Embracing a cycling transformation

Why cycle now?

- A personal mode of transport
- Can reduce strain on public transport
- An equitable mode of travel
- Green and zero emission mode

How can we achieve our vision?

Create safe and inclusive infrastructure

Ensure access to cycles for all

Break the stigma around cycling

Break stigma around cycling: Campaigns, Events, Local champions

namma CHENNAI

Present

Experience the peace and beauty of Chennai's beloved Elliot's beach, minus the noise and the pollution. Starting this Sunday, the beach will be a car-free zone from 6 a.m. to 9 a.m. Come with friends and family to enjoy a host of activities from music performances to sports, yoga and fitness. Join the celebration of Chennai's first car-free Sunday. For more details visit us at: If NammaChennaiNamakke

We urge visitors to cycle, carpool or use public transport to the venue and maintain a litter-free zone by using the Clean Chennai dustbins. Please bring your own water bottles.

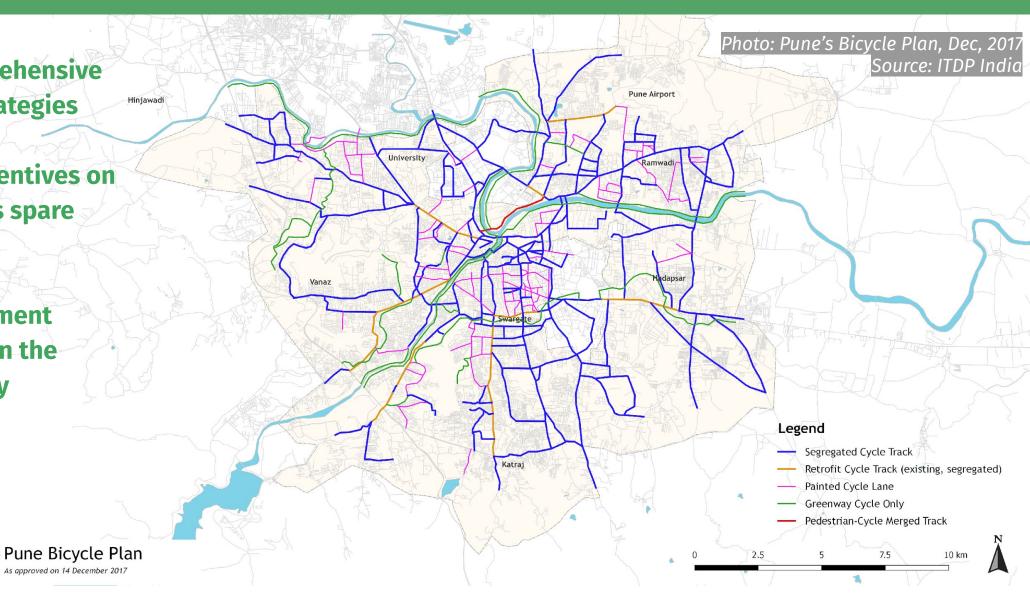

Long-term investments to cycling

 Provide tax incentives on bicycles and its spare parts

 Create employment opportunities in the cycling industry

How can we achieve our vision?

Safe and inclusive infrastructure

Ensure access to cycles for all

Breaking the stigma around cycling

Protected cycle track - SydneySource: NACTO

Cultural change to make healthy streets

A once-in-a-lifetime chance to take a fresh look at our streets and make it possible for everyone to get around safely.

Cities should use this change to build resilience through sustainable mobility.

The crisis as an opportunity

Thank you
