Mr. R.Y. Deshpande, of the first part

#### And

Regional Centre For Urban And Environmental Studies (Estd. by Ministry of Urban Development, Government of India and nominated as a Resource Centre by Government of Uttar Pradesh, vide G. O. No. 4466(1)/=1-5-15-227स1/2015 dated July 30, 2015), Lucknow, (hereinafter referred to as 'RCUES' which expression will include its successors and permitted assigns, unless repugnant to the context or meaning) acting through its Additional Director, Mr. A. K. Gupta of the second part

C-DAC and RCUES are hereinafter individually referred to as 'Party' and collectively as 'Parties', as the context may require.

#### Whereas,

(N. S.)

1020

Date

- The Government of India has envisaged "Smart Citics Mission" considering the need for an all-round, socio-economic development of the country. The initiative intends to develop 100 cities and towns in the country as smart cities and is expected to generate a large number of opportunities for the industry in terms of deploying state of the art technologies, provision of value added and sustainable services, and, investment opportunities.
- 2. C-DAC was set up by then Department of Electronics (now renamed as Department of Electronics and Information Technology (DeitY), Govt. of India) to emerge as a premier R&D institution for the design, development and deployment of electronic and ICT technologies and applications for socio-economic advancement with the mission of expanding the frontiers of Information and Communication Technologies, evolving technology solutions, architectures, systems and standards for nationally important problems, achieving rapid and effective spread of knowledge by overcoming language barriers through application of technologies, sharing experience and know-how to help build advanced competence in the field of Information Technology, bringing benefits of Information Technology to society in the form of Smart Cities.
- 3. RCUES is an autonomous institution under the Ministry of Urban Development, Government of India. It is one of the premier Research and Capacity Building Centres of Ministry of Urban Development, Government of India, in the country thandated to provide 'knowledge-based' services for various aspects of municipal experimence. RCUES has been nominated as a Resource Centre by Government of Uttar adesh, vide

teuth

3

0. No. 4466(1)/नौ-5-15-227सा/2015 dated July 30, 2015 for carrying out different entities in selected cities under Smart City Mission.

AC has constituted a committee on Smart Cities to undertake the following:

(i) <u>Departmental Diagnosis</u>: AS-IS Analysis of the existing departments to explore the gap and to assist selected Municipal Bodies in their development as a 'Smart Cities'.

(ii) <u>Restorative Recommendations</u>: Based on the departmental diagnosis, put forward ICT based smart solutions intended to make the department self-sustained with qualitative empowerment. Identification of pilot / showcase / developmental projects to enable the creation of the necessary infrastructure including any upgradation and renovation of existing facilities so as to provide smart city capabilities and services to the residents of the selected cities.

(iii) <u>Project Advisory and Implementation</u>: To advise on main aspects of implementation of identified projects (hereinafter collectively referred to as 'Scope of Services') and assist in the subsequent implementation to realise the 'Smart City' initiative of the Government of India.

- 5. RCUES has identified many urban challenges faced by cities in UP. Some of them are:
  - Management of daily generated Municipal Solid Waste
  - Poor Management for natural and man-made disasters
  - Health related facilities and awareness amongst citizen
  - Improvement of traffic management in the cities
  - Need of adequate public transport to cater to the growing populations of the cities
  - · Development of road infrastructure to meet ideal road density as per norms
  - Improvement in management of distribution of water supply, especially in the fringe areas of the cities
  - Management of land & assets for infrastructure development to cater to financial requirements for improving infrastructure

After interactions at various levels, parties intend to work together in the areas of common interest and NOW THEREFORE, in consideration of the mutual promises and covenants contained herein, the Parties agree as follows:

#### 1. Purpose:

N.S.)

24.

The Parties are entering into this 'Non-binding' MOU to record the terms and conditions on which C-DAC will provide the Scope of Services to the selected Municipal Bodies for their development as a 'Smart Cities'.

