S. No.	Clause No. / Page No.	RFP existing condition	Clarification/Suggestions	NIUA's Reply
1.	Page 3 Chapter 2: 2.1 Area of Study	The study will broadly cover aspects of demography, economy and employment in NCT Delhi and in the CNCR, with specific focus on major urban centres.	In the economic sections, the TOR includes the "adjoining cities". Which and how many cities are to be included under this. Please specify.	Selection of 'adjoining' cities is to be limited to CNCR and is to be done by the Bidder on the basis of mutual inter-dependence of NCT Delhi and the adjoining city, for employment, residential facilities, education-health requirements, etc. Bidder will be required to suggest the number/ names of such adjoining cities along with the criteria for selection as part of the methodology.
2.	General		In assessment Chapters 3 and 4 are missing. Please specify.	Point not clear
3	Page 3 Chapter 2: 2.2 Scope of Work	-	Whether different sectors like trade, Commerce and Industries are to be linked with projected population and economic	Assessment of the impact of economic trends/ projections on demography & related projections, shall be a part of the Study.

			indicators or it needs independent assessment at the current level?	
4	Page 3 Chapter 2: 2.2 Scope of Work	-	Whether economic projections would be required under different population projection scenarios or under most probable scenario?	Economic projections and Population projections are related. Therefore, the economic projections pertaining to population projection scenarios need to be presented.
5	Page 3 Chapter 2: 2.1 Area of Study		Whether any specific number of FGDs are to be conducted or we need to decide on number of FGDs to be conducted, based on our judgement.	No. These FGDs are to be conducted to strengthen the knowledge and available secondary data pertaining to the sector. Numbers and stakeholders may be suggested as part of the methodology.
6	Page 9 Chapter 3, Section 3.2 (Sub- Section iv)	Qualification requirements of the key professionals	Under the qualification requirement of key professional staff, past experience in conducting such studies shall be given greater weightage than the education qualification of the experts. Hence, we request you for the review of the same.	Provisions of RFP shall prevail.
7	Page 9 Chapter 3, Section 3.2 (Sub- Section iv)	Qualification requirements of the key professionals	Whether only CVs of the Key Professionals will be evaluated or the composition of the team will also be evaluated.	CVs of only the Key Professionals, as per Clause 3.2 (iv), need to be submitted which will be marked as part of the Technical Evaluation [Clause 3.2 (iii)]. Overall team composition will be evaluated as part of 'Criteria: Approach and Methodology' under Section 3.2 (iii)
