#	Details		
Document Title	SOP for Reporting Dashboard		
Document Version	2.0		
Release Date			
Document Classification	Internal and Confidential		
Distribution List	Nodal and Field officers from below agencies for 100 Smart cities :		
	Ministry of Civil Aviation		
	Ministry of Petroleum and Natural Gas		
	Department of Posts		
	Ministry of Railways		
	Ministry of Power		
	Ministry of Road and Transport		
	Department of Telecom		
	Ministry of Housing and Urban Affairs		
	• IBA		

Version History

Version No.	Issue Date	Released by	
1.0	13 th July 2018	NIC	
2.0	20 th July 2018	NIC	

1. Purpose

- As part of the special campaign undertaken in 100 smart cities during the period 1st July 2018 to 31st October 2018, concerned states and central government agencies, collecting payments from citizens in the Smart cities, shall be able to report on the actual collections and share of digital payments in such collections on a regular basis on a common reporting platform
- Through this activity, departments shall be able to foresee that a large portion of transactions in the Smart cities with respect to such agencies can be transformed into digital payments and various modes can be adopted to achieve the same
- Required infrastructure for on-boarding of merchants to enable digital payments to be set up through coordination with a lead bank in every smart city

2. Objectives

The objectives of this policy is that all appointed Nodal and field officers should be able to:

- Access the reporting portal
- Understand how to submit the data on a periodic basis
- Know the parameters that need to be captured in data for their respective agency
- Report any relevant parameters on portal not applicable to their respective smart city to NIC

3. Scope

This usage policy applies to:

- Various states and central government agencies collecting payments from the citizens in the smart cities, responsible for reporting the actual collection and share of digital payments in such collections
- All nodal and field officers appointed by such agencies of respective smart cities, who will be accessing the dashboard portal for posting the data
- CEO of smart cities
- Coordinators of respective agencies

4. Procedure

4.1 Reporting Portal

The reporting portal can be accessed at <u>http://digipay.gov.in/dashboard/</u>. The Home page of the portal is displayed in figure 1.

4.2 Login

There are three levels of Smart City users:

- Admin:
 - An admin is allowed to view/update details of all cities and their respective departments
- CEO:
 - A CEO level user can view/edit details of all departments for his/her respective city
 - A CEO level user can login using (CEO).(City) as his/her username and password as given in the annexure mailed to all concerned agencies
- Department users:
 - A department user can view details of his department only
 - A department user may log in to the portal by using (Dept. Name).(City Name) as their username and password as given in the annexure mailed to all concerned agencies

To login to the reporting portal:

- Click on the Home > Login button on home page menu bar
- Enter your username and password as communicated in the email. You will be redirected to the password change page
- The login screen of reporting portal is displayed in figure 2

<section-header> Image: Contract of the contrac

Figure - 2

- Change your password and login again using old username and new password. You can save these credentials for later use. Please note it is mandatory to change your password after first login
- User will also be asked to enter his/her communication details (email id and mobile number) on the password reset page. These details will be used in future for any communication regarding the dashboard including system generated alerts (*Please refer figure -3*)

4.3 Parameters to be captured

Below parameters are required to be captured by Smart City users of concerned Ministry/Department for posting collection data on daily basis:

S.No.	Ministry/Department	Parameters to be captured		
1.	Ministry of Civil Aviation	 Total merchant vs. Digitally enabled merchants in airport premises specially BHIM and BHIM QR code 		
2.	Ministry of Petroleum & Natural Gas	 Total Amount vs. digitally collected amount from Petrol Pumps Total Amount vs. digitally collected amount for Gas Utility Total Petrol Pumps vs Digitally enabled Petrol Pumps specially BHIM and BHIM QR code On-Boarding of Gas billers on BBPS Printing of BHIM QR code on Gas bills 		
3.	Department of Posts	 Total Amount vs. digitally collected amount from customers at Post offices for Postal Services such as Speed Post, Parcel, Registered Post, stamps, saving schemes such as PPF, MIS, Postal life insurance etc. Total counter vs. digitally enabled receipt counters in Post Offices specially BHIM and BHIM QR code. 		
4.	Ministry of Railways	 Total amount collected vs. digitally collected amount from customers for ticket booking at Smart City Station Counters Total number vs. digitally enabled number of Ticketing Counters (reserved & unreserved) in the smart city Number of merchants/shops on Railway Stations vs. digitally enabled number of merchants/shops in the stations in the smart city Total number of Parking Lots vs. digitally enabled Parking lots in 		

