### **MESSAGE**

I am happy to know that the annual publication of National Crime Records Bureau "Crime in India 2016" is being released.

'Crime in India' publication is an important report, being published since 1953, which provides comprehensive statistics on crimes including the Crime trends, in the whole Country, covering all States/UTs. Over the years, the 'Crime in India' has become the principal reference document for accurate and reliable information on crimes and criminals, for researchers, criminologists and officials of criminal justice delivery system in the country. This data is widely used in India and abroad for academic purposes, and also by MHA/State Governments in framing Public policies.

I commend the efforts of Director, NCRB and his team in inviting online suggestions followed by National Consultation/Workshop with Directors of SCRBx/CID in March, 2017 and incorporating the suggestions received in the final report.

The CCTNS Project has made significant progress and I hope that in future NCRB will be able to utilize the electronic data and reports from the CCTNS database for compiling its annual Publication, and making it more vibrant and user-friendly.

## MESSAGE

“Crime in India” is being published since 1953 and is the most authentic source of information on crime and criminals. This kind of data has immense value to police officers for studying the crime trends in various parts of the country and planning strategies for crime prevention. This data is also widely used by researchers, criminologists and policy makers in India as well as abroad.

NCRB had revised the various proformas for collection of information by incorporating various new Crime Heads. NCRB has also developed in-house software in 2014 for collection of above data from the SCRB/CIDs of all the States and UTs. I am happy to know that NCRB has once again started consultation process with all stakeholders to improve the quality and content of the report. The NCRB has already developed 14 additional proforma in 2017 for collection of information on attacks against media personnel/RTI activists/whistleblowers/ persons from North East, preventive arrests, notices u/s 41 CrPC, unclaimed seizures (41/102 CrPC), etc.

I hope in the future NCRB will develop models for predictive policing based on crime data analytics which will be useful for all the Law Enforcement Agencies both in the Centre and States/UTs .

On this occasion of release of “Crime in India 2016” I convey my appreciation to Director, NCRB and his team, who have worked hard for validation of the data received from States/UTs and for bringing out this quality publication.

## FOREWORD

It is very gratifying to publish the 64<sup>th</sup> edition (since 1953) of the “Crime in India” for the year 2016. The publication provides information about all the FIRs registered under the Indian Penal Code and Special & Local Laws by the police of 36 States/UTs along with their disposal.

The Bureau’s officers have worked hard continuously to improve the report (2016) in terms of the data quality, consistency and its sequential presentation. The following improvements/changes have been introduced in the current edition:-

- (a) As per the Hon’ble Supreme Court direction, the data on ‘missing (and traced) persons and children’ is being published for the first time.
- (b) 10 new chapters have been added on Crime in 19 Metropolitan Cities (> 2 million population) on (i) Violent Crimes, (ii) Crime against women, (iii) Crime against children, (iv) Juveniles in Conflict with Law, (v) Crime against SC/ST, (vi) Economic Offences, (vii) Cyber Crimes, (viii) Crime against Senior Citizens, (ix) Disposal of Cases by Police and Courts, and (x) Arrests, Convictions and Acquittals.
- (c) For the first time, seizures of Arms & Ammunition, Explosives, Drugs and Currency by Central Armed Police Forces/Central Police Organizations (AR, BSF, CBI, CISF, CRPF, NIA, SSB) have also been incorporated. A new table has also been added on the seizure of Fake Indian Currency Notes (FICN) by RBI/State Police.
- (d) As the process of data collection, compilation, validation and publication takes almost 7 to 8 months (from Police Station to DCRB, DCRB to SCRB and SCRB to NCRB), a chapter on ‘Methodology’ has been included.
- (e) For seeking clarification/validation of the data, apart from exchange of information through e-mails, telephonic conversations and video conferences with the States and UTs, their teams were called to the NCRB Headquarters to check and rectify the database.
- (f) All offences have also been grouped under various sub-heads, viz. offences against human body, property crime, etc., from Chapter 1 itself, for convenience.
- (g) Some of the formulae for calculation of various rates under police disposal and courts disposal have been revised (details are given in the chapter on ‘Methodology’).
- (h) ‘Snap Shots’, both for States/UTs and 19 Metropolitan Cities have been incorporated.

- (i) Bilingual Hindi and English glossary has been added.
- j) For the first time, the draft final report was also shared with all the States and UTs to verify the respective data.

Major emphasis has been given on cleansing and validation of the data. Because of the above exercise, the number of SLL crimes has been reduced by more than 80% in the States of UP, Chattisgarh and Uttarakhand, as the data for non-FIR cases like Motor Vehicle Challans, Police Act, City Police Act and CrPC have been excluded (details are available in the Corrigendum in Chapter 1/Table 1.1 ).

- (a) In order to further improve the contents and quality of the “Crime in India”, already 14 new proformaes have been developed to capture the crime statistics regarding attacks against media personnel, RTI activists and whistleblowers. Similarly, information will also be collected on preventive arrests, section 41 CrPC notices, unclaimed seizures , etc. (for CII 2017).
- (b) Further, online suggestions have been invited and a meeting was conducted with the Directors of all the SCRBs of all the States/UTs. Consultations will also be held with other stakeholders like NGOs, media, researchers and other Government Departments. It is also proposed to do a gap analysis v/s information required for answering various Parliamentary Questions.
- (c) It is proposed to publish the Crime in India directly from the CCTNS data base from next year.