18

## 24. S.) CDAC's Responsibilities

AC hereby agrees that it will undertake, either itself or through one or more of the committee members, reasonable endeavours to advise on /provide the Scope of Services in accordance with and to the extent requested by identified Municipal Bodies through RCUES with the objective of developing the cities as a 'Smart City', which will also include the following:

- C-DAC will advise Municipal Bodies through RCUES on development of vision, goals & strategies for the cities as a Smart City and thereafter support implementation of the same in cities through agreed upon Terms and Conditions by both the parties, as and when required.
- ii. C-DAC, through its appointed Nodal Officer, will work in collaboration with Municipal Bodies in sectors illustrated in para 5 above and in areas like:
  - a) Creation of Information Technology based Application proposals for various sectors & creation of innovative sources of sustenance for the Municipal Bodies
  - b) Technological & knowledge based matters
  - Project based support in areas such as:
    - 1. Transport
    - 2. Solid Waste Management
    - 3. Water Supply
    - 4. Health
    - 5. Tourism
    - 6. Climate and earth sciences
    - 7. Housing
    - 8. Sewerage
    - 9. Education
    - 10. e-Governance
    - 11. Storm Water Drainage
    - 12. Disaster Management
    - 13. Social Welfare
    - 14. Culture &Heritage
    - 15. Citizen Participation
    - 16. Big Data Analytics

17. Computational Infrastructure through PARAM Supercomputers

18. Miscellaneous (as mutually agreed)

Durpole

templa

d) Capacity building to plan, design and execute projects efficiently

Workshop to identify the challenges and solutions

Propose to implement its best technological solutions in particular in disaster management, citizen health planning, water and sanitation, sustainable mobility and other digital technologies

- iv. C-DAC, in association with Municipal Bodies through RCUES, will provide technology support to the Smart City projects through its various R&D Departments.
- v. C-DAC will assist Municipal Bodies through RCUES required consultation and advisory inputs for executing projects, relevant to the development of cities, under the Smart Cities initiative to achieve the goal of making cities smart.
- vi. Build Capacity and Capability in Smart Cities amongst Municipal Bodies Officials.
   Roll out Smart City training workshops at the Municipal level.

## 2.2 RCUES s' Responsibilities

RCUES shall ensure that RCUES and Municipal Bodies:

- will appoint a nodal officer who will be the contact point for the interaction with the Municipal Bodies and will also be responsible for the smart city initiative.
- will allow C-DAC to conduct smart city workshops / Conferences / Conclaves as and when required to promote cities as an Investment destination.
- iii. will work jointly with C-DAC to drive the smart city initiatives for cities through nodal officer and the consultants appointed by the Municipal Bodies / RCUES.
- iv. shall provide all required / requested complete, correct, and accurate inputs / information / charts / figures / diagrams / reports etc. enabling C-DAC to fulfil its responsibilities under this MoU.
- v. shall accord and communicate all required / requested approvals / acceptances / sanctions in a time-bound manner.
- vi. shall acknowledge C-DAC's contribution in media / publicity material.
- 2.3 RCUES agrees and accept that C-DAC and RCUES shall work together / collaborate for all smart city projects in UP state, under this MoU, in addition to following cities which have been selected at present for smart city project:
  - c Agra
  - o Aligarh
  - o Allahabad
  - o Bareilly
  - o Ghaziabad
  - o Jhansi
  - o Kanpur
  - o Lucknow

### Terms for Termination

This MoU will be valid for 3 years unless terminated as provide herein.

Both the Parties may terminate this MoU at any time by notice with immediate effect if it reasonably believes that other party's performance, or any aspect of it, results, or might breach any legal, regulatory, ethical or audit independence requirement in the jurisdiction, or any other reason. In other cases, parties may terminate this MoU with or without assigning any reason by giving 30day's written notice by Regd / Speed Post AD to other party. In the vent of termination / expiry of this MoU, parties shall return the material/documents of other party.

This MoU will automatically expire on completion of 3 years. The MoU can be renewed on mutually agreed terms and conditions duly signed by authorized signatories of the parties.

#### 4. Other Terms:

#### 4.1 Sharing of Information

As may be appropriate from time to time, each Party may share information with the other on a regular basis regarding the arrangement under this MoU. Both the parties will be solely and entirely responsible for any third party information or materials, that they will share with each other, with regards to its requisite rights, authorizations or agreements, in place, enabling accessibility and usage of such information. C-DAC shall be exclusive owner of any reports / charts / inputs / advice / SW / HW / material etc. created / generated / designed / developed / given by it to RCUES.