		the stations in the smart city	
5.	Ministry of Power	Total Amount vs. digitally collected Domestic Power tariff from residents by DISCOMs	
		On boarding of Discoms on Bharat Bill Payment System	
		Integration of BHIM UPI and Printing of BHIM QR on bills	
6.	Ministry of Road & Transport	 Total Amount vs. digitally collected amount from ticket sale for SRTUs 	
		 Total Amount vs. digitally collected amount for Challans, Road Tax, FasTags, etc. 	
		 Total vs. Digitally enabled receipt counters in RTO specially BHIM and BHIM QR code 	
7.	Department of Telecom	Total Amount vs. digitally collected amount by Telecom retail outlets from consumers at retail points	
		 Total number of retail outlets vs. digitally enabled retail outlets specially BHIM and BHIM QR code 	
		 Onboarding of Telecom billers on Bharat Bill Payment System and 	
		Printing of BHIM QR code on bills	
8.	Ministry of Housing & Urban Affairs	• Total Amount vs. digitally collected amount from citizens by Municipal Corporation/ smart city for various services such as Property Tax etc.	
		 Total Amount vs. digitally collected Domestic Water charges by water utilities/Water authority/ Local body 	
		 Total Amount vs. digitally collected amount from ticket sale for Bus and Metro Services and 	
		• Total number of merchants vs. Digitally enabled merchants in Metro Station premises specially BHIM and BHIM QR code	
		On boarding of water billers on Bharat Bill Payment System	

4.4 Input Data

After a smart city user has logged in using his/her new credentials, they can go to **Digital payments data** menu on the main menu bar.

Digital Payment Data menu includes-

- Input Sheet
- Report
- Analysis

4.4.1 Input Sheet-

The **"Input Sheet"** page allows the smart city user to enter details of digital payment collection as required under their respective department and smart city

The digital payments data menu is displayed in figure – 5.

DASHBOARD	*	DIGITAL PAYMENTS DA	TA ▼ SOP	CONTACT US -	LOGOUT

	Figure - 5				

To submit data on a weekly/monthly basis on the Input Sheet page:

- Choose the year, month or week for which you want to submit the data from the **Date filters and** click on **view** to see the parameters on which you need to report
 - If you are a CEO level smart city user, you will see "Department Name" filter enabled for your smart city. This field lists all departments for your respective smart city
 - If you are a Department level smart city user, you will see your respective smart city and department of your smart city
- After selecting the relevant filters (Year, Month, Week, Smart city, Department), you can select each of the 3 parameters below and enter data as required by the field :
 - Total Vs. Digital
 - Here you need to enter "total collection for the day" and "amount collected as digital payment" for the selected department of selected smart city
 - Click on "Submit" button after entering the data value in respective column to save your entry
 - If you wish to change this entry, click on "View" again and enter new data values. Click on "Submit" to submit again. The Total vs. Digital page is shown in figure- 6.

4.5 Unacceptable Use

The portal is strictly limited to aforementioned usage by appointed users.

4.6 Security and Transparency

- Users are expected to maintain security of data and not share their login details with anyone under any circumstances
- Users must maintain transparency while sharing data on the platform to ensure accurate monitoring of the overall campaign

4.7 Email and Communication Activities

- Smart City users can mail at <u>digidhan.smartcity@nic.in</u> for any technical/non-technical issues while sharing data
- Users are also provided with a SOP on how to use the reporting portal for help on the main menu bar