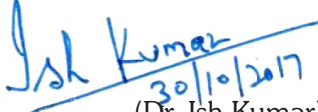

To make data available in the public domain, the Bureau has uploaded all editions of the “Crime in India” on the NCRB website i.e. <http://ncrb.nic.in>. The NCRB was awarded ‘Digital India Award’ for above feat in 2016.

I would like to place on record my sincere thanks to all the DsG/Directors of SCRBs in all the States/UTs/Central Law Enforcements Agencies for their cooperation.

I also commend the JD(A), DD(A), Chief Statistical Officer and the Statistical Branch in the NCRB for their exemplary dedication and hard work in bringing out the above publication.

We look forward to further suggestions and feedback for improvement in the content and quality of the report.

## Disclaimer

1. The information published in this report has been obtained from States/UTs Police and Central Law Enforcement Agencies. All precautions have been taken to ensure that the data is statistically consistent. NCRB has only compiled and collated the data and presented it in the form of this report. As data is being furnished by States/UTs/Central Law Enforcement Agencies, NCRB is not responsible for authenticity of the information. However, any discrepancy observed in this report may be brought to the notice of the Bureau.

## Limitations

1. Since the publication caters to the 'Principle Offence Rule' for classification of crime, the actual count of each crime head may be under reported. For example, in the Crime Criminal Tracking Network & Systems (CCTNS) database for 2016, for 'Dowry Prohibition Act', the FIR count is approximately 38,632 as compared to only 9,683 cases reported in 'Crime in India'. These remaining cases could be tagged with more serious crimes like 304B, 306 and 498A of IPC.
2. Southern States issue FIR under various sections of CrPC viz. 107, 109, 110, 151, 174. The data under these sections is presently not being collected and hence not printed in the report.
3. In the absence of children population of metropolitan cities (RGI Census for 2011), the figures furnished by Ministry of Health & Family Welfare for the year 2014, have been taken into account for calculating the 'crime rate'.

## Pending Clarifications

1. Data on number of complaints (oral, written, etc.) received by the Police by various modes of communications is under clarification. The same would be made available through NCRB website in due course of time.
2. Due to pending clarifications from the States/UTs, the Chapter on 'Seizures by Police' (Chapter No. 20B of Crime in India 2016 Report) includes cases of seizure of Arms and Currency only. The seizure of explosives and drugs have not been included in this publication. However, the same would be made available through NCRB website in due course of time, after receipt of the required clarifications. However, drugs seizures reported by Narcotics Control Bureau for whole country have been included in Chapter 20C.
3. Due to pending clarifications, data on persons released on bail by Police and Courts after arrest has been excluded from Chapter 19 (Arrests, Convictions & Acquittals).

# Methodology for Data Collection & Publication

## A) Data Collection and Compilation Process

The publication year refers to the calendar year (1<sup>st</sup> January to 31<sup>st</sup> December of 2016)

The data collection process including clarifications from the States/UTs/Central Agencies started in January/February 2017 and continued till September, 2017.

### a) State/UT Police:

- i. The annual State/UT data for “Crime in India” is furnished by the 36 States/UTs in the NCRB prescribed proforma in hardcopy as well as in softcopy through software application developed by NCRB.
- ii. Similar data is also furnished for 53 Metropolitan Cities by respective SCRBs /CIDs (i.e. Metropolitan Cities which have the population of 1 million (10 lakh) or more as per Population Census, 2011. However, data pertaining to only 19 Metropolitan Cities which have crossed the population of 2 million (20 lakhs) is being published. The data for remaining 34 Metropolitan Cities would, however, be available on NCRB Website.
- iii. The data is entered by State/UT Police at Police Station/District level.
- iv. A training is conducted every year for the functional officials (Police constables, HCs, ASIs, SIs from all States/UTs) to explain the various issues including entry of data in input tables.
- v. The consolidation of District/State level data is done by State Police Agencies (SCRB/ CID).
- vi. First level data validation is done at the Police Station/District level during the data capturing process itself through the validation checks provided in the NCRB application.
- vii. Second level data validation is done at the time of consolidation of District data by the State Police through the NCRB application.
- viii. Third level validation of State data is done by NCRB officials including by Director/Joint Director (Admn.)/Deputy Director (Admn.) /CSO & other officers.
- ix. Steep variations noticed over previous year both through application as well as manual screening are communicated to the respective State/UT for verification and rectification.
- x. Amendments/Rectifications, if any, in the data are incorporated in the database by NCRB.

### b) Central Law Enforcement Agencies:

Details of cases registered under Prevention of Corruption Act, Foreign Exchange Management Act, Direct Taxes Enactments, Customs Act, Seizures under NDPS Act, etc. are being furnished by the respective Central Agencies viz. CBI, Central Board of Direct Taxes, Directorate of Revenues Intelligence, Narcotics Control Bureau & CAPFs/CPOs etc. have been published in the Chapter 20 on Seizures.