#### 4.2 Confidentiality

The Parties agree and acknowledge that sensitive information and confidential data will be exchanged between the Parties pursuant to this MoU. Such data will be marked confidential ('Confidential Information'). Each Party agrees that it will maintain confidentiality of the Confidential Information disclosed to it by the other Party under this MoU and will ensure that this clause is strictly adhered to by its officers, employees, agents, consultants and representatives. In case of expiry or termination of this MoU, cach party will promptly return all confidential information, to the disclosing Party upon request after expiry / termination of this MoU.

In the event of any party required to disclose the confidential information in pursuance of any court / govt / judicial / quasi-judicial authority, the other party shall give notice of at least 10 days to enable it to seek appropriate remedy / relief against such order.

## Expense and No Liability

'13 S.j

Scope of Services, for any future activity, the financial Terms and Conditions will be decided on case to case basis, as and when required.

Municipal Bodies acknowledge and agree that C-DAC and RCUES will endeavour to do above mentioned activities / responsibilities subject to availability of financial, manpower and other resources for the purpose of this MoU.

Municipal Bodies further acknowledge and agree that C-DAC and RCUES shall not be responsible and liable to Municipal Bodies / its officials / employees / consultants / contractors etc. or any citizen / user / other person for any direct / indirect / consequential damages / loss (monetary or otherwise including but not limited to loss of profits / reputation / money / opportunity / data / goodwill etc.) arising out of or incidental to this MoU.

#### 4.4 Counterparts

The Memorandum of Understanding (MOU) may be signed in one original and the party retaining original shall give notarized and certified true copy/ies to other party/ies. Both copies together will constitute valid MoU. The Memorandum of Understanding may be signed, executed and transmitted by facsimile transmission and will be as valid and effectual as if executed as an original.

### 4.5 Entire Agreement

This MoU contains the entire understanding between the Parties hereto and supersedes all prior arrangements, understandings and agreements, written or oral, on the subject hereof. Any part of this MoU which is not enforceable due to any reason whatsoever will be deemed to be inoperative and the rest of the MoU will continue to be valid and binding on the Parties hereto. This MoU may be amended in writing only when duly signed by parties.

## 4.6 Representation

Each Party hereby represents to the other that it has all necessary power and authority to execute and deliver this MoU.

#### 4.7 Co-operation

C-DAC and RCUES acknowledge that they have entered into the Memorandum of Understanding (MoU) in good faith and will cooperate in good faith to achieve the objectives set herein. In case of any differences / disputes, parties shall resolve by discussion / negotiations between them. Unresolved differences / disputes shall be

# Annexure 4.9.32 Integrated Power Development Scheme (IPDS) Investment

hit

Smart City

# IPDS in Smart Cities

New Delhi 21<sup>st</sup> November 2015

## **Smart Cities: Electricity perspective**

"Assured Electricity supply" is one of the identified pillars of "Smart City – Core Infrastructure" identified by the Smart City guidelines of Gol.

### **Energy Management**

- 13 Smart Meters & Management
- 14 Renewable Sources of Energy
- 15 Energy Efficient & Green Buildings

# **IPDS – A snapshot**

- Scheme Cost: Rs 32,612 crore including budgetary support of Rs 25,354 crore
- Main Components
  - Strengthening of sub-transmission and distribution networks in the urban areas;
  - Metering of distribution transformers / feeders / consumers in the urban area.
  - IT enablement of distribution sector and strengthening of distribution network being under taken under R-APDRP (subsumed in IPDS).
  - Provisioning of Solar Panels on Govt. buildings
- Projects worth Rs 24,204 crore for 3,406 towns in 26 States/ UTs sanctioned (including In-principal sanction of Rs 19,072 crore for 3044 towns).
- States are in process of issuing NITs.

# **RAPDRP (subsumed in IPDS) - Status**

### Projects worth Rs 39,198 crore are under implementation

	Project Cost (Rs Cr)	Towns covered (No)	Towns 'Go-live'/ Completed	Remarks
Part A (IT)	5,427	1409	1090	IT enabled energy accounting / auditing system and customer care centre in towns with population > 30,000 (10,000 for Sp Cat states)
Part A (SCADA)	1,556	72	22 (only control Centre)	SCADA in town with population > 4 Lacs and Annual Energy Input > 350 MU
Part B	32,215	`1258	282	Distribution strengthening and up- gradation Projects in towns with population > 30,000 (10,000 for Sp Cat states)
Total	39,198			

#### **Convergence of IPDS with Smart City Guidelines**

#### Assured Electricity supply

• Infrastructure upgrades of Sub-transmission and distribution networks: (Better aesthetics with aerial bunched cables, UG cables)

At least 10% of smart city's energy requirements coming from Solar

• Rooftop Solar provision in IPDS; advisory of 7-10% of Rooftop Solar issued to States recently

Smart metering, robust IT connectivity and Digitization

- AMR for feeders and DTs
- Smart metering / AMI in IPDS in SCADA towns
  - Reduction in losses; amenability to demand management
- IT enabling; Complaint management system
- GIS mapping of Electrical assets and consumers
- SCADA : Remote monitoring at feeder level; Bandwidth creation

Energy efficient street lighting

# Investment sanctioned in Smart Cities under IPDS

In	vestment in	98 Smart Cities (in Rs Cr	ore) as on 31.10.20	15
	No. of Towns	Present Status	Amount Sanctioned	Amount Disbursed
Part A IT	82	49 (towns declared Go-live)	<u>2248</u>	1191
Part A SCADA	46	17 (Control centre commissioned)	<u>1090</u>	328
Part B	64	6 (towns completed)	<u>12906</u>	2085
Sub total (R-APDRP)			16244	3604
IPDS	76 *	(Circles approved containing Smart city)	<u>9516</u>	49
Grand Total (IPDS in	cl. R-APDRP)		25760	3653

\* IPDS Projects have been sanctioned circle wise which cover the Smart City town and Project cost indicated is the cost for entire circle.

# Smart Cities – Leveraging IPDS (RAPDRP)

- Under R-APDRP several building blocks of Smart Cities / Grids (GIS Maps, SCADA/DMS, Billing/CRM Systems, IT Networks including Data Centres) are being built.
- The digital assets of R-APDRP can be extended to other infrastructure domains at marginal cost.
- Strengthening and Up-gradation of Distribution networks being done under RAPDRP and sanctioned under IPDS to be used to transform into Smart City.

# Smart Cities – Leveraging IPDS (RAPDRP)

- RAPDRP created a basic backbone of Enterprise level Data center using IT Infrastructure and strong communication network up-to DT level which shall act as enablers for following Smart Grid interventions :
  - Peak load management;
    - o Demand Side Management,
    - $\circ\,$  Time of Day
  - Renewable Energy integration;
  - Operational efficiency improvement;
    - Asset monitoring,
    - Smart Metering and AMI
    - Substation Automation;
  - > Consumer service improvement;
    - Outage Management System,
    - Power Quality Management
    - Work force management.

# 24x7 Power Supply in Smart Cities

- Government of India is committed to facilitate 24x7 power supply for all by 2019
- Govt. of India have taken up a joint initiative with All States/UTs for preparation of State specific roadmap
- A web portal (powerforall.co.in) has been created to capture the roll-out plans and progress to be updated online by States
- State specific roadmap includes:
  - ✓ Estimation of demand and supply
  - ✓ Generation Plan
  - ✓ Transmission Plan
  - Distribution Plan
  - ✓ Renewable Energy Plan
  - ✓ Energy Efficiency Plan
  - ✓ Financial Sustainability Plan
  - ✓ Capacity Building

# **Conservation and Energy Efficiency**

- **Standards and Labels:** 19 appliances with 4 mandatory (tubular fluorescent lamp, room air conditioner, frost free refrigerator, distribution transformers)
- Energy Conservation Building Code : 8 states have notified, 15 are under process of notification. Design guidelines for energy efficient multi-storey residential buildings already developed.

#### • Energy Consumption norms for energy intensive industries

✓ Perform, Achieve and Trade (PAT)

#### • Energy Efficient LED lighting by M/s EESL:

- ✓ Replacement of 90 lakh street lights will be covered in 114 cities that will result in annual savings of 2400 million kWh by 2016.
- ✓ Replacement of 20 crore conventional bulbs with LED bulbs in 151 cities that will result in annual savings of 6332 million kWh by 2016.

# National Smart Grid Mission (NSGM)

- National Smart Grid Mission (NSGM) launched.
- NSGM to plan and monitor implementation of policies and programmes related to Smart Grid activities in India.
- Outlay for 12<sup>th</sup> Plan: Rs 980 crore with a budgetary support of Rs 338 crore.
- Seven states / UTs (UP, WB, Haryana, Rajasthan, Goa, Tamil Nadu and Chandigarh) have submitted the DPRs under NSGM.