### c) Compilation at NCRB:

- i. After receiving final data from all States/UTs including Metropolitan Cities, All-India data is generated by NCRB.

- ii. The National Level tables for the “Crime in India” publication are generated through the application and cross checked for discrepancy, if any.
- iii. These tables are presented in the form of compilation “Crime in India (Statistics)”.
- iv. The comprehensive analysis of the “Crime in India (Statistics)” including pictorial representations are presented in the form of “Crime in India (Compendium)”.
- v. The additional tables containing information which are not published in the “Crime in India (Statistics)” are prepared and made available on NCRB website (details of additional tables are given in Para C).

## B) Methodology Adopted for the Present Publication (2016)

### a) Principle Offence Rule:

As per the International Standard, the Bureau follows ‘Principle Offence Rule’ for counting of crime. Hence among many offences registered in a single FIR case, only most heinous crime (maximum punishment) will be considered as counting unit. Hence, there is likelihood of some IPC/SLL cases getting under reported as they are hidden under major IPC crimes i.e. Murder with Rape is accounted as Murder & Dowry Prohibition Act when applied along with 304B of IPC will be counted as Dowry Death only.

The Principle Offence Rule is not applicable for chapters of Crimes against Women, Crimes Against Children, Crimes Against SC/ST, juveniles in conflict with law, crime against senior citizens etc.

### b) Population

Sl. No.	Segment	Source	Year of Population
1	IPC & SLL	RGI	Estimated on the basis of 2001 Census for 2016
2	Women	RGI	Estimated on the basis of 2001 Census for 2016
3	Children	Ministry of Health & Family Welfare	Estimated on the basis of 2001 Census for 2014
4	Senior Citizen	RGI	Actual Census 2011
5	Schedule Caste	RGI	Actual Census 2011
6	Schedule Tribe	RGI	Actual Census 2011
7.	Metro Cities	RGI	Actual Census 2011

### c) Crime Rate

In order to make the Statistical Analysis more meaningful, ‘Crime Rate’ has been calculated on the basis of population of the respective segment of the population viz. Women, SC/ST, etc.

Crime Rate = Number of Cases Reported / Mid-Year Projected Population in Lakhs

## C) Changes/Improvements in Current Publication (2016)

### 1) Classification of Crime Heads from chapter 1 has followed chapterization in Indian Penal Code, 1860 (except Chapter XVI)

#### (a) Indian Penal Code

H. Other Regulatory & Enforcement Acts
I. Environment - related Acts
J. Foreigner & Passport - related Acts
K. Railways - related Acts
L. Miscellaneous Acts (including Other SLL Crimes)

#### (d) Other SLL Crimes

- i. To ensure reporting of only those crimes in other SLL for which FIR cases are registered by the State police under Special & Local Acts, States/UTs were requested to exclude those SLL cases for which either FIRs are not registered or the case is not sent to the judicial Magistrate. Such cases have been excluded from other SLL crimes (MV challans, Police Act, CrPC FIRs, NSA, 1980 etc.) and figures have been accordingly revised by the states for the years 2014-2016. The revised figures have been presented in the report through Corrigendum (Table 1.1).
- ii. Other SLL Crimes include cases under Motor Vehicle Act (only where the FIR is Registered in some States), Cigarettes and Other Tobacco Products (COTPA) Act, Protection Of Children from Sexual Offences (POCSO) Act, Land Revenue Act, Prevention of Cruelty to Animal Act, Money Lenders Act, Food Safety Standard Act, Noise Pollution Act and Local Police Act, etc.
- iii. The data of 11 minor SLL Acts ((i) Young Persons (Harmful Publications) Act, 1956 (ii) Place of Worship (Special Provisions) Act, 1991 (iii) Religious Institution (Prevention of Misuse) Act, 1988 (iv) Infant Milk Substitutes, Feeding Bottles and Infant Foods (Regulation of Production, Supply and Distribution) Amendment Act, 2003 (v) Anti-Hijacking Act, 1982 (vi) Atomic Energy Act, 1962 (vii) Weapons of Mass Destruction and their Delivery Systems (Prohibition of Unlawful Activities) Act, 2005 (xiii) Suppression of Unlawful Acts against Safety of Civil Aviation Act, 1982 (ix) Suppression of Unlawful Acts against Safety of Maritime Navigation and Fixed Platforms on Continental Shelf Act, 2002 (x) The Employment of Manual Scavengers and Construction of Dry Latrines (Prohibition) Act, 1993 and (xi) The Maritime Zones of India (Regulation of Fishing by Foreign Vessels) Act, 1981) have been merged in other SLL as very few cases are reported. However, the State/UT-wise details of these SLL Acts will be available on the NCRB website <http://ncrb.gov.in>.
- iv. However, the State/UT-wise break up of 'Other SLL Crimes' for the year 2016, would be made available on NCRB website <http://ncrb.gov.in> under 'Additional Tables' link.