# NSGM – Activities

- Indicative list of NSGM support activities for Smart Grid projects:
  - Assistance in formulation of projects, financing models etc.
  - Financial assistance up-to 30% of project cost.
  - Training and Capacity Building
  - Technology selection guidelines and best practices
  - Facilitate Consumer Awareness initiatives
  - Project Appraisal post implementation.

# Way Ahead

- State Governments / DISCOMs have the primary role in distribution of electricity.
- "24X7 power supply" is the joint effort of States and Centre.
- Projects under IPDS and NSGM are proposed by States.
- Projects on cost sharing basis between States and Centre.
- Implementing Agencies are advised to give priority to Smart Cities.

# **Thank You**

# Benefits & Service Improvements in Go Live Towns

#### Loss reduction in Go Live Towns

- Utilities have started administrative interventions using diagnostic tool created under R-APDRP Part-A(IT) for reduction of AT&C Losses
- AT&C Loss Improvements in 630 of 1090 Towns declared Go Live
- Utilities are monitoring Billing Efficiency in High Loss Feeders in Go Live Towns
- Billing Efficiency Improvement as reported in High loss feeders: 676/1465

#### Consumer facilities in GO Live Towns

- Majority of New Connections released through IT system.
- New Connections Release as per SERC Timelines: 75%
- 67% of Consumer Grievances are being resolved within SERC timelines through IT enabled customer care centers
- Enlarged e-payment facilities through web portal, payment through credit cards etc.

# **Estimated** Cost

### Assumptions

Population ~10 lacs
 Consumer Base ~2 lacs (Single Phase -60% and Three Phase-40%)

### Tentative Cost for a Smart City (~ 382 Crore)-Greenfield

AMI System incl MDAS, MDM & PLM – 161 Crore

Sub: City Gas Distribution (CNG and PNG) Expansion plan of Green Gas Limited for Agra.

Dear Sir,

This is with reference to information sought on the expansion of City Gas Distribution network against the backdrop of development of Agra as a smart city. We would like to inform you that Green Gas Limited (GGL) is a Joint Venture company of GAIL(I) Ltd and IOCL, two Maharatna companies. Green Gas Limited has been authorized by Ministry of Petroleum and Natural Gas (MoPNG) and Petroleum and Natural Gas Regulatory Board (PNGRB) to lay, build, operate and expand City Gas Distribution(CGD) projects in Lucknow and Agra GA.

Accordingly GGL is catering the city gas demand of transport (CNG- Compressed Natural Gas) segment and domestic, commercial and Industrial (PNG-Piped Natural Gas) segment.

Presently GGL has 6 nos of CNG stations in Agra to cater the CNG demand of transport segment and has connected about 6000 nos customers with PNG facility. Also GGL is supplying PNG to 9 commercial and 3 industrial customers.

GGL has laid MDPE network for PNG supply in Transport Nagar, Khandari, Surya Nagar, Ram Nagar, Dayal Bagh, Soami Bagh, Nirbhay Nagar, Sikandra area etc and their adjoining areas.

Presently GGL is planning to extend its PNG infrastructure to meet the gas demand of Kamla Nagar, Vijay Nagar, Gandhi Nagar, Nehru Nagar, Avas Vikas Colony, and Taj Nagari Ph-2 area.

Also new CNG stations are being planned along NH-2, Shamsabad Road and Fatehabad Road & Kalandi Vihar.

As part of its ongoing effort to extend the benefits of natural gas in both CNG and PNG segments, GGL plans to cover all areas of Agra in another 5 years. In this way we will be able to cater all complete PNG & CNG demand in transport, domestic consumer, commercial & industrial consumer segment of whole Agra GA.

Regards, Yours sincerely, U.Y.

(Samil Pandey) Officer-In-Charge

Agra: The Rs 2,235 crorefinal developmental plan for second round of smart city project was presented before the citizens at Sur Sadan auditorium here on Tuesday Municipal commissioner Indravikarum Singh said, "78% of the fund is set for area-based development and 22% for pan-city initiatives." This year Agra Municipal Corporation has prepared the smart city proposal with the help of Crisil risk and Infras-

tructure solutions. As per the plan, the areabased development envisions

retrofitting of 2,200 acres of selected local area which includes vicinity around Agra Fort, Jama Masjid, old city, Taj Mahal, Tajganj locality and way from Fatehabad Road leading to inner ring road.

According to the municipal commissioner, the proposal focuses on preserving history, developing worldclass infrastructure, a tourist-friendly city, pristine environment and plenty of job opportunities."

Under the pan-city initiative, a method of door-to door garbage collection will be developed. Intelligent traffic management system (ITMS)

1.46

will also be developed incorporating 28 redesigned junctions, which will have demand responsive traffic signals.

According to the plan, 30 hybrid buses, 29 HoHo (hopon, hop off) buses, e-ticketing fucility and vehicle-tracking system will also be made functional.

#### 22,235 CRORE PLAN

As part of the pon-city initiative, 208 surveillance camerns will be installed covering. 90 locations, video analytics and incident management system will be developed. The revised goal for

# स्मार्ट सिटी के अंतिम प्रपोजल का दिया गया प्रेजेंटेशन

#### agra@inext.co.in

AGRA (21 June): शहर स्मार्ट सिटी की दौड़ में है. पिछली बार स्मार्ट सिटी की दौड़ में पिछड़ गया था. जो कमियां थी, उन्हें दूर करते हुए अंतिम दौर में पहुंचे प्रपोजल का प्रेजेंटेशन मंगलवार को सुरसदन में दिया गया.

#### ३० को सबमिट करना है प्रपोजल

मेयर इंद्रजीत आर्य ने बताया कि भारत सरकार में प्रपोजल 30 जून तक जमा करना है. इसके लिए नए सिरे से प्रपोजल तैयार किया गया है. इस प्रपोजल को तैयार करने में शहर के गणमान्य लोगों की गय ली गई है. इसके बाद ही क्रिसिल की टीम लीडर निहाली पटेल ने सूरसदन में प्रपोजल का अंतिम प्रेजेंटेशन दिया. जिसपर सभी ने सहमति व्यक्त की है. इस मौके पर रमन, इंडिया राइजिंग आदि ने कछ सुझाव भी दिए.

### आभार व्यक्त किया

मेयर इंद्रजीत आर्य ने प्रपोजल तैयार करने में सहयोग करने वाले डॉ. आरएस पारीक, संगीता भटनागर, जेएन टंडन, प्राचार्य डॉ. मनोज रावत, डॉ. संदीप अग्रवाल का धन्यवाद प्रकट किया.

#### जागरा नगर निगम - स्मार्ट सिटी चुनौती दौर द्वितीय

#### प्रिय आगरावासियो

हम स्मार्ट सिटी नागरिक अभिसत अभियान के पहले दौर के दौरान अपने भारी प्रतिक्रिया के लिए धन्यवाद देना चाहते हैं। आपकी प्रतिक्रिया हमें मदद मिली हे शहर के लिए एक दीर्घकालिक हण्टि तैयार करने, विकास के लिए एक क्षेत्र चुनते हैं और एक समावेशी पान सिटी परियोजना को अंतिम रूप देने के लिए। आगरा नगर निगम स्मार्ट सिटी चुनौती के दूसरे दौर में भाग लेने और प्रस्ताव में संशोधन की प्रक्रिया में है। इस पृष्ठभूमि के साथ, अब हम प्रस्ताव के निम्नलिखित महत्वपूर्ण पहलुओं पर अपनी राय मांगना।

#### शहर के लिए विजन

आप में से अधिकांश आगरा एक विश्व स्तरीय शहर बनाने के लिए विरासत आकांसी। तदनुसार, विजन स्टेटमेंट शहर के लिए तैयार किया गया था "आगरा सभी के लिए वृद्धि की आर्थिक विकास के साथ एक विश्व स्तर की विरासत शहर के रूप में।" यह आगे सजबूत बनाने और विकास के खाते में विभिन्न पहजुओं को प्यान में रखकर इष्टि बयान पर मुधार करने का प्रयास है। अनुरोध आप कुछ बहुमूल्य मिनट दे और आगे इष्टि सजबूत बनाने, शहर के भविष्य के लिए योगदान करों । नीचे दी गई सुची से चयन करें और अपनी पसंद के हिसाब से एक बॉक्स को टिक करें।

पर्वटकों के अनुकूल

MERCING

रीवन सम्कृतिव

#### क्षेत्र के जाधार पर विकास के लिए प्रस्तावित क्षेत्र

स्मार्ट सिटी चुनौती के दौर-में के दौरान नागरिकों के बहुमत रेट्रोफिटिंग और मौनफील्ड विकास के लिए अंतर्राष्ट्रीय सम्मेलन केंद्र के लिए इनर रिंग रोड के पास ताजमहल, ताज गंज क्षेत्र को चुना। हालांकि, आगे दौर-11 के लिए हमारे प्रस्ताव को मजबूत करने के लिए और आगरा पर्यटकों के अनुकूल बनाने के डरेश्य को प्राप्त करने के लिए, आगरा नगर निगम जो आगरा किला और इसके आसपास के क्षेत् ताजमहल, ताज गंज क्षेत्र और फत्तेहाबाद सड़क शामिल हे ताज सुधार जिला की रेट्रोफिटिंग का प्रस्ताव है। हाँ वोट कर यदि आप ताज सुधार जिला क्षेत्र आधारित प्रस्ताव के मांग के रुप में रेट्रोफिटिंग के डपर प्रस्ताव के लिए सहमत है।

#### पान सिटी परियोजना

पहले दौर के दौरान आगरा के बहुमत नागरिकों को प्राथमिकता कचरा प्रबंधन स्वच्छता. विरासत प्रबंधन और अखिल शहर के हस्तक्षेप के लिए तीन शीर्ष प्राथमिकताओं के रूप में शहरी गतिशीलता भी शामिल है। आगरा नगर निगम पहले से ही आगरा में स्वच्छता और ठोस अपशिष्ट प्रबंधन सेवाओं और विरासत प्रबंधन में मुधार के लिए स्वच्छ भारत मिशन और अन्य राज्य सरकार की पहल के तहत काम शुरू कर दिया गया है। हमें उम्मीद है कि बनाने के लिए आगरा पर्यटकों के अनुकुल, पेदल चलने योग्य और साइकिल चलने योग्य सहित शहरी गतिशीलता प्राथमिकता के आधार पर किया जाना चाहिए लग रहा है। इसलिए आगरा के लिए संशोधित अखिल शहर के प्रस्तान को सड़क मुरक्षा के लिए सार्वजनिक बस परिवहन सेवा, यातायात प्रबंधन और घटना प्रवंधन की गुणवत्ला में सुधार पर केंद्रित है। हो बोट करें यदि आप आगरा में शहरी गतिशीलता में मुधार के लिए उपर प्रस्ताव के लिए सहमत.

#### SWART CITY CHALLENGE ROUND-II AGRA NAGAR NIGAM

#### Dear Cittlera

We nould live to thank you for your overwhelming texpones during the find round of event by others engagement company. Your feedback has helped up to formulate a long term rision for the city, phones an area for development and finalize an industrie parkety instance. Agric hager Nigeri is periody and parkety during helpedback on the Round 2 of the emant by challenge and is in the proposal. Whit his background, we now solid to our feedback on the following imponent appears of the proposal.

#### Vision for the City

Most of you applied to make both a world data harbage day, docordingly, the vision assemant formulated for the day was "Aget as a world clean heritage city with increased economic development for all." This is an assempt to further strengthen and improve on the vision statement by taking into account different aspects of development. Request you to spare few valuable minutes and contribute to object for the strengthening the vision. Please select from the flat below and tok one box according to your preference.

Proposed area for Area Daved Development

During the Round-I of amon bity challenge, majority of the sitteens chose TagMahai, Tagpar, and area near inter ring road for international contention cannol for reproteing and Greenfeld development. However, to further strengthen our proposal for Round-II and to achieve the objective of making Jags touries thendy, Jags Nagar Nagar to propose terrefeting of Taj International Direction which includes Ages fors not low kicking. Taj Mahai, Taj Green and Shafa hand road. Rease you yes if you agree to the above proposes of terrefeting Taj International District as part of Jane Reased Proposal.

**Parycity Initiative** 

During the first round, majority distants of Agra preferred waste management indusing sanitation, heritage management and Urban Mobility as three top priorities for gan-dity intervention. Agra Nagar Nigars has already assingt work under Swaph Sharet Wasten and other State government initiatives for improving Sanitation and solid waste management services and heritage management in Agra.

We feel that to make both source thereby, other mobility including valicability and cyclability should be taken up or priority. Therefore [ the resized pan-day proposal for bother focuses on improving quality of Public Sux transport service, traffic management and incident transportants for tood earling.

Plazas vera yas it you agree to the above proposal for improving urban moulity in Lora
